LOCAL NEWS.

Change of Terms.

The *Transcript* hereafter, will charge, for yearly subscriptions, Two Dollars, but if paid in advance, one and a half dollars. The cost of paper, ink, labor, postage, &c., renders this change of terms absolutely necessary. No newspaper can live without adequate remuneration.

TO ADVERTISERS.

All persons who advertise in the *Transcript* to the amount of fifteen dollars and pay cash for the same will receive the *Transcript*, for one year, free of charge.

Improvements.

Ground was broken last Monday morning for the foundation of the Roman Catholic Church on High Street; above Kent. The County Commissioners will soon repair the county Wharf. The grading and beautifying of the Town Park, in the rear of the Court House, will be commenced by our village fathers and the long talked of street between High and Fish Streets will be opened. The world moves in spite of Jasper.

Spring Wheat.

We have a few packages of the Diamond Spring Wheat, which we will be glad to distribute, without cost to any of our farmers who will take the trouble to give it a fair trial. It is said to be the largest variecy of Wheat known in the world, and the heads average from 7 to 8 inches in length. Call and try it.

Court.

On next Monday the Circuit Court for Kent County will begin its April Term. We hope that our friends who visit town will not forget the printer.

Good Things.

Read the advertisement of V. Burgess and call at his New Store and buy a supply.

Appointments.

The County Commissioners last Tuesday re-appointed Richard H. Corbaley collector of Taxes for the 1st District. William S. Busick was appointed for the 2nd District; Harry E. Cooper for the 3rd District; John R. Gray for the 4th District and Charles C. Strong was re-appointed for the 5th District. The appoint for Keeper of the Standards of Weights and Measures was postponed until next Tuesday.

Rheumatism, a cure.

About a month ago we had a violent attack of acute rheumatism in our right arm, completely disabling it. At the suggestion of a friend, who generously gave us a small quanity, we applied the "*Celebrated Rail Road Lotion*," prepared by E. H. Perkins, N. W. Corner of Baltimore and Green streets, Baltimore. In a few days we were greatly relieved and in ten days completely cured. We tell this in justice to the remedy and for the benefit of all persons suffering with rheumatic tortures. Some persons say that it will draw the venom out of the tongue of a slanderous gossip. Let our friend at Belle Air take due notice and try a bottle.

Dramatic.

The New York Opera House Company gave another of their popular exhibitions at the town hall, last Friday night, to a crowded and delighted audience.

Orphans' Court.

Present, Judges Nicholson, Shallcross and Wilson.

The release of Walter J. Griffith and Annie R. Griffith, to Wm. J. Wilson, executor of Alex. Wilson, dec'd. was filed and ordered to be recorded.

Jno. C. Sutton, adm'r. of the late Caroline A. Sutton, dec'd. returned a list of sales of the personal estate of said dec'd. which was examined and ordered to be recorded.

It was ordered on application that Jno. C. Sutton, adm'r. of C. A. Sutton, be and is hereby authorized to deliver the sum of $50 to Caroline A. Sutton, daughter to said dec'd. Satisfactory evidence being presented to the court that the said sum was set apart and given to the said daughter prior to the death of the dec'd. for the use of her two grand daughters.

The first and final guardian acct. of James T. Pennington, guardian to Mary W. Greenwood, was examined, by the court, passed and ordered to be recorded.

To the Poor Dyspeptic, we are able to convey good news. A single bottle of Keller's Vegetable Life Drops will give him immediate relief, and the continued use of this wonderful remedy is warranted to effect a permanent cure

Persons having business in any of the Departments or before Congress can further their interests by communicating with Presbrey and Green, Attorneys and Solicitors, 509 Seventh Street, Washington, D. C. They have had years of experience and a large and successful practice. They attend to cancellation of land entries: obtain patents and trademarks for inventors; procure land patents; perfect land titles; prosecute cases for infringement in patent cases; secure pensions and soldiers' bounty lands; present claims for Indian, Mexican or other depredations; settle accounts of quartermasters and contractors, and attend to war claims or other business. All letters will be promptly answered.

OUR WASHINGTON LETTER.

Washington, D. C., April 6th 1878.

Economy! Economy! a harp of a thousand strings upon which aspiring statesmen ring the changes of this meaningless refrain and pipe silver tongued music to the dear people at a salary of $5,000 per year. Factories are closed, business activities hushed willing hands idle, want and poverty knock mike at the door of the farmer rich and the long time poor, and the seaseck reformers sweep endlessly over this harp of a thousand strings the burdened people paying each player $5.00 per year. Every Department of the Government is crippled by insufficient appropriations while the expenses of congress itself is largely increased to give places to a small army of pages, clerks stenographers and experts who dance attendance upon the numerous investigating committees launched into existence under the cry of economy, and the same old tune sweeps over this harp of a thousand strings and each piping player pockets his monthly stipend his salary of $5,000 per year. This cimeter of sham reform swings right and left cutting down the salaries of bureau officers clerks and messengers but the poorly earned compensation of the players on this harp of a thousand strings is patriotically returned at $5,000 per year. In the by gone years unselfish public servants in congress received $8 per day and a reduction of the old time figures would result in assuring to the people of $5,000,000 per year. In times like these the strong arm of the Government should be used to help and encourage industry and enterprise, a nations wealth is in the muscle and energy of its people. Idle and willing hands should be set at work $20,000,000 judiciously appropriated to be carefully expended in public works throughout the country during the next year would inspire confidence and infuse new life into sluggish business activities and lead the country out into a brighter future. The patient is very sick and it is no time to trifle with quacks and foolish nostrums. A grave and heroic treatment will surely bring convalescence financial and business prosperity. It is gratifying to feel that there are many men in both parties in congress who fully appreciate the situation but they are powerless in the way of any change. Woods tariff will be brought to the front in the house, notwithstanding remonstrances from all the sections against the change of customs law. "Let well enough alone" is an old maxim that should be heeded by these tariff tinkers. Business stagnation has increased by the fear of tariff changes and idle capital will not seek investment in manufacturing interest so long as changes are constantly being agitated. The promised message on civil service reform seems to hang fire. It is an opportune time for its appearance, and every congressman and cabinet officer should have a copy posted in his hat. The President and Secretary Sherman invited very severe censure, in matter of the appointment of Hon. Glenni W. Schofield as Register of the Treasury. The country is fortunate in securing so fit a man for the place but the want of frankness on the part of these officials with Messrs White and Thompson of the Pennsylvania Delegation is condemned by men of all shades of political opinions. Candor is a virtue commendable in either public or private life. Louisiana will constantly come to the front, when with returning boards, trials and imprisonment of its members, and the never to be filenced allegation of fraud the Pelican State seems doomed to an immorality of dissatisfaction and unrest. Into this muddle comes the question of the collectorship and like Banquo's Ghost Pakard appears to the President backed by strong and influential supporters.

MANHOOD: How Lost, How Restored

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the *radical cure* (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer no matter what his condition may be may cure himself cheaply, privately, and *radically*.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on receipt of six cents or two postage stamps.
