Gertrude Leimbach

Ladies' Apparel Shop

230 N. HOWARD STREET, BALTIMORE,

EISENBRANDT BUILDING, TAKE ELEVATOR.

THE BRIDE AT UNION STATION

If you had been at Union Station the other night you would have seen them — the charming little bride, who tried hard not to look it; the groom, who plainly showed it was his "first attempt"; rice and old shoes galore, and a merry party of sincere well-wishers.

She wore a stunning suit of blue broadcloth—from the Ladies' Apparel Shop of Gertrude Leimbach, Baltimore, and in the trunk—which was doubtless checked straight through to Arcadia—was a charmeuse gown, two serge dresses and a beaded chiffon frock of surpassing sweetness—all from that same exclusive Ladies' Apparel Shop of Gertrude Leimbach, Baltimore.

"Just what I want," is what you'll exclaim when you see the goods on sale at the Ladies' Apparel Shop of Gertrude Leimbach, Baltimore — Elect styles and varied assortments of Tailored Suits, Serge Dresses, Silk Gowns, Dancing Frocks, Party Dresses, Coats, Waists, Etc.—and with neither heavy rents nor enormous operating expense to add to initial costs, the prices represent a VERY DECIDED SAVING TO YOUR PURSE.

☞ *When in Baltimore, make the Ladies' Apparel Shop of Gertrude Leimbach YOUR headquarters—if you are not coming to Baltimore, write for catalogue of Fall and Winter styles.*

CONGRATULATES PRESIDENT-ELECT WILSON.

The TRANSCRIPT after the election sent the following telegram to President-elect Wilson:

Chestertown, Md.,

To PRESIDENT-ELECT WOODROW WILSON, Princeton, N. J.:—"The Chestertown TRANSCRIPT, the first paper in Maryland to advocate your nomination for President, congratulates you upon your overwhelming victory."

R. H. COLLINS, THOMAS D. BOWERS } Editors.

WHAT A SHAME!

The tax-payers of this town have sunk $7,500 in the pump house ravine in an effort to secure an additional water supply, *and they haven't a thing in the world to show for it.* The TRANSCRIPT fought most ardently against the use of that old pool near the home of Mr. Edward Robinson, believing that it would be impossible to prevent outside contamination. It has not been in operation eight months, and there is a big crack in the wall and another in the bottom, *and the pool has been abandoned by the Water Board.* The cost of repairing that pool, coupling it up with the pump house, and filling in with dirt, together with the roof, cost the tax-payers of this town about $3,500. An Act of the Legislature of 1910 passed against the will of Messrs. Satterfield and Bowers, members of the Water Board, none of the provisions of which bill were known to Messrs. Satterfield and Bowers until after the bill had been passed and signed by the Governor, forced the Water Board, against the will of a majority of the members, to repair that pool. We believed then that such a move was a colossal blunder, and we are thankful, now that the pool has been abandoned, that we made an effort to protect the interests of the tax-payers. There are a certain class of people in this town and county who are always ready and anxious to criticise the TRANSCRIPT for the stand it takes in matters relating to the tax-payers welfare, and yet the paper has given the correct advice in almost every instance. $7,500 of the people's money has been wasted, when the expenditure of from $150 to $200 in the purchase of an airlift would double the supply of water from the artesian well already in use, and save an immense amount of money in the coal bill. What have the people got? Not a thing. Any more water than they had before—they spent the $7,500? Not a bit. Any better fire protection? Not a bit. And the town faces an indebtedness of $40,000 in bonds. The TRANSCRIPT urged the erection of a standpipe or elevated tank system on top of the reservoir hill when the impracticable effort was made to repair that pool. We were laughed at and forced to do something which we knew would not give the people this relief they are entitled to have after the expenditure of so much money. It would be the TRANSCRIPT'S time to laugh at somebody's ignorance, were it not for the seriousness of the position in which our tax-payers are placed, and the unfortunate position in which our property holders are as to water supply and fire protection after assuming an indebtedness of $40,000. Put the blame where it belongs. Find out who suggested the drawing of that bill for the Legislature, find out who drew the bill and who passed it, without the consent or knowledge of the majority of the members of the Water Board, Messrs. Satterfield and Bowers. That will put the blame exactly where it belongs.

Everybody's Doing It,

DOING WHAT?

Why the best and only thing they can do—to save the "pennies," which, owing to the stringency of the times, are so hard to get.

Thompson knows how hard it is to make both ends meet, and now that his annual reductio sale is over, we propose to continue to give the very best bargains for the smallest amount of money obtainable. The proof of the pudding is chewing the string, and if you will give our stock an inspection and allow us to quote our prices we will cheerfully accept the result.

At last we have found the "one thing needful," and that is a guaranteed rubber boot, the ARROW BRAND, used by lumbermen and miners all over the United States to the exclusion of other brands. One merchant's sales increased from one season to the next over 500 per cent., showing the absolute reliability of the article.

Thompson is not in business for glory, but to make an honest, square livelihood, and it is his endeavor to give you your money's worth every time. Recollect, if a shoe does not wear as it ought, it is not his fault, and he will do everything to right the matter if possible. Any complaint, come right back and see if you cannot be satisfied. All dealers have complaints, and he is not an exception, but all he asks is to let him help satisfy you.

We know you cannot do better than with us. We will guarantee your money's worth, good treatment and satisfaction every time.

So do what others are doing, try us and be convinced.
