The Third National Bank
OF CHESTERTOWN, MD.

The Only National Bank in Kent County
"THE BANK WHERE YOU FEEL AT HOME."

SERVICE to customers is the aim of banks. REAL SERVICE of any kind is rare. It can only come where there is training, intelligence and spirit. It must come from the heart as well as from the brain. It is not perfunctory, it is the result of vision and of seeking the best interest of others. Its reward is sure and its results are confidence and satisfaction. When a bank says that it gives its customers real service, it makes a large claim. It no doubt does give excellent service in certain cases, but, after all, its average service is what it will be judged by. To make THIS bank average above the average is the task this bank has set before it. That we have not always succeeded is manifest, but the earnestness of the endeavor has brought definite results. It has awakened in our staff the desire to serve. It has put a spirit into our contact with our customers which is apparently appreciated. The real problem is to serve our depositors as well as to advertise to them, and building up good will can only come as, with the passing of time, the public realize that this institution is able and willing to live up to its promises of services as advertised; Better, Broader and More Helpful.
