Chestertown Transcript.

THURSDAY, JAN. 23, 1879.

The Ice on Chester river, opposite Capt. Thompson's wharf, is four inches thick. On the flats of the Queen Anne's shore it is said to be six inches thick.

Geo. M. Walter, No. 198 George St., Baltimore, used every remedy for Rheumatism he ever heard of, until he tried Keller's Roman Liniment, which entirely cured him.

S. S. Missionary Anniversary.—The M. P. Sabbath School decided on Sunday last, to hold its Missionary Anniversary some time in February. There will be on the occasion interesting exercises.

Mrs. S. L. Rawleigh has purchased from John N. Usilton, a two-story brick house at the upper end of high street, for $650, which Mrs. Rawleigh is going to improve and put in better condition for a dwelling house.

Rev. Wm. H. Chapman, Pastor of M. E. Church, Georgetown, D. C., writes: "Having had an opportunity to test the excellent qualities of Dr. Dull's Cough Syrup, I hesitate not to say, it is the best remedy I have ever used in my family."

A Revial Meeting commenced at the M. P. Church in this town, on Sunday night last, and will continue every night during the week. The congregations have been large and attentive, the preaching earnest and able, and great interest is manifested on the part of the membership generally.

Second Trial of Waters.—The case of Medford Waters, tried in Cecil county, and concerning which we gave a short notice last week, has been given to a second jury, which found him guilty of murder in the first degree. The first jury it will be remembered, stood eleven for conviction and one for acquital.

Visit.—We had a call one day last week from J. T. Hand of the Centreville *Maryland Citizen*. Mr. Hand is looking well, and speaks hopefully of future prospects. He has had much trouble in getting a room in Centreville for his new press, house owners being afraid its weight will break through their floors.

Stammering Cured.—We call attention to the advertisement, in another column, of Dr. Aldrich, of Philadelphia. Those who have the misfortune to be afflicted with stammering or other impediment of speech, should consult Dr. WM. S. MAXWELL, of Still Pond, who has recently been under the treatment of Dr. Alrich.

Influenza.—There seems to be a kind of epidemic, cold in the head, traveling around. If you meet a friend, and ask after his health, most likely he will say he is well, excepting he has got a bad cold. We suppose it is owing to the changeableness of the weather, but be the cause what it may, it is a matter of fact that nearly everybody has the influenza.

The Rev. C. B. Middleton's lecture delivered Wednesday of last week, though slimly attended, was highly appreciated by those in attendance. The subject, "Our Country's Children our Country's Monuments," was handled in a masterly manner, and the speaker held his audience deeply interested from beginning to end. We have heard none speak of the lecture, in any but the highest terms of appreciation.

Mr. W. Register has just finished a very handsome tomb stone, for the wife of Thomas Jones. The stone is statuary marble, a pure white, and will not tarnish or grow mossy with time. The design of the headstone, is a cross and crown, finely executed. This will be the first stone placed in the colored cemetry, and will certainly be an ornament. Those wishing work done in Mr. Register's line, will do well to call on him, and we doubt not he will give them satisfaction.

Newspaper Consolidation.—The *Eastern Shoreman*, hitherto published at Salisbury, Wicomico county, Maryland, announces that it will no longer be issued as a separate paper, but will henceforth be consolidated with the *Salisburg Advertiser*, Col. Malone, the editor of that paper, having purchased its good will and fixtures. This makes the third paper that Col. Malone has bought out, and if he has made up his mind to have no opposition, we think it likely he will have to buy out two or three more in less than ten years.

Mr. Louis Price, a well known citizen, died at the Voshell House in this town, Tuesday morning last, after a few days illness, aged about 44 years. Mr. Price, up to a short time since, held the position of Deputy Sheriff of Kent county. He was also deputy the last year of Wm. Gilpin's term as Sheriff, two years under Jos. Gilpin, two years under Sheriff Calder, two under Sheriff Medders, and more than a year under Chas. H. Davis, our present Sheriff. Mr. Price was a native of the second district of Kent county, quiet and unassuming in his deportment, and his sudden death will be regretted by a large circle or relatives and acquaintances.

Case of Lockjaw.—We clip from the Centreville *Record* the following account of a case of Lockjaw. We learn that Mr. Hall, the gentleman who was bitten, was on the public road and the hog made an attack upon and threw him, and had it not been for his dog, would probably have torn him to pieces.

"Mr. Henry Hall, a farmer residing near Ruthsburg, was bitten about two weeks ago by a vicious hog on the lower part of the right thigh just above the knee joint, making an ugly wound an inch and a half long and ⅜ of an inch deep, from which he has been suffering moderately until last Saturday when lockjaw set in, in the worst form, his muscles becoming rigid. But little hope of his recovery is entertained. He is attended by Drs. Holland and Graham. Mr. Hall is one of our best citizens.

Since writing the above we learn that Mr. Hall is dead. He died last Tuesday about noon."

The Kent County Agricultural Association.—The regular meeting last Monday was, we learn rather slimly attended, owing, no doubt, to the extreme cold and the piercing North West blast that prevailed during the entire afternoon. Dr. Frederick Worrell, the newly elected President, was present and occupied the chair. The question for discussion, "Has the Kent County Railroad been of advantage to the county, and how?" occupied the session, and according to appointment, was opened by Mr. Edwin P. Janvier. A general expression of opinion on the part of the members followed, but nothing of importance was elicited. All admitted that the road was of great advantage and to be deprived of it would be a great misfortune; at the same time regret was expressed at the great cost of its construction, the general opinion being that it could have been built for much less. We are unable to give the subject for discussion next Monday afternoon, having been unable to learn it.

First Copy of the Baltimore Sun ever issued.—Mr. H. M. Rollison presented us the other day with a copy of the first number of the *Baltimore Daily Sun* ever issued. It is a tiny sheet, not very much larger than a sheet of foolscap paper, but clearly printed, and exceedingly interesting from its oldfashiness. There is a sketch in it, copied from the *New York Star*, entitled—"Retrenchment—a domestic Scene," that makes us think that people lived as fast, and the times were about as tight, forty years ago, as now. But there is an ancient sound about the same article that marks it as belonging to a past generation. The advertiser had not at that day acquired the fluency of the modern advertiser, particularly the patent medicine men. Now-a-days when a patent medicine man undertakes to draw a reader on to an account of the wonderful virtues of liver pills or stomach bitters, he commences with a poetical effusion about Niagara falls, or a startling account of a terrible murder, and when he has fully secured his reader's attention, he drops into pills, and cough syrups and pain killers. The patent medicine men of forty years ago, had not learned this wrinkle. They never even learned that the most hang up kind of verses could be written in praise of their compounds.

We have received the first volume of Chamber's Encyclopedia of English literature, and must say it is a marvel of cheapness. To persons of literary tastes, it will supply a need as a book of reference, giving a short concise biography of all authors of any note, and an extract from their writings. Vol. 1st is now ready, and the publishers intend issuing the remaining seven volumes one or two each month, until the whole edition is out.

The following is the price of the 8 volumes paid for in advance:

Price, in eight volumes, complete, bound in paper, all paid in advance $2.25. The same, elegantly bound in cloth, gilt title, all paid in advance, $3.25. The same, bound in half morocco, gilt title, gilt top, all paid in advance, $4,25.

To those wishing to examine before purchasing, the publishers have decided to send Vov. 1 in paper for 20 cts., in cloth 35 cts., or half morocco for 50 cts. This volume contains 416 pages, and gives a pretty thorough review of English literature up to the time of Queen Elizabeth. We advise any of our readers in need of such a work (and every body who reads is in such need) to send their names and the amount of money required, to the "American Book Exchange, 55 Beekman St., New York.

The January Term of Court commenced on Monday last. Richard Hodges, indicted at the October term on the charge of stealing a pair of pants, vest and a pair of gloves from E. R. Strong, and who has since been confined in jail, will be tried to-day.

George Colton, Esq., editor of the Annapolis Republican, has been engaged by the M. E. Sunday School to deliver a lecture at the town hall, one week from to-night. Mr. Colton possesses a keen wit, and has an appreciation of the funny side of things, that will make his lecture enjoyable to all who love a good laugh.

A Bad Week for Locals.—It is hardly necessary to say that local news, this week, is VERY scarce—the appearance of our columns bear indisputable testimony to the dearth of items.

Orphans' Court, TUESDAY, Jan'y. 21, 1879.—Present, Judges Nicholson, Shallcross and Willson.

An account of sales of the personal estate of Jas. M. Ayres, deceased, was returned to the court, examined and ordered to be recorded.

County Commissioners.—Tuesday, Jan. 21. Present, Thomas P. Dixon, President, and William V. Lucas, T. Romie Strong, James R. Jones and George W. Davis, Esqs.

The session of the Court was occupied in transferring property and passing road accounts

THE rapid subscriptions to the 4 per cent. bonds enabled the Secretary of the Treasury to issue, on Saturday, a call for the redemption of $20,000,000 five-twenty bonds, making the second call for the like amount within five days.—The price of the bonds in the regular market has advanced to par, and the demand is growing larger daily.

THIRTY-SIX coupons cut from bonds stolen at the time of the Northampton bank robbery were presented on Saturday for payment at the Missouri Pacific Railroad office in New York. The coupons were made with a check, the payment of which was subsequently enjoined by Judge Bartlett. The coupons came from Frankford-on-the-Main, and were presented by a highly responsible house in New York.

TWENTY-FOUR students from Princeton College were arrested in Trenton, N. J., about midnight Saturday night for disorderly conduct in the streets. They arrived in two large sleighs Saturday evening, and by their noise and hilarious conduct greatly disturbed the peace in driving from street to street. The police finally mustured in force, and surrounding the sleighs captured the occupants. They were each fined $3 80 and discharged. The scene at the police office was amusing and exciting.

SAYS the Baltimore *American* of Monday—

A writer in the *Saturday Standard*, who intelligently reviews Republican politics it this state since 1868, arrives at the following conclusion in regard to the movement for a reorganization: "The effort now on foot—conducted under the pretence of harmony—means simply this, and nothing more: Cresswell wants to lead the next Maryland delegation to the national convention in 1880, and, if Grant is the candidate and elected, to place himself in the same attitude in relation to Maryland offices as he did from 1869 to 1876."

THE NEXT SENATE.—In the Forty-sixth Congress the republican side of the Senate will be mentally and morally, as well as numerically, weaker than it has been for a score of years, while the democratic side will be stronger in the same proportion than it has been since the day when the democracy fell into the arms of secession. Thurman, Bayard, Wallace, Kernan, Pendleton, Voorhees, McDonald, Hampton, Hill, Gordon, Vance, will find only an Edmunds as the peer of any of them in the heavy artillery of debate, and Blaine about the only foeman fit to cope with them in the use of the lighter, and keener weapons of parliamentary warfare.—*Philadelphia Times.*

PHILADELPHIA was smart not only in securing the Centenial Exposition to be held there, but in the matter of expending her subscription to the stock, she exhibited a most commendable sense as to the main chance. The money she contributed was invested in the buildings. Memorial Hall, costing $1,564,398, of which the State gave $1,000,000 and Philadelphia the balance, is now the joint property of State and city. The two other buildings cost $1,001,936, of which Philadelphia gave the $1,000,000 and the Board the remainder; the city holds both as her property. Here is a profit of $67,000, and to this profit must be added the improvement of her park in bridges, roads, &c., while other stockholders received their return in a patriotic satisfaction of a duty well discharged. Philadelphia has the comfort of a valuable consideration, as well as an emotional satisfaction to compensate for her stock.—*Balt. Herald.*

THE bill which Representative Morrison offered in the House yesterday for the repeal of the duty on quinine is one which deserves serious and prompt consideration. The quantity of quinine consumed in this country yearly is about 1,200,000 ounces. The value of this abroad is $3 an ounce, to which an ad valorem duty of 20 per cent. is added here, making the wholesale price $3.60. Outside the serious question of the wisdom or justice of taxing a standard medicinal remedy—creating in reality a blood-tax—it is a fact worthy of consideration that the profit made by the protection of this article, and it amounts to nearly a million dollars a year, goes into the pockets of two Philadelphia firms, a junior member of one of which recently died leaving an estate worth over $10,000,000. What possible reason is there that the government should enrich two firms in this way at the expense of every other individual in the country?—*American.*

FROM WEALTH TO POVERTY.—How fickle is wealth and how changing are the fortunes of men. Sussex county, Del., has a case in point. Wm. H. Cannon, of Seaford, a few years ago was one of the solid men of old Sussex. He owned at one time about 1,300 acres of land, good and valuable property, valued at $35,000. In addition to this the personal property was estimated at $15,000. He engaged in speculations; fell into the hands of the money shavers; paid heavy bonuses; sometimes as much as 25 per cent. This brought on financial embarrassments; he fell into the hands of the officers; his property was forced into the market and sacrificed. Last week he was dispossessed of the last remaining piece of property, carried by the Constable to a Seaford hotel, where he was left without the means of subsistence, depending solely upon the charity of friends. It is believed that his next move will be to the poor house. Mr. Cannon is a man of tremendous proportions, and will tip the beam at near 400 pounds.—*Denton Union.*

MARYLAND'S PUBLIC SCHOOLS.

Professor M. A. Newell, State Superintendent of Public Schools, has submitted to Gov. Carroll his report of the condition of the public schools of Maryland for the year 1878. The report shows the total number of schools in the State to be 1,989—an increase in 1878 of 33. Number of pupils in the schools, 156,274, an increase in 1878 of 5,998. The average number in daily attendance was 81,829, an increase of 6,163. Total number of teachers in the State, 3,071, an increase of 175.

The quarterly distribution of the State School tax for the year ending September 30, 1878, to Kent and the two adjoining counties, is as follows: Cecil, $14,090.90; Kent, $10,276.22; Queen Anne's, $9,629.76. The total distribution for the State, including Baltimore city, is $433,984.06.

Something New.

I have determined to establish, at my store, a

NEWS DEPOT,

where may be found all the leading periodicals of the day, viz: *Harper's Monthy, Scribner's Monthly, St. Nicholas, Atlantic Monthly, New York Nation, North American Review, Waverly Magazine, Baltimore Saturday Night, New York Weekly, New York Leager, &c., &c.*

COLIN F. STAM.

Dec. 31, 1878. Druggist.

WANTED
TO BUY OR FREIGHT
50,000
OR MORE BUSHELS OF CORN.

WE are daily in communication with the Baltimore market, and are before the farmers competing with any and all buyers for the

PURCHASE OF GRAIN,

offering the highest market price—less charges for handling—and paying for same when delivered at our granary or on board vessel.

We are still Soliciting Freights of
GRAIN AND
GENERAL MERCHANDISE.

Charges moderate—prompt and personal attention given to any business entrusted to our care.

Mr. Wm. H. Palmer is still at the wharf where he or I can always he found to attend to any business in our line.

Givs us a trial. J. E. TAYLOR.

Dec. 17, 1878—3t.

CATARRH VAPOR.

The advance of general intelligence and the progress of science has rendered it necessary that the medical profession re-investigate the

NATURE AND CAUSE OF DISEASE

and if possible discover new and more potent remedies for its cure. It is a well known fact that the science and art of medicine has in no wise kept peace with the advancement of the collateral sciences. Although great improvements have been effected within the last fifty years, as evinced by the fact that blood-letting, blistering, heroic doses or mercury and other

UNSUCCESSFUL METHODS OF TREATMENT

have been superseded by a far more rational system of practice, yet the knowledge of diseases and of remidies for their cure is almost exclusively monopolized by members of the medical profession, while the universal requirements for medical knowledge and remidies to cure disease render it

IMPORTANT THAT EVERY FAMILY

SHOULD BE IN POSSESSION OF SUCH FACTS AS WILL ENABLE THEM TO PERPETUATE LIFE AND ALLEVIATE SUFFERING.

PRO F. W. PAINE, . M. M, D.,

The author of numerous works or medicine, and a teacher of more than thirty years in all departments of medicine and surgery, observing that nearly all the information of a medical character designed for the people, emanated from charlatans or medical mountebanks, has determined upon introducing the results of his

SCIENTIFIC INVESTIGATIONS AND DISCOVERIES

DIRECTLY TO THE AFFLICTED, so that all may receive the benefits of a long and arduous life of medical and surgical research and triumphant discoveries. The result of his researches is that Ozone is the

ANTISEPTIC ELEMENT

that prevents decay, fermentation and disease of all organic structures; that the atmosphere is pure and healthy only when

CHARGED WITH OZONE;

that its absence generates disease; that salt preserves meat when ozonized, and when the Ozone is removed the meat decays; that when the body is properly charged with Ozone,

DISEASE CANNOT EXIST,

and that its absence gives rise to almost every conceivable malady, such as CATRRH, CONSUMPTION, DYSPEPSIA, KIDNEY DISEASE, SKIN AFFECTIONS, NERVOUS DEBILITY, NEURALGIA, ALL FORMS OF FEVERS, RHEUMATISM, DIPHTHERIE, CANCER, and the growth of PARASITES.

The parasites, or microscopic germs, that creates disease, exist in the air, water and food, as well as in all portions of the body, but they are prevented from affecting the healthy tissues as long as the

BODY IS PROPERLY OZONIZED.

The Doctor has discovered a method of producing Ozone both a POWDER AND LIQUID FORM.

LIQUID OZONE,

OR CATARRH VAPOR, when inhaled or take into the stomach, antagonizes VAY FORM OF DISEASE, PURIFIES THE BLOOD, and almost immediately RESTORES THE PATIENT TO HALTH. It is perfectly innocent, and may be used with the greatest freedom by every one. It is put up, WITH FULL DIRECTIONS, in four ounce bottles at 50 cents, and eight ounce bottles, $1.

He also has prepared a pill, the

LIVER RENOVATOR,

that is highly ozonized, so that, while it purges the Liver, it disinfects the body and kills the germs of disease. 25 cents a box. The

BLOOD, STOMACH AND LIVER TONIC

gives tones to the stomach and body and enriches the blood. $1 per bottle. The

ANTISEPTIC OR ANTIPERIODIG POWDERS OR PILLS

will cure every form of

CHILLS AND FEVERS,

leaving the system free from disease. $1 per box.

The Professor has also fitted up a large and elegant HOTEL, THE PEABODY, NINTH ST., BELOW WALNUT, PHILADELPHIA, in which he has private consulting offices, and where he receives patients FROM ALL PARTS OF THE WORLD, and cures thousands of cases of Catarrh, Consumption, Cancer, etc., that NO OTHER TREATMENT CAN REACH. No one visiting Philadelphia should fail to stop at the

PEABODY HOTEL.

Invalids wishing to place themselves under the Doctor's professiona, carel may obtain SPECIAL RATES.

Medicines sent when ordered, and for sale by druggists and agents.

The Doctor has also for sale the following works, written and published by himself.

Domestic Practice of New School Remidies, 600 pp., $3.00.

Large Practice, 1000 pp., $6.000.

His "short Hand" Practice will when ordered be mailed on receipt of a three cent stamp.

PRF. W. PAINE, M. D.,
PEABODY HOTEL,
250 South Ninth St.,

AGENTS WANTED.

J. S. DOVEY Manager. 64 N. Charles Street, Baltimore, Md.

A Talk With Fruit Growers.

I HAVE now growing, on my farm, a fine seedling Peach Nursery, (from the seed of the Smock,) of over 200,000 trees.

Being from Smock seed, and growing on land that never grew trees before, they must prove especially hardy and prolific.

I shall bud 50,000 (commencing June 15th) for this Fall's planting; such trees will run from 3 to 4 feet in height.

I shall bud the balance in August, for planting the following fall. As must all planters' have preference for special varieties, I propose to take orders, before the budding is done, customers furnishing their own buds if they prefer; so that all may be accommodated. Do not fail to give this matter proper consideration, and send in your orders early. By so doing you can secure just the varieties you want; but if delayed till you are ready to plant, nurserymen may not have the kinds you prefer. I will give instructions how to forward buds, upon inquiry.

I HAVE A GENERAL ASSORTMENT OF ALL KINDS OF NURSERY STOCK.

Twenty years' experience as an extensive Fruit Grower and Nurseryman, certainly entities me to a reasonable share of patronage on this peninsula.

N. BARNARD,
STILL POND,
June 11, 1878. Kent Co., Md.

To My Old Patrons and the Public.

PRICES REDUCED TO SUIT THE TIMES.

I RESPECTFULLY desire to say, by this method, to the old friends of my father, who for many long years, was so well and favorably known to this entire community as the *leading* Undertaker, that I am still devoting myself untiringly to its prosecution, in all its departments. And in this connection I desire, particularly and emphatically to say that I can furnish Caskets and Burial Cases, of all kinds, upon the shortest possible notice, at prices much below ANY ONE ELSE engaged in the business in this vicinity. I can do this because I am at less expense than others, and I guarantee full satisfaction in every case, both as regards quality and price.

When away on other business, orders may be left with my mother, who resides next door to the shop, and they will receive equal attention as if left with me in person, as she thoroughly understands the business in every particular. I will allow nothing else to interfere with the prompt and efficient execution of all orders with which I am favored.

JOHN N. DODD,
Sept. 24, 1878—tf. UNDERTAKER

LIME! LIME! LIME! LIME!

Shells! Shells! Shells! Shells
30,000 bushels of each for sale.

THE undersigned is prepared to furnish LIME and SHELLS to the citizens of Kent, Queen Anne's and Cecil counties; and will land the same on the Chester and Sassafras rivers, or any of their creeks where there is a depth of five feet of water, of the best quality and at the lowest prices.

WILLIAM PERKINS,
Rising Sun Saloon.
Chestertown, Md., Oct. 22, 1875—tf.

7,000 BUSHELS
OF THE
Best Oyster Shell lime,
Of the Steamboat Wharf at Chestertown,

PUT up in 500 and 1000 bushels piles: for sale, by the quantity, or in small lots for building purposes. Now is the time farmers to buy, as they have more time to haul it than in the spring. *WILLIAM PERKINS.*

HEADACHE NEURALGIA PILLS

CELERY PILLS

"Dr. C. W. Benson, a practicing physician, at 106 N. Eutaw St., Baltimore, Md. (who has paid much attention to nervous diseases,) has discovered that Extract of Celery and Chamomile combined in a certain proportion invariably cures either bilious, dyspeptic, nervous or sick headache, neuralgia and nervousness. This is a triumph in medical chemistry, and sufferers all over the country are ordering by mail. He prepares it in pills, at 50c. per box. The doctor is largely known and highly respected in Baltimore."—*Epis. Meth.*

BALTIMORE, July 27, '72

Dr. C. W. Benson's Celery and Chamomile Pills have cured my wife of sick and nervous headache of ten years' standing; she had it every week or ten days, and suffered almost everything but death with it. We think these pills worth their weigth in gold.

REV. H. SCHLICHTER, Pastor Salem Mission.

For sale by all Wholesale and Retail Druggists in this town

Price 50 cents a box, mailed to any address. Office No. 106 N. Eutaw St., Baltimore, Md., Nov. 5, 1878—y.

Chester River Steamboat Company.

FARES REDUCED.

On and after Monday, October 14th, 1878, the Fares on New Iron Steamer B. S. FORD, and Steamer GEO. LAW will be reduced as follows: Between Baltimore, Kent Island, Queenstown and Grey's Inn Creek, 75 cents. Between Baltimore, Quaker Neck, Booker's, Rolph's, Chestertown and Crumpton, $1.00.

The B. S. FORD

Will leave CHESTERTOWN every Monday, Wednesday, and Friday at 8 A. M., for BALTIMORE, stopping at Rolph's, Booker's, Quaker Neck, Queenstown and Kent Island.

Returning, leave BALTIMORE every Tuesday, Thursday and Saturday at 10 A. M., making the above stops.

FARMS WANTED.

WE have the best facilities to procure purchasers for Real Estate, and respectfully ask all who have property they wish to sell to write to us and have it placed on our list. There will be no cost unless a sale is effected.

200 Farms for Sale.

If you want to buy a farm, write to us for our 48 page Catalogue. We have many fine farms for sale that are not generally known to be in the market—also, low price land; therefore, if you wish to BUY OR SELL, call on, or address, for information,

JOHN BELL,

HAVING had his Store lowered and enlarged on High street, opposite the Bank, invites his friends and the public to examine his well selected stock of

FAMILY GROCERIES,

Tin, Wood and Willow-ware, Confectionery, Domestic and Foreign Fruits, Nuts, &c., which he offers to the public at prices to suit the times.

Country Produce taken in exchange for goods.

By giving personal attention to business I hope to merit a share of patronage. Thankful for past favors, I remain,

Respectfully, JOHN BELL, Agt.

Nov. 12, 1878.
