Chestertown Transcript.
THURSDAY, MARCH 11, 1880.

Marble Works.—We call attention to Mr. W. Register's advertisement of his Chestertown marble works. Mr. R. turns out some neat work in his line.

The Sassafras River Steamboat Company have elected the following officers: President, Capt. A. L. Colmary; superintendent, William Cundiff; chairman of executive committee, Andrew Woodall.

Farm Sold.—Henry W. Archer, Esq., trustee, sold at public sale, at the Voshell House in this town, on Thursday last, the "Tims" farm, near Worton Station, containing 250 acres, to Capt. John S. Clayton for $7,022.00. The "Morris" farm, advertised by H. W. Archer, Jr., Esq., was not sold.

There was a large attendance, embracing quite a number of the most substantial men of the county, the result of the thorough advertising of the property by the trustees.

Methodist Protestant Conference.—The Maryland Annual Conference of the Methodist Protestant Church convened in Washington on Wednesday at the Ninth street Church There are now 110 ministers, who, together with the lay delegates, will make the attendance about 180 members. This conference includes the District of Columbia, all of Maryland and a portion of Delaware. Delegates will be elected at this conference to the General Conference of the Church, which meets on the third Friday in May at Pittsburgh, Pa. The Maryland Conference numbers 14,000 members and will have nine delegates to the General Conference or one ministerial and one lay delegate to every 1,500 members.

We call the Attention of farmers to the new advertisements, in this issue, of Kennard & Co., and T. W. Eliason, Jr. Mr. Eliason occupies a column in publishing testimonials of the virtues of "Black Residuum;" and Kennard & Co. occupy a like space in making known the excellencies of their "Sterling Phosphate," and the advantages of the "Ohio Chilled Plow" over all other kinds.

Mr. Eliason and Kennard & Co. are going to push things this spring, and next week we propose to make a more extended mention of their operations in the phosphate line.

Escape and Recapture.—Daniel Kelley, a dredger, confined in our jail to await the action of the grand jury for violating the oyster laws, made his escape last Sunday evening about 6 o'clock. It appears that, at the hour named, a bucket of water was taken into the room occupied by several of the dredgers and, as the person carrying it stepped in, Kelley darted out and ran down stairs. The front door being open he rushed across the Court House yard, and thence by way of Market Space and Spring Avenue to the College road, out which he ran at full speed, making mud and water fly. A number of persons witnessed his flight, and a very exciting chase ensued. After running about three-quarters of a mile deputy sheriff Silcox overhauled the fugitive and led him back to prison, where it is pretty certain he will remain until lawfully released.

On Friday Night last, Rev. E. Payson Walton lectured in the Court House in this town, to a fair audience of ladies and gentlemen, on the Mission and Teachings of the great Swedish Seer. The lecturer aimed to establish the following points, viz:

1—That Swedenborg's doctrines were a message from the Lord to all the churches; and

2—That many of the best minds,—the leaders of thought,—in all the different churches, had received his message, as the herald of a new dispensation.

3—That most of the Swedenborgian literature was written by those who were connected with some of the orthodox denominations, and who sought by that literature to reform the doctrinal tenets of the so-called orthodox.

4—That Swedenborg himself lived and died in the church of his fathers and expressly predicted that his new disclosures of the higher truths of the Scriptures would be promulgated by the clergy of existing churches, and

5—That accordingly all the modifications of the theology of this century, all the doctrinal changes in all the churches since his day have been a steady approach to his explanations of the Bible.

On Saturday, the lecturer aimed to show from the concessions of orthodox divines

1—That some unveiling of the Word was demanded in order to harmonize science and revelation.

2—That for want of such an opening out of the mysteries of the Word many of the learned, both Protestant and Catholic, both lay and clerical, in Europe, were substantially infidel, and

3—That this new advent of light on the Bible was the fulfillment of the Lord's promise to lead his followers "into all truth."

On Sunday afternoon the theme of the lecturer was "The Soul, its form, substance and abode between Death and the Judgment. His positions were that

1—The soul is that spiritual body from which the material body gets its form.

2—That the soul at death immediately enters the world of spirits and is visibly present there as proven by the language of the Savior on the cross to the thief, and by the dead prophet Samuel's words to Saul—"to-morrow shalt thou . . . be with me."

3—That our departed friends are all around us, held to us by the power of love, which is the gravitation force of spirits, and that they are our ministering spirits.

Tuesday night Mr. Walton, by request, lectured on Masonry as a Religious Symbol.

The Wilmington M. E. Conference begins its next annual session at Dover, Del., on next Wednesday, the 17th inst. Homes have been provided for all the ministers and laymen, a full list of which is published in the *Delawarean* of Saturday. The ministers and delegates who go from Kent county are provided for, as follows: Rev. James E. Bryan stops with Wm. Taylor, on State street; Rev. J. M. Hyland with Mrs. Prettyman, on the Square; Mr. F. H. Harper with S. Harper on Gov. Ave.

The following is a brief sketch of the Wilmington Conference up to the present session:

Number of churches	299
Probable value of churches	$910,150

A Visit to Baltimore will prove highly advantageous by inspecting Messrs. C. M. OHNK & SON's immense one price Clothing establisment, a grand assortment of Men's overcoats, ulsters and suits from $5 to $30 is now on exhibition, embracing all leading novelties for the present season. Their handsome boys and childrens overcoats, ulsters and suits for school and dress at $2.50 and upwards are the delight of the little folks. *Genuine low prices for well-made garments* is their motto, and we advise every one before purchasing to call on C. N. OHNK & SON 230 W. Pratt St.

The attention of Farmers is called to the OHIO CHILLED and BUCHER, GIBBS & CO'S IMPERIAL PLOWS, in which are embodied all the latest and most improved advantages to those tilling the soil. The woodwork is of the best selected material; workmanship perfect; and the Iron work guaranteed to be best chilled. As for its draught, it will compete not only favorably but successfully with any in the market of a similar size.

Its practical use in Caroline county having convinced the Farmers there, it is now difficult to sell any other kind. They can be examined or purchased at KENNARD & CO'S. or DILL & MILLER'S, Chestertown, Md.

The World for 1880.

DEMOCRATS everywhere should inform themselves carefully alike of the action of their party throughout the country and of the movements of their Republican opponents. A failure to do this in 1876 contributed greatly to the loss by the Democracy of the fruits of the victory fairly won at the polls.

The year 1880 promises to be one of the most interesting and important years of this crowded and eventful century. It will witness a Presidential election which may result in re-establishing the Government of this country on the principles of its constitutional founders, or in permanently changing the relations of the States to the Federal power. No intelligent man can regard such an election with indifference. THE WORLD, as the only daily English newspaper published in the city of New York which upholds the doctrines of constitutional Democracy, will steadily represent the Democratic party in this great canvass. It will do this in no spirit of servile partisanship, but temperately and firmly. As a newspaper THE WORLD, being the organ of no man, no clique and no interest, will present the fullest and fairest picture it can make of each day's passing history in the city, the State, the country and the world. It will aim hereafter, as heretofore, at accuracy first of all things in all that it publishes. No man, however humble, shall ever be permitted truly to complain that he has been unjustly dealt with in the columns of The World. No interest, however powerful, shall ever be permitted truly to boast that it can silence the fair criticism of The World.

During the past year The World has seen its daily circulation trebled and its weekly circulation pushed far beyond that of any other weekly newspaper in the country. This great increase has been won, as The World believes, by truthfulness, enterprise, ceaseless activity in collecting news and unfaltering loyalty to itself and to its readers in dealing with the questions of the day. It is our hope and it will be our endeavor that The World's record for 1880 may be written in the approbation and the support of many thousands more of new readers in all parts of this Indissoluble Union of Indestructible States.

COPY OF ORIGINAL TESTIMONIALS.
Baltimore, Jan. 31, 1879.
Mr. J. S. KNAPP—*Sir:*—I have made a thorough test of the London Food and recommend it to the public as a good Improvement Food for horses. I will use it in preference to any condition powders I know of.
[They have 500 head of horses.]
Respectfully,
R. PRICE,
Supt. of Citizens Line Street R. R.
Carrollton, Feb. 11, 1879.
Carroll county, Md.
JOHN S. KNAPP—*Sir:*—Having used the London Horse and Cattle Food on both my horses and cows, I cheerfully recommend it to the public as a good condition food for the horse and a profitable condiment for cattle, as it will cause cows to give more milk and make at least 20 per cent more butter than any condition powders I ever used. Hoping this will induce my friends to try it, after which I am convinced they will bear the same testimony as to its merits as I do.
Yours Respectfully,
March 6, 1879. JACOB M. HOFF.
