Stauffer is Secretary of Foreign Missions of North American churches and an official member of the Federal Council of the Churches of Christ in America.

Aside from the supervised recreations there will be ample time for tennis and volley ball.

The outstanding changes of the session this year is that the school will be held for two weeks in stead of one as in previous years and that the minister's wives and women church workers will attend.

The enrollment has reached 60 including representatives from Maryland, Delaware, Virginia and Pennsylvania.

Certificates will be granted those who have completed the work of three sessions. The program of the Summer School is so arranged as to provide a complete three-year cycle of courses and lectures.

Make your entertaining a joyous job!

GENERAL ELECTRIC
Refrigerator

The hostess who has a General Electric Refrigerator has solved one of the hardest problems of entertaining. Now she can have smart delicacies to serve, without much trouble—and without much expense.

If she plans to have guests in the evening, she can prepare a simple mousse or a parfait in the morning—or even the day before. She knows it will be chilled to a point of perfection that only the finest confectioners can rival. She knows that her drinks will be really cold. That her gleaming ice cubes will be piled up—ready.

And for her every-day tasks she blesses the quiet efficiency of this refrigerator. She is glad it needs no oiling—that it hasn't a drain pipe to clog. She finds it so sanitary, so easy to clean, so roomy and so very economical to operate. She wonders how she ever lived without it!

You are cordially invited to come in and study the wide range of models.

Time payments, if you wish. Write for booklet.
