The Transcript.

R.H.COLLINS, T.D.BOWERS
EDITORS.

IT IS generally conceded that the Organization will endorse Mr. Howard Turner, of the Third District, and Mr. Robert A. Shallcross, of the Fifth District, for the Legislature, though there has been no formal announcement of their candidacy yet.

Now that William Jennings Bryan and Champ Clark have burried their differences which arose at the Baltimore National Convention, perhaps some of the Clark adherents in the county will not be so bitter against Mr. Bryan and President Wilson, as they were during and prior to the National Convention.

THE sudden death of Mr. John B. Parrott on Monday evening was a profound shock to the entire county. Mr. Parrott was a young man of more than ordinary depth of character, having been a most estimable citizen. He had been president of the board of commissioners of Still Pond ever since the town was incorporated, and had done much for its improvement and development. He was a member of one of the oldest and most highly esteemed families in the county, and was a man zealous in all good works.

ONE of the Organization candidates for the Chestertown postoffice, upon hearing that President Wilson would appoint Mr. W. Finley Collins postmaster at Millington, said the other day: "I tell you, Wilson's administration is going to be a failure and a farce. Why, who ever heard of the President of the United States *interfering* in a postoffice appointment? Oh! the country will go to ruin under Wilson." There you are, we told you so. The country is going to ruin because the *Organization* is getting left.

IT IS gratifying to note that Governor Goldsborough and Attorney-General Poe are agreed upon the fact that a short term candidate for the United States Senate may be elected under the existing general election law, and that the cost of an extra session of the Legislature or a special election may be avoided. Only one Senator will be elected in the fall, and in our judgment that Senator will be the Hon. Blair Lee. A successor to Senator John Walter Smith will not be chosen before the fall of 1914, but the fight being made by Mr. Marbury will be persistently continued.

THE MACEDONIAN CRY.

The Organization is absolutely helpless to carry out its political plans and purposes without MONEY. Hence the doleful and plaintive wail of the Kent News for more MONEY for their Road Engineer to waste on the roads. There is not MONEY enough to work the roads, and there is not MONEY enough to run the schools. The Organization controls the roads and Urie has the schools in his political grip. The Macedonian cry is—MONEY, give us MONEY. Isn't it a most fortunate thing for the taxpayers that the ANTIS are holding the purse strings?

DON'T MIND KENT NEWS.

Whenever you see anything in the Kent News attacking Mr. Marbury's past political record, just remember that the Kent News is trying to pull the wool over its own shaky record and that of its candidate, Senator John Walter Smith. The Kent News has no right to attack any man's political record, and expect people to have any confidence in anything they say. The Kent News and its friends defeated the Democratic ticket in the county every time it was defeated from 1895 to 1903, and it and its friends have never turned their hands to relieve the people of the injustice and burdens of excessive taxation. On the other hand they have done everything in their power to pile on expense after expense upon the people, and they have no claim whatever to the support of the people and taxpayers of this county on their past record. It is nothing short of a piece of effrontery for the Kent News to ask the people of this county to support anybody for anything they are supporting after the raw deals the Kent News and its friends have handed the tax-payers. Don't mind the Kent News. They are no judge of a man's party loyalty, or what constitutes the people's welfare.

PROBLEM IN ARITHMETIC.

On account of a lack of funds the Kent County School Board, or to put it more accurately, John David Urie, has discontinued the services of a counsel. S. P. Townshend, Esq., is counsel to the board at a salary of $50 per year. He is under contract for two years, and has one more year to serve from the first of next May. It is said that Mr. Townshend will continue to draw his pay under his contract. John David Urie is a member of the board and will hold his job for five years more from May 1st next. By turning Mr. Townshend out, Urie would save the school board $50. If Urie is so thoroughly imbued with the spirit of economy and would sacrifice his salary of $100 a year, he would save the school board just $500 in the next five years, and that would go a considerable way towards building a comfortable school building at Kennedyville. There are some people who venture the assertion that Urie would not think of doing such a thing, while others believe that Urie has asked Mr. Townshend to step down and out in order to open up a way for Urie to accept the additional $50 a year job which in the next five years will amount to $250. Urie is also refusing to allow the school superintendent to insert the public school advertisements, amounting to about $25 a year in the TRANSCRIPT. It will be interesting to note whether the balance in hand at the close of this school year is $25 larger than it was last year. We shall have to keep tab on that and keep the public posted.

SMITH AND HAMAN OYSTER BILL

Regardless of what the Beck organ says, the Haman Oyster Bill would never have become a law had it not been for the influence of Senator John Walter Smith in the Maryland Legislature. It would have made no difference whether Senator Foxwell voted for it or against it, and he has stated time and again that he never voted for the bill, though he was recorded as having done so. Senator Smith and his organization friends could have killed the bill had they wanted to do so, because Senator Smith's organization had control of the Legislature and could pass or kill any bill they wanted to. The Organization don't want to get the blame for this condition. They rang the changes on Senator Foxwell when he was a candidate three years ago, and won the nomination if ever a man won a nomination, and we know that Senator Smith would be a candidate some day for some office, and we would get a chance at him. Now, if the oystermen voted against Senator Foxwell because they thought he worked against their interests, WHAT ARE THEY GOING TO DO TO THE MAN WHO COULD HAVE KILLED THE HAMAN OYSTER BILL, AND KEPT IT FROM BECOMING A LAW REGARDLESS OF HOW SENATOR FOXWELL VOTED?

READ THIS, MR. TAX-PAYER.

The Organization forces are going to make a desperate effort to nominate their two candidates for the Legislature this fall in order to force through the Legislature those bills calling for the expenditure of $68,000 of the tax-payers' money without giving the people a chance to vote upon them. These bills would have passed at the last session of the Legislature had it not been for the Anti-Organization candidates, Messrs. James G. Harris and Charles L. Miller, who refused to pass these bills because the people's rights were taken away from them. Besides this they want to get control of the legislaturemen in order to reduce the Board of County Commissioners, and do as they please with the people's money on the roads. The tax-payers will face the expenditure of enormous sums of their money just as certain as the Organization forces nominate their candidates for the Legislature. They may be good men, but they will be under the control of the same leaders who refused to repeal the Gibbs road law in the last Legislature, and who compelled the old Board of County Commissioners to squander $25,000 of the tax-payers' money on the roads in the last six months of their control in 1909. The Organization needs MONEY to get in control, and it will spend fabulous sums of MONEY to keep in power if the tax-payers are foolish enough ever to place them back in power. This is no *lie*, as the Beck organ will term it. The truth of these statements is proven by the recent memorable past. The Organization was put out of power in 1909 because they wasted the people's money, and they are making a play to the TEMPERANCE element of the county to fool them into voting for the Organization candidates for the Legislature, in order that they may get another whack at the public treasury by the passage of bills through the Legislature calling for the expenditure of thousands of dollars of the people's money without giving them a chance to vote on these bills. That is the game. Don't let them fool you. They promised to repeal the road law in the last Legislature but failed to redeem their promises. Beware of their promises in this campaign.

PUBLIC SALE
—OF—
"Wickliffe Farm"

BY virtue of competent authority as attorney for James W. Stevens, the owner, I will offer at Public Sale in front of the Court House Door, in Chestertown, Kent county, Maryland, on

TUESDAY, APRIL 29, 1913,

between the hours of 11 o'clock A. M. and 12 o'clock noon, all that

VALUABLE PLANTATION

or ESTATE, containing

375 Acres

of land, more or less, known as

"WICKLIFFE."

This handsome estate is situated on Eastern Neck Island, in Kent county, Maryland, on the waters of the Chester River and the Chesapeake Bay. It is one of the handsomest and most desirable farms on the Chesapeake Bay. Its peculiar location, lying as it does at the mouth of Chester River, at this point 3 miles wide, with the waters of the Chester River on the east side and those of the Chesapeake on the west, with an unsurpassed River and Bay view, make it one of the most valuable tracts of land now on the market. For years past peaches from this farm and Eastern Neck Island have commanded the highest market prices in Baltimore and other markets.

It has been many years since any estate as fine as this in Kent county has been offered for sale. The land is well adapted to the growth of all grains, fruits, berries, grass and everything else which can be grown on the most productive soils in Kent. It is within one mile of the wharf of the Chester River Steamboat Co., on Eastern Neck Island. The shores of the farm are close to the interesting, valuable and largest oyster beds; the fisheries here are valuable, and for the last century its shores have been known for its fine swan, wild geese and duck shooting.

THE FINE DWELLING is a large and commodious frame structure having 10 or 12 rooms with a wide attractive porch, surrounded by ample shade. There is a Barn, Stable, Dairy, Meat House and other buildings on the farm. Any one wishing a home on the SHORES OF THE CHESAPEAKE BAY, or to any one desiring a profitable investment this farm offers a most attractive opportunity. It is about 6 miles from the thrifty and thriving town of Rock Hall, the proposed terminus of the projected Kent County Railroad, and the last landing of the Chester River Line of steamers in daily communication with Baltimore.

Possession will be given January 1st, 1914, and satisfactory arrangements can be made with the owner to deliver possession at an early date.

11 ACRES IN ASPARAGUS.

Mr. Stevens shipped last year between 15,000 and 16,000 bunches from this 11 acres, and expects to ship 20,000 this year. It is a high quality of grass.

All unpaid purchase money to bear interest from the day of sale and to be secured by the note or notes of the purchaser to the satisfaction of the undersigned. All title papers at cost of purchaser.
