A REDUCTION
IN TELEPHONE SERVICE CONNECTION CHARGES

Service connection charges which apply when a telephone is connected, and charges for inside moves or changes in the type of instrument, have been substantially reduced for all residence telephones and for certain classes of business telephones.

The Lower Charges are Effective October 1

The old and new service connection charges are as follows:

	Former Charge	New Charge
For the connection of a residence main telephone	$3.50	$3.00
For the connection of a residence extension or residence private branch exchange telephone	3.50	1.50
For the connection of a business extension telephone or private branch exchange telephone	3.50	2.25
For moving a telephone from one location to another at the same address	3.00	1.50
For changing type of telephone instrument	3.00	1.50

Where there is a telephone on the premises and it is re-used without change of location or change in type of instrument, the service connection charge remains at $1.50.

CAN YOU JUDGE A GOOD SMOKE?

We Want Your Opinion of This 5c Cigar

Havana Ribbon is its name . . . a cigar—for five cents!—that from end to end contains nothing but fully-*ripe middle leaves* of choice tobacco plants. No bitter *under*-ripe top leaves; no flat-tasting *over*-ripe bottom leaves. But quality tobacco captured just when Nature has given it its truest, mellowest, mildest flavor and aroma. And long-filler tobacco at that! No short ends to crumble in your mouth.

We contend that *Havana Ribbon* is without doubt the greatest five-cent value that has ever come out of a cigar factory. See if you don't agree with us—try *Havana Ribbon*. Never mind wondering how such cigar goodness is possible for a nickel (immense production and genuine manufacturing sincerity are the reasons, if you insist on knowing). Judge *Havana Ribbon* solely on smoking enjoyment and money-saving value. Also *Practical Pocket Package* of five cigars.
