Chestertown Transcript.
THURSDAY, AUG. 4, 1881.

The dog days are upon us.

Read the new advertisements in this issue.

Dr. Twilley changes in this issue his price schedule for coal.

Water Melons are in market. They are as yet an imported delicacy.

A Picnic and dance, on Mr. John Brice's lawn, next Tuesday afternoon.

T. W. Ellason, Jr., advertises in this issue his No. 1 Ammoniated Phosphate.

Connelly & DeFord advertise elsewhere their brand of phosphate for fall seeding.

W. N. E. Wickes advertises elsewhere, Lister's standard phosphate and Lister's ammoniated bone.

Don't forget the lecture of the "poet priest" this evening. He comes with a wide-spread reputation.

A Refreshing Rain fell last Friday over part of Kent county. The rain was not general, however, and corn and grass in many parts of the county are suffering.

The Annual Picnic of St. Dennis's congregation will be held in McCauley's wood, near Lambson's station, next Wednesday, if the weather be fair. See advertisement elsewhere.

St. Paul's Church.—Rev. S. S. Hepbron requests us to state that St. Paul's Church will be *closed* Sunday morning, but will be *open* for service at 3:30 P. M. There will be no service at I. U.

The Tolchester excursion which went from the upper part of the county last Friday, per steamer Chester, we understand from one of the managers, was quite a success, and a very enjoyable affair.

No Wilmington Crowd.—The Clyde will not stop at Wilmington on her trip to Cape May next Wednesday, so that there need be no fear that the boat will be crowded. Those who go may anticipate a pleasant trip across the bay, without any disagreeable hindrances.

The Conference Academy of Dover, Del., will be found advertised elsewhere. Those who expect to send their children away this fall, to boarding school, will do well to correspond with Prof. Skinner and get information regarding the Dover Academy. Those who know Prof. Skinner understand that under him the training will be practical and thorough, and that the school in every department will be kept up to a high standard. Write for a catalogue or other information.

Private Sale of Real Estate.—Mrs. H. L. Welch on the 6th of last June purchased of R. Hynson, Esq., trustee to sell the real estate of the late William Welch, the Howard farm, containing 270 acres, for $7,500. On Monday the 1st instant, Mr. T. W. Eliason purchased from R. Hynson, trustee, and Mrs. H. L. Welch, the old Welch home farm, supposed to contain 552 acres, for a little less than $60 per acre, or for an aggregate of about $33,000.

Cape May Next Wednesday.—Elsewhere will be found advertised an excursion to Cape May. The last trip was very enjoyable, the next promises to be equally so. August 10th will be in the height of the season. The bathing will be splendid, and the trip refreshing. We understand that many of those who went before, expect to embrace the opportunity of going again next Wednesday.

Baltimore Grain Market.—Wednesday's quotations.—The demand for Southern Wheat was more active, and the market was firm at 1 cent advance. Steamboat and wagon lots sold at 1 21a$1 24 for shipping grades, and sail cargoes at 1 23a$1 27 for long-berry, and 1 22a $1 25 for Fultz. No. 1 Maryland red sold at $1 26¾. Southern corn is scarce and firm: prime samples sold at 63 cents for white and 58 cents for yellow.

Vennor's Predictions for August.—There are some people who do not believe Vennor to be a humbug. For the benefit of these we publish his predictions for August:

"August, in striking contrast to the same month in 1880, looks decidedly moist, and will probably resemble that of 1877 in Canada and the United States. The month will enter warm but cooler and rather unseasonable weather may occur on the 4th and 5th, after which sultry and stormy weather will again set in. Thunder and lightning and hail storms are likely to cause considerable damage over widespread areas, both in Canada and the United States, especially in western sections, and the month again promises to resemble that of the year 1877."

The Cape May Excursion of the 27th.—There was a large turn out to go on the M. P. Church excursion of the 27th ult. Nearly two hundred passengers got on at Chestertown, and the excursion was swelled all along the road. Bombay Hook reached, the passengers were transferred to the splendid steamer Clyde, and were sped across the Delaware to Cape May. On the other side of the Delaware pleasant open cars soon conveyed the excursionists to the summer city. Most of the throng were soon in bathing harness, and ready for a plunge in the surf. Those who did not go in, amused themselves watching the ridiculous figures cut by their friends in their odd bathing costumes, or spent the time viewing the many attractions of the famed resort.

Back again to the Clyde, and back across the Delaware to Bombay Hook, the excursionists were taken without any unpleasant mishap to mar the enjoyment. Arrived at Bombay Hook at 7 P. M., they boarded the cars and sped homeward.

The general verdict was, that a trip to Cape May is a good thing. Many were so pleased that they propose to repeat on the first opportunity.

There is one matter, however, in connection with the Clyde that it may be worth while to mention. Those who took supper on the return trip almost unanimously agree that the supper was one of the meanest on record. This may have been on account of the hurry and the unexpected number to be fed.

Orphans' Court, TUESDAY, Aug. 2, 1881.—present, Judges Nicholson, Shallcross and Willson.

On application, Letters of Administration on the personal estate of John C. Burchinal, late of Kent county, deceased, were granted and committed unto Mary M. Burchinal and William D. Burchinal, who filed their bond in the sum of $8,000, which was approved and ordered to be recorded. Wm. N. E. Wickes and John W. Loud were appointed to appraise the personal estate of said deceased.

H. Clay Lusby, guardian to Samuel H. Lusby, returned his guardian account for the year 1880, which was examined, passed as stated, and ordered to be recorded.

Charles H. Wilmer, administrator of Harriet Miller, deceased, returned his third and final administration account, which was examined, passed as stated, and ordered to be recorded.

James T. Dixon, administrator of Thomas P. Dixon, returned the inventory of the personal estate of said deceased, which was received and ordered to be recorded.

CHESTERTOWN, Aug. 2d, 1881.

Editors Transcript—The Kent Guards assembled at their armory in full dress uniform, Monday afternoon, and were marched out to the target grounds (a good number being present) in competition for a handsome maltese cross with gold medal attached, the gift of Mr. C. M. Lucas, one of our popular citizens. The shooting was not as good as on former occasions, although the scoring among some of the best shots, was very close, and resulted as follows, Lieut. Thos. S. DeFord making the highest average and taking the prize. Lieut. T. S. DeFord, 8¼; Sgt. J. W. Bordley, 8⅜.

It is impossible to give an accurate score of the other competitors, the judges having been instructed not to make known the score until next Tuesday evening, when the prize will be awarded to the successful shot by H. W. Vickers, Esq., their former captain. Capt. Bordley did not shoot on this occasion, as desired by his company, he having won the prize last February by a score of 54 general average.

The public are invited to witness the presentation of the badge next Tuesday evening at 8 o'clock, at the armory. V.

"NOTES BY THE WAY."

OBSERVATIONS AS TO THE EFFECT OF ACID PHOSPHATES ON LAND—LIME—CARE OF FRUIT TREES—DROUGHT—IMPROVEMENTS—REMOVALS CONTEMPLATED, ETC., ETC.

If a man wants his past history ventilated, let him run for an office. It is the lot of the candidate now-a-days to have his past failings and shortcomings published. It should not be so. We should look at the good and not the bad that is in others. We should endeavor to elevate and not degrade our fellow man. The time may come when respectable citizens will not run for office on this account.

Some practical farmers think the light yield of wheat this season is due to an excess of acid in the land. It is claimed that acid phosphates will make straw, but it takes lime, bone and potash to make grain. Farmers should think about this.

Our Kent county lands need limeing for crops and the health of our people. The increase of malarial diseases the last few years is due to the absence of lime in the land. Lime made this county rich and healthy. Phosphates (without lime) are making it poor and unhealthy. Plenty of lime, animal bone and potash will make our lands rich and healthy again.

Bearing fruit trees should not be cultivated after the middle of this month. Give the tree a chance to mature its wood and fruit-buds before cold weather sets in. Young trees should be worked all the season.

One of the oldest and most reliable nurserymen in this country, writes us that "Kieffer" pear trees will be sold at reasonable rates in the fall of 1882.

Growers here are selling their choice Hale's peaches for one dollar per peck.

The drought continues in this section. The corn crop will be light, and fruit and grass are suffering for rain.

Mr. Isaac Parsons is having a new race constructed at his grist mill, which will greatly facilitate grinding.

James C. Roseberry will shortly open a store at the head of Still Pond Creek. He will run a vessel to Baltimore, and deal in lumber, lime, coal, phosphates, &c.

Another sidewalk is being constructed in Still Pond.

W. F. Wroth's house is nearing completion. The school house has been painted.

J. F. Wilson will shortly retire from the firm of Harper & Wilson on account of his health.

Rev. F. T. Little preached one of his best sermons at Lynch's yesterday. Text: Romans, 5th chapter, 1st verse. Subject, Justification by Faith.

A gentleman named Hill (from Queen Anne's county) has been threshing nine hundred bushels of wheat a day, in Turner's Creek neighborhood.

Peach packers have been offering one dollar and twenty-five cents per basket for peaches the orchard through. Our growers won't sell.

J. A. Toulson is having a neat dwelling erected on his farm near Lynch's, and will move there at Christmas.

T. J. Willis is going to Delaware. William Hepbron takes his farm. John A. Miller will move back to his farm next year.

Louis S. Hepbron will move to his farm near Still Pond.

The Casey Bros. move to their farm near Church Hill, Queen Anne's county.

N. Crossley takes the Westcott farm, and Max Price takes Dr. Kelley's farm in Still Pond Neck.

J. F. Willson, William Watts and Samuel Davis begin farming next year.

We are at present sprinkling our pear trees with "Hellebore," and destroying the "slug" by the million. August 1, 1881.

ALTHOUGH the Hebrews could not make bricks for the Egyptians without straw, yet in this country we can put up a neat fire-proof chimney without bricks in a few hours. You can examine the drawing in another column.

IMPORTANT TO TRAVELERS.—Special Inducements are offered you by the BURLINGTON ROUTE. It will pay you to read their advertisemen to be found elsewhere this issue.

GOOD LOGIC.—A word to those who neglect to avail themselves of the business opportunities we offer. For nearly thirty days we have largely supplied the retail demand for Men's, Boys' and Children's Clothing in this city and State satisfactorily. The class of clothing we make is too fine for dealers in small towns to keep and is much better than is generally found in large cities. If you want a good article at the lowest possible price call upon C. N. OEHM & SON, Pratt and Hanover streets, Baltimore.
