The Transcript.

R.H.COLLINS, T.D.BOWERS
EDITORS.

WORK hard, boys. You have been doing fine, but let's make the victory so complete and decisive that there will be nothing to it but the Antis in the future. You can do it, if you work hard, for the people are with us. All you have to do is to see them and tell them "what side you are on," and that is sufficient.

DR. J. W. HERING, member of the Public Service Commission, and one of the foremost Democrats, churchmen and financiers in the State, is critically ill at his home in Westminster. Dr. Hering is 80 years of age, and he is one of the most popular men in the State. His host of friends hope for his speedy recovery. He is reported much better.

WHEN the tax-payers remember that in the last session of the Legislature the Organization endeavored to force an indebtedness upon the tax-payers of **$68,000**, just after the people were emerging from the burdens of a $1.85 tax rate, the Organization's plea of ECONOMY goes to pieces, and it only convinces the people what the Organization will do if they get Howard Turner in the Legislature.

THE Organization faction employed an expert accountant to investigate the finances in the County Commissioners' office, and he found that the Organization spent **$57,730** more in 1908, 1909 and 1910 than the Antis spent in 1911, 1912 and 1913, notwithstanding the fact that the Antis paid the enormous debts incurred by the Organization in 1909. This $57,730 is MORE THAN HALF OF WHAT THE ANTIS HAVE LEVIED FOR THE ENTIRE COUNTY EXPENSES FOR THIS YEAR.

THE unkind and very untruthful reference which the Kent News made last Saturday to Mr. Edward C. Waters, clerk to the Board of Assessors, caused Mr. Waters to make a very pointed reply to the editors, and we understand they were forced to write a letter of apology for their blunder. The Kent News' discussion of county finances is doing their candidates far more harm than good. We wonder how long the Kent News would have waited to appoint a clerk to the Board of Assessors if they had had the opportunity.

THE overwhelming issue in this campaign against the Organization is the 94-CENT TAX RATE. The people know that the Organization faction was responsible for the $1.85 tax rate, and if they can get good county management under the Antis for 94 cents, they certainly will not be so foolish as to turn the county over to the Organization who wasted the people's money. All the expert accountants and campaign literature the Organization may employ will never convince the people that the Antis were responsible for the $1.85 tax rate. Only Organization extravagance did the damage.

AN HONEST CONFESSION.

The Kent News has greatly impaired the chances of the Organization in the coming primaries by the publication of figures which prove that they squandered $57,730.85 of the people's money in the last three years of their control of the county finances. The TRANSCRIPT has been called all sorts of bad names and charged with almost every crime in the category for stating the same thing time and again, but now that the News has admitted its faction's guilt, the TRANSCRIPT can sit back and wink the other eye, while wondering what taxpayer in Kent county will be so foolish as to vote for the Organization candidates in the coming primaries. How can any man vote for the candidates of a faction that admits that it has squandered so much of the people's money?

THE ONE GREAT ISSUE.

The great and overshadowing issue in this campaign is MONEY. The Organization faction cannot exist without money, and they are making a desperate effort to nominate Howard Turner in order to pass a bill through the Legislature that will enable them to legislate the present Board of County Commissioners out of office, and thus enable them to get control of the county finances. The tax-payers' salvation in this contest is to defeat Howard Turner, and thus prevent the Organization from doing what we know they intend to do, if they can succeed in nominating Turner. The Organization has no chance to nominate their candidates for County Commissioners, and they are endeavoring to fool the tax-payers into voting for Turner, at the same time keeping the people in the dark as to what they intend to do to the people if they can win Turner. Mr. Tax-payer, vote against Turner, for those who control Turner are against your financial interests.

ORGANIZATION PROMISES.

It is currently reported that the Organization candidates and workers have promised at least 25 voters in the First District to take them to Annapolis IF Mr. Ahern and the balance of their ticket is nominated. Among those who are reported to have been promised are Mr. Robert Johnson, whom they promised to make their candidate for sheriff two years ago, and never touched him; Mr. William Matthews and Mr. Frank George. Gentlemen, don't you know that there is absolutely nothing in these promises? They won't touch one of you. IF, by any chance whatever, Turner and Shallcross are nominated, and a man from the First District is to go to Annapolis, it will be Mr. Brad Dudley, whom they tried to make postmaster and failed. But Turner is from the Third District, and if by any possible chance he should be nominated and elected, he will take a man from his own district, and that man will be Mr. Joseph Howard, who is working like a beaver for Mr. Turner's nomination, and likewise with Mr. Shallcross, he will take a man from his district, the fifth, and that man will likely be Mr. Frank Wheatley. But the possibility of the nomination of Messrs. Turner and Shallcross is so remote that those gentlemen in the First District who have been promised a plum will get a lemon. Don't depend upon Organization promises. They have broken too many.

URIE NAMES BOBTAIL TICKET.

One dozen and a half Republicans, eleven of whom are office holders, met at the Voshell House yesterday and agreed upon a bobtail ticket for the coming primaries. The ticket is as follows:

For Legislature—Henry Brown, of Quaker Neck, and Joseph Mallalieu, of Millington.
For County Commissioners—Harry T. Williams, of the Third District and Carey W. Rhinehart, of the Sixth.
For County Treasurer—J. B. Burchinal.

It is said that there will be no opposition to this ticket in the primaries, but the Bull Moose Republicans will nominate a ticket by petition, with the exception of their State Central Committee and delegates to the State Convention, which will be elected in the primaries.

HOW THEY LOVE THE FISHERMAN.

The Organization forces have about as much interest in the fishermen and oystermen of this county, as the spider had for the fly when he invited him to "walk into my parlor." All they want is their votes, and after that nothing doing 'till they want more votes. For instance, didn't Mr. Beck allow those Capt. Tom Howard dredgers to go to Hodges Bar and take their oysters away from them, and haven't they got a candidate on their ticket for the Legislature, Howard Turner, who even went to Annapolis during the sessions of the Legislature and did everything he could against the interests of the fishermen? Oh! Yes, the Organization loves the fishermen and oystermen of the Fifth and Seventh Districts to such an extent that they will even put one of their bitterest enemies on their ticket, and have the nerve to ask the fishermen of the Fifth and Seventh Districts to vote for Turner and the rest of their candidates.

THE DIFFERENCE.

Much as the Urie Organ may endeavor to deceive the tax-payers, the figures will not let them do it. For instance—In three years, 1908, 1909 and 1910, the Organization Board of Commissioners levied a total amount of **$379,592.76**, while for the succeeding three years, the Anti-Organization Board of Commissioners levied only **$321,861.91**, which included the payment of the enormous debts which the Organization contracted and never paid for. Here is a difference of **$57-730.85** in the three years' levies. Mr. Tax-payer these figures prove that Organization control of the county finances in three years was **$57,730.85** more expensive than Anti-Organization control for the following three years WHICH SUM IS MORE THAN HALF OF WHAT THE ANTIS LEVIED LAST JUNE FOR THE EXPENSES OF THE ENTIRE YEAR. That fact alone should determine for whose candidate you should vote if you desire to protect your financial interests.

ALWAYS AFTER A JOB.

In its catechism of August 2d the Urie organ asked these questions:

Q.—Does Mr. Barroll want an office?
A.—Yes.
Q.—What office has he held?
A.—All he could get.

Well, now, let us see how this compares with what the leaders of the Organization have had, and are looking for.

JOHN D. URIE.

State's Attorney of the county for two terms; counsel to the Board of County Commissioners from 1895 to 1903; members of the present Board of School Commissioners; counsel to the Supervisors of Elections, and though a Republican, is generally recognized as the head and shoulders of the Organization Democrats.

WILLIAM W. BECK.

State's Attorney for Kent county for two terms at an annual salary of $1,200; State Senator from Kent for four years, and the man who refused to repeal the present road law so as to get rid of Gibbsism.

CHARLES L. DODD.

Candidate for County Treasurer and defeated; clerk to the Board of County Commissioners for six years at an annual salary of $960; was a candidate for reappointment but lost; member of the State Central Committee for four years, and a candidate for re-election in the coming primaries. Mr. Dodd is also a prospective candidate for Clerk of the Court in 1915.

S. SCOTT BECK.

Counsel to the Board of School Commissioners, recently appointed Court Examiner, and reported to be a prospective candidate for State's Attorney in 1915.

HARRISON W. VICKERS.

The present State's Attorney at a salary of $1,200 a year for four years; was a candidate for State's Attorney on the Anti-Organization ticket against Mr. Beck and lost; was a candidate for counsel to the Board of County Commissioners and lost; left the Antis because he could not be the Boss of the faction, and counsel for every office that required such service, and is now one of the "ME TOO" men in the Organization, expecting to be their candidate for the State Senate in 1915.

With such an array of talent as this always looking for a job that will repay them for their time and *"interest in the welfare of their party,"* where does the rank and file of the Organization expect to come in when the *paying jobs* are handed out?

Road Meeting at Rock Hall.

A largely attended and enthusiastic meeting of the tax-payers of Rock Hall and vicinity was held in Rock Hall last Saturday evening in the interest of road improvement. Mr. Walter B. Miller, Eastern Shore member of the Good Roads Commission, was present, and discussed at length the advantages of good roads, and the method of construction under the Shoemaker Act. He made a most favorable impression upon his big audience. A number of the County Commissioners were present, the meeting being held for the purpose of creating sentiment in favor of the building of an improved road from Rock Hall to Chestertown, as soon as the commissioners can arrange to secure the finances. The Board of County Commissioners is to be congratulated upon the effort it is making to improve the county roads. The presence of Mr. Miller, a man of wide experience in road building, and one whose interest in Kent county has been aroused solely by the County Commissioners and their friends, is an evidence to the tax-payers that if the supervision and management of our county roads were placed in the hands of those who are competent to manage them, the county would have good roads. Much good will undoubtedly result from the Rock Hall meeting, and we venture to say that as soon as the Still Pond-Betterton road is well under way, the commissioners will be laying plans to give the people of lower Kent better road facilities.

GOT IT TWISTED.

The Kent News evidently got the report that an Anti candidate had stated that the Antis would carry the First, Second and Third Districts in the primaries, but that the Organization would carry the 4th, 5th, 6th and 7th districts considerably twisted. The TRANSCRIPT got the report direct from the gentleman to whom the story was told. It is like this. Our informant told us that a prominent Organization leader told him that Mr. John P. Ahern, one of the Organization candidates, told the Organization leader that the Antis will carry the 1st, 2nd and 3rd districts, while the Organization *expects* to carry the 4th, 5th, 6th and 7th districts by majorities sufficient to overcome the Antis majority in the 1st, 2nd and 3rd districts, and he said that Mr. Ahern did not seem at all happy over the prospect. That puts an altogether different aspect on the situation, for with Mr. Ahern conceding his own and the third, which is Turner's districts to the Antis, it is very evident that the Organizatian has not got a ghost of a chance to win. The Organization is licked to a frazzle in this fight, and they won't get a man on their ticket. They did not nominate a man on their ticket two years ago. What have they done for the good of the people since to merit the people's support?

ANOTHER POLITICAL CATECHISM

Question—Who is the leader of the Organization faction?
Answer—John D. Urie.
Q.—Who is the *Boss?*
A.—Urie.
Q.—Who selected Howard Turner as a candidate for the Legislature, as well as all the other candidates on the Organization ticket?
A.—John D. Urie.
Q.—Why did the Organization Democrats select Urie, a Republican, to direct their campaign?
A.—Because they had no other capable leader.
Q.—Does Urie want an office?
A.—Yes.
Q.—What office has he held?
A.—All he could get. He was State's Attorney until the office was made a salary office. He was counsel to the Board of County Commissioners, counsel to the Board of Supervisors of Election, and is now a member of the Board of School Commissioners by the grace of William W. Beck.
Q.—Who has made a political puppet of the public schools of the county, and steeped them in the mire of politics according to his own admission?
A.—John D. Urie.
Q.—Who is reported to have said that William W. Beck would never have been nominated and elected to the Senate two years ago had it not been for him?
A.—John D. Urie.
Q.—Who will have almost absolute control of our county finances, and will shape all legislation affecting Kent county in the next session if Howard Turner is nominated?
A.—John D. Urie.
Q.—Whom have the people mostly to fear in the event of the nomination of the Organization candidates?
A.—John D. Urie.
Q.—Why should the people defeat Howard Turner and the rest of the Organization candidates in the primaries?
A.—Because they will be dominated and controlled by, and the management of the county will be handed over to JOHN D. URIE.

Others Interested in Us.

Mr. Robert J. McWhorter, Anti-Organization candidate for Sheriff, received this week a most appreciative letter from a number of former Chestertown young men, who are interested in his candidacy, and who, if they were residents of Kent would do everything in their power for his nomination. These young men attest their confidence in Mr. McWhorter, who is the young men's candidate in this contest, and they give him such a recommendation to the voters of the county as Mr. McWhorter deserves. Here is the letter with the names of the young men who express their interest in Mr. McWhorter's candidacy:

Baltimore, Md., August 8th, 1913.
MR. ROBERT J. MCWHORTER,
Chestertown, Md.
DEAR ROB:
We, the undersigned, and former citizens of Kent county, knowing you as we do, feel that awe could use our names and what influence we may possess to no better use than by indorsing you for the office which you now seek, and feel that if you are nominated and elected, that you will give the county a good, honest, progressive and Democratic administration.
Wishing you all the success possible, we are,
Yours truly,
BENJ. E. BOSTON,
HARRY S. BRAMBLE,
C. M. RUSSELL,
GEORGE T. BRAMBLE,
A. B. ELLIOTT,
POLK T. BRAMBLE,
SAMUEL G. FRAZIER.

LARGE PUBLIC SALE
—OF—
175 HEAD STOCK

I will sell at my Stables in Galena, Md.,

Friday, August 22nd, 1913,

Beginning at 10.30 A. M. sharp, rain or shine, the following stock described below, consisting of

75 Head Horses, Mules & Colts

50 Head of Cattle,

25 HEAD SHOATS AND PIGS.

Will sell Harness, Shoats and Cattle first, beginning promptly at 10.30 A. M., and will start on horses at about 12 o'clock.

5 of the Horses are good seasoned chunks just off the farms, and some are as good as I ever sold, weighing from 1000 to 1400 lbs. each.

10 nice toppy driving horses with good breeding and part of them have some speed. Have also several good family horses, quiet for lady to drive. Rest are horses of all descriptions. Some of them are the very best money can buy, others are just as common in proportion.

25 Fresh Cows and Springers and 25 Heifers and Stock Bulls and several Fat Cattle. Have several Holstein and Guernsey Cows good enough to go in any one's dairy.

25 Shoats weighing from 20 to 50 lbs. each.

Will guarantee every horse to be as represented. Will sell any thing or any kind of stock on commission for you in this sale. If you have a horse or mule that don't suit you, send it here and sell and buy one that will suit you. Will have buyers from Baltimore, Philadelphia, Wilmington, and in fact, from all over the country, to buy your stock. This is the place to buy or sell your stock.

I handle more stock than any other dealer on the Eastern Shore of Maryland.

TERMS STRICTLY CASH.
Will sell rain or shine.

S. G. CALDWELL, Owner.

P. S.—Will meet all trains at Lambson's Station that day free of all cost. a9-ts.

TYPHOID FEVER

HOW TO PREVENT ITS SPREAD

ISSUED BY THE

State Board of Health

OF MARYLAND.

When TYPHOID FEVER appears in a family the source of the infection must be looked for in drinking water or food taken within the preceding twenty days. The patient may not have been infected at home, but if a second case occurs this second infection will in all probability be traceable to the first patient. In a majority of instances the drinking water has become infected. Your first business, therefore, is to find out the quality of your drinking water.

You can do this by asking your local health officer for instruction about shipping us samples of your drinking water. *The daily supply of drinking water should be boiled.*

The infectious material of typhoid fever is produced in but one way. It grows always in the bowels and sometimes in the bladder. It, therefore, escapes from the sick person in the stools and urine. If we kill the germs in the stools and urine as soon as they are passed, there can be no spread of typhoid fever. These discharges should, therefore, be disinfected as soon as possible. You will need a large quantity of a good disinfecting solution.

RECEIPT FOR A GOOD DISINFECTANT.

To four gallons of water add enough salt to make a strong brine. Put this in a five gallon demijohn or jug and add a quart of crude carbolic acid. Shake it up well and you will have a good disinfectant for stools and urine.

The crude carbolic acid, known as U. S. P. 90 per cent., is very good, and a quart will cost about 50 cents. There is a cheaper grade, known as a 36 per cent. acid, which is nearly as effective.

About a pint of this solution should be put in the chamber or bed pan before it is used, so that the discharges will begin to be disinfected as soon as they leave the body. There must always be at least as much of the disinfecting solution as there is of the discharges, so that more of the disinfecting solution may need to be added after the discharges are passed. If the stools are thin and watery their disinfection will be accomplished in half an hour or so, but if the stools are thick or formed very much more time will be required. On that account it is best to have a covered jar or bucket into which the bed pan can be emptied, and to empty this jar only once in 24 hours. If the discharges cannot be finally thrown into a sewer, they should be buried in the soil at a convenient spot where there is no chance of their fouling a water supply. The discharges should never be thrown upon the surface of the ground, for you will hardly be successful in killing all the typhoid bacilli, and you must not place them where those not killed by the acid may be blown about in the dust or carried away by flies to infect other people.

In spite of every precaution those who wait on the sick person will get their hands infected, and it is, therefore, necessary to wash the hands every time one does any service about the patient's bed or body. Whoever waits on the patient must not prepare food or drink for other persons in the house, or if it is impossible to mind this rule one must most carefully and thoroughly cleanse the hands before performing any household duty outside the sick room. Good scrubbing with soap, water and a brush, and then rinsing well in fresh water will suffice for cleansing the hands.

If anyone else in the house falls sick within two weeks after the first patient, the probability is that the infection was lodged before the precautions were taken in regard to drinking water and the disposal of discharges. But if the second case occurs more than 20 days after the first case that will signify that we have made a mistake somewhere in our precautions.

DR. GEO. H. JONES,
Secretary Local Board of Health of Kent Co.,
a16-tf. Galena, Md.

NOTICE TO THE PUBLIC.

The law is positive that persons must not leave trash in the ditches along the public roads. One-half of the washes on the roads are caused by farmer's leaving weeds in ditches and thereby preventing water to flow in natural channels. The law says:

167 L. "Any person, or corporation placing any obstructions of any kind whatsoever upon the public highways or bridges, roads, lanes, streets, avenues, or alleys, of Kent County, or interfering with or obstructing any of the ditches or drains thereof, or encroaching upon the same with fences or other obstructions or any person or corporation, its agents or employees, exercising the business of a common carrier, permitting his or its vehicles, steam or other engines or cars to obstruct any crossing for more than five minutes for any one time, shall be guilty of a misdemeanor, and shall be liable to prosecution at the instance of any tax-payer of said county, and upon conviction by any Justice of the Peace exercising criminal jurisdiction in Kent county shall be fined in an amount no less than One Dollar nor more than Twenty-five dollars for each offense."

ISAAC GIBBS, JR.,
Road Engineer.

PUBLIC SALE
—OF—
Valuable PERSONALTY

THE UNDERSIGNED, intending to discontinue farming, will sell on the Crew farm, at Coleman's Corner, on

Thursday, Sept. 4th, 1913,

OF ROCK HALL

Mr. Miller will have an advertisement in this space in a week or so.

WATCH FOR IT.

BORDLEY & SONS

LAUNDRY.

Collars and Cuffs

ONLY.

For the benefit of our customers we have secured the agency for the laundry of

Gardner & Vail

New York City.

All work put up in individual boxes and laundered like new linen.

Shipments made weekly on Monday noon. Ready for delivery at our store on Thursday evening.

Collars.....2½c each.
Cuffs.....5c pair.

Ask the man who uses this laundry.

Leave work before Monday noon.

Yours for satisfaction,

THE MEN'S STORE

Bordley & Sons,

CHESTERTOWN, MARYLAND.

Phone 92—11.
