Chestertown Transcript

THURSDAY, OCT. 5, 1882

Subscription $1.50 per year; 75 cents for six months, in advance.

Advertising Rates.

Transient advertising will be charged at the rate of *one dollar* per square for first three insertions, and twenty-five cents per square for each subsequent insertion. A space equal to eight lines of brevier, constitutes a square. Figure-work will be charged fifty cents per square additional for first three insertions.

Simple notices of marriages and deaths, inserted free. Obituary notices will be charged at the rate of five cents per line.

JOB WORK.

Handbills, large and small, flyers, dodgers, letterheads, billheads, envelopes, cards, tags, programmes, and other kinds of job work will be done neatly and reasonably.

Correspondence upon matters of local interest desired. Anonymous communications will not be inserted.

It is desirable that communications be in by Saturday night if possible, and in any case not later than Monday night or Tuesday morning.

Very fine weather for seeding wheat.

Foard & Bachus are selling Tygert's phosphates. See notice.

The Comet is said to be very brilliant an hour before Sun up. It takes a very industrous person to see the comet.

The finishing touches are being put to their new houses by Messrs. H. L. Boyd and H. C. Rickey, preparatory to moving in.

The Cecil County Fair holds to-day and to-morrow. There will undoubtedly be some fine trotting to-morrow, and the other attractions of the exhibition are numerous.

Bob Allen is out again! Whose fault is it? Can't Bob Allen be held? Are there not chains and locks enough in Kent county to hold this **scoundrel until he can be landed in the penitentiary?**

Registration.—At the October sitting, which closed last Tuesday evening, there were registered in the Chestertown district 63 white and 27 colored voters, which will make a total for all registrations in this district of 542 white and 408 colored, or a combined total of 950. The other districts were not heard from at time of going to press.

The Straw-board Mill.—Machinery in piles, and machinery everywhere meets the eye of the visitor to the straw-board mill, and yet there is machinery coming. One can well understand, now, where the $90,000 goes. The mill is now an interesting place to visit, and will grow more and more so, up till the time when the wheels begin to turn.

The Boys are mostly in at the college, and study matters are working smoothly. The old base-ball nine, that held the proud reputation of having never been beaten, is broken up by loss of some of its best players—among others, its pitcher and catcher, but the boys propose to put out a new nine, next season, that may rival the exploits of the old.

The New Game Law for Kent county provides that the shooting of partridges shall not begin until the 25th day of October, and shall end on the 15th day of the following January. The shooting of rabbits is also prohibited prior to the 25th day of October and is not allowed after the 25th day of the following December. Sportsmen will do well to bear these facts in mind.

Drowned.—Wm. T., alias "Tip," Brown, of Quaker Neck, fell overboard Friday morning between five and six o'clock, from the oyster sloop commanded by Capt. J. B. Wilson, off Huntingfield Point near the mouth of Chester river, and was drowned. No other person was on deck at the time, and it is not known how long he had been in the water when missed. He leaves a widow and a number of children.—*News.*

A Badly Broken Leg.—Mr. Theodore Hayes, of Kennedyville, while out riding one day last week, met with an accident of a very serious nature. He was driving a young horse, and when near the White House Hill the horse took fright and began kicking. Mr. Hayes was kicked upon the right leg, below the knee, and sustained a compound fracture. Drs. Jacobs, Maxwell and Hines were called in to render professional services. They found the fracture to be of a very serious nature, but are hopeful for a healing, though it may not be speedy. There was another young man in the carriage with Mr. Hayes who was not hurt.

Death of an Old and Well Known Citizen.—Capt. Thos. H. Kennard, an old and well known resident of the third district of this county, died Sunday night of last week at the residence of the late Wm. A. Taylor, his nephew, in Worton Point, aged about 78 years. He had lived all his life mainly in that neighborhood and in Still Pond, and sailed a vessel from that vicinity to Baltimore for a number of years. He enjoyed the respect and confidence of all who knew him, and his death is deeply lamented by a large circle of friends. He was the registrar of voters of his district for many years and up to the time of his death, which will necessitate a new appointment by the Governor.

Of Course the Water Works.—"With evident surprise the editor of the Chestertown Transcript heads an article, 'The Water Works!' Of course it does. We are surprised that a man living, as the editor of the Transcript does, in a local option county, should not have learned sooner that water would work better than beer or even whiskey."—*Milford News.*

The water does work. So it does. Sink or swim we are willing to stand by the assertion. But notwithstanding that this is a local option county, the News must butt its head against the fact that whiskey also works. Not that we have any personal knowledge of its working. Oh, no! Not much! But from observation,—altogether from observation,—we should say that it (whiskey) works very promiscuously. If the editor of the News should happen to be around on some occasions, he might not think the water worked in some localities of this county,—but it does.

The Kent Agricultural Association Take Notice.—"It is proposed to have a grand baby show for appropriate prizes at the next annual Peninsular Fair. A tent will be set apart for the cherub exhibits and the awards will be made by a competent committee of gentlemen to the two handsomest of the collection. Immediately after announcing the awards, the judges will take the first train for the West for the benefit of their health."—*Middletown Transcript.*

Now here is a department for the Kent County Association to take home and think about. It is nothing less than an inspiration! Certainly the thought of this baby show must have sprung from the bald-headed editor of the Middletown *Transcript*, who is also secretary of the Middletown fair association. We suggest that the *Transcript* man be appointed as one of the judges. He is undoubtedly fitted by nature for the position. The lovely babes would be perfectly delighted with his bald head. The editor of the *Transcript* hates a brass band, but he would undoubtly take to a baby show as naturally as a duck takes to water.

The Following Premiums conclude the list of awards made at the Kent county fair. The principal part of the list was published in the last issue of the Transcript:

Poultry and other Birds.—Best collection of poultry, Edw. Slaughter; 2d best, G. H. Cannan; best trio dark Brahma and best light Brahma, Edw. Slaughter; best trio white Cochin, W. T. Melvin; best trio of Bantams, J. C. H. Bowers; best trio of Plymouth Rock, G. H. Cannon; 2d best trio of Plymouth Rock, Edward Slaughter; best trio of Langshan, G. H. Cannan; best trio of Houdans, Edw. Slaughter; best trio of Golden Seabright, do. Bronze Turkeys, do. White Holland, do. Emden Geese, Edw. Slaughter; best trio of Pekin Ducks, W. T. Melvin; 2d best, J. W. Corey; best collection pigeons, W. P. Chapman; best trio of Peacowls, Toney Anderson.

Agricultural Implements.—Best display of Agricultural Implements and Tools manufactured in Kent county, Shellers and Powers, W. A. Hyland & Co; best display manufactured elsewhere, Chas. Rolph; best Grain Drill, Empire, J. C. Sutton; best Plows, J. C. Sutton; Deering Binder, best Farm Wagon, W. A. Hyland & Co.

Carriages.—Best Jump-seat Buggy, and best York Wagon, Beckett & Mackey; best Dayton Wagon, Geo. E. Lambert.

Democratic County Convention.

The delegates elected in the several election districts of Kent county on Wednesday, Sept. 27, met in convention in Chestertown on Saturday, Sept. 30. CORNELIUS J. SCOTT, of the first district was chosen chairman, and WM. B. USILTON, of the fourth district, secretary. The following is a list of delegates elected:

First District—C. J. Scott, J. J. Spear, Jos. Delaney, C. S. Hurlock, C. O. Casey.

Second District—John F. Becks, D. J. Nowland, W. J. Hurlock, C. C. Morgan, T. Shafer.

Third District—Rob't Nicholson, L. J. Usilton, D. E. Jewell, Jas. S. Harris, Samuel F. Cooper.

Fourth District—James A. Pearce, Stephen Lecates, John A. Groves, J. M. J. Byron, Wm. B. Usilton.

Fifth District—Wm. F. Baker, John Brice, James B. Willson, Dr. T. B. Willson, Harry S. Francis.

Messrs. Harris and Cooper, from the third district being absent, R. G. Nicholson and S. Amos Reed were elected to fill the vacancies. In the fourth district delegation Messrs. Groves and Byron were absent, and A. B. Wheatley and J. Evan Thomas filled the vacancies. Mr. C. O. Casey, of the first district was absent but the vacancy was not filled. The delegates present, however, were allowed to cast the full vote of the district.

The convention then proceeded to select delegates to the congressional convention, Messrs. Wm. H. Pennington, John F. Becks and Wm. F. Baker were placed in nomination, and no others being named, they were chosen without ballot.

J. A. Pearce, Esq., offered the following resolution, which was unanimously adopted:

Resolved, That it is the sense of this convention that Hon. GEO. W. COVINGTON has shown himself to be a faithful and efficient representative, and that he should be nominated for a second term.

For delegates to the judiciary convention but three names were placed in nomination: Cornelius J. Scott, Robert Nicholson and James A. Pearce, and they were elected without ballot.

The following resolution, offered by Mr. Pearce, was adopted without dissent:

Resolved, That the unanimous sentiment of the Democratic party in Kent county is in favor of the renomination of the entire present bench, and that the delegates from this county, are hereby requested to use all honorable means for their renomination.

The convention then adjourned.

C. J. SCOTT, Chairman.

WM. B. USILTON, Sec'y.

Orphans' Court.—TUESDAY, Oct. 2, 1882—Present, Judges Nicholson Shallcross and Willson.

Thomas J. F. Smith, guardian to Samuel T. Smith, returned his final guardian account, which was received, examined, passed as stated, and ordered to be recorded.

The last will and testament of Dr. Wm. H. Meeteer, was received, admitted to probate, and ordered to be recorded.

[COMMUNICATED.]

Effect of Sunshine.

From an acorn weighing a few grains, a tree will grow for 100 years or more, not only throwing off many pounds of leaves, but itself weighing many tons. If an orange twig is put in a large box of earth, and the earth is weighed, when the twig becomes a tree, bearing luscious fruit, there will be very nearly the same amount of earth. From careful experiments made by different scientific men, it is an ascertained fact that a very large part of the growth of a tree is derived *from* the *sun*, from the *air* and from the water, and a very little from the *earth*; and notably all vegetation becomes sickly unless it is freely exposed to sunshine. Wood and coal are but condensed *sunshine*, which contain three important elements equally essential to both vegetation and animal life,—magnesia, lime and iron. It is the iron in the blood which gives the durability necessary to bodily vigor, while the magnesia is important to all of the tissues. Thus it is, that the more persons are out of doors, the more healthy and vigorous they are, and the longer they will live. Every human being ought to have an hour or two of sunshine, and in the early forenoon in summer.

XPER.

BARRETT, NEPHEWS & Co., of 43 North Charles street, formerly No. 110 West Baltimore street, the old established dyeing house, is prepared to do all kinds of work in their line with neatness, cheapness and dispatch. In dress goods of all wool and also of cotton and wool, etc., their success is greatly superior to that of a year ago. The firm lay aside every year a certain amount of their profit to buy the most improved machinery, and during their existence have expended over one half million of dollars in that department alone. This firm calls especial attention to the rapid advances made by them during the past few years in the art of dyeing. It has been the desire and aim to present to their customers work perfect in every respect.

THE STATEN ISLAND FANCY DYEING ESTABLISHMENT, No. 43 N. Charles street.

Sept. 28, 1882—6m.

AN IMPORTANT MOMENT.—It is puzzling to decide between the rival clothiers, where a man should buy his clothing, if he seeks enlightenment by reading the advertisements, for he will find each to claim to sell cheaper than the others, &c. We say to you, buy from a house of known reputation for square dealing, where goods are sold by the manufacturers themselves upon precise statements as to kind and quality, and at a strictly uniform low price, and where you can go back for your money if after reaching home you should think you had purchased unwisely. Such a house is C. N. OEHM & SON, 230 W. Pratt St., through to 55 Hanover St., Baltimore, Md.

EVERYTHING SOLD UNDER A GUARANTEE.

TO WHEAT GROWERS.

The undersigned, *PIONEER* in the manufacture of FERTILIZERS in this city, and *ORIGINATOR* in 1858 of the formulas and processes of manufacture of

"Excelsior" and Ammoniated Phosphate

So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the *High Standard Quality* of each will be maintained as heretofore.

The above are the most concentrated *FERTILIZERS* ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones in fine, dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty-four years*,

UNIFORM QUALITY IS GUARANTEED.

Farmers, to secure the ONLY GENUINE *EXCELSIOR* and *PHOSPHATE* prepared according to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

J. Q. A. HOLLOWAY, Originator and Manufacturer, 107 McElderry's Wharf, Baltimore, Md.

Patent Improved COLD AIR ICE CASKETS for the preservation of the dead; also Embalming Fluids. I have recently introduced a remarkably cheap BLACK CLOTH CASKET, which in appearance is almost equal to the finest. Remember I do not confine myself exclusively to fine and high-priced work, but have an endless variety at *sudden* and *low prices.*

I have THREE HEARSES, two large ones and one small white one for children and young persons; and with my handsome new Glass Hearse and fine pair of Black Horses, can furnish as fine a Funeral Turnout as can be seen in our large cities. I am constantly adding new features and improvements to my business, in order to keep up with the times; and as there are such changes in style and kind constantly going on, and, as is generally the custom, some friend is called into the embarrassing position of ordering what he supposes may be wanted, it would be much more satisfactory to all concerned to name the *price* of the article wanted.

ALWAYS REMEMBER that I *guarantee* to furnish *anything* in my line, of the same kind and quality, at *lower prices* than any other establishment of the kind. Ever grateful for the very liberal patronage heretofore extended me, I respectfully beg a continuance of the same.

Residence second door above my shop. Respectfully, Aug16—tf. JOHN N. DODD.

ROLAND CHILLED PLOWS.

Every farmer in Maryland should use the "Roland." The Mouldboard is harder than steel. They will do more work than any other Plow with the same amount of draft. They run level and easy to the plowman. They will scour in any soil. Having the reversible slip point, slipping landside and chilled shares, they cost less for repairs than any other plow in the market. Made in Baltimore, the repairs can always be obtained without delay. The workmanship, material and finish is of the best. There are fourteen sizes and kinds, and they are suited to all kinds of soil. Send for descriptive circular.

CHAMPION GRAIN DRILL.

This Drill has force feed distributors for both wheat and grass seed, and has the only fertilizer distributor that will not clog, and will evenly distribute wet and sticky phosphate. It will sow grain, grass seed and fertilizer more satisfactorily than any other drill in America. It is the simplest and strongest drill made. It is more easily managed and less liable to get out of order than any drill in the market. As it is the leading drill in this market, and several thousands have been sold during the past few years, a large stock of repairs is always on hand. Send for circular.

BRITISH MIXTURE.

The popularity of this celebrated fertilizer is not due alone to the price, but to the fact that its effects are uniformly good, and that it has been found the equal of the highest priced and best phosphates in the market. It gives more value for each dollar paid than any other fertilizer in the land. Send for circular and price list.
