Mass Meeting.

A Mass Meeting of the Democratic and Conservative Voters of Kent county will be held at the Court House in Chestertown, on TUESDAY, OCTOBER, 24, at 2 o'clock P. M.

The meeting will be addressed by the following distinguished speakers:

Hon. GEORGE W. COVINGTON,
Hon. JAMES B. GROOME,
ALBERT CONSTABLE, Esq.,
HENRY PAGE, Esq.

The public are cordially invited to attend.

MARION DEK. SMITH,
DAVID JONES,
JOHN F. BEEKS,
State Central Committee for Kent Co.

Orphans Court meets again to-day

Sheriff's election notice in this issue.

Are you done seeding? Have you commenced husking?

Early Marketed Corn will probably catch the biggest price.

Democratic Mass Meeting next Tuesday. See notice at the head of this column. Come out.

The appointment of Miss Ellen L. Wickes to Western Maryland college, was confirmed by Senator Hepbron on last Tuesday.

The Owls are out again. They had quite a feast the other night. The Owls are bad on oysters,—very bad on oysters.

An Indictment was found against Morris yesterday by the grand jury, and his case will come up for trial the latter part of this week or the first of next.

The shooting of partridges and of rabbits is made, by a new enactment, not to be lawful in this county prior to the 25th of this month. We are informed that there are some gunners who do not appear to be aware of this fact.

Fifteen responses have so far been received from the little folks, who are contending for the prize offered in our last issue, by Rev. Howard Meeks, for greatest number of correct words with their meanings, that can be obtained from the letters composing the word *Tronscript*.

A Broken Shoulder.—Master Willie Walker, son of Mr. W. S. Walker was last week thrown from a galloping horse, and sustained a broken shoulder. He was thrown over the horse's head, by a stumble on the part of the animal. Accidents will happen to the best regulated horsemen, and Master William takes his broken shoulder very philosophically. We might say something about a lesson, but it isn't of any use. Any advice given a boy about not riding a horse is thrown away to start with.

Judges of Election.—The following judges of election were appointed by the county commissioners at their sitting on last Tuesday,—

1st district,—William A. Hyland, George A. Ireland and Thomas J. F. Smith.

2d district,—D. U. Dewees, H. C. Wallis, Wm. P. Norris.

3d district,—Robt. L. Usilton, Luther Handy, Alexander R. Parks.

4th district,—John R. Gray, Wm. S. Walker, Levi Fiddis.

5th district,—Benjamin F. Beck, Wm. F. Baker, James A. Casey.

Court Proceedings.—*October Term*, 1882.—The fall term of court began Monday, with Hon. Joseph A. Wickes on the bench. The grand and petit juries were drawn, and trial and appearance dockets were called. In charging the grand jury, the court made reference to charges of homicide that would probably come before the jury, and also to charges specially involving the violation of the local option law. The following are the juries, respectively:

GRAND JURY—Wm. S. Walker, Wm. Archibald, Sam'l H. Crawford, Chas. Bacon, Sam'l J. Roseberry, Josias Ringgold, Jr., Josiah Lusby, Sam'l J. Wickes, Thos. W. Eliason, Jr., Richard W. Jones, John W. Skirven, Daniel E. Jewell, John R. Gill, Lewin S. Fowler, Henry Parrl, Richard C. Smyth, James H. Gale, John R. Gray, James W. Hurtt, Andrew Woodall, Francis A. Wallis, William Hepbron, Geo. L. Maslin.

PETIT JURY—James Brice, Thomas W. Elias on, James S. Harris, Sam'l Burgess, Henry M. Thomas, Charles H. Wickes, William Stevens, Purnell Jefferson, F. Hyland Taylor, Joseph Clinton, John W. Corey, J. C. Wheatley, Richard T. Turner, Joseph E. Gilpin, Thomas R. Quimby, George W. Davis, W. N. E. Wickes, Samuel Merritt, James Shuster, H. M. Stuart, Benjamin P. Morgan, B. B. Adkinson, Edwin S. Morris, James W. Chapman, Benj. M. Hazell.

Tuesday, the 17th inst.—Court met, Judge Wickes on the bench. Appeal docket was taken up. An appeal case from Esquire H. B. Wheatley of C. C. Morgan vs. D. A. Clark, general agent agricultural insurance company of Watertown, N. Y., was tried before the court. Decision reserved. Pearce for appellant. Vickers for appellee.

Thos. Floyd vs. Isaac Anderson, appeal from H. B. Wheatley, Esq. Tried before the court. Vickers & Rowley for appellant, Baker for appellee. Decision reserved.

Bradley Johnson vs. Chas. Dill and Wm. Miller appeal from Vachel Burgess, Esq. Judgment reversed and judgment for appellant for $7.46, with costs above and below. Vickers & Rowley for appellant.

In case of N. Lieberman, presented for selling goods on Sunday, a plea of guilty was entered, and a fine of $20 and costs was imposed by the court.

State vs Daniel Cox, indicted for selling whiskey to Geo. Graves contrary to law. Plea of non cul. Tried before the court. Verdict guilty. Fined $50 and costs. Vickers for State, Hynson for defence.

State vs Same, indicted for selling whiskey to Chas. Cronemeyer. Plea of guilty. Fined $50 and costs.

State vs Same, indicted for selling whiskey to Geo. S. Vickers. Plea of guilty. Fined $50 and costs. Vickers for State, Hynson for defense.

John Jan Rorsky, a native of Germany, was admitted to American citizenship.

Wednesday, Oct. 18.—Court met and were present, Judges. J. A. Wickes and Frederick Stump.

The case of Wm. T. Copper vs Alexander Rollison, appeal from Samuel Brannock, J. P., tried before the court. Case of replevin. Judgement for appellee. Slay for appellant, Vickers & Rowley for appellee.

The grand jury found a bill of indictment against Joseph Morris for killing Emma Turner.

[Further proceedings of Wednesday were not obtained prior to going to press.]

The Public Schools.

Mr. Editor:—In addition to the annual statement of receipts and disbursements for the school year ending Sept. 30th, to be found in your advertising columns, the following may not be uninteresting.

The number of school houses in the county is forty-three, exclusive of the buildings in which the colored schools are held. The eight colored schools are held in the colored churches with one or two exceptions.

The whole number of teachers is seventy-five, of which fifty-six are white and nineteen colored.

The whole number of different pupils during the year was 3781, being 101 less than for 1881. This is owing to the fact that only five of the colored schools were open during the whole term. Of this 3781 pupils, 2451 were white, being seventeen more than for the year 1881. The average attendance of the white pupils was 1113, of the colored pupils 403. The total average for the county 1516, being 71 more than for 1881 with a diminished total attendance. The number of pupils in the different grades during the Winter Term, was, in the first 4, in the second 496, third 550, fourth 503, fifth 401, sixth 229, seventh 116. Of these the number studying Book-keeping was 110, Algebra 113, Philosophy 21, Map Drawing 1053, Geometry 28, Physiology 31, Latin 29.

During the year, two frame buildings have been erected; an addition to the Kennedyville school, and a new building in district 17, school one, at a cost of $935.

E. F. PERKINS, S

The following extract from a letter received from Mr. H. F. McNeal, of Columbus, Ill., late a teacher in this county, will give young men an idea of the way schools are conducted in the West:

I have closed a contract with the "directors" of the school of this town, and have taught in my new position one week. I am called principal here; in Baltimore I would be called a principal, and in Kent, first assistant. The school has a "superintendent" who spends most of his time in general supervision of the different departments of the school. I have the best department below his.

This is a well-built, well-paved and flourishing town of 1600 inhabitants. The school house cost $12,000, and is the finest and most complete school building that I ever saw outside of Baltimore. The desks are superior to any I ever saw, and the whole equipment is first-class.

The school numbers 290 pupils, and six teachers, *all males*. The patrons, by the votes, have decided that no female teachers shall be employed. It costs about $4,000 a year to support this school, most of the money being raised by local taxation. A janitor is employed who is required to be in constant attendance every school-day in the year. The whole building is heated by a furnace in the basement. Teachers have nothing to do with heating or opening, or with opening and closing. The janitor has charge of the play-grounds and is held responsible for the conduct of pupils at play.

The teachers are all about my own age. Three are married, and three are single.

But the oddest thing about this odd school is that the teacher of the first, or lowest grade, receives $4.45 a month more than I. He gets $60 a month. I get $55.55.

Each teacher has a room to himself furnished and furnished in the most expensive style.

Columbia is 13 miles from St. Louis and 4 miles from the Mississippi.

Something More About the recedent.

To the Editor of the Transcript—SIR: While the communication to the *Kent News* of the 14th inst., referring to the contest between Judge Chambers and Judge Eccleston for nomination to the Court of Appeals, states the substantially, it does not enter into detail; but the precedent thereby established in support of the nomination of Judge Stump, by the convention held here on the 14th inst., is so complete and so interesting, that should be reproduced for the information of those voters too young to remember it, or to whom it is not familiar, and I am sure many readers will thank you for publishing the extract from the files of the *Kent News*, which I enclose.

EXTRACT FROM THE KENT NEWS OF OCT, 1851.

"Judges Chambers and Eccleston, being candidates for the Court of Appeals from the Fourth Judicial District, in pursuance of the call of the County Committee, the Whig voters in their respective districts on Saturday last the purpose of choosing five delegates from each district to meet in County Convention, to choose three delegates to attend the Judicial Convention, to be held in Easton to-day.

"The result of the vote was as follows:

Lower District,	Chambers	75	Eccln 65
Middle "	"	82	89
Upper "	"	121	31
		278	185
		185	
Chamber's majority		93	

Dr. Thomas C. Kennard, Edward Wilkins and Edward Boyer were appointed delegates to the Convention, and, Dr. Kennard being unable to attend, Hon. J. A. Pearce was designated in his stead.

"The vote on Saturday was *the largest ever taken at a nomination*, and we believe we can safely say, whatever may be the result of the Convention, the vote of the county will be *promptly and cordially* concentrated upon the successful candidate."

EXTRACT FROM THE KENT NEWS OF OCT. 25, 1851.

"The Judicial Convention assembled in Easton Saturday the 18th inst., and following delegates were in attendance:

Kent, James A. Pearce, Edward Boyer, Edward Wilkins.

Queen Anne's, D. H. Crane, S. Bradley, J. Wooters.

Caroline, D. Orrell, Willis Chaires, L. Neal.

Talbot, Gen. Tench Tilghman, Allan M. Goldsborough, George A. Skinner.

Dorchester, W. A. Sullivan, S. Clinton, Josiah Bailey, Rider Henry.

Worcester, Geo. W. P. Smith, . Rowdon, Irving Spence, D. P. Russell.

Hon. J. A. Pearce nominated Judge Chambers for the Court of Appeals, and Josiah Bailey nominated Judge Eccleston the same place. Judge Chambers received votes from Kent and Talbot, and Judge Eccleston received fourteen votes from Queen Anne, Caroline, Dorchester and Worcester. Cecil and Somerset were unrepresented, but it was understood that if present their votes would be divided. On motion of Hon. J. A. Pearce the nomination was made unanimous."

EDITORIAL FROM KENT NEWS OF OCT. 25, 1851.

"It will be seen by reference to other columns that the Convention in Easton nominated Judge Eccleston for the Court of Appeals Bench. The contest should leave no trace behind except the consciousness that the advocates of the respective candidates used every honorable effort to carry their point, *the same degree of zeal and industry should be transferred to secure the election of the nominee on the 5th of November next.* Of Judge Eccleston it is unnecessary to speak, and, as his opponent, Judge Tinghman is a Whig, let Kent take care that out of her own citizens shall wear the honors in the entire stranger."

Such was the spirit with which party organs of Kent county at that day let with the precedent which was thus made, and which is now involved in behalf of Judge Stump's nomination, and the response of Kent county at the polls was a majority for Judge Eccleston of 239, or more than three times the usual Whig majority.

Cecil county, also, as part of the Judicial District, was called to pass judgement on the precedent, and her response is found the astounding majority of 2420 for Judge Eccleston. Can Cecil county, with due regard for her ancient honor, or her present reputation, afford to speak in any other voice to-day?

A Musical Tre

Ed. Transcript:—The Excelsior Musical Association give their next grand vocal and instrumental concert to their honorary members on Thursday night Nov. 2, at Court House. The programme will be the finest we have ever presented to our people. Miss Lizzie Kruger will be the soloist for the evening. As considered the finest soprano in Baltimore, and those who fail to hear her will miss rich musical treat.

BASSO.

Orphans' Court.—TUESDAY, Oct. 17, 1882—Present, Judges Nicholson, Shallcross and Willson.

L. M. Bean, adm'r of James A. Morris, late of Kent county, deceased, returned his first administration account and dividend, which was examined, passed as stated and ordered to be recorded.

James C. Roseberry, guardian to Samuel C. Cacy, returned his guardian account from Jan. 1st, 1881, to Oct. 1st, 1882, which was examined, passed as stated and ordered to be recorded.

James C. Roseberry, guardian to Henry C. Cacy, returned his final guardian account, which was examined, passed as stated and ordered to be recorded.

James C. Roseberry filed his release from Harry C. Cacy, which was received and ordered to be recorded.

"NOTES BY THE WAY."

The death of Dr. Thos. H. Whaland demands a few lines from the pen of the writer, whom he attended from the cradle to manhood. Dr. Whaland was probably the most successful and certainly the most self-sacrificing physician that was ever in this county. The practice of medicine was his delight, the relief of suffering humanity, his aim. The hardships and privations he endured for years are known only to a few of his old friends who survive him. The accumulation of wealth was the last thing thought of by him, for he realized that a physician with riches ceased to be useful. His mission was one of mercy; his life one of toil. His future reward we leave with that all wise being, who says, Blessed are the merciful, for they shall obtain mercy.

The Ohio idea this year was not to keep men in office for life. Hence the political change. It will be the Pennsylvania and New York ideas next month, and the Maryland idea in the near future. Bosses had better heed the warning.

Wheat is tough, and it will not be in condition to thresh until we have several days of North-west wind.

Wheat that was seeded a week or more ago is coming up nicely.

Christiana and Brandywine are two of the most valuable peaches grown. Ripening between Crawford's Late and Smock, they command fine prices. Mr. J. C. Raisin had them this year to perfection.

William Meeks grows the finest peaches of any one in this section, which is attributable to the thorough cultivation he gives his trees.

Messrs. Polk & Pennington evaporated about eight thousand baskets peaches during the past season. They used mostly soft fruit.

C. H. Norris, Lynch's, has grown a sweet potato, this year, that weighs five pounds and twelve ounces. Who can beat it?

BARRETT, NEPHEWS & CO., of 43 North Charles street, formerly No. 110 West Baltimore street, the old established dyeing house, is prepared to do all kinds of work in their line with neatness, cheapness and dispatch. In dress goods of all wool and also of cotton and wool, etc., their success is greatly superior to that of a year ago.

The firm lay aside every year a certain amount of their profit to buy the most improved machinery, and during their existence have expended over one half million of dollars in that department alone. This firm calls especial attention to the rapid advances made by them during the past few years in the art of dyeing.

It has been the desire and aim to present to their customers work perfect in every respect.

AN IMPORTANT MOMENT.—It is puzzling to decide between the rival clothiers, where a man should buy his clothing, if he seeks enlightenment by reading the advertisements, for he will find each claim to sell cheaper than the others, &c. We say to you, buy from a house of known reputation for square dealing, where goods are sold by the manufacturers themselves upon precise statements as to kind and quality, and at a strictly uniform low price, and where you can go back for your money if after reaching home you should think you had purchased unwisely. Such a house is C. N. OEHM & SON, 230 W. Pratt St., through to 55 Hanover St., Baltimore, Md.

TO WHEAT GROWERS.

The undersigned, *PIONEER* in the manufacture of FERTILIZERS in this city, and *ORIGINATOR* in 1858 of the formulas and processes of manufacture of

"Excelsior" and Ammoniated Phosphate

So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the *High Standard Quality* of each will be maintained as heretofore.

The above are the most concentrated *FERTILIZERS* ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones in fine, dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty-four years*,

UNIFORM QUALITY IS GUARANTEED.

Farmers, to secure the ONLY GENUINE *EXCELSIOR* and *PHOSPHATE* prepared according to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

ROLAND CHILLED PLOWS.

Every farmer in Maryland should use the "Roland." The Mouldboard is harder than steel. They will do more work than any other Plow with the same amount of draft. They run level and easy to the plowman. They will scour in any soil. Having the reversible slip point, sloping landside and chilled shares, they cost less for repairs than any other plow in the market. Made in Baltimore, the repairs can always be obtained without delay. The workmanship, material and finish is of the best. There are fourteen sizes and kinds, and they are suited to all kinds of soil. Send for descriptive circular.

CHAMPION GRAIN DRILL.

This Drill has force feed distributors for both wheat and grass seed, and has the only fertilizer distributor that will not clog, and will evenly distribute wet and sticky phosphate. It will sow grain, grass seed and fertilizer more satisfactorily than any other drill in America. It is the simplest and strongest drill made. It is more easily managed and less liable to get out of order than any drill in the market. As it is the leading drill in this market, and several thousands have been sold during the past few years, a large stock of repairs is always on hand. Send for circular.

BRITISH MIXTURE.

The popularity of this celebrated fertilizer is not due alone to the price, but to the fact that its effects are uniformly good, and that it has been found the equal of the highest priced and best phosphates in the market. It gives more value for each dollar paid than any other fertilizer in the land. Send for circular and price list.
