Editor Transcript,
Dear Sir:

Maryland history is linked with that of Allegheny College, Meadville, Pa., as Dr. Gilbert W. Mead, who became president of Washington College last Saturday is an alumnus of Allegheny College; and Morris F. Laughlin, of Betterton, who as principal, organized the first high school at Betterton thirteen years ago, is also a graduate of Allegheny.

A former governor of Maryland, Lowndes, was a graduate of Allegheny.

A former president of Washington College, Dr. Charles W. Reid, was for many years professor of the Greek language at Allegheny College, before he became president of Washington, Reid Hall was named for him.

WILLIAM S. COLLINS

Dr. Broadies Mitchel of Johns Hopkins University, visited Salisbury for a day and night and was able in that time and in that restricted locality to write an article on the entire Eastern Shore. Sure you remember it, it made you mad.

Just like the radical Broadus, here goes a report on Chicago and the World's Fair. The trip was made at a great risk and sacrifice. Unannounced, so my creditors could not get out an ijunction to stop the trip, a slide by auto was made to Baltimore. From Baltimore to Chicago the trip was made in the steerage of the B. & O. Railroad.

At the entrance gates of the fair grounds admission tickets were bought from young girls who were knock-outs. Advertisements in magazines generally picture good looking women, and all the displays at the fair seemed to have made a hand pick in getting women with looks.

The wonders of the fair have not been exaggerated. It is of great educational value and you can see more there in seven days than you will see here or in Baltimore in seven years. Automobiles are assembled, tires are made and countless other industries are shown, Modes of living in other countries, electrical exhibits, wonders of science and like a public sale "other articles too numerous to mention."

To the many inquireis of "Did you see Sally Rand." Sure Sally was at a theatre in Chicago. Faith Bacon was doing the fan dance at the Hollywood exhibit. "Streets of Paris," supposed to be not fit to see was just like "Hollywood," "Greenwich Village," "Oriental Village" and "Slums of the Orient." Everything was censored and you can see as many abbreviated costumes, etc., at any moving picture theatre as you see at the World's Fair. It is perfectly safe to let your little boys and girls go. The funny thing about the fair is that the most interesting and best exhibits are free.

True, the big signs might scare the righteous and pure in heart, but the signs mean nothing. Here are a few of the displayed signs; "The Mude Word," "Virgins in Cellophane" "The Art of Nudity" "Parlor, Bed-Room and Bath" "Sultan's Harem.' Not able to vouch for it all but it is reported that all are tame.

Never will we forget how the Chicago press roasted the Eastern Shore of Maryland for being narow-minded and barbarous in the treatment of the colored population. Well aside from the newspapers, here is how the population of Chicago feels and the story they tell.

Previous to the World's War Chicago had no colored population. During the war it was necessary to send south and get negro workers to help out in the stock yards. These first came and liked it so well, they sent for their relatives and friends. Here they were not handicapped by the segregation laws as they were in the South. All neighbors welcomed them, all they needed was the rent price.

Soon the white people started moving. They wanted to have separate schools and get a lilly white neighborhood and at the same time be near the lake itself. So they have pumped acres and acres of sand up and are living on made land in Lake Michigan. Real estate contracts are signed that bring heavy penalties and forfeits to anyone selling property in this section to undesirable citizens. But the most desirable sections of Chicago are now in the hands of the colored population. Real estate values in these sections have dropped as low as $5 on the hundred. Rents have tumbled from as high as $200 a month to $40.

The rich people were able to move but the ones of more modest corcumstances have had to stay and are they bitter? Mortgage companies and other banking institutions handling these properties have suffered. Chicago is changing from broad-mindedness to narrowmindedness.

Anyone picking up the paper and reading about Chicago gangsters, can not help but think the accounts must be exaggerated like many newspaper accounts of instances we are familar with. Not so, however, the populace is afraid of the gangsters and live in actual fear of hold-ups, bombing, etc. Residents will tell you that there are sections of Chicago that they would not dare go in.

Newspapers there are lamenting the fact that some of the schools have been unable to open due to lack of finances. In the schools that are open school teachers are way-back in their pay.

They are taxed to death they say. To sell beer in Chicago a city license is imposed that costs $150 for every six months.

Our old home State, Maryland, is not so bad off after all, eh.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless choice of laxatives is a common cause of chronic constipation.

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in *liquid form*. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

In the Circuit Court for Kent County
In Equity No. 2844

The object of the Bill filed in the above entitled cause is to procure a Decree for the sale of the real estate of Matthew A. Clough, deceased, for the payment of his debts which remain unsatisfied by the application of the proceeds from his personal estate.

The Bill states:

1. That Matthew A. Clough departed this life intestate on or about the eighteenth day of July, 1931, survived by his wife, Esther M. Clough, and the following infant children: Marshall Clough, age about thirteen years; Henry Clough, infant, age about ten years; Sylvia E. Clough, infant, age about four years; Mary Jane Clough, infant, now about eighteen months of age, who was born about three months after the death of the said Matthew A. Clough, being the child of the said Matthew A. Clough; and all of the above are the heirs of the said Matthew A. Clough.

2. That the said Matthew A. Clough owned at the time of his death a property located in Millington, Maryland, a description of which is as follows: All that lot of land and premises situate, lying and being in the town of Millington, Kent County, aforesaid, and described as follows, that is to say: Beginning for the same on the East side of Crane Street at a point two hundred feet from the South side of a fourteen foot lane between the lands of Jonathan G. Moore and E. A. Wilson and running thence with the said street to Edward W. Spear's Mill Race; thence with said Mill Race to the lands of J. C. Moore and Leonard Wilson, thence with the lands of said Wilson 150 feet to the place of beginning, being the same property conveyed to the said Matthew A. Clough by the Millington Building and Loan Association by deed dated May 23, 1916 and recorded among the Land Records for Kent County, Maryland, in Liber A. P. R. No. 3, folio 447, etc.

3. That the said Matthew A. Clough at the time of his death was indebted to your Orator, Layton and Company, Incorporated, a body corporate, in the amount of four hundred twenty dollars and forty nine cents ($420.49), a copy of said bill being filed herewith and marked Exhibit "A" and as per Administration Account of the said Matthew A. Clough filed herewith and marked Exhibit "B," there was no money from his personal estate with which to pay the bill of your Orator, or any other bills presented against him.

4. That your Orator is credibly informed and believes that the personal estate of the said Matthew A. Clough is not sufficient to pay the just debts due and owing by the said intestate; and that any deficiency in said personal estate ought to be supplied by a sale of all of the real estate of the said Matthew A. Clough. That there was filed in the Orphan's Court for Kent County, Maryland, against the estate of the said Matthew A. Clough, the following bills:

Leonard Wilson	$ 18.30
Merritt Brice	24.14
Layton and Company	430.49
Paul Comegys	6.25
Emma A. Worthington	100.00

5. That Esther M. Clough, his wife, has been appointed Administratrix of the estate of Matthew A. Clough and has qualified and filed bond and stated an Administration Account in the Orphans' Court for Kent County, Maryland, that the said Esther M. Clough, Marshall Clough, Henry Clough, Sylvia E. Clough and Mary Jane Clough are non-residents of the State of Maryland and do not reside therein, that your Orator is informed that they now live at Clayton, Delaware.

It is thereupon, this 5th day of October, 1933, ordered by the Circuit Court for Kent County, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 30th day of October next, give notice to the said Esther M. Clough, Marshall Clough, Henry Clough, Sylvia E. Clough and Mary Jane Clough, non-resident defendants, warning them to appear in this Court in person, or by Solicitor, on or before the 14th day of November next, to show cause, if any they have, why a Decree ought not to be passed as prayed.
