Chestertown Transcript

THURSDAY, AUG 2, 1883.

Subscription $1.50 per year; 75 cents for six months, in advance.

Advertising Rates.

Transient advertising will be charged at the rate of *one dollar* per square for first three insertions, and twenty-five cents per square for each subsequent insertion. A space equal to eight lines of brevier, constitutes a square. Figure-work will be charged fifty cents per square additional for first three insertions.

Simple notices of marriages and deaths, inserted free. Obituary notices will be charged at the rate of five cents per line.

JOB WORK.

Handbills, large and small, flyers, dodgers letterheads, billheads, envelopes, cards, tags programmes, and other kinds of job work will be done neatly and reasonably.

Correspondence upon matters of local interest desired. Anonymous communications will not be inserted.

It is desirable that communications be in by Saturday night if possible, and in any case not later than Monday night or Tuesday morning

—A large colored excursion came to Chestertown from Baltimore yesterday.

—Fishing is getting good off the bridge, and crabbing is unusually fine.

—Watermelons have been plentiful in Chestertown during the past week.

—Peaches have not yet gone into market extensively enough to give an indication of the probable range of prices.

—The Kent Guards are to have a fatigue drill at 8 o'clock next Friday evening. All members are expected to turn out. By order T. S. Bordley, captain.

—Peach plucks are multiplying. They are not altogether unwelcome, when they confine their sphere of enterprise to plucking peaches, and do not go out of their way to pluck the full ripe pullet.

—W. N. E. Wickes, advertises in this issue, the well known Lister brands of phosphate. These phosphates have for years been used by some among the best Kent county farmers, and need no words of praise.

—Elsewhere in this issue will be found advertised the 13th annual fair of the Kent County Agricultural Association. Previously we have noticed the purses for trials of speed and the liberal premiums.

—In this issue, Mr. R. T. Turner, as executor and R. Hynson, Esq., as attorney offer for sale a valuable small farm located near Still Pond.

C. H. Baker, Esq., as trustee offers for sale at public auction on Tuesday the 7th day of August a number of unimproved and one improved building lot.

The Enterprise transportation co. will place upon the Chester river route, beginning on Monday, the 13th day of August, the large side-wheel, freight and passenger steamer, Norwood. The schedule will be published in our next issue.

—Messrs. Hines & Clements are handling this season a well-known brand of fertilizer, which they bring to the attention of Kent county farmers in an advertisement elsewhere.

The phosphate advertisement of C. W. Kennard and Co., also appears in this issue.

—During the present week the war whoop of the wild Indian has resounded in our midst,—at least the "war whoop" has been in full blast at Tolchester. A band of western Indians, under the chief Black Cloud, has been since Sunday last, giving war-like exhibitions in public, and consuming soft shell crabs in private at our Kent county resort.

—Betsey Brown, a colored woman aged ninety-five years, died in Chestertown on last Sunday night from old age. Betsey possessed a clear mind and a tenacious memory up to the time of her death. She did not know George Washington, and did not claim to have ever seen him. She did claim, however, to remember the war of 1812, and to have seen the British fleet on the Chesapeake bay and to have witnessed the excitement created by the battle of Caulk's Field. She was a slave in the Blake family, and her memory abounded in personal recollections connected with the people of 80 years back.

—Next Saturday, the 4th instant there is an innovation in excursions to Cape May, via the Kent county railroad. At 6.30 o'clock Saturday evening, the train will leave Chestertown, stopping at the stations advertised and will connect at Bombay Hook with the steamer Mary Morgan. The excursion will reach Cape May city at eleven o'clock Saturday evening, and will remain until 3 o'clock P. M. on Sunday. This excursion will give people who have not time through the week an opportunity for a pleasant recreation. See advertisement.

—On Wednesday of last week the excursion to Cape May under the direction of the Chestertown M. E Sunday school, was the most pleasant there has been during the present season. Though a little cloudy in the morning, the day turned out to be a most delightful one. About seventy persons went from Chestertown, all along the road the number was increased. There were about 450 excursionists landed by the train at Bombay Hook. The trip across the bay was also very pleasant and the bathing at the ocean was delightful. There was no unpleasant incident to mar the pleasure of the day.

—St. Dennis' annual picnic in McCauley's Woods, on Wednesday 18th inst., was a grand success. The evening was lovely and the number of pleasure seekers exceeded that of any previous picnic. All did ample justice to the bountiful supper. The lovers of the plain dance never tired of keeping time with the music. Not the slightest ripple occurred to mar the enjoyment of those present. The music was furnished by the Kent Co. String Band, of this town, who acquitted themselves admirably. About midnight all repaired to their homes well pleased with their evening's fun.—About $180 was realized.

—The match race for $500 between Israel Rosenfield's chestnut gelding Stonewall and E. B. Emory's bay mare Jaybird was trotted Tuesday of last week at Bishop's Herring Run course, Baltimore county, and was won by Stonewall in two straight heats. Before the race began it rained, causing the track to be heavy. The judges were Mr. Burrough, of Kentucky; Mr. Phillips, of Baltimore, and Dr. Carroll, of Queen Anne's county. The betting before the start was slightly in favor of Jaybird, but Stonewall had many friends. The first heat was won by Stonewall in 2:33, and the second in 2:28¾. Jaybird was distanced in the second heat and the race awarded to Stonewall. After the race Stonewall was given a chance to exhibit his speed. He was to trot a mile and beat 2:27. J. H. Phillips drove him, and he made the mile easily in 2:25¼. A great many Queen Anne's men lost on the race. The attendance was very large.

—Orphans' Court, Tuesday, July 31, 1883.—Present, Judges Nicholson, Shallcross and Willson.

Chas. H. J. Sparks, administrator of Daniel E. Smith, deceased, returned his account of sales of the personal estate of said deceased, which was received and ordered to be recorded.

James C. Roseberry, guardian to Samuel C. Cacy filed his release from said ward which was received and ordered to be recorded.

Hope H. Barroll, attorney for Margaret H. Meeteer, executor of Dr. Wm. H. Meeteer, deceased, returned the report of sales of the real estate of said deceased, which was received and an "order nisi" passed thereon.

Thos. W. Skirven, J. Walter Skirven and Washington G. Skirven, administrators of John T. Skirven, deceased, filed their release from Wm. H. Roseberry and M. E. Colesberry his wife, which was received and ordered to be recorded.

Thos. W. Skirven, J. Walter Skirven and Washington G. Skirven, administrators of John T. Skirven, deceased, filed their release from David W. Hanes and Mary E. Hanes his wife, which was received and ordered to be recorded.

On application of Richard Hynson, Geo. T. Williams and Chas. Hurlock were appointed to appraise the real estate of Robert Wilson, (col.) deceased.

On application of Richard T. Turner, ordered and he is authorized to sell the personal property of Annie E. Bowers, deceased, at private sale.

On application of Richard T. Turner, executor of the last will and testament of Annie E. Bowers, late of Kent county, deceased, he is authorized to sell the real estate of said deceased, as named in the will of said deceased, at public or private sale, and upon such terms as he may deem most advantageous to the estate.

Peninsula Items.

The Delaware part of the peninsula has nineteen banks, and the Maryland part eleven.

George D. Kelley, of Wilmington, has been elected cashier of the new bank at Middletown.

According to the Dover *Delawarean*, an effort is being made to change the name of Rehoboth to Cape Henlopen Beach.

Benjamin Hudson, of Milford, has sold his crop of peaches at 28 cents a basket, the purchaser to pick the fruit.

The annual pony-penning will take place on Chincoteague Island on Monday, Aug. 6th, and at Assateague on Tuesday, Aug. 7th.

Aaron J. Michener, of Elkton, secured for his own and two other families, three Indian girls from the Indian school at Carlisle, Penna.

The Dover *Delawarean* states that there is a movement on foot for a convention of the bank cashiers of this peninsula. There are about twenty-five cashiers, and the banks represent about $3,000,000 bank capital.

The Delaware school examiners, professors Williams, Carpenter and Groves, were out fishing recently at Lewes, and being unable to manage their boat, were rescued by a pilot boat, the pilot saying to them when safely on board, "Gentlemen, you may know how to run the public schools, but I'll be d— if you know how to run a boat."

The Democratic primaries in Somerset county have been fixed for the 11th of August. The county convention will meet in Princess Anne on the 14th. It is generally conceded that Josh W. Miles, Esq., will receive the nomination for State's Attorney and Dr. G. Paul Jones for State's Senator, and Col. Henry Page for the House of Delegates.—*Pocomoke Record.*

The Pocomoke *Record* says,—"Somerset county is making rapid strides in agriculture. The yield of wheat and corn to the acre is increasing every year and the farmers are generally adopting the new methods of culture and the most improved patterns of machinery. If this improvement continues, Somerset county will in the census of 1890 rank with Queen Anne's, Talbot, Kent and Frederick counties."

A Delaware farmer sent his ten-year-old boy to the spring after a pitcher of water. The boy hid the pitcher near the spring and went away to the West and grew up with the country. Fifteen years later he sold a thousand long-horned steers and started for his old home. Stopping at the spring he found the pitcher just as he had left it when he went away mad. He filled it, and walking beneath the parental roof like the prodigal son from Squedunk, said, "Father, here is the pitcher of water." "Thanks, my son," said the thirsty ancestor, "you always were a quick boy to go on an errand."—*Middletown Transcript.*

The circular of the Fourth Annual Fair of the Cecil County Agricultural Society has been issued. The Fair will be held on Tuesday, Wednesday, Thursday and Friday, October 2d, 3d, 4th and 5th. Premiums aggregating $6,000 are offered in the several departments. The secretary will have the entry books open on and after September 24th, at his office in Elkton, and will be prepared to make entries. Proposals for the privileges of the grounds during the Fair will be received to September 10th, and must be addressed, under seal, to the secretary. There will be two trials of speed on the first day and three on each of the succeeding days.

The list of purses for speed trials to take place at the next fair of the Delaware State Agricultural Society, at Dover, has been arranged. The fair will be held September 25, 26, 27 and 28. The speed arrangement is as follows: First day, a 2.29 class, purse of $300; a 2.50 class for purse of $150; special class, horses named, for purse of $100. Second day, a 2.37 class, for purse of $250; a running race for purse of $200; a 3.00 race for purse of $150. Third day, a 2.25 class, pacers and trotters, for purse of $350; a 2.45 class, for purse of $200; a road wagon race for purse of $50. Fourth day, a running race, for a purse of $200; a 2.33 class for a purse of $250; a 2.40 class, pacers and trotters, for purse of $100. Entries will close on September 10.

A correspondent of the Princess Anne *Marylander*, writing from Ocean City, describes the catching of menhaden ale-wives or 'moss-bunkers,' as they are variously called, as follows: 'The fish steamer took about 600 bushels of the fish. A large seine called a purse net is run around the school and draws the fish together in a mass, when the net is closed or drawn together at the bottom, so that the fish cannot get out in any way. It is then hauled alongside she steamer and a bow net, holding about two barrels, is attached to a rope, block and tackle, and with this the fish are dipped up and dumped into the hold by thousands. A pump is kept going pumping out the bloody water that drains from the mass of fish in the hold.'

THE COUNTY LEVY LIST.

This week, and during the three successive weeks, a large portion of our space will be taken up with the levy lists. The *Transcript* apologizes to its readers for leaving out a large amount of general reading, but it promises to present as fully as desirable all matters of interesting county news. The Levy List, too, will be found interesting matter for study,—interesting in that it gives minutely the purposes to which moneys collected by taxation are applied. It is arranged in alphabetical order, and Mr. T. Waters Russell, the clerk to the county commissioners, has taken a great deal of care that it shall be clear and comprehensible to all who may examine it. It will be seen by the recapitulation, that it takes $63,635 to run the business and keep up repairs of Kent county. When it is remembered that the "business of Kent county" represents an assessed value of $7,575,000, and an actual value of $15,000,000, it will be realized that $63,635 is a very economical sum to be applied to paying expenses and keeping up repairs. We will venture to say, that there is no private enterprise in the State or out of the State that controls a business representing one-fifth the value of Kent county property that is kept in good running condition on so small a sum. The application of this sum it will be seen by the detailed list, is to a hundred different purposes, principal among which are the support of the public schools, the keeping in good condition of the public roads, the helping of those who have been rendered unable to take care of themselves, and the support of lawful order and justice by the holding of the spring and fall sessions of the county court, with costs of jurors, witnesses, &c. To one of any business capacity it will appear that the conducting of the complicated interests of a prosperous county, is no small matter. Our county commissioners, we believe, have been careful, conscientious and business-like in the conduct of their trust. There is no salary worthy of consideration attached to the office, none at least commensurate with the arduous duties to be performed. Unthinking people, and those who have not the capacity to understand the magnitude of the county's affairs, may be disposed to cavil at the management of county finances. None, we are persuaded, who have good business judgment, will be disposed to criticise, unless it be for reasons personal and peculiar to themselves.

SUMMER RECREATION NOTES.

Mr. and Mrs. James A. Pearce returned last week from a sojourn at Ocean city and a visit to Niagara and other Northern points. They witnessed the melancholy fate of Webb in the Niagara whirlpool.

Judge Joseph A. Wickes with his wife, two daughters and son is summering at Atlantic city.

Mr. and Mrs. Joel C. Slaughter are at Cape May.

Mr. and Mrs. J. T. Twilley have recently returned from a visit to Niagara and other northern points.

Mr. T. A. Hulme is at Cape May.

Miss Rebecca Wickes and Lewin Wickes are spending the summer with friends in New York.

Mrs. T. W. Wickes and the Misses Madge and Mamie Wethered are at Rawleigh Springs Va.

Mr. T. W. Wickes is at Saratoga.

Dr. C. P. Gilpin is at Ocean city.

Miss Lottie Spencer is in western Maryland.

Mrs. J. Frank Connelly is at Atlantic city.

Dr. F. Pierce Hoover, Miss Clara V. Diggs and John R. Cross and sister of Baltimore are visiting their friends, Capt. J. J. Allen and family at their pleasant residence on Pool's Island.

Miss L. Benny of Galena proposes to open this week a cottage at Cape May city, and a number from up the county will spend the balance of the summer at the capes with her.

All the politicians went to Tolchester yesterday to refresh themselves by viewing the wild red men in war paint.

These notes will probably be continued in a later issue.

CHESTERTOWN INDUSTRIES.

THREE FLOURISHING FERTILIZER MANUFACTORIES.

This county is noted as a wheat growing county; but, notwithstanding the fact that the lands are naturally rich, wheat cannot be grown successfully without the use of artificial fertilizers. Thousands of tons of phosphates are consumed by Kent county farmers every year. Ten years ago, all the fertilizers used in producing crops were imported. The main seat of manufacture for commercial fertilizers was in Baltimore. Ten years ago it was almost impossible to secure a wheat-producing fertilizer for less than forty dollars per ton. Since that time, however, competition has grown brisk and prices have fallen. Since then, too, there has developed a tendency for manufacturers to seek the advantages offered by cheaper location in the country, and the additional advantage of bringing their wares closer to the consumer. In Kent county, located in the immediate vicinity of Chestertown, we have three flourishing phosphate factories that are producing annually large quantities of goods, and doing much, not only toward supplying the home demand, but that are every year shipping large quantities abroad.

CONNELLY & DEFORD.

A *Transcript* reporter, having determined last week to pay a visit to each of the factories located on the outskirts of the town, went first to the factory of Messrs. Connelly & Deford, located near the railroad station. Finding the senior member of the firm in, the *Transcript* reporter stated his business, and was politely conducted through the mill. The firm has already commenced work, and is briskly turning out material. Piled in huge heaps and packed in bins and garners, there was to be seen in great profusion the stuff that makes the wheat crops. The firm has put up during the spring an addition to the building that gives them more room for storage and will not compel them so much to cramp their machinery. A member of the firm stated to the reporter that they have never, during any year of their existence, been fully able to supply the demand for their goods; he also stated the somewhat remarkable fact, that there has not so far been a single complaint as to a failure of their brands to give satisfaction. The firm has never made an effort to do business outside this and the adjoining counties, because it has found at home an ample market for all the goods it has been able to manufacture. Their additional storage room, they estimate, will enable them this season to produce from 1,200 to 1,400 tons. Already, they say, they have orders for one-third the lesser of these quantities.

C. W. KENNARD & CO.

About a half-mile down Chester river from Chestertown, Messrs. C. W. Kennard and H. C. Chase two years ago erected a building that is well adapted to the purpose of manufacturing fertilizers. The inside is supplied with a powerful engine and the most modern machinery. The firm has built up a solid shelled wharf out to the channel of the river, which is connected with their factory by railway. The building, viewed from the inside, displays great roominess and convenience of arrangement. Notwithstanding the largeness of the space now occupied, the reporter was informed that the increased business of the firm will necessitate the building of a large addition. The firm designs after this season putting up an additional building, 100 by 60 feet. C. W. Kennard & Co. manufacture two regular brands of fertilizer for wheat, "Monarch" and "Massey's Standard," and beside these special brands for tobacco, fruit orchards and corn. Last season, we are informed, they put upon the market 2,000 tons, and during the present year they expect to increase the quantity to 3,000 tons. They do a very extensive business outside the county, making considerable sales in York and Lancaster counties of Pennsylvania, in Harford, Cecil and Anne Arundle counties of Maryland, and in all the Eastern Shore counties. Beside the above named places, the firm is making arrangements to send this season considerable quantities of goods into Frederick, Washington and Carroll counties. A member of the firm stated to the *Transcript* reporter that to one party in Lancaster county, Pennsylvania, they sold last year 20 tons of fertilizer: from the same party there has been received, this year, an order for 100 tons.

T. R. HUBBARD & SON.

The oldest among the Chestertown fertilizer manufactories and the oldest on the Eastern Shore of Maryland, is that of T. R. Hubbard & Son. This firm built their factory on Chester river just outside the limits of Chestertown, in 1876. Since the foundation year of the enterprise, many improvements have been added in the way of increased building and better machinery. During the past spring the firm has built a large addition to its factory, and now the building on the ground plan covers more than a quarter of an acre. This gives the needed room for storage of large quantities of goods. They have also about finished a wharf that runs from their factory out to the channel of the river, so that goods can be delivered to the boats to and from their factory with greater convenience. As the firm has grown older, it has greatly enlarged its sphere of business, and during the past year placed their goods not only in this and adjoining counties, but largely in Pennsylvania, Delaware, and the western counties of Maryland.

Last spring the senior member of the firm made a trip to the West Indies for the purpose of securing advantageous terms in obtaining material from the natural guano deposits. The result of this trip was the purchase of the exclusive control of the guano beds of an Island of the San Domingo group. This goods is imported direct, and was extensively used last spring by Kent county farmers on corn, and the results have been generally of a most satisfactory nature to all parties. The firm has also made arrangement with a Chicago beef canning and drying factory, known as the "Illinois drying Co.," to supply in large quantities crude animal bone and bone tankings. These they will use as a basis for their standard brands: They also have the machinery for grinding animal bone, and they propose to furnish ground bone to farmers who desire it, at market price. With increased facilities and resources, the firm claims that it is putting upon the market highly valuable brands of goods.

REAL ESTATE SALES.

Last week, that part of the Duyer property situated on the right of the road from Chestertown to Worton Station and known as the Home farm was sold, at private sale, to Major T. B. Hynson at 37 dollars per acre. The farm contained within a fraction of 430 acres, the aggregate amount paid being $15,904.

Messrs. Vickers & Rowley put up for sale on last Tuesday, in front of the Court House, the farm known as "Miller's Delight," containing 217 acres. It was withdrawn at a bid of $4,505.

H. L. Boyd last week sold at private sale for W. R. Gale, to Geo. R. Reed, a part of the Abel Merritt farm, where W. H. Anderson resides, at 40 dollars per acre. The tract contained 155 acres, 2 roods and 7 perches, the aggregate price being 6,221.75 dollars.

DR. WORTHINGTON'S Cholera & Diarrhoea Medicine

THE GREAT CHOLERA CRAMP AND DIARRHOEA CURE USED OVER 35 YEARS

The best remedy for Cholera, Cramps, Diarrhoea, Dysentery, Summer Complaint, Dyspepsia, and other affections of the stomach and bowels. Introduced in the Army, 1861, by Surgeon-General C. S. A. Recommended by Gen. Warren, Purveyor-General; Hon. Kenneth Raynor Solicitor U. S. Treasury, and others. Price, 25 cts. Sold by Druggists and Dealers. One positive dose in every bottle. ☞ Proprietors. THE CHARLES A. VOGELER COMPANY, BALTIMORE, MD., U.S.A.

Cholera!

CHOLERA MORBUS
CHOLERA INFANTUM
ASIATIC CHOLERA
ALL CHOLERA DISEASES
YIELD TO THE INFLUENCE OF
Perry Davis's Pain Killer

The GREAT REMEDY for every kind of BOWEL DISORDER.

Captain Ira B. Foss, of Goldsborough, Maine, says: "One of my sailors was attacked severely with cholera morbus. We administered Pain Killer, and saved him."

J. W. Simonds, Brattleboro, Vt., says: "In cases of cholera morbus and sudden attacks of summer complaints, I have never found it to fail."

ALL THE DRUGGISTS SELL IT.

KIDNEY-WORT
THE GREAT CURE FOR RHEUMATISM
As it is for all the painful diseases of the KIDNEYS, LIVER AND BOWELS.
It cleanses the system of the acrid poison that causes the dreadful suffering which only the victims of Rheumatism can realize.
THOUSANDS OF CASES
of the worst forms of this terrible disease have been quickly relieved, and in short time
PERFECTLY CURED.
PRICE, $1. LIQUID OR DRY, SOLD BY DRUGGISTS.
Dry can be sent by mail.
WELLS, RICHARDSON & Co., Burlington Vt.
Acts at the Same Time on Kidneys, Liver and Bowels.
KIDNEY-WORT

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Exactation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, Highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "**scavengers of the system,**" producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

ANTIDOTE TO MALARIA.

HE FEELS LIKE A NEW MAN.

"I have had Dyspepsia, with Constipation, two years, and have tried ten different kinds of pills, and **TUTT'S** are the first that have done me any good. They have cleaned me out nicely. My appetite is splendid, food digests readily, and I now have natural passages. I feel like a new man." W. D. EDWARDS, Palmyra, O.

Sold everywhere, 25c. Office, 41 Murray St., N.Y.

TUTT'S HAIR DYE.

GRAY HAIR OR WHISKERS changed instantly to a GLOSSY BLACK by a single application of this DYE. Sold by Druggists, or sent by express on receipt of $1. Office, 44 Murray Street, New York.

TUTT'S MANUAL OF USEFUL RECEIPTS FREE.

SUMMER ARRAGEMENT.

On and after Tuesday, May 10, 1883,

STEAMER PILOT BOY

Will leave Tolchester Beach for Baltimore, on Mondays, Wednesdays, Thursdays and Saturdays, at 9 o'clock, A. M., and 4.30 P. M.

Baltimore, for Tolchester, from Pier 15 Light street Wharf, on Mondays, Wednesdays, Thursdays and Saturdays at 7 o'clock A. M., and 2.30 P. M.

Excursion tickets, 50 cents, good on day issued. One way ticket, 40 cents. Children from 6 to 12 years, half-price.

Steamer LOUISE,
Daily after June 1st.

EVAPORATOR.

One year ago I advertised my evaporator, and since have heard of fire, deficient capacity and law suits. I sell my Evaporator *pro rata* per capacity, so the purchaser only pays for what capacity he gets. If J.M. Sprout had sold his evaporators last year *pro rata* per capacity (taking the contest at Smyrna for the capacity) the Williams Machine is worth but $640. It has wood tray frames, and wood used inside in building, while the Phillips has iron tray frames and no wood used inside, which make them self-insuring. For catalogue address

DR. THAYER.
THE GREAT SPECIALIST,
Who has been at Centreville five weeks, has concluded to make visits to Chestertown, remaining two weeks at each visit.

CHESTERTOWN.
ARMSTRONG'S HOTEL.
" July 23; " Aug. 6.
" Aug. 20; " Aug. 27.

The Doctor has now on his book 105 Patients from Centreville and surrounding, 47 of whom are entirely well.

DR. THAYER

Is a physician who has had a most successful practice for a quarter of a century, and traveled a great portion of the Old World—England, Ireland, Scotland, France, Italy, Sicily, Switzerland, Turkey, also, China and Japan, Central and South America, for study and information.

He is competent to treat the most obstinate complaints that have baffled the skill of the most eminent physicians of the day. He does not treat Symptoms that so many complain of, but goes to the Root and Cause of the disease, and will tell you how you feel better than you know yourself.

Therefore it is obvious that a man that is capable of knowing the cause must be more qualified to make a successful and speedy cure, without keeping the patient lingering along from month to month, or year to year, until the sufferer has almost given up in despair of ever being cured or benefited. He does not bleed you out of your money at one dollar and two dollars a visit, day after day, and month after month, as the general practicing physician does, but gives you the benefit of his long practice and medicine at a fair and reasonable price, and within the reach of all

DR. THAYER

Treats successfully and guarantees a CURE in any of the following complaints: Liver Complaint, Consumption, Malaria, Diarrhœa, Nervous, Sick and Bilious Head Ache, Constipation or Costiveness, Neuralgia of the Heart, Heart Disease, Lumbago, Kidney Complaints in their Worst Form, and Brights's Disease of the Kidneys, Dyspepsia, Jaundice, Loss of Energy, Loss of Appetite, Restlessness, Loss of Sleep, Tiredness in the morning on rising, a General Breaking Down of the Whole System, Catarrh of the Bladder, Blood and Urinary Complaints, in their Worst Forms, also Rheumatism and Diabetis, Asthma or Shortness of Breath, Goitre or Thick Neck, Lung and other Complaints. Tape Worms extracted in four hours.

FEMALE COMPLAINTS.

Those Ladies that are afflicted so much with Falling of the Womb or that feeling of Bearing Down, Leucorrhœa or Whites should lose no time in giving Dr. Thayer a call, even if they have despaired of ever being benefitted, as he will give them a medicine that he will cure them in a very short time.

Consultation Free and Strictly Confidential.

REFERENCES AND TESTIMONIALS.

Extract from the Frederick Daily Times.

Dr. Thayer's success in treating and curing all chronic and complicated diseases has become known to us to be an acccomplished fact, and it is certainly surprising and remarkable that a man—a perfect stranger—should come among us and treat all diseases with such almost superhuman results that have baffled the skill of the most noted physicians. The people of Chestertown and its surroundings will now have the opportunity of calling on Dr. Thayer: the sick and afflicted and, heretofore, incurable, can call and be treated and receive the benefit of this remarkable man's skill. It is certainly surprising that persons afflicted come to him and are told of all their complaints by him almost better than they know them themselves, as in most cases they have hitherto been treated for symptoms and not the cause of the disease. Dr. Thayer treats the cause of all diseases, and strikes at the root and cause of the complaint. We would advise all, no matter how afflicted, not to delay in giving him a call.

The following are some few of the names of persons that have been cured from Washington and Frederick counties, Md., by DR. THAYER: Mr. Charles W. Young, Consumption four years; John M. Brain, Rheumatism; Daniel Meyer, Sore Legs from Knees to feet, Rohrersville, Md.; Rachel Haupt, Mrs. H. C. Murdock, Kidney Complaint; Mr. J. M. Huffer, Kidney Complaint; Miss Annie Dagenhart, General Debility; Miss Prudence Herr, Consumption; Mrs. Catharine Repp, Liver Complaint, Boonsboro, Md.; Martin Line; Mrs. Martin Line, Kidney Complaint; George W. Baker, Bright's Disease seven years, Keedysville, Md.; Mrs. S. Remsburg, Kidney Complaint; Mr. S. Remsburg, Kidney Complaint; Ezra Smith, Dyspeosia; Mrs. Martha Remsburg, Skin Disease, Middletown, Md.; Samuel L. Belt, Consumption; Ezra Linebaugh, Asthma and General Debility, had not been able to lay down for two years, Myersville, Md.; Joshua Stottlemeyer, Wolfsville; Joshua Thomas, Gravel, Benevola; Daniel H. Stoffer, Dyspepsia, Beaver Creek; Mrs. Thos Line, Constipation, Liver and Kidney Complaint, Benevola.

The following are the names of some few of the patients from Centreville and surroundings who are well: From Centreville, James Comegys, McRandall Warner, R. F. Vane, Scott Philips, Wm. C. Reese, John W. Smith, C. H. Bradley, Josiah Teet, Wm. Whaley and J. D. Phillip; from Ruthsburg, W. H. Clough; from Queenstown, James B. Hess, Mrs. Sarah E. Morris, J. B. Vansant and Wm. Boyles; from Church Hill, J. W. Cecil, Thomas West, Mr. and Mrs. J. D. Meredith, from Carmichael, Annie E. Vansant, B. Pane and George H. Smith; from Winchester, Mrs. Rachel Horney and Mr. Thomas Horney; W. F. Siegman, Agt, Deering

COUNTRY PEODUCE taken in exchahge for goods. WROTH & ALDRIDGE.

8 acres of John Wanamaker General Store near New City Hall Philadelphia

CITY TRADE.

"Yes, sir, I am from the country; but I entertain a modest suspicion that I am sufficiently intelligent to know the difference between ancient and modern styles. What I want is a suit of clothes that was made some time during the present century." "Certainly," says the polite salesman addressed. "You can be accommodated, for you are now at the GREAT CLOTHING EMPORIUM OF C. N. OEHM & SON, where everything is made for the City Trade; consequently there can be no distinction in showing goods to our friends from the country. Here the Styles are set, and, as you see, there is nothing old to select from. All the Patterns new, novel and pleasing, and for *Cut, Fit and Finish* we are acknowledged without a rival. Your experience has evidently been among the expensive clothing houses, where they devote considerable time to window exhibitions and chromo distributions. With us there is no necessity for such devices. Our goods are all marked in plain figures, and our Prices always *lower* than any other house in the city."

Every Garment sold is guaranteed to be exactly as represented, or the money will be refunded by

THIN THINGS
FOR THE
THOSUANDS.

Half-lined and Skeleton Suits in all the newest and most desirable shades in Serges; also, Blue Flannels, Yacht Cloth, Mohairs, Drap D'Ete and Worsted. A new assortment of Alpacas, Pongee Silk and Seersucker Suits (all colors) was never approached in magnitude or variety before in the State.

In Ousters we can astonish you. We have them in all the best fabrics in Linen, Mohair, Alpaca, &c

We also have the Largest Line of Boys' and Children's Clothing for Summer wear ever shown.

A Separate Department for White and Fancy Vests, in which over 1,500 Styles are shown, from 35 cents to $5.00 in price.

We always excel in getting up Clothing for Summer wear, and we are proud of our magnificent assortment.

Furnishing Goods.

Our Furnishing Goods Department contains everything needed in a gentleman's wardrobe. No gentleman of taste who appreciates richness and elegance of fabric and style should miss seeing our stock. Remember, while this assortment is largely composed of the finest grades, we do not ask fancy figures on a single article. Our price will bear comparison with those usually asked for cheaper goods, while in quality and make-up they will be found immensely superior.

HATS and CAPS.

We have in our cases Hats from the most celebrated manufacturers in the United States, and we defy any Hat House in Baltimore to show finer goods or better styles. They will show you higher-priced Hats and you may think they are better because the Ligh-toned Hatters tell you so, but they are not. Our display of Straw Hats cannot be equaled or our low prices beat.

"EXCELSIOR" CLOTHING COMPANY,
S. W. Cor. Baltimore and Light Sts.
