WHOOPING IT UP FOR LEE.

The following strong article appeared in the Denton Journal, the leading Democratic paper in Caroline county, last Saturday, relative to Senator Lee's visit to Caroline county in the interest of his candidacy for Governor. Senator Lee carried Caroline four years ago, and his forces over there claim that he will get even a larger majority this time than he did before. This is what the Journal says:

"Senator Blair Lee, accompanied by his son, Brooke, spent the whole of Thursday and Friday in Caroline county and met many Caroline Democrats and discussed with them his candidacy for the Democratic nomination for Governor, which he missed by one vote in the State convention of 1911. He spent much of the first day in the First, Second, Third, Sixth and Seventh districts, and was in other districts yesterday. He was accompanied by local party men in his journeys about the county, and introduced wherever he was not known. He has been in our county several times, making several speeches here for his successful opponent, Mr. Gorman, in 1911, and has a wide acquaintance among Carolinians.

"The advocates of Senator Lee claim that while he carried the county in the primary by a heavy majority four years ago, losing only two districts, he will win by even a greater one this time, as there are a number of leading men who supported Mr. Gorman in the primary four years ago, who are very strong for Mr. Lee, and consider him the best candidate possible to wrest the State government from Republican control. To the voters it is being urged that Senator Lee's legislative record is the surest platform in the Democracy's contest with the Republicans. He handled or closely co-operated in all the initial legislation of the Crothers administration, which distinguished our State in recent years, particularly the State highway measure, which has resulted in a splendid means of development throughout the State; the public utilities law, which at once took the great volume of corporate legislative bills out of the way of and from under the ban and influence of a mercenary lobby, and has about killed the business of lobbying at the State capital; framed the direct primary law, which, while objected to at first in a few counties, is now accepted generally as the one measure which for the first time surely gives each voter the right to have a voice in the choosing of candidates of his party for public positions; the corrupt practices act, which killed vote-buying in Maryland, both in the primaries and the general election; first introduced an order in 1906, which was subsequently adopted, to have bills in the Legislature printed, a measure sure to prevent the sharp practice by some resorted to years ago whereby things were written into the law that the people could learn nothing about until too late; first of the advocates of the law requiring that appropriation measures should be brought out before the legislative body to be considered thirty days before adjournment, to prevent extravagances of the last days' rush, which law, unfortunately, has been disregarded; was a constant advocate of measure to limit number of legislative employes, where extravagance in expenditures has been so flagrant; one of the first advocates of the publicity of caucus vote; resuscitated and secured the passage of the eight-hour telegraphers' law, when it had been about killed, so that there can now be no over-worked and sleepy telegraphers at the keys when passenger train orders are being sent and received. The advocates of Mr. Lee will, it is stated, make these the basis of the campaign now under way throughout the State.

"Senator Lee was greatly pleased with his trips already made through the counties. He left Caroline yesterday and went to the counties below on the Shore. This was Mr. Brooke Lee's first visit, and he is enthusiastic about the beauties of the lands and waters of the Eastern Shore seen from a seat in an automobile."

Rock Hall Items.

Mr. Walter Pippin met the building commission for the Rock Hall High School last Wednesday in this town. They went over the newly purchased lot and decided on the location of the building. Mr. Pippin came from town in his Saginaw automobile, which is the smallest one ever seen in this town.

Gritt Urie is improving his property on Main street with a fresh coat of paint.

The High School base ball team played the Adventist school team a game of base ball last Wednesday.

Prof. Greenhawk received permits to camp with his Boy Scouts in Rock Creek Park, last week from the Washington commissioners, also two fine maps of the park and city of Washington. These scouts have been granted great privileges in the park, one of which is to build a fire. There has not been a camp fire in Rock Creek Park since the Civil War. The father of one of the boys who was with Prof. Greenhawk in the White Mountains obtained these permits and favors.

Prof. Davis, Rev. J. W. Prettyman and F. O. Greenhawk addressed the patrons and pupils of the Sharptown colored school last Wednesday evening. Their talk was along the lines of industrial education for the colored children. The exhibits of the school were exceptionally fine, considering the conditions under which the teachers had to work. Sewing, cooking and canned fruit were shown, done entirely by the pupils, and most of the cooking on the coal stove in the school room.

Last Friday week the State Commissioner of the Boy Scouts of America organized a troop of 16 members in Centreville, Md. He was in Rock Hall Thursday and talked to the scouts of this town.
