THE GOVERNOR'S LETTER.

The letter from Governor Hamilton, which has been for a long time talked of, is out. The Governor's managing friends have made way for it by circulating petitions all over the State to be signed by the people, asking that Gov. Hamilton come out in a letter declaring what has been done by the Democratic party, what has not been done and what remains to be done in the future. The letter is quite lengthy, but there is nothing new in it. It is simply the Governor's old bomb-shell which has been repaired and exploded over again. Indeed, it is so much like his old document, which has been christened "the bomb," as to create a suspicion that the Governor has saved himself trouble by hunting up a copy of his early effort, and putting it before the public when he and his friends felt that it would do the most good,—to his political prospects. The old topics, with which the public has grown familiar, are again brought to the front. These are the State sinking fund, the public printing, the publication of the laws, the management of the oyster interests, the abolishment of the offices of Tax commissioner, Insurance commissioner, one fish commissioner, the land office, weighers of grain and weighers of hay, and the abolishment of all minor positions in connection with the State Legislature, save only such as are positively necessary. The Governor also declares that there should be a more efficient law for the protection of primary meetings against violence, fraud and corruption, also most stringent and searching legislation against the corrupt use of money in elections. He thinks the power of appointment should be taken from the trinity known as the board of public works, which is composed of the Governor, the comptroller and the State treasurer. He thinks the Governor should be allowed by law to veto objectionable sections of a bill without vetoing the bill as a whole.

The paper taken all-together is a strong one, and will undoubtedly give many valuable hints to Gov. Hamilton's successor. As a political document intended to fan public sentiment into giving Gov. Hamilton two terms however, we believe the paper will not reach its mark. There are many reformatory recommendations in the paper, that can be accepted without dispute. There are other recommendations made with dogmatic authority, that have got two sides to them. Undoubtedly, this paper has been put out, at this time, for political effect. The Governor wants to be Governor again. To make him Governor again would be to break a precedent which should not be broken unless there were a very strong reason for it. We do not believe the Democrats will nominate Gov. Hamilton to a second term, but we do believe that they will nominate and elect a man who is equally able and honest.

The Republican County Ticket.

The Republican primaries for Kent county were held on last Saturday, and on Tuesday delegates from the various districts assembled in Chestertown and nominated a full ticket, with the exception of a candidate for State's attorney.

The following is the ticket,—*For the Senate*, W. D. Burchinal; *House of Delegates*, Joseph Downey, Joseph C. Raisin; *Orphans' Court*, Jas. Willis, W. J. Vannort, Isaac Parsons; *County Commissioners*, 1st district Jonathan Hodgson, 2d district J. B. Parrott, 3d district T. C. Parsons, 4th district Bartus Trew, 5th district Wm. Crosby; *Sheriff*, John W. Parsons.

The ticket undoubtedly contains the names of a number of influential and highly respectable gentlemen. Places on the ticket were not, however, in any great demand. There was a remarkable modesty on the part of candidates in seeking party honors. Each politician seemed to show a preference to have his particular friend go on the ticket, rather than to go on himself. A number of the gentlemen nominated, we have reason to believe, will yet decline to be put up for what is almost certain to prove an empty honor.

The delegates to the State convention are, C. T. Westcott, C. A. Leary and W. D. Burchinal. They go without instructions, but we understand there is a favorable leaning to Holton. *The State Central Committee* is Chas. T. Westcott, Geo. W. Harper, and Lewis Henry, colored.

There is not a perfect harmony in the party within the county. A great deal of bad feeling was engendered in the contest over the Chestertown post-office, which has not yet been allayed. In the convention on Tuesday, both wings of the party were represented, and if there had been a strong belief that the ticket to be nominated could be elected there would probably have been manifested more warmth between the two wings. One action of the convention, however, shows very clearly that there is bitterness in the Republican ranks, and that is the removal of William Perkins from the State Central Committee, and the putting on of another colored man in his place. Perkins is not only the most influential colored man in his party, but undoubtedly wields a wider influence at election time than any man in his party.

Some Complimentary Opinions Regarding Our Nominee for State Senate.

[*From the Annapolis Republican.*]

In accepting the nomination for State Senator, Mr. Usilton has given as well as received honor—for his name adds vast strength to the ticket, and his eminent services to the party make him singularly deserving of any honor the Democrats of his county have at their disposal. And we predict that in discharge of the Senatorial functions he will have no superior in that dignified body. An entirely self-made man, and from boyhood a toiler in the hard work of bread-winning, he has acquired habits of industry and of strict devotion to whatever duty is before him, that will make him invaluable in the committee-room and a faithful servant of the people on the Senate's floor. From small beginnings he has worked his way slowly and laboriously up the ladder of busy life, and he now enjoys the well-earned profits of his toil, together with the esteem and thorough confidence of his county folk. We congratulate him on his deserved honors, and we congratulate the democrats of Kent on securing the valuable services of such a man as their standard bearer during the hot battle about to be waged between genuine Democracy and its bitterly unscrupulous foes. We do not see how the ticket can fail to win, except through treachery in the household of its friends.

[*From the Denton Journal.*]

The Kent county Democrats are to be congratulated upon the wise choice they have made of candidates, and especially for that of senator, Mr. William B. Usilton, one of the editors and owners of the Chestertown *News*, is a gentleman of solid sense and high moral character. He is an active and useful member of the Methodist Protestant church. If elected, as he will surely be, that county will be represented in the Senate by a conscientious and upright legislator.

Great Bankrupt Sale of $500,000 Worth of Dry Goods for a few weeks only.

Owing to the depressed state of trade in Great Britain, caused by the Irish Land League and the disturbed affairs of Ireland, the well-known firm of Darcy & Mac Donald, of Dublin, Glasgow and Manchester, having become bankrupt, Messrs. Appleby & Co., the official Assignees are dispensing of a large consignment of goods that came to this country, consisting of West of England Broad and Narrow Cloths, Scotch Tweeds, Cassimeres, &c., &c.

Messrs. Gilmartin & Doyle, importers 1 Lispenard St., N.Y., the agents for this country, have engaged the services of twenty salesmen, who will offer for inspection and sale the goods at considerably below manufacturers' prices.

As Messrs. Gilmartin & Doyle have found great difficulty in finding ready cash buyers for large lots, they adopt the unusual plan of arranging the goods in small parcels suitable for retail purchasers. It is customary in the trade to give an elaborate description of and to note particularly the reduction made in the price of the stock offered. We prefer to submit a few samples for inspection and sale, which cannot fail to convince the most inexperienced of the enormous saving to be affected by purchasing.

Very respectfully,

He is a millwright and keeps his mill in first-class order without going to Baltimore for a millwright.

3d.

He is not only a millwright, but enjoys the reputation of being a first-class miller.

4th.

In his mill you can always find flour, meal, chops and all kinds of feed for sale at the very lowest prices that the market will allow it to be sold for.

5th.

He has but one price for the rich and the poor. His prices are the same to all.

6TH AND LAST, though not least, he is very careful how he uses the tolldish, as all his customers will say.

To the ladies of Kent county who delight in good flour, we wish to say that we have at last succeeded in getting Radcliffe Mill, at Chestertown, in first-class order, and to-day we are making better flour than ever before. We keep the best millers that money will get. None but first class millers handle our wheat mill. Gentlemen we will willingly take back and pay cash for any bad flour we may make from good wheat. We are very thankful for all past favors and as we have the mill in first class order, and are making first class flour and meal, with plenty of water that will run us day and night, we hope to secure a full share of public patronage.
