THE Lee forces throughout the State are "mobolizing" to use a borrowed expression. There has been an acquisition of a powerful company of heavy artillery in Baltimore city this week, and when the guns of political war begin to boom over the plains and hills of Maryland, the sharpshooters of the Lee army will put so many "minnie balls" into the "home" candidate for Governor that his guns will be spiked and they will unfurl the white flag on every rampart from Worcester to the mountains of Alleghany.

THE people of this county know enough about the record of Wm. W. Beck and Howard Turner in the last legislature to prevent their return in the next session. Their record shows that they failed to pass a single bill in the interest of the people of Kent county, and they failed to secure scarcely any recognation for Kent county in the appropriation of $6,600,000 for state roads, Kent's paltry allowance of $95,000 for two years, is a most serious reflection upon the influence of Kent delegates to secure more money than that, when all the other counties were being taken care of.

THE Sun says Harrington stands for economy. He stands for economy now that he wants to be Governor, but he never said a word about economy when Senator Smith's Legislature was creating a deficit of $1,000,000 by creating high salaried offices and commissions in the last Legislature. Economy is the same thing the Organization through. The Kent county Organization, which is a part of the Smith regime, are sticklers for economy when they have a ticket in the field for nomination and they are looking for votes to nominate said ticket. But when they get the chance such as they did in the last Legislature, they soak the people for an additional indebtedness of nearly $100,000, and pass bills to constantly increase the county tax rate.

Lee Strong in Caroline.

The following letter from a prominent manufacturer in Caroline county shows how Senator Lee stands in Caroline:

TO THE EDITORS OF THE TRANSCRIPT:

Caroline county Democrats who gave Lee such a heavy majority in the primary election four years ago, when he missed the nomination for Governor by just one vote in the State Convention, are still for him and strongly urge his nomination. Lee's popularity rests upon the very substantial foundation of real service performed for the material welfare and honor of Maryland and all Marylanders. Here is a list of some of his good works as pointed out in the Denton Journal. Can any one be surprised at the substantial character of the demand for Lee to lead after such valuable service? Can there be any one who will be uncertain as to the result of the election in November with Lee leading this fight?

Note these measures:—He handled or closely cooperated in all the initial legislation of the Crothers administration, which distinguished our State in recent years, particularly the State Highway measure, which has resulted in a splendid means of development throughout the State; the public utilities law, which at once took the volume of corporate legislative bills out of the way of and from under the ban and influence of a mercenary lobby, and has about killed the business of lobbying at the State Capital; framed the direct primary law, which, while objected to at first in a few counties, is now accepted generally as the one measure which for the first time surely gives each voter the right to have a voice in the choosing of candidates of his party for public positions; the corrupt practices act, which killed vote buying in Maryland, both in the primaries and general election; first introduced an order in 1906, which was subsequently adopted, to have bills in the Legislature printed, a measure sure to prevent the sharp practice, by some resorted to years ago, whereby things were written into the laws that the people could learn nothing about until too late; first of the advocates of the law requiring that appropriation measures should be brought out before the legislative body to be considered thirty days before adjournment, to prevent extravagances of the last days' rush, which law, unfortunately has been disregarded; was the constant advocate of the measure to limit the number of legislative employees, where extravagances in expenditures have been so flagrant; one of the first advocates of the publicity of caucus vote, to enable the people to know the action of their representatives, and properly place responsibility; resuscitated and secured the passage of the eight-hour telegraphers law, when it had been about killed, so that there can now be no over-worked and sleepy stenographers at the keys when passenger train orders are being sent and received; and many other such measures, enacted because of the far-seeing, earnest man of Montgomery.

And where could be found a more ardent Democrat?

W. H. DEEN,

Fowling Creek, Caroline County, Md., May 10, 1915.
