**Your Coal Supply**

The "Buy Coal Now" appeal by the Government last Summer exceeded all plans.

Now that heating season is here, it is the desire of the Government and the Coal Trade that the supply be disributed so all will have Winter Requirements.

If you have no Coal, place your order and allow as much time as possible for delivery, and accept delivery of the available sizes, where there is a temporary shortage of your favorite size.

Consumers who have supplies should co-operate by withholding orders until there is Coal in Every Bin. This is the American Way.

**What You Buy With WAR BONDS**

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from $175 to $190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every pay day. *U. S. Treasury Department*
