SHERIFF:
SAMUEL COMEGYS.

THE TICKET.

The Democratic convention of seventy-five, which met at Stam's Hall on Tuesday, under the skilled chairmanship of Mr. Eben F. Perkins, did its work with the greatest good feeling, and, indeed, without an unhappy ruffle. From beginning to end, the proceedings were marked by perfect freedom of discussion of all points, and the greatest disposition to fairness. Every delegate with a pet proposition had his hearing, and if his proposition was not accepted, it was because the majority of the convention thought it not wise. Every candidate, too, had an unobstructed opportunity to have his name placed squarely before the convention. Apparently, the one motive purpose of the convention was to utilize the best material at its disposal, and to make the strongest possible ticket. That the convention has succeeded in making a good, strong ticket, that will command the full strength of the party, and the respect of the people of the county regardless of party, there is no reason to doubt. Mr. F. Hyland Taylor, nominee for the House of Delegates, is a gentleman of generally conceded abilities, and of character that commands universal respect. Mr. Samuel Vannort, the other nominee for the State Legislature, is also a gentleman of character and intelligence. Mr. Samuel Comegys, the nominee for sheriff, is said to have made one of the best tax-collectors the county has ever had, and he may be relied upon to make one of the best sheriffs. The nominees for county commissioners are all good business men, and each is fairly representative of his district. With the strong ticket placed before the people and with thorough harmony in all districts, the county should be assuredly Democratic in November by a good substantial majority. Let every good Democrat use his utmost efforts to such a consummation. The county is really Democratic, and it only needs that the party should receive all the votes to which it is entitled to win. Let the ticket have an undivided support and let us have the right kind of a victory.

QUEEN ANNE'S POLITICS.

After one of the most bitter factional fights known in the history of Queen Anne's county, the Democratic county ticket was nominated on Tuesday last. For several years past county politics have been torn, and an obstinate factional fight has been waged between the two wings of the Democratic party, one under the acknowledged leadership of Senator John B. Brown, the other headed by ex-Comptroller Thomas J. Keating. The contest has been pushed with an energy, which has had the effect of raising strong personal prejudice and feelings, which it is feared by some will be difficult to overcome. Such results are, however, rare in Queen Anne's politics, for it matters not what breaches may be created by the opposing forces of a political fight, when the question resolves itself into the simple requirement of supporting the successful Democratic opponent or an out and out Republican, the banner county with her loyal following is as a rule equal to the occasion and never fails in party duty, and there is no reason to suppose that the approaching campaign will be an exception to the rule.

The ticket as nominated on Tuesday last was a Brown ticket and with scarce an exception was drawn from Mr. Brown's friends, and a solid delegation for Mr. Brown is assured in the Legislature from Queen Anne's county in his contest for U. S. Senator. Four of the seven districts of the county were carried by the Brown faction. The county ticket as nominated on Tuesday last, is a good one, and will we believe, command the entire and enthusiastic support of the Democratic party regardless of factions. The following is the Democratic ticket: Register of Wills, Finley Roberts; House of Delegates, W. E. Temple, W. W. Busteed, Wm. P. Thompson; Sheriff, T. Bedford Turner; County Commissioners, G. Davidson, R. J. Catlin, W. D. Smith; Surveyor, J. G. Parvis; Delegates to State Convention, Dr. Washington Finley, Dr. John R. Benton, Edwin H. Brown, John M. Aker.

ANOTHER souvenir of war times has bobbed up serenely in the face of Uncle Sam. By virtue of an agreement with the board of aldermen of Frederick city, Col. G. W. F. Vernon, of Baltimore, will undertake the work of collecting from the national goverment the war tax, amounting to $200,000, which was levied upon Frederick by the Confederate General Early in 1864. This claim for reimbursement is considered a just one, inasmuch as the city was entitled to national protection, which it did not receive, and the alternative in case of non-payment of the sum levied was the threatened destruction of the town.

The Bell of Baltimore.

She has been praised the world over for her beauty and sprightliness—if its the girl you're speaking of. But if its the Bell Clothing House which is under discussion, we can only say that that it is the very best place in Baltimore to get the finest suit for the fewest dollars. It is convenient to railroad stations and steamboat wharves, being situated on Pratt street, near Hanover, and is near to every place that is any place at all. All visitors to the Exposition are courteously invited to make the Bell their headquarters and then they can the better give their impression of the Bell of Baltimore.

ONE of the greatest successes with which our city has ever been favored. Mr. Hopkins will receive a cordial welcome should he return.—*Harford Times.*

BITS POLITICAL.

The Prohibitionists of Maryland are in the field for an abstinate fight during the approaching campaign. The executive committee of the party in Maryland has had a meeting when it was decided to hold a convention in Baltimore city, on Sept. 17, when a candidate for mayor and candidates for the Legislature will be nominated. A committee was appointed to investigate the situation and to select the most available person for the mayoralty. But little has been made known in regard to the probable candidate as yet, though in a quiet way several persons prominent in Prohibition councils are being sounded on the subject.

PRINCESS ANNE, MD., Aug. 27.—The Prohibition convention of Somerset county met here to-day and nominated the following county ticket: For clerk of the Circuit Court, James T. Daniel; for House of Delegates, I. S. Lawson, John C. Walker and Daniel J. Maddox; for county commissioners, John Tyler, Soren Barben and William Merrill; for sheriff, Purnell Ellis. No nomination was made for county surveyor. Resolutions were adopted condemning bribery at elections and the liquor traffic generally. Noah J. Gibbons presided over the convention, and James T. Daniels, who is a brother of William Daniels, of Baltimore, was secretary.

OPPOSED TO CIVIL SERVICE REFORM.

The Federation of Republican Clubs of the Third Congressional District, J. A. Kirdbales president, and Wm. H. Watson secretary, is opposed to the civil service laws, which they term odious. At a meeting held recently a resolution was passed in which the clubs concurred that all offices in the departments of the government should be held by Republicans, and that the principle "The man who sows should reap" should be more strictly observed. It is resolved that the clubs will not support anyone for office—national, State or city—"who is in favor of the present odious civil service laws or their application to the distribution of public patronage," which gives the majority of the offices to young men fresh from schools and colleges.

Dr. J. Pembroke Thom is the recipient of a political boom at the hands of his eleventh ward friends. Dr. Thom's nomination for the mayoralty of Baltimore, it is claimed, is the best that could be made for the party and the people. Mayor Latrobe's friends are persisting in an advocacy of his claims in a quiet way.

The Republican primaries will be held in Worcester county on September 14 to elect delegates to the county convention to be held in Snow Hill September 17, when a full county ticket will be nominated. They may possibly unite with certain independent Democrats in nominating a fusion ticket. Wm. M. Schoolfield, of Pocomoke City, has already announced himself as an independent Democratic candidate for the sheriffalty.

The unanimous renominatitn of Comptroller Baughman is a certainty. It is one matter about which there is no division of sentiment in the Democratic party. All the delegates now elected will be for Col. Baughman. During his administration of the important affairs of the comptroller's office, even his political foes have not mentioned a word of criticism of methods or practice. Colonel Baughman will have the State canvass very much on his hands this year, being the only candidate on the State ticket.—*Easton Ledger.*

Good, regular orthodox Democrats know and appreciate good men for their political positions; and they are now everywhere sending up their cry for the best brand of men to be furnished for the offices that are soon to be filled. Go now, while there is time, and ferret them out from the nooks and corners in which they are hiding to escape merited honors, and bring them forth, and harness them into the traces of office; and use their high traction powers in drawing your city and State out of the grooves of old abuses, and getting every branch of our government to rolling along, at a good round pace, on the well-graded highway to an unexampled prosperity.—*Olive Branch.*

The colored man and brother in St. Mary's county, Maryland, seems to be awakening to a full sense of his political importance, and to be determined that the tail of the party shall no longer wag the Republican dog. James E. Jackson, colored. is announced in the *Enterprise* as a candidate for the Commissioners' Court, and Richard E. King is spoken of for the House of Delegates.—*Westminster Advocate.*

We want a ticket that will enthuse and enliven the party and at the same time guarantee faithful service to the people. with such a ticket the Democrats will win an old-time victory. We cannot go before the people with a faction-made set of candidates.—*Ellicott City Democrat.*

A special from Denton to the Baltimore *Sun* says: "There has not been a time in the history of the Democratic party in the county when there were so few aspirants for the various nominations. In fact, nearly all the nominations will be tendered and not sought after. Every one is desirous that the strongest possible ticket be placed in the field, and all pledge themselves to its hearty support. The party is perhaps in better shape for a campaign than it has been for twenty years. Factions and personal differences that have made themselves sorely felt heretofore are not apparent, and the outlook is favorable to complete harmony in the ranks."

The two colored Republican clubs of Leonardtown and Newtown Neck, for the Third Election District, have declared as follows:

"Be it resolved, that we, the colored Republican voters, have agreed never to support nor defend, nor appreciate, nor vote for any man, white or colored, who is opposed to the election or appointment of a competent colored man, to any office."—*St. Mary's Enterprise.*

The World's Fair of 1892.

Edward Atkinson, the well-known writer on political economy, writing on the subject of the plan of the Fair says: "My general idea is that either by way of example, of pictures, of graphic illustrations and figures, one and all combined, so far as may be, the exhibition should show the progress of modern art and industry from the prehistoric type, or from the type of 1492, down to the present day. For instance, what a wonderful exhibition could be made of the progress in the art of clothing!"

Speaking of Mr. Atkinson's suggestion, A. C. Yates & Co., the popular clothiers in the Ledger Building, Philadelphia, said that such an exhibition would be highly interesting, and would afford an opportunity to put American clothing in comparison with that of the world. The American, no doubt, wears better and cheaper clothing than any other people. No matter how little the American pays for his clothes, he wants some style to them, and that is where our clothing excels the foreign. A man who buys a twelve dollar suit will spend as much time in front of the mirror as the man who pays twenty-five. We welcome such customers, whether they be man or boy, as we make all our clothing to meet this popular demand for tasty and good-fitting clothing at a moderate cost.—*From the Philadelphia Item.*

BALTIMORE'S BOOM.

The Maryland State Exposition to be held at Pimlico from the 9th to the 14th of this month is an assured success far beyond the the anticipations of any of its promoters. The entries of exhibits represent every industry and every county. The management has succeeded in perfecting every detail, amusement and entertainment promised by them at the start. They have established a suitable depot near the centres of trade and transportation, where the farmers, stockbreeders, the dairymen, the poultry fanciers and many others engaged in agricultural pursuits have responded nobly and in large numbers with handsome exhibits, and every citizen of the commonwealth may well feel proud of his State's products at Pimlico.

An additional and attractive feature, especially to young men in the counties and through them the young ladies, of course, is the tournament to be held under the electric lights on the evening of Tuesday the 10th inst. Robert Crain, Esq., will deliver the charge to the Sir Knights and Captain J. Frank Supplee the coronation address. A number have already entered and it is to be hoped that every county in the State will have at least one Sir Knight to uphold her chivalry. The prizes offered to the successful knights are valuable silver tea sets of six pieces. The ladies who are crowned Queens of Love and Beauty and Maids of Honor will receive gold medals as mementos of the great event.

The ball to be given by the citizens of Maryland to the President of the U. S. and his Cabinet, has attracted considerable attention in the counties and will be an important feature. In addition to these distinguished gentlemen, the governors of New York, Pa. Del. Va. and Maryland are expected to be present on this occasion—the 75th anniversary of the battle of North Point, and of the christening of the Star Spangled Banner. While the amusement, the civic parade and military manouvres are entertaining and are to be commended; the greatest and grandest feature, the one that appeals most successfully to the progressive and patriotic people of our dear old Maryland, is the agricultrual exhibit. "Maryland, My Maryland," will be the song of every man, woman and child at Pimlico.

STATE AND PENINSULA.

Robert H. Matthews, aged about 70, was found dead in the woods near Kingston, Wicomico county, last week.

County fairs are now busy preparing for the fall meetings.

Thomas Lyles, of, Frederick, has a curiosity in the form of two soft-shelled eggs laid by one hen at the same time. The peculiarity about them is that they were separate, one containing the white and the other the yolk.

Garrett county is suffering from the effects of a severe drought.

Annapolis oystermen have made extensive preparations for the present season.

Parties have been arrested for illegal fishing in the Sassafras river.

Harry Summers, a young Hagerstown machinist, is reported as having eaten, on a wager, twenty raisin pies, each weighing six and three-quarter ounces, in two hours.

Gen. Felix Agnus has bought a buck and six ewes of the famous Druid Hill Park flock of Southdown sheep.

Mr. B. S. Pusey, a Peninsula shipper, received $221.40 net for one carload of melons recently shipped by him through Mr. R. D. Ellegood to New York.

Richard Alvey, son of Chief Judge Alvey, has been offered a position in the faculty of the Maryland Agricultural College.

The Cambridge *News* says: "Our farmers who contracted last spring with the canneries to raise tomatoes for $2.50 per ton have the worst end of the bargain, as they are now selling for nearly double that sum on account of the small crop."

The canning establishment of Louis McMurray, of Frederick, is working about 800 men, women and children, and is packing about 100,000 cans of corn per day.

Almost on Us.

A few days more and then this section of country packs traps for Baltimore to see the great celebration. We have word from the great clothing firm of Baltimore—we all know them— Oehm's Acme Hall, 5 and 7 W. Baltimore street—that the comforts and conveniences of their immense establishment are free to all the readers of this paper and dwellers in this section. The firm will be splendidly represented in the procession and at the Fair. Write them quickly if you want anything to make you ready for the great event now almost here.

It is thought proper to publish in connection with this notice the subjoined sections of the registration law, which bear particularly upon the rights of the citizen and the powers and duties of the Register:

SECTION 3. *And be it enacted* That each of the said officers of registration shall have in addition to the other powers conferred upon him by this Act or which may hereafter be conferred upon him by law, during the respective times of his appointed sittings, under the provisions of this Act, the powers of a Justice of the Peace to preserve order and enforce obedience to his lawful commands at or around his place of registration—to keep the access to such place open and unobstructed, to prevent and suppress riots, tumult, violence and disorder and all other improper practices, at, around or near to his place of registration, tending to intimidation, or to the obstruction of the work of registration, or of the revision of the registration, and to protect and keep safe the registries of voters or poll-books, hereinafter referred to, while in his custody and possession; he may compel the presence of witnesses before him while sitting as an officer of registration, for all purposes connected with the performance of the duties of his office, by summons and attachments; he may while sitting as such officer of registration commit for trial any person committing, at or around his place of registration, any offense forbidden by this Act; he shall have the power to issue any of said summons, attachments or commitments, when sitting in any county of this State, to the Sheriff of said county, or to any Constable thereof; all such processes shall be served by said respective officers in the same manner as if they were issued by a Judge of a Court of Record, having jurisdiction of the subject matter, or by a Justice of the Peace, exercising police powers within such respective jurisdictions; the Sheriff or Constable in any county of this State, who shall serve any of said processes, shall receive the same fees, and in like manner, as it is, or may be by law provided, that he shall receive fees in other State cases; but no officer of registration shall charge or receive any compensation for any service performed under this Act, except such as is provided by this Act.

It is also thought proper to publish the following sections of chapter 155 of the Acts of 1888 showing changes of times for sitting of registrars and their duties:

SEC. 3. *And be it further enacted,* That said several officers of registration for the respective election districts in the counties of this State, instead of sitting five days in September and two days in October in each year as prescribed by the said Act of eighteen hundred and eighty-two, chapter twenty-two section ten, shall sit for the purpose of performing the duties imposed upon them by said Act, and by this Act, daily for two successive days in the month of May, for three successive days in September and for five successive days in October in every year in which an election shall be held in said counties; said sittings in May and September to commence on the second Monday of said months respectively, and the October sitting to commence on the first Monday in October. Said sittings shall in like manner be called the May, September and October sittings. The said respective officers of registration shall sit at the said several sittings in the several counties with open doors from 8 o'clock A. M. until 6 o'clock P. M. on each day of their sessions, and their proceedings shall be public and open to free inspection, without any obstruction whatever. The places of their sitting shall be selected as prescribed in said Act of eighteen hundred and eighty-two, chapter twenty-two.

SEC. 4. *And be it further enacted,* That each of said officers of registration in Baltimore city shall be entitled to receive four dollars per day for every day he shall be engaged in the discharge of his official duties, exclusive of office rent and the cost of stationery, and each of said registration officers in the counties shall receive a per diem of four dollars for every day he shall be engaged in the discharge of his official duties.

SEC. 5. *And be it further enacted,* That the said several officers of registration shall give notice signed by him or them of the times and places of his or their several respective sittings for five days before his or their several respective sittings in May, June, July, September and October, by publication as prescribed in the said Act of eighteen hundred and eighty-two, chapter twenty-two; and should changes of the places of their sittings become necessary, due notice thereof shall be given as provided by section fourteen of said Act.

SEC. 7. *And be it further enacted,* That said Officers of Registration, when sitting at their respective May, June, July and September sittings, and the first sitting in October, shall register as provided in the said Act of eighteen hundred and eighty-two, chapter twenty-two, all qualified voters who shall present themselves for registration; and in addition to said work of registration they shall carefully revise and scrutinize the said registries of voters so received by them from said Clerks of the several Circuit courts and of the Superior Court of Baltimore city, to the end that all errors therein shall be corrected; and the names of all voters entered therein who shall have died or become for any reason disqualified, or who for any cause shall have ceased to be entitled to remain on said registration books, shall be stricken off. In order that the work of striking off from the registries the names of all dead and disqualified persons, and of all persons erroneously or improperly placed thereon, may be thoroughly and accurately accomplished, it shall be the duty of said several Officers of Registration at their May sitting to go carefully over the whole list of names upon said registries in their respective precincts and election districts, and to note for striking off the names of all persons whom from their own information, or from information furnished to them from others, they have good reason to believe to be proper to be stricken off. Having made out this list, which shall be at all times open to public inspection, it shall be their duty to address written notices to all the persons whose names are set down thereon, except those known to be dead, calling on said persons to appear before them on or before the first day of July sitting in the city of Baltimore, and the first day of the September sitting in the counties, to show cause why their names should not be stricken from said registries, which notices shall be served in Baltimore city by the police of Baltimore city, and in the counties by the Sheriff of the several counties, upon all of such persons who can be found by them, and said notices shall also be sent by mail to said persons addressed to them at the place from which they were registered. Should no cause, or, in the judgment of said Officers of Registration, an insufficient cause to the contrary be shown by the first day of their July or September sitting, as the case may be, it shall be the duty of said Officers of Registration, during said sitting, to strike off the names of all persons on said list; but if said Officers of Registration shall be satisfied by competent sworn testimony produced before them, or from their own knowledge or information, that any of said persons, notwithstanding their failure to appear in answer to said notices, are in reality entitled to have their names retained on said registration books, then the names of said persons shall be so retained; moreover, whenever any suggestion shall be made to them in writing, signed by any person, that said registration books contain any specified name or names which should be stricken off, it shall be their duty to diligently inquire into and investigate every such suggestion, and to strike off every name which, upon such investigation, they shall ascertain to have been improperly registered in the first instance, or to be no longer entitled to remain upon the registration books, for any lawful cause, within three days after the sittings in May, June, July and September and the first sitting in October in the city of Baltimore, and after the May, September and October sittings in the counties, said Registration Officers shall publish, as provided in said Act of eighteen hundred and eighty-two, chapter twenty-two, the two alphabetical lists required to be published by section twenty-one of said Act; and shall also put up and retain during their subs
