POLITICAL NOTICE.

Notice is hereby given to the Democratic voters of Kent county that primary meetings will be held in the several election districts of said county, at the usual polling places on

Wednesday, September 3, 1890,

to nominate a Democratic candidate for Congress to represent the First Congressional District of the State of Maryland. Meetings will be organized in the several districts at 2 o'clock P. M.

DR. SAMUEL BECK,
C. S. HURLOCK,
J. P. NICHOLSON,
Democratic State Central Committee for Kent county.

COL. W. SCOTT ROBERTS, senior editor of the Centreville *Record*, paid the TRANSCRIPT office a short but pleasant visit on Monday last. The genial editor in a general way touched upon politics and a variety of subjects, and succeeded (?) in discovering one point in which the metropolis of "the State" is ahead of Chestertown, and that is in the absence of grassy streets. "Only this and nothing more."

HARVEY W. EMORY, formerly of Centreville, and perhaps one of the least known but one of the most brilliant young writers which the Eastern Shore has produced, died at Tucson, Arizona, last week in the twenty-eighth year of his age. Mr. Emory was born in Centreville, and for several years has been in poor health. He went to Tucson for the benefit of his health, having been for years a sufferer from consumption.

THE force bill will not be defeated until Congress adjourns. Do not rejoice too soon; the Republicans are using the party whip and President Harrison is lobbying all he knows for the infamous measure. With a Republican majority in the House, a Republican majority in the Senate, and with the force bill as a party measure—indeed, a campaign pledge—it looks as if trouble is ahead, and the liberties of the people are in danger.—*Republican Citizen.*

THE CONGRESSIONAL PUZZLE.

The sudden and unexpected appearance of ex-Governor Lloyd upon the political stage, has had the effect of producing an entirely unlooked for complexity in the field of local politics. It was thought that all the players were at the board and each player, after a careful analysis of the situation, had decided upon his move in the congressional contest, without any anticipation of a checkmate from outside parties. Mr. Gibson was set down as the probable winner, having had conceded to him on first ballot the votes of Kent, Caroline, Talbot and two of Dorchester's vote, with other members friendly to him in case of any contingency debaring their local candidate from the contest. A reconciliation of the Page, Covington and Toadvin counties was considered out of the question, and Queen Anne's standing alone for Mr. Weedon, in the event of that gentleman's prospects reaching a minimum, would naturally be expected to throw her weight with the Gibson counties, and the present congressional representative was thought to hold vantage ground in the approaching fight.

What this move of Mr. Lloyd's may mean, it is impossible to say, other than possibly to block the game, defeat the prearranged programme and open in some possible way the place for some one not heretofore actively engaged in the contest. Should such be the result, Kent could offer gentlemen who would be eminently satisfactory to the entire district, would be thoroughly competent to fill the position and who could command the enthusiastic and undivided vote of each and every Democratic voter in the respective counties.

STATE AND PENINSULA.

Easton will soon have a steam laundry.

Crisfield realizes $400,000 from its crab industry.

The personal estate of the late Michael Bannon is returned at $21,398.85.

The town commissioners of Cambridge have decided to impose a tax on bicycles.

Henry L. Churchman's large barn, near Christiana, Del., was struck by lightning on Tuesday night of last week and entirely destroyed. Loss, $10,000.

A fourteen-year-old daughter of Captain Wallace, keeper of Miles River Bridge, went crabbing a few days ago, fell overboard and was drowned.

The official rough count of the State of Delaware shows the population to be 167,871, a gain of 14.50 per cent. Kent county has lost and the other two counties have gained in population.

The farmers about Smyrna will supply tomatoes enough to keep 300 people employed in the two canneries at that place. What could we all do without the farmer? —*Farm and Home.*

The late Senator Silver, of Harford county, had his life insured for $28,500. His wife, who is the executrix of the estate, bonded in the sum of $100,000, indicating a personal estate of $50,000.

Wm. A. Pratt, a Talbot county farmer, has a cow that dropped two calves at a birth the other day. One had no tail at all, and the other had a flat tail like a squirrel's which turned up over its back.—*Queenstown News.*

During the storm of Tuesday night, lightning struck the hay barrack on the farm of John S. Wirt, Esq., on Bohemia Manor, tenanted by Thomas R. Baker. The fire consumed the barrack and contents together with a small barn, stable and shedding. The entire loss will be about $1000.—*Cecil Democrat.*

The colored people who work in the cannery at Tunis Mills went on a strike one day last week. The price, four cents per bucket for skinning tomatoes, was reduced to three. They effected a compromise at 3½ cents.—*Easton Democrat.*

The primary elections in Queen Anne's on the 26th inst. for delegates to the county Democratic convention were held on Saturday last, and were fairly well attended. There were no contests, and the delegations from each district will be a unit in favor of A. Randolph Weedon. All interest is now centered in the Democratic convention of the first district, which meets on the third proximo. The Centreville *Observer* says: "The vote received by the delegation elected in the third election district in the interest of A. Randolph Weedon, Esq., was certainly a decided compliment to that gentleman and an evidence of his great popularity with the masses."

POLITICAL POINTERS.

Political Doings, and What Our Exchanges Have to Say of the Outlook.

TALBOT FOR GIBSON.

Talbot gave no uncertain endorsement of Congressman Gibson on Tuesday of last week at a meeting of the Democratic Central Committee. The officers were: Robt. R. Butler, president; John Satterfield, Col. F. A. Benson, M. Merrick, T. N. Chance and J. E. McDaniel, vice-presidents; C.G. Wright and A. F. Haddaway, secretaries. The delegates to the Democratic Congressional Convention, which meets on September 3, were elected: Ormond Hammond, Theophilus Tunis, G. E. Haddaway, W. S. Merrick, J.M. Wooters, J. H. Willis, W. R. Martin and D. J. Wrightson. Resolutions were passed endorsing Mr. Gibson's unwavering course in Congress, and asking for his return to his field of usefulness in the halls of national legislation.

NO ACTION AS YET IN HOWARD.

The Howard county members of the Democratic State Central Committee and the county executive committee have fixed Saturday, September 6, from 3 to 6 P. M., as the time for holding Democratic primaries in the county. The county convention will be held at Ellicott City.

THE NEW LAW NOT CLEAR.

The Sixth District Democratic Club, with headquarters at Savage, has reorganized with a membership of 106, and will instruct voters as to the new election law by the constructions of booths and other polling-place adjuncts.

TO SEND STUMP BACK.

Harford county members of the Democratic State Central Committee met in Belair on the 18th of August, and fixed upon August 30 as the day for the district primaries, and September 2 as the day for the convention to send delegates to the Second Congressional District Convention. The latter will meet in Belair on the 17th of September. The Democratic sentiment of Harford county is unanimous for the renomination of Mr. Herman Stump.

DOWN ON M'COMAS.

The Washington County Democratic Convention met in Hagerstown on Tuesday of last week, to elect delegates to the congressional convention to be held in Hagerstown on the 18th of September next. Resolutions advocating Grover Cleveland's position on the tariff, censuring Mr. McComas' course in Congress and censuring the Republican board of county commissioners, were unanimously passed. The delegates chosen are uninstructed and unpledged, but quite a number of them express a preference for Mr. McKaig, provided he is a candidate.

WHAT DOES THIS MEAN?

The Baltimore *Sun* of the 24 inst. has the following: The unusual interest which the Congressional nomination for this district has excited in Dorchester county, and especially in Cambridge district, was in no wise abated by the unexpected announcement on Saturday morning that ex-Gov. Lloyd would be a candidate before the Centreville convention. After the candidacy of Gov. Lloyd was made known it was proposed that a divided delegation of original Page and Gibson men should be selected from Cambridge district, and that the contest should be stopped. To this proposition the Page adherents consented, and such a course was advised by a number of Mr. Gibson's friends, but the Gibson followers declined the proposition and insisted upon fighting it out. The original Page adherents then placed the name of Gov. Lloyd for Congress at the head of their original Page ticket, and the fight went on. A number of tickets with original Gibson delegates, and with Gov. Lloyd for Congress at its head were voted. Governor Lloyd's candidacy was not generally known in the rural districts, and the fight went on as at first outlined between Page and Gibson. On Saturday morning Governor Jackson, who had come over during the night from Baltimore, passed through Cambridge enroute to his home in Salisbury, and when the fact was made known it was at first charged by Mr. Gibson's friends that the Governor's visit was in some way connected with Gov. Lloyd's sudden candidacy. The truth was, however, that Gov. Lloyd neither saw Gov. Jackson, nor did he know of his presence in Cambridge until after his departure. A vigorous fight was had in Cambridge district, and the very cool weather, together with the unusual activity displayed, reminded one of a regular fall election. In Cambridge district the Lloyd-Page delegates received two hundred and forty-two votes and the Gibson delegates one hundred and sixty-four votes, making a majority of seventy-eight votes for the original Page delegates. The friends of Mr. Gibson claim that Gov. Lloyd's candidacy injured the chances of their delegations and undertake to name a score or more of Gibsons votes who refused to go to the poles when they learned that Gov. Lloyd would be a candidate. East New Market, Parson's Creek and Neck districts have elected delegates, while a number of other districts will send Page delegates to the convention, the candidacy of Gov. Lloyd not having been known. A number of districts have not been heard from. Gov. Lloyd will name his delegation in the convention on Tuesday. The fight between Messrs. Gibson and Page, it is claimed, is virtually a victory for Page.

NO INSTRUCTIONS IN QUEEN ANNE'S.

The Republicans held their county convention at Centreville on Tuesday; twenty-five delegates were present, making the convention short ten delegates. Wm. F. Ford was chairman and W. E. Thompson, secretary; Messrs. Joseph Mallalieu, Lloyd Ford, C. H. Weatherby, Geo. Stewart and Chas. Kirby, colored, were elected delegates to the Cambridge Congressional Convention, uninstructed.

A FIGHT IN FREDERICK.

At the Republican county convention held at Frederick, August 19, brief resolutions were adopted indorsing President Harrison, the work accomplished by both houses of Congress, and Mr. McComas' congressional career, and instructing the delegates to cast their votes in favor of the latter gentleman's nomination. Factional bitterness was engendered and the opponents of Mr. McComas say that they propose to make their fight at the polls in November.

The county commissioners of Queen Anne's in conjunction with the supervisors of election, will secure eight polling booths of the approved kind for use at the different precincts in that county. One will be erected on the court-house green at once, and a competent person placed in charge of it to give instructions as to the manner of voting at the approaching congressional election under the new law. A sufficient number of persons from each precinct will be instructed to secure the successful working of the plan. The vote is large in the third district, but with instruction and practice, it is thought, there will be no difficulty in polling the entire vote. The supervisors of elections are William H. Newman, Thomas H. Dodd and Elwood B. Pierce.

Epoch.

The transition from long, lingering and painful sickness to robust health, marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much praise is heard of Electric Bitters. So many feel that they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidney, Liver, or Stomache, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at Colin F. Stam's Drug store.

THE ABOVE BRANDS OF FERTILIZERS

Have now been used in this and neighboring counties for the past five years, and during that time have given general satisfaction. My facilities for manufacturing are now better than hitherto, and I guarantee to fill all orders promptly and in first-class drilling order.

If those farmers who have not yet tried any of our brands of Fertilizers, will enquire from some one who has used them, as to results obtained, I think that they will be induced to give them a trial.
