LEAD WITH LEE.

THEY tell us that the tax-payers' money is being spent like water on the roads. What a shame.

ST. MARY'S county voted for local option on Tuesday, the "drys" winning by a majority of 563. Hurrah, for St. Mary's.

THAT meeting held at the home of Mr. Wm. T. Nicholson, candidate for County Treasurer, on Monday afternoon was attended by a large crowd, and reports from the districts represented were most encouraging.

THIS campaign is a contest between the farmers and business men on the one side and the lawyers on the other. Mr. Farmer, if you want your financial interests guarded, you had better send one of your men, a farmer, J. Elwood Morris, to the Senate. He can and will take care of your affairs better than a lawyer can.

SENATOR John S. Biddison and Congressman J. Fred Talbott, leaders of the Democratic party in Baltimore county, have split, and Senator Biddison wil put up a fight against Uncle Fred right down the line. And so it goes. Senator Blair Lee's candidacy for Governor is playing havoc with the Organization forces all over the State.

THE meeting held on Wednesday afternoon at the home of Mr. Milton P. Crew, Anti candidate for the State Central Committee in Broad Neck, was largely attended, and much enthusiasm was manifested as to the big victory the Antis are going to win in the primaries on September 14th. Mr. Crew is popular with everybody in his section of the county, and will give a good account of himself in the primaries.

IF THE tax-payers of this county condemn Senator John Walter Smith, the Boss of the last Legislature for wasting their money by the creation of useless and expensive commissions, they must also condemn Mr. William W. Beck and Mr. Howard Turner, who did everything that Senator Smith wanted done in the last Legislature. That is the way to look at the matter. It is folly to send men back to the Legislature when you know by past experience that they have neglected your financial interests.

IF THE Kent News is so sure that the Centreville Observer is against Lee, why don't they ask the editor of the progressive Queen Annes paper for a letter for publication to that effect. We are aware of the fact that the Observer is supporting Mr. McMullen for State Comptroller, but we have also been informed that the paper is supporting Senator Lee. We are sure of one thing, and that is that the popular sentiment in Queen Annes is overwhelming for Senator Lee and the rest of the State ticket.

THE Anti-Organization is going to nominate every man on the ticket. It deserves to do so because it is a splendid ticket, it stands for the best interests of the people, and every man on it is capable of filling with credit and honor the position to which he aspires. It is the very best and strongest ticket the Democrats have had the pleasure of voting for in years, and if the entire ticket is nominated there will be no question about its election. People of Kent, look to your interests, vote for the men who you know will support and maintain your interests.

A VOTE for William W. Beck for State Senator means a vote to continue the power and influence of Senator John Walter Smith over the Maryland Legislature. A vote for James Elwood Morris for State Senator means a vote for Senator Lee and Mr. W. B. Copper. Men of Kent county, in the light of what happened in the last Legislature, which will you take? Think about this matter. You can't live on friendship. You must vote for your own welfare, and you know your welfare does not lie in continuing the power and influence of Senator Smith by voting for Beck and Turner.

THE Baltimore Sun's forecast of the result of the primary on September 14 looks mighty gloomy for Harrington. Usually the Sun paints everything so rosy for the Organization forces, when it is inclined that way, that its reports in the present campaign are exceedingly much of a contrast. As an illustration of what we mean it classes Kent in the doubtful column, with a shade of leaning toward Harrington, and everyboby in Kent county knows that Harrington hasn't a ghost of a chance to carry Kent county, and the Organization crowd here has given up hopes of carrying the county for Harrington and are now handing every effort to save whatever it of their local ticket they think they can get.

THE State Organization, of which Senator John Walter Smith is the head and shoulders, has practically bankrupt the State of Maryland, creating a deficit in the State Treasury of $1,500,000, which the tax-payers have got to pay. The Kent County Organization, which is a part of the State Organization, almost bankrupt Kent county when it had control of the county commissioners office, piling the county expenses up to $166,000, and causing a tax rate of $1.85. In our judgment this should certainly be sufficient to cause every tax-payer in Kent county to put a stop to such business by voting against the men who have caused this condition and who could have prevented it had they tried to do so. Any man is foolish to vote for a man when he knows by actual experience what that man has done before in the same office.

ATTENTION, ANTI CANDIDATES.

All local candidates for offices in the coming primaries, September 14, must file their papers and pay their money 20 days before the primaries. All candidates except those for delegates to the State Convention and members of the State Central Committee, are affected by this phase of the primary law, and unless it is complied with no candidate's name will appear on the ballot. Anti candidates, please remember this.

MR. W. B. COPPER, the candidate for State Comptroller, is not as seasoned a campaigner as Senators Lee and Maloy. Mr. Copper was seen for a short time recently and asked as to how he enjoyed campaigning the State, he replied: "It is a strenuous life, but I do enjoy meeting the people of the State, and I trust, making more friends." Mr. Copper is making a host of friends with the people of the State, and from all parts of the State, Queen Annes included, are coming the most encouraging reports regarding the splendid reception being accorded Senator Lee and his running mates.

BEWARE OF THEM.

One of the county newspapers on the shore that is supporting Senator John Walter Smith's candidate for Governor said editorially last Saturday: "The great objection to Senator Lee is that he is much like William Jennings Bryan, always running." Senator Lee has not made a fight for an office that he has not been called by the people. But how much has Senator Smith run? Well, he ran for the Legislature and Senate in his own county, he ran for Congress, he resigned from Congress to run for Governor of the State, and he had hardly stopped running for Governor before he ran twice for the United States Senate and finished his last race for the latter job last fall. Now pray tell who has run any more than Senator Smith has, and in all the honors that have been conferred upon him by the people of his State, how well and truly has he represented their interests? He voted for a high tariff on lumber, he voted and worked against federal inspection of grain in Baltimore, he worked against the establishment of a State lime manufacturing plant that would enable the farmers to buy their lime cheaper than they can now buy it from the lime trust which Senator Smith protected against the people, and he and his candidate for Governor, Mr. Emerson C. Harrington, allowed the last Legislature to create a deficit of $1,500,000 in the State treasury for you and your children to pay in constantly increasing State taxes. We advise the people to beware of such deception as some of the Organization newspapers are practicing and defeat the candidate of the man who has had so little regard for the welfare of the people of Maryland who have conferred so many honors upon him in the past.
