Grand Democratic Rally
—AND—
MASS MEETING.

A grand Democratic rally and mass meeting will be held in

STAM'S HALL, CHESTERTOWN,

—ON—

THURSDAY, OCTOBER 23, 1890,

AT 2.30 O'CLOCK, P. M.

COL. HENRY PAGE

HON. JOHN W. CRISFIELD, of Somerset co.;
SENATOR WM. B. PETER, of Howard co.;
HON. ROB'T CRAIN, of Baltimore city;
JAS. S. ROBINSON, Esq., of Anne Arundle county.

and other prominent speakers are expected to be present.

Let this be an old-fashioned rally such as Maryland knew when she was rolling up 25,000 Democratic majorities.

THE DENTON JOURNAL recently entered upon its forty-fifth volume. The *Journal* enters upon its forty-sixth year with every evidence of a strong and healthful manhood, and is sound in the Democratic faith; and the TRANSCRIPT, though just a little late, sends congratulations to its Caroline contemporary.

OUR LIVE AND PROGRESSIVE Republican exchange, the Baltimore *American*, has arrayed itself in a new suit, and presents a handsome appearance. The *American* has surely gone astray on political principles, but in other respects it is one of the most progressive, newsy and most ably edited journels in the South. Success to our neighbor.

THE "DEMOCRAT" is the name of an aggressive Democratic campaign paper recently started in Baltimore. It is thoroughly Democratic, and is run in the interest of the party nominees throughout the State. Unadulterated party principles form the rock upon which it is built, and the new paper will form a potent lever in the present campaign.

HON. JOHN W. CRISFIELD, Hon. Henry Page, Senator Wm. B. Peter, Hon. Robert Crain and James S. Robinson will address the meetings this afternoon and to-night. Democrats have in store for them a political treat, and our Republican friends a host of political eye-openers. The veteran, John W. Crisfield is an old time Democrat, but rest assured that he will give us new-time Democracy.

START THE CAMPAIGN.

The grand Democratic rally of to-day promises to be a success, and the duty of a thorough organization of the party ranks throughout the county which devolves upon the party at large should follow this popular expression of interest in the success of our Congressional nominees. The advocates of a short, sharp and decisive campaign should not allow themselves to be led into the error of waiting too long before awakening popular enthusiasm which is expected to culminate on the day of election in a rousing victory. Just eleven days intervene before the day of election, and within that time the work can be done, but there is no time to be lost. It is true that the people are not entirely dependent upon political speeches for enlightenment upon the vital and burning issues of the day. Those issues have been set forth and discussed by the public press in advance of the campaign, and are daily and weekly set forth and explained, and read by the people in their homes and in their places of business, and all, orators and the Democratic press alike speak with one voice against Republican usurpation and extravagance. The veteran John W. Crisfield will address the meeting, and will voice with increased emphasis Mr. Rayner's prediction that with a united and triumphant party this fall:

"Grover Cleveland, who, after twenty-five years of exile led the Democratic hosts to triumph, may again be summoned to assume command and rally for an honorable victory the Democracy of the Union."

Be not too sure of success; let no imaginary security lead you to neglect the duty of the hour. Be active, enthusiastic and energetic. The present campaign is one of importance, the time is short and the time for action presses upon us. Let the meeting be a rousing ratification of the work of the Ocean City convention, and the administration of that great American statesman, Grover Cleveland.

WHAT DOES IT MEAN?

The following is a list of Congressmen, the representatives of the people, elected by the people, who have been unseated by a Republican majority, to make way and room for men who were repudiated at the polls:

	Plurality.
1. Congressman Jackson of West Virginia	3
2. Congressman Pendleton, of W. Virginia.	19
3. Congressman Cate, of Arkansas	1,348
4. Congressman Compton, of Maryland	181
5. Congressman Wise, of Virginia	261
6. Congressman Turpin, of Alabama	13,153
7. Congressman Breckinridge, of Arkansas.	846
8. Congressman Venable, of Virginia	642
9. Congressman Elliott, of South Carolina	1,355

Says the Hagerstown *Mail*: "The number of Democratic votes cast at the election of 1888 for these nine expelled Congressmen is 144,574. The choice of these 144,000 voters was reversed by the arbitrary action of about eight score partisans of Republican fraud and force, sitting in the Chamber of Representatives at Washington. One hundred and six-six men have deprived nearly as many thousands of American citizens of their right to be represented by the Congressmen they elected."

POLITICAL NOTES.

As the Congressional campaign progresses, local politicians throughout the State are in a quiet kind of way placing their men preparatory to more definite moves in the future. Friendly combinations are being suggested and the political wires have in store for them an untold amount of work.

***

It is already positively asserted by some of the students of the political firmament, that the Choptank geographical line is now an established reality, and geographical campaigns will in the future figure prominently on this side the bay.

***

Will Governor Jackson resign for the purpose of putting himself in training for a future contest? The governor has strengthened his position by the recent appointments, and is now in a more favorable situation, than at any time during his official life to dictate terms.

***

J. W. Miles, Mr. Page's lieutenant in the recent congressional convention, has his weather eye set on a good place. But what is it. Miles knows and will tell you at the proper time.

***

Who is to be the next clerk of Queen Anne's? is an interesting question. Lemuel Dunbracco, the present deputy, is a strong man in the fight, but then it is quietly rumored on this side the river that John F. Godwin covets the place and will make a strong fight at the proper time. That will be an interesting dash in the ranks of Queen Anne's young Democracy, and it were difficult to say who will win.

***

Hon. Charles H. Gibson is said to be a stronger man to day throughout his district and the State than he was before his defeat in the Ocean City convention. Mr. Gibson has shown himself every inch a sterling Democrat and may yet marshall his forces and make matters interesting for his political opponents in the first district. He is now making a manly fight for Mr. Page and by such magnanimity is adding to his own popularity.

***

R. F. Brattan is looming into prominence as an aspirant for the comptrollership next time. With Frank Brown already on the Gubernatorial list, the State political slate is fast filling up, and still there's more to follow.

***

Of course State Treasurer Brown will want his present position, at the expiration of his term, but will he get it? Mr. Brown is an efficient officer who should be returned.

***

Col. Legg, of Queen Anne's, and J. Frank Turner, of Talbot, are yet to be heard from, but the colonel will speak in due time, and he will not "speakeasy" either, so too will the ex-comptroller. Walter Smith is making a still, but none the less effective combination in the lower peninsula.

***

The Dorchester *Era* is trying to whoop up 1,000 for Russum in Dorchester. The *Era* is only making a gentle demand for the earth and the waters thereof, and as our friend George M. is the Republican Jonah of the district, he comes in as a fit subject to start with, in asking for what can never be gotten.

HORSE NOTES.

Chit Chat About Speedy Goers of the Track.

It would indeed be an interesting record, and truly a labor of love for some Kent county horseman to gather together in tabulated form the names, pedigrees and bursts of speed made by the best flyers, which have figured on our local tracks. The speediest of the galaxy of local lights, while not figuring as prodegies in the sporting world, could boast of interesting histories and numerous hotly contested dashes. Pleasant memories of many an interesting "scrub" is safely stored away in the minds of ye old time horsemen, and numerous good yarns, as long as the Atlantic cable itself, have more than once been spun of how a "nip and tuck" race was won by a local over a visiting favorite. Snowden M. who, until a recent date, was owned by Mr. George McWhorter, of Chestertown, was favorably known by many horsemen throughout the State, as a hard-to-beat roadster and a level-headed goer. His best mile was made in 2.24. The old Kent countian, however, succumbed to brain fever last week, and Snowden M. has indefinitely retired from the field of his former glory.

Sleepy Dave, another good one from Kent, and until several months ago owned by A. J. Hynson, it is stated will probably be purchased by the recent owner of Snowden. Daveis a safe three minute horse, and a first-class one for general road and family use.

Worton fair grounds, in its palmiest days, was a popular gathering point for speedy youngsters and some of the older flyers. To those we will make further and more detailed reference in a future issue, only stopping at present to make several notes of general interest to horsemen.

At the recent sale of finely bred stock at E. B. Emory's Poplar Grove stock farm, near Centreville, the principal attraction was Happy Russell, 2.21½, by Mambrino Russell, dam Odd Stockings, by Happy Medium, sire of the sensational 2-year-old filly, Happy Bee.

The Baltimore Sunday *News* of a recent date, and before the sale of 16th inst, had the following:

"Happy Russell has been a great boon to the breeders of the State. He served sixty-nine mares at $50 and could have served as many at $100. He is a cheap horse at from $10,000 to $15,000, and should not be allowed to leave the State of Maryland at this price, for we need his kind here. It is rumored that a syndicate has been formed to purchase, and that this valuable sire will occupy a leading position at the head of a large stock farm in a distant State, therefore the breeders should rally and see that no such occurrence takes place."

The first bid on Happy Russell was $5,000 which was increased $1,000 at a bid until $10,000 was reached, when bids of $100 was made until $12,000 was reached, at which sum he was purchased by Mr. Harry Brooks, of Baltimore. He is regarded by horsemen as being cheap at these figures. It is reported that Mr. Brooks has since refused $15,000 from Hentschel & Hopps for him.

Lady Washington, b. m. by Gen. Washington—Kitty Puss, was sold to Dr. J. C. McCoy for $500. The total amount of sales for stock was $14,376. The price received for Happy Russell was the highest ever paid for a horse in the State. Quite a number of Kent countians were present at the sale.

The gray stallion Alabaster trotted a mile at Independence, Iowa, August 29, in 2.15—fastest four-year-old stallion record. The bay stallion Roy Wilkes paced a mile at same place and time in 2.08¼—fastest stallion pacing record. Maud S. holds the world's record trotting—2.08¾. Johnston (gelding) holds the world's pacing record—2.06¼.

The Republican Rally.

The Republicans of Kent held their first "Grand Rally" of the campaign on Saturday last. George M. Russum, Esq., and George E. Wellington were expected to address the meetings, but Mr. Wellington was unable to be present, consequently Mr. Russum, with local talent, was forced to hold the Republican fort. The first meeting of the day was held in Stam's Hall in the afternoon, but was poorly attended, many of those present being Democrats, who were anxious to hear the nominee from Caroline discuss the McKinley bill and Speaker Tom Reed, which he did in a manner entirely satisfactory to his constituents; but satisfactory to them only. The meeting at Rock Hall at night was addressed by Mr. Russum and Col. Wm. J. Vannort, and is said to have been larger and far more enthusiastic than the Chestertown gathering. Our Republican friends say that the ball has been put in motion, and shall be kept actively on the move until November 4.

CONTROLLING PEACH YELLOWS.

Our Still Pond correspondent sends us the following interesting article from the *American Garden* on the subject of peach yellows:

Horace E. Griffin, yellows commissioner for the township of Casco, Michigan, this week made an examination of the orchards of Mrs. Hiram Griffin and Mrs. Stowe, and of the 3000 trees, he found not a single indication of the yellows. In some of the orchards he found symptoms of yellows, but not to so great an extent as to cause any alarm, it being generally attended to as soon as seen.

This is now the common experience in the Michigan peach region, although it was but a few years ago when growers there were on the point of despair because of the ravages of the yellows. Persistent and united action in eradicating the disease has brought about this happy State of affairs.

Our correspondent says further:

Prof. L. M. Bailey, professor of horticulture, Cornell University, Ithica, N. Y. and editor of the *American Garden*, is staying with us. He is a friend of Dr. Irwin F. Smith. They are visiting peach orchards to-day from Locust Grove to Fishing Valley, taking photographs of diseased peach trees and collecting specimens, etc. The horticultural scientist of to-day takes his camera and plates, microscope, etc., wherever he goes. Prof. Bailey is well versed in the horticulture of our own country and Europe. Cornell University gives him $3000 annual salary and $12,000 for experiments. He planted 500 peach trees at his home in Michigan in '76. Two years afterwards they were swept out by the yellows. At that time ten per cent of the trees were taken out annually. The law was passed and rigidly enforced, and at this time, though the acreage has largely increased, the loss is not one per cent annually.

I will send you items from time to time on the success of the peach yellows law in Michigan. It will be well to keep this matter before the people so they may impress their delegates to the next session of the Legislature with the importance of enacting a similar law for this county. The stamping out process is the only remedy known, and it has worked well in Michigan.

Dr. Erwin F. Smith says peach yellows is steadily increasing, fruit or no fruit. Here are two orchards (out of several dozen he examines on the Peninsula every spring and fall) which are fair samples of the increase of the disease.

No. 1.

Orchard near Still Pond, 3 miles from the river. Seventeen hundred trees set in 1885:

1887	2 cases.
1888 (fruited)	50 cases.
1889 (only 120 baskets)	16 cases.
1890 (no fruit)	76 cases.

Diseased trees have been removed every year.

No. 2.

Orchard on the river. Seven hundred and eighteen trees set in '84, '85 and '87:

'87-'88 (no fruit)	50 cases.
1889 (no fruit)	11 cases.
1890 (no fruit)	116 cases.

Diseased trees removed in '87 and '88 None removed since.

We could give you several dozen orchards but it is useless. The per cent. of increase is about the same wherever the disease is prevalent. If they will became diseased without the fruit what will they do with a crop of fruit on them? A general yellows law seems to be the only preventive.

The peach-growers of Washington county at the last session of the State Legislature, succeeded in having a law passed having in view a stamping out of this disease so destructive to the peach interests of their section. The law has been stringently enforced and with good results. And so conscious are the fruit-growers of the necessity for some active measures being taken in the matter that each and every grower is constituted a committed to see that the law is carried into execution. This matter has been on several occasions referred to in the columns of the TRANSCRIPT and some active measures urged to check the spread of Peach Yellows in Kent. Delaware for several years past has been making an energetic crusade against the yellows, and it is truly a matter of surprise that Kent county, with her extensive peach interests, has for so long a time remained an inactive spectator of these energetic efforts to save the peach. Let our fruit-growers awaken to the importance of this matter, and take measures to blot out the disease which threatens the destruction of their extensive interests.

THE QUAKERS of Sandy Springs, Montgomery county, have fallen into the Democratic line and have formed a club to aid in the congressional fight. This is usually a strong Republican quarter, and this revolt means something more than the simple election of a Democratic congressman. Our Republican friends can read its full import. Let them speak.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Colin F. Stam, druggist.

TRUSTEE'S SAEL
OF 507 ACRES OF
Valuable Land
IN KENT COUNTY, MD.

BY VIRTUE of the power contained in a deed of trust from Henry W. Archer, of Robert, to Hope H. Barroll and James J. Archer, duly recorded, among the land records of Kent county, Md., the undersigned trustees will offer at public sale at Golt's Station, Kent county, Md., on

Wednesday, the 12th of November, '90,

AT ELEVEN O'CLOCK A. M.,

all the Land conveyed to Henry W. Archer, of Robert, by Daniel H. Kent and wife by deed of mortgage, dated 10th day of April, 1885, and recorded in Liber S. B., No. 6, folio 451, one of the Land Records of Kent county, Md., situated in and near the town of Golt's, a station on the Queen Anne's and Kent Railroad, in the First Election District of Kent county, Md.,

Containing 507 Acres,

more or less, and comprised of

SEVERAL DIFFERENT TRACTS,

which were conveyed to the said Daniel H. Kent, as follows:

No. 1. ALL THAT TRACT

conveyed by Thomas G. Chance and wife, by deed dated 12th December, 1882, and recorded in Liber S. B., No. 3, containing about 95 ACRES.

No. 2. ALL THAT 26 ACRES

conveyed by W. R. Miller by deed, dated 19th of May, 1884, and recorded in Liber S. B., No. 5, folio 530.

No. 3. ALSO, 60 ACRES

conveyed by Henry A. Newland and others by deed, dated 20th of March, 1884, and recorded in Liber S. B., No. 5, folio 449, excepting ½ of an acre conveyed to Isaac Lee and others, trustees of the colored M. E. Bethel Church, near Golt's Station.

No. 4. ALSO, 118 ACRES

conveyed by Henry W. Archer and wife by deed, dated 9th of May, 1883, and recorded in Liber S. B., No. 4, folio 675, excepting 1 acre conveyed to Samuel Watts and others, trustees of the Methodist Episcopal Church, near Golt's Station.

Much of the above tracts is heavily timbered, and the soil is naturally rich and productive.

No. 5. Also, ALL THAT FARM

situated at Golt' Station, on the road leading to Smyrna, conveyed by John D. Vansant and wife by deed, dated 4th of January, 1882, and recorded in Liber S. B., No. 3, folio 3, containing about

228 ACRES,

125 of which are under cultivation. The land is of excellent quality, thoroughly ditched and in first-class condition. There is a

PEACH ORCHARD OF 1600 TREES

on the place, 1000 of which are three years old and very flourishing; a SMALL APPLE ORCHARD of Choice Fruit, and one acre and a half in Raspberries. The Improvements consist of

A TWO-STORY

Frame Dwelling House,

with addition; a good-sized Barn, Corn-Crib and Stabling for nine head of horses, all in good condition; also, a Carriage House, Wagon Shed and Cow Stable, all nearly new.

No. 6. Also, SEVERAL SUBSTANTIAL DWELLING HOUSES

WITH LOTS ATTACHED. Other Buildings and Building Lots, all in the town of Golt's, above referred to, among which are three Dwelling Houses, nearly new, on the Sassafras road, about three hundred yards from the railroad.

TERMS OF SALE:—One-third of the purchase money shall be paid in cash on the day of sale; one-third thereof in six months, and the balance in twelve months from the day of sale; the credit payments to bear interest from the day of sale, and to be secured by the notes and bonds of the purchaser with security to be approved by the Trustees; or these terms may be modified.

Pride of England,

IMPORTED

Cleveland Bay Stallion,

REGISTERED NO. 161,

is of a beautiful Cleveland Bay color, stands 16 hands 1½ inches, and will weigh thirteen hundred pounds in condition. He is stylish, fine action and perfectly quiet. In the combined qualities of action, beauty and endurance, he is acknowledged to stand unequaled as a stock horse for farm and carriage purposes. He comes down a long line of the best producers.

The American Farmers' Stock Book, in speaking of the most desirable strains of horses which have been the result of careful and scientific breeding, in coming to the Cleveland Bays, says: "We come next to a class of horses always held in the highest esteem for their many valuable qualities. It is a horse that is now bred to a degree of perfection that leaves little to be desired in all that goes to constitute size, style and ability to perform any labor that may be required, except the heaviest drudgery. The Cleveland Bays are good carriage horses, good and stout wagon or plow horses, and they match together about as easily as Devon cattle, combining as they do, plenty of staunch thorough blood with excellent size and constitutional vigor. Unfortunately they are rare in the United States, but since their introduction into the West, they have been steadily growing into favor. They are remarkable for their pure bay color, dashed only at the fetlocks and in the forehead with white. We have good authority for our admiration of this splendid animal. Canada has of late years become celebrated for finely-bred and finely-matched carriage horses, which is due to the sagacity of some Canadian breeders, in selecting Cleveland Bay Stallions for sires."
