Goes Mr. Trew One Better.

Ocean City, Md., July 22d, 1914.

MR. R. H. COLLINS,
Chestertown, Md.

DEAR HARRY:

In your last issue of the TRANSCRIPT Mr. Bartus Trew shows what old Kent can do in the way of producing large trees. Now I want to say that old Queen Annes can go him one better. On a farm belonging to the late General McKenney heirs, situated about two miles from Church Hill, on the north side of the road leading from Church Hill to Sudlersville, now tenanted by William Porter, stands an oak, a black one, near a beautiful stream, one of the branches of South East River, that measures 24 feet in circumference three feet from the ground. It is a beautiful tree, and one sitting under its shade and watching the beautiful stream as it trickles by, can almost imagine oneself in paradise.

Yours sincerely,
DR. JOSEPH LANE FINLEY.

MARKETING THE TOPIC.

State Grange Holds Summer Session at Tolchester.

An enthusiastic crowd of farmers and their families, 500 in number, gathered at Tolchester on Friday from all parts of the State for the summer meeting of the Maryland State Grange.

State Lecturer Reuben Bringham presided at the afternoon meeting, introducing the State Master, B. John Black, of Baltimore county, who declared it to be the purpose of the grange to work for the improvement of the country community, and that it would do its share in solving the market problem.

L. B. Flohr, of the office of markets of the United States Department of Agriculture, discussed the relation of parcel post to the marketing of farm products and its bearing on the cost of living problem.

CANNOT ABOLISH MIDDLEMAN.

"We cannot do without the function of the middleman", he said, "but we should reduce their number and use every channel that opens to us for getting the producer and consumer in contact. There seems to be a mutual distrust between them that must be overcome. As his share the producer must supply a high-grade product that will command a fair price and give the consumer a square deal".

Robert L. Graham, of Baltimore, president of the State Horticultural Society, urged those in attendance to visit and exhibit at the Maryland Week Exhibit to be held in Baltimore, beginning November 16, which, he said, will be the largest show yet held. It is planned to have a model dairy with real cows as a part of the exhibition.

URGES CO-OPERATION.

Dr. H. J. Patterson, president of the Maryland Agricultural College, made a strong address on the need of co-operation and profit sharing in the home. "If you are unfair to your sons and daughters," he said, "in letting them share with you in both the profit as well as the work of the farm, you cannot expect them to co-operate with their neighbors or trust them in marketing and selling their produce. Neither should co-operation be attempted at first in a wholesale manner. Let two farmers in a neighborhood or grange co-operate successfully together and others will soon join them."

The agricultural college, he asserted, should be equipped to study and lend aid in solving the market problem, as it is the problem of greater production.

Dr. Augustus Stabler, State Demonstration Agent, spoke on the forming of a co-operative producers' association. The things he considered essential to its success were an equality vote, the limitation of interest in shares and the division of profits in proportion to patronage. He was followed by George Wayson, of the Producer to Consumer Co-Operative Association of Baltimore, who concluded the program.

The sentiment prevailed among those attending the meeting that the grange should lead in solving the problem of the high cost of living on the part of the Maryland producer.

Fighting Strength of European Powers.

	Men they can muster.
Russia	5,500,000
Germany	5,200,000
France	4,000,000
Austria	2,000,000
Italy	1,200,000
England	750,000
Roumania	500,000
Servia	240,000
Greece	150,000

	Ships in service.
England	569
France	419
Germany	325
Russia	220
Italy	169
Austria	114

This includes all types, from dreadnoughts and cruisers to submarines and auxiliaries.

AS THE CONTENDING POWERS ARE LINED UP.

Russia, France, England, Belgium and Servia can put into the field 10,690,000 men, though all these are not ready for immediate service.

Germany, with its 5,200,000, and Austria, with 2,000,000, have a total war strength of 7,200,000 soldiers.

Italy, Roumania and Greece, which have proclaimed their neutrality, command 1,850,000 men.

In warships England, Russia and France have in service 1,208 vessels; Germany and Austria, only 439.

This is not a struggle between the Triple Alliance and the Triple Entente, as Italy refuses to act with her allies, depriving Germany and Austria of the aid of her 1,200,000 soldiers and 169 war vessels.

Lieut.-Commander Keating Disappears.

Lieut.-Commander Arthur B. Keating, of the United States Navy, disappeared from the battleship Arkansas in Vera Cruz harbor last week. News of the disappearance reached Washington on Saturday.

Lieutenant-Commander Keating distinguished himself in the second day of the fighting at Vera Cruz last April. He was placed at the head of the marines from the battleships Florida and Arkansas, who pressed their way to the centre of the city after the taking of the Custom House, and cleared the town of Mexicans who were firing from the housetops at the Americans. The deceased is a brother of Thomas J. Keating, of the Centreville bar, who, with another brother, Dr. Frank W. Keating, of Pikesville, have been in Washington during the week seeking information relative to the disappearance of Lieut. Keating. The deceased leaves a widow and son.

A WORD WITH WOMEN.

Valuable Advice for Chestertown Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex". Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Chestertown woman's convincing statement:

Mrs. A. A. Sparks, High street, Chestertown, Md., says: "I have used Doan's Kidney Pills and they have given highly satisfactory results. I strongly recommend this remedy."

Mrs. Sparks is only one of many Chestertown people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask *distinctly for Doan's Kidney Pills*, the same that Mrs. Sparks had—the remedy backed by home testimony. 50c all stores.
