Chestertown Transcript.

PUBLISHED EVERY THURSDAY.

THURSDAY, APRIL 16, 1891.

COLLINS & HOPPER,
EDITORS AND PUBLISHERS.

LET NO MAN who is interested in the manufacturing development of Chestertown and its financial advancement, be absent from the meeting on Monday evening next. The instrument of incorporation is now ready; the time has arrived for the payment of fees and an energetic prosecution of business by the Board of Trade.

THE MEETING AT ROCK HALL this evening will be one of far-reaching importance to the tidewater counties of Maryland, and indeed to the whole State. An energetic protest will be raised against the movement tending to the leasing or sale of the State's oyster grounds. We are heartily in sympathy with the oystermen in this move and are uncompromisingly opposed to the measure. Such a system would be fatal to the great oyster interests of the State, besides being vicious in principle.

APRIL 10 was the 100th anniversary of the first American patent.

CAPT. WILLIAM D. BURCHINAL is classed with the Republican leaders who now "hold the winning hand."

THE EASTERN SHORE is expected to produce "a big crop" of Congressmen for the approaching campaign. Col. Vannort, give them another trial.

MCCOMAS is said to have the vantage ground as leader in State Republican politics, over James A. Garey, the heretofore Napoleon of party battles.

CHICAGO on Sunday last was visited by a one-million-dollar fire. The fire broke out in the centre of the city, and was the most destructive since the great fire of 1871.

THE *Denton Journal* is making a great the fight for Col. Gadd for comptrollership. No better man could be found in the State for the place, but somebody else wants it.

THE *Maryland Republican*, published at Annapolis, has joined hands with the Farmers' Alliance, of Anne Arundel, and is now the recognized organ of the Alliance in the county.

GOVERNOR JACKSON'S Senatorial contest is declared to be wholly and entirely in the hands of his friends. Will he be in the hands of his friends or in the Senate after the fight is over?

OUR ADVICE to the farmer is to stand by the Democratic party and experience the benefits of the sweeping financial reforms that will mark its return to power in our national legislation.—*Snow Hill Messinger.*

AFTER referring to the very interesting report of the Still Pond Farmers' Club, the editor of the *Maryland Republican* remarks: "By the by, the subject of marriage seems to be a favorite one with the good people of Kent." And why should it not be?

SHAMEIKEN, the man who was arrested on Monday on suspicion of being about to make an attempt on the Czar's life, belonged to the Scævola Club, of Kharkoff, the members of which are bound by oath to make continual efforts to murder the Czar.

THE *government* at Washington pays two cents per pound for all sugar made by Louisiana sugar-growers, or eight millions of dollars per year. Ah! Mr. McKinley, notwithstanding your indirect taxation and class protection, the *people* pay the money.

THE *Marylander* says: "The impression seems to be gaining ground among the people that either Col. Luther T. Gadd, of Caroline county, or Dr. George Wells, of Anne Arundel county, will be the best choice this year for the Clerk of the Court of Appeals nomination this fall."

HON. LEVIN L. WATERS, of Somerset, thus conditionally accepts the proffered State Senatorship: "Although I cannot and will not seek the nomination, yet if it is tendered to me with that degree of unanimity which should augur success, I will not refuse to serve them" (the people).

THE FINANCES of the board of School commissioners, of Carroll county, are barely sufficient to keep the schools open more than three terms in the year, and a number have already been closed, not to be opened until September next. A fatal economy this. More schools means less almshouses and jails.

BY THE REMOVAL of the protective tariff wall from sugar the people save two cents a pound on three thousand million pounds of sugar annually—a saving of $60,000,000. The Hagerstown *Mail* makes the query: "Now, why not remove it from the poor man's dinner pail and coffee pot and tin cup, and make them cheaper?"

AT THE recent meeting of the County Farmers' Alliance of Kent county, a resolution was unanimously passed condemning the proposition to sell or lease the State oyster grounds. This action of the Alliance is in harmony, we believe, with the general feeling, and, we might almost add, the unanimous feeling of the citizens of Kent county on this subject.

THE OLD POPLARS have been removed greatly to the improvement of the appearance of the town. Young trees will be planted within the next few days. While the spirit of improvement is abroad in the land, would it not be well to re-lay the pavement along the line of the old trees? This is an improvement which is needed. The absence of flagstone crossings on our back streets is also a source of much inconvenience.

CHESTERTOWN has organized a Board of Trade, the authorities have cut down some unsightly old poplars that encumbered the square, and the removal of the old market-house is being agitated. All this is being done at the instance and through the persistent hammering at improvement by our esteemed cotemporary, the TRANSCRIPT. It pays a town to have a good, lively paper that looks out for local interests, first, last and all the time.—*Baltimore Herald.*

TO THE WEST via B. & O. R. R.—The B. & O. is the only line running solid vestibule trains from Wilmington and Baltimore to Chicago, Cincinnati and St. Louis. Parties desiring to visit the West or to locate there permanently would do well before purchasing their tickets to communicate with H. A. Miller, Passenger Agent, B. & O. R. R. Wilmington, Del., or D. Bride, Passenger Agent, Baltimore.

[COMMUNICATED.]

PEARCE FOR THE UNITED STATES SENATE.

EDITORS TRANSCRIPT:—Referring to the mooted subject of the appointment or election of a United States Senator to fill the unexpired term of the late lamented Senator Wilson, it seems to the writer to be high time for the press of this county and the people whom it voices, to "cry aloud and spare not" in demanding of the Democratic party a recognition of the claims of Kent county in connection with appointments to the national councils. In the olden time, when called upon to furnish men capable of sustaining the honor and dignity of the State of Maryland in the Senate of the United States, at the time when that august body was illuminated by such great lights as Clay, Webster, Calhoun, Cass, Benton and others, was Kent found wanting? Did she not send her great sons Ezekiel F. Chambers and James Alfred Pearce, whose brilliant statesmanship placed their names high up on the scroll of fame? And when at the close of the war between the States the Republican party sought by the impeachment of Andrew Johnson to sweep aside all obstacles to their unbridled will, George Vickers well and ably upheld in the Senate of the United States the honor of Maryland and the cause of constitutional government. Has Kent county degenerated, in any sense, since that eventful time? No, a thousand time no! Her sons can point with pride to her progress in the intervening period. Look at her agriculture, her commerce, her means of transportation, her schools, aye! and her bar. Does she compare unfavorably with her sister counties in any respect? Has she not upheld the banner of Democracy and been faithful to the principles of its immortal founder? Why, then, in the distribution of State and national offices has she been so long and so persistently ignored? Senators and Representatives in the Congress of the United States, Governors, Comptrollers, Treasurers and other State officers have been appointed from other counties, but Kent has been relegated to the background. She now claims recognition, and stands ready to name as a candidate for Senatorial honors, her most distinguished son, James Alfred Pearce—a whorthy son of an illustrious sire. A Christian gentleman in the highest sense of the word, a ripe scholar, an astute statesman, framer and expounder of laws; now in the prime of life, when he is best qualified, mentally and physically, to render efficient service in public council. No man is better or more favorably known to the citizens among whom he was born and among whom his whole life has been passed. If the choice of a U. S. Senator were left to his county, it is safe to say he would receive the votes of every Democrat, every Alliance man, aye! and of many Republicans within her borders.

He is largely engaged in farming, as well as in the practice of law; is well aware of the present depressed condition of farmers, and has their interests near his heart.

Agriculture is the predominant interest of the Eastern Shore, and those engaged in that pursuit would have in him an able, fearless, and honest champion. In short, he would be a Senator "without fear and without reproach."

His well-known modesty is likely to preclude him from "blowing his own trumpet." His friends should, therefore, speak out in his behalf; or rather, in behalf of Kent county. As stated in the beginning of this article, it is high time that our press and our people should "cry aloud and speak out."

FIFTH DISTRICT.

CAPTAIN WILLIAM C. SPENCER, who served with distinction on the frontier, prior to a most gallant record made in the Union army, has made application asking to be placed on the retired list of the army, and it is thought his case will be favorably reported on. Captain Spencer has many friends in Kent and Queen Anne's counties, as also throughout the State. He with Mrs. Spencer spent the summer of 1889 in Chestertown.

BUT Worcester county trots out J. Walter Smith. Dorchester will name Henry Lloyd notwithstanding his course towards Charlie Gibson, Talbot will come out strong for Gibson, in spite of Frank Turner's pushing Edward Lloyd, (We don't believe Lloyd can be caught with that kind of chaff.) Queen Anne's has John B. Brown, Thomas J. Keating, Judge Robinson and General McKenney, Kent has James Alfred Pearce.—*Balto. Argus.*

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers.—For cure of Headache, Constipation and Indigestion try Electric Bitters—Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and $1.00 per bottle at Colin F. Stam's Drugstore.

GOVERNOR JACKSON starts with four votes in his own county, Wicomico. A combination with Senator Brattan, which includes the comptrollership, gives him the four votes of Somerset. Of these eight votes he is certain. Dorchester county is out of the senatorial fight, and a combination may be made there which will give him the four votes of that county. Caroline county can bring him three votes in exchange for Wicomico's four for Luther Gadd for clerk of the Court of Appeals; and after a complimentary vote for Senator Brown, in Queen Anne's, the four votes of that county will be turned into the Jackson column. That is the way a little figuring makes it look on paper, but that senatorial boom of his, will find the way to Washington a longer and harder one to travel than the road to Annapolis. Then, it is further claimed that if Senator Smith cannot secure the prize, Worcester will increase Jackson's vote to twenty-three, which is only eight less than the entire vote of the Shore. Of course, with the realization of such a plan as this Governor Jackson must win, but it includes almost too many "ifs" to look very substantial. Cecil county is not taken into the calculation at all.—*Balto. American.*

STATE OF OHIO, CITY OF TOLEDO, LUCAS COUNTY. } ss.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the city of Toledo, county and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1886.

{SEAL} A. W. GLEASON, *Notary Public.*

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

Sold by Druggists, 75c.

A TRAGIC MURDER IN CECIL.

Mr. Richard's Pistol Duel and Struggle in His Country Home—A Singular and Tragic Affair.

The residence in Cecil county of J. Granville Richards, custom inspector at Baltimore, was entered by burglars shortly after midnight Sunday, and Mrs. Richards was shot and killed, and her husband is lying dangerously injured by two pistol-shot wounds..

Mr. Richards has a position in the Custom House, Baltimore, and returned each week to his residence in Cecil.

After midnight, somewhere in the neighborhood of one o'clock in the morning, Mrs. Richards was awakened by a disturbance in her bedroom. She called to her husband, who was sleeping beside her, and said that some one was in the room. Mr. Richards rose up in bed and pulled a revolver from under his head and cried, "Who is that? Speak or I will shoot!" The words were scarcely out of his mouth before there was a report from a pistol coming from the direction of the door. The ballet struck Mrs. Richards in the head, and she fell over in the bed. Her husband returned the fire and sprang out of bed and made for the burglar, whom he heard retreating from the room. As it was very dark his aim was directed at random and hit nothing but the wall.

A DUEL IN THE HALL.

Mr. Richards followed into the hall, and hearing someone moving about there supposed it was his son William, questioning him to that effect. No one spoke, but there was a second report from a revolver, and Mr. Richards was struck. Mr. Richards returned the fire, and there was a tussle for a moment or two, when Mr. Richards was struck by a heavy piece of iron, which turned out to be a chisel. The blow was received on his left wrist and somewhat weakened his hold on his assailant, and he tumbled heading down the stairway. Before doing this he managed to fire a third time at the burglar, but is pretty certain that not a single shot took effect in the body of the person they were intended for. The burglar followed Mr. Richards down the steps and struck him a second time with a piece of iron, and also shot the badly wounded man a second time. At the foot of the stairs the burglar made a hasty exit from the house, leaving behind him but the slightest thread to lead to his identification or help the officers of the law in pursuing him.

The doctors found Mrs. Richards in an unconscious condition, and she died at 6 o'clock without having spoken a word. The ball that killed her entered just behind the right ear, and lodged in the brain, causing hemorrhage.

WOUNDS OF MR. RICHARDS.

Mr. Turner does not think Mr. Richards' wounds will prove fatal. One ball entered the back at the lower border of the ribs on the left side, followed the ribs around for about six inches and made its exit in front. The second ball struck him in front above the abdomen and about in line with the posterior wound, and is supposed to also have made an exit in the back. There are four holes, two of them being taken as evidence that the bullets did not lodge in the body.

BOOTY CARRIED OFF.

The booty secured was two pocket-books, taken out of Mr. Richards' clothing in the bed-room, containing $50, a gold hunting-case watch, and also a silver watch owned by one of the boys was secured but dropped in the hall when the burglar was tussleing with Mr. Richards. Bonds of the Pennsylvania Railroad of almost $1,200 value were also taken away.

FOOTPRINT CLUES.

Footprints of different sizes on the soft earth of the lawn in front of the house were implicated in the affair. One is large, made by a No. 10 shoe; the other is considerably smaller. The burglars broke the fastenings off the gate in their flight and were tracked across the fields to Port Deposit.

DIRECTORS' ELECTION NOTICE.

The annual meeting of the members of the MUTUAL FIRE INSURANCE COMPANY of Kent county, for the election of Directors will be held at their office on MONDAY, May 4, 1891.

GEO. B. WESTCOTT, SECRETARY.

OFFICE OF THE

Local Board of Health.

CHESTERTOWN, April 1, 1891.

It is thought advisable at this time to call the attention of the people to the law requiring parents, guardians and others to exercise the greatest care and precaution with children who are exposed to contagious diseases, especially as regards schools, churches and other gatherings.

The law imposes a penalty upon all such who disregard these injunctions.

At this season we are more or less exposed to contagious diseases; such diseases are known to be prevalent in adjoining counties and Baltimore city.

Any information desired may be had by applying to the Secretary of the Board.

W. FRANK HINES, M. D., Secretary Board of Health.
a4-3t.

The Thoroughbred and Full-Blooded

JACK NIMROD,

WILL TRAVEL THIS SPRING IN KENT COUNTY.

He is of the purest blood, and in proof thereof his valuable Mule Colts can be seen throughout the county.

—TERMS:—

Twenty Dollars to insure; $10 by the Season; 50 cents cash for the groom in each case.

For season mares, money payable at end of season; for insured mares payable as soon as colt falls.

Our Corn Phosphate.

TRADE MARK

We Manufacture a Special Corn Fertilizer

that has been used for years with the greatest satisfaction. This goods is prepared especially for Corn, and not only makes a vigorous growth and matures well on good ground, but is said to prevent fretting, as well as makes good Corn on stiff soil. Corn is now a good price; nevertheless we are selling the Fertilizer cheap.

A. J HYNSON & REED Grew over fifty bushels Corn to the acre with it last season.

MR. R. J. CATLIN, of Q. A.'s county. Lofted two years ago 1700 bushels Corn off 26 acres where he used our Phosphate.

MR. WM. F. FORD, Ford's Store, Queen Anne's county, Md., says: He has been using our Phosphate on Corn for six years, and likes it the best of anything he has ever used.

MR. ALLEN WALLACE, of Swedesboro', N. J., says: I could tell to the very row where I used your Fertilizer on my Corn. When I came to mow my Grass where the goods had been used, there was such a difference in the crop that some of my friends asked me why I mowed part and let the other stand, when the truth of the matter was your Fertilizer made the Grass five or six inches higher. It was more marked from the fact that the rows ran diagonally across the field, and I could see the difference in the second mowing. I believe it to be grand good stuff.

MESSRS. W. M PETERS & SONS, Wesley, Md., March 18, 1891, says: Your Corn Phosphate used last year by us and our tenants, acted better on Corn than anything we ever tried. Being a new goods our men were loath to take hold, preferring to use what they were accustomed to, but they did, and tested it alongside of Humphreys & Tilghman B. & Ross' C., both costing several dollars more per ton, and we all pronounced yours the best we ever used. You can ship us about April 10th fourteen tons more the Corn Phosphate, eight tons Truck Phosphate and two tons Fruit Grower.

FOR TOMATOES.

MR. R. S. EMORY, Chestertown, Md., says: The one ton of your Extant Fertilizer purchased of you last Spring was used upon my Tomatoes, and gave entire satisfaction. I applied it by sowing broadcast and cultivating in. The crop was one of the nicest I ever grew, the fruit being large, smooth and perfect, and yielded fifteen tons to the acre. If there is a cannery to grow for this year, will want to use it again.

MR. JAMES R. MASSEY, of Darlington, Harford, Md., says: He grew for the canners. Used our goods alongside of Dis. Animal Bone and Oriole Phos., and that his product netted $14 more per acre.

MR. EDWARD PLUMMER says: He put his Young Peach Orchard in Tomatoes; used our goods; sold to Lynch's cannery in 1888, and they netted him $47 per acre.

MR. PHIL. PARKER, Swedesboro', N. J., says: He used ours alongside of Mapes, that cost $44 per ton, and that ours was equal in every respect.

WE COULD GIVE THE NAMES Of Hundreds who have used our goods on their various crops, and should you want to plant Potatoes, Cabbage or any kind of Vegetables, write for one of our Circulars.

T. R. HUBBARD & SON, MANUFACTURERS, CHESTERTOWN, MARYLAND.

READ! A BIG CUT SALE. READ!

COUNTY COMMISSIONERS'

ANNUAL NOTICE.

The County Commissioners of Kent County will meet at their office in Chestertown, on

Tuesday, 3d day of March, 1891,

AT 10½ O'CLOCK A. M.

and will continue to meet at the same place and hour

EVERY TUESDAY

Until the 5th day of May next,

for the purpose of noting transfers and correcting assessments.

All persons who have sold or transferred any assessable property since their last sitting for said purpose, are particularly requested to attend at an early day to have their assessments corrected and adjusted.

Persons making application for transfers of property will be required to comply with the following sections of the Code, Article 81:

SEC. 18. Whenever any person shall make application for any allowance or deduction on account of the sale, transfer, alienation, loss or removal of any property, or the collection or payment of any public or private security for money, the County Commissioners or Appeal Tax Court shall interrogate him on oath in reference thereto and the disposal of the same, and especially inquire of him to whom the same has been sold or transferred, and the amount of the purchase money, or the money collected, and how the same has been invested.

SEC. 19. They shall also interrogate said person on oath in reference to any acquisition or investment made by him and not already assessed, and the amount of all such acquisitions and investments shall be added to the assessable property; and if he refuses to answer, no allowance or deduction shall be made on his assessment.

After Tuesday, 5th day of May next

No ALTERATIONS or CORRECTIONS in the assessments will be made for the present year.

THE TRUSTEES OF THE POOR OF KENT COUNTY,

will be appointed on the Second Monday—13th day—of April next.

A KEEPER of the STANDARDS

—OF—

Weights and Measures

will be appointed on Tuesday, the

14th DAY OF APRIL NEXT,

All persons having ACCOUNTS against the county are requested to present the same on or before

Tuesday, 2d day of June next,

otherwise they may be excluded from the levy this year. All accounts properly chargable to the county are required to be made out in a clear manner and itemized and rendered under oath.

All applications for pension must be made in writing, stating the condition and circumstances of the applicant and vouched for by three or more freeholders having a knowledge of the facts therein set forth.

N. B.—All persons neglecting to have their assessments corrected are hereby notified that no
