THURSDAY was the twenty-eighth anniversary of the Emancipation of Slavery.

THE irrepressible Benjamin F. Butler thanks an expectant public, and says that he is not dead, but is still kicking.

AS AN OUTGROWTH of the depression in the iron trade, famine threateus in English district occupied by iron-workers.

THE Frederick county Republicans have appointed delegates to the State convention in the interest of Lloyd Lowndes for Governor.

WHAT STRENGTH has the Farmers' Alliance? is a question easier asked than answered. It has more strength possibly than some are disposed to believe.

THURSDAY was the occasion of the reunion at Penn Mar of the pastors and members of the Reformed churches of Maryland, Virginia and Southern Pennsylvania. About eight thousand were present.

AT THE Republican primaries of Wicomico on Saturday a stubborn factional contest took place, one faction desiring a straightout Republican ticket; the others desiring a fusion with independent Democrats. The fusion will be made.

THE REPUBLICANS of Montgomery have endorsed Col. Vannort for Governor, and Dorchester has done the same. May be a certain Kent countian will be nominated by acclimation at Atlantic City on August 27 for Governor of the State.

A REUNION of the First Eastern Shore Infantry was held at Easton on Wednesday, August 12. Of twenty surviving line officers, six were present. It was decided to hold the next meeting at Easton, on the fourth Wednesday in August, 1892.

FRIDAY'S *American* says: "Around Ocean City the wild waves are whispering that Colonel Vannort will be the Republican nominee for Governor. He will make a strong candidate." Success to you, colonel, in securing the nomination, but let your political success in the present campaign stop there. Col. Vannort for the nomination, but Frank Brown for Governor.

OUR peach growers are still confronted with difficulties in getting their fruit to profitable markets promptly. They claim that the Jersey Central Railroad, of New Jersey, is not delivering their peaches on scheduled time, thus causing considerable loss in prices; and that the Baltimore and Delaware Bay Railroad refuses to give to the Pennsylvania road any shipments consigned to Jersey City or to New England points, but send all shipments to those markets over the Jersey Central, who delays their fruit with the above results. Our peach growers are asking for more prompt delivery, which they have a right to expect. Some of them have been in correspondence with the officials of the Pennsylvania road, and a letter from that company has been handed us, which is as follows: "So far as any cars which are delivered to our railroad by the B. & D B. R. R. at Massey's, are concerned, our agent at Massey's has instruction to look after them, and see that they are promptly carried over our lines."

THERE SEEMS TO HAVE BEEN a misunderstanding in regard to the object of the meeting of the "Independent Democrats," called to meet at Centreville last week. A writer to the Baltimore *Sun*, "intimately connected with the movement," states, "that there is not the slightest objection to the existing ticket; in fact, it is one indorsed by all Democrats; but the movement is one started by the staunch independent Democracy as an organized effort against the present political methods of bossism in our county, and especially against the miserable factional contests that have well nigh ruined our beloved old party right here in one of its strongholds. In justice, then, to the movement, and to those who indorse the movement, I wish you would inform your readers that it is one aroused by popular clamor against the bitter factional fights founded solely on personal prejudice, which fights they are determined to bring to an end. The independents indorse the present ticket, and there is little doubt of its exciting hearty support throughout the county."

If the ladies would abandon cosmetics and more generally keep their blood pure and vigorous by the use of Ayes's Sarsaparilla, naturally fair complexions would be the rule instead of the exception, as at present. Pure blood is the best beautifier.

THE QUEEN ANNE'S BOARD OF COUNTY COMMISSIONERS last week passed an order to the effect that the statement of county expenses for the fiscal year ended July 30, be published in the Centreville *Observer* and the Queen Anne's *Adeocate* under contract. This leaves the *Record* without a taste of the tempting plum, and was a great disappointment to the friends of that paper. The *Observer* champions the cause of the *Record*, and pays its respects to Col. Legg and his paper in most energetic style, referring to the genial editor of the *Adeocate*, or some other unnamed person as follows: "If there are any more broken down political hacks, who Othello like, find themselves "without an occupation," we would suggest the following remedy: After having tasted the sweets accruing from a long succession of public offices, retire to the shades of the shire town of your native county, purchase a second-hand, double-back-action printing press, a few hundred pounds of type, a little ink and a few necessaries; start up a so-called newspaper that will *adeocate* your own supposed claims particularly and generally; secure a share of the county printing, and, then possibly, you will be fixed for the remainder of your life, even though you may unsuccessfully attempt to carry the district in which you previously resided, at two successive primary election contests. 'Ye back numbers,' try this remedy." The *Record* pursues the even tenor of its way without a word, but we surmise has done a monstrous piece of thinking. The *Adeocate*, too, is eloquently silent on the subject, but throws in the following editorial in a general way: Combines and monopolies sometimes win, and sometimes they do not. For those in, when they win, it pays well and proves profitable, the large profits coming out of the public. If defeated in thus wronging the public, somebody has to bear the blame, guilty or not, and a greot howl is then set up, utterly regardless of any sense of justice or truth. This the public generally understands."

PUT MR. VANNORT AT THE HEAD OF THE STATE TICKET.

A Good Republican, a Brave Soldier, a Practical Farmer, and a Man Well Fitted to Be Governor of Maryland.

Colonel William Joseph Vannort, of Kent county, is the man to whom all present indications point as the Republican nominee for Governor of Maryland.

The Republicans have been looking around through the counties for a good, strong man to run against Frank Brown. To make the match as complete as possible, a farmer appears to be in demand—one who works a farm, and a man against whom the farmers will carry no grievance. They will require that he shall be a faithful party man, and fully as loyal to his organization as the Democrats claim Mr. Brown is. They have found the man in Col. Vannort, whose name has been favorably received in the city and counties as an available, popular and satisfactory man, if he will consent to run. No other name is mentioned for the nomination. Some of his friends in Kent say they believe he will accept the nomination, provided he does not have to make a bitter canvass against other men in party ranks. They think some of the other counties may have prominent men and favorite sons who may receive some votes; but if the action of the convention in naming Col. Vannort is unanimous, or if the nomination is reasonably so, that he will take up the party's standard and carry it from Worcester to Garrett, and from the Susquehanna to Point Lookout, and rally around him the Republicans of the State until election day, in November.

The delegation from Kent county to the State convention is already selected, and Col. Vannort is one of the six delegates who will cast three votes of the county at Ocean City, on August 27. His colleagues are Messrs. James H. Baker, Dr. A. R. Todd, C. T. Westcott, F. H. Harper and Lewis Henry.

HE WAS A BRAVE SOLDIER, TOO.

Colonel Vannort was a strong favorite in Kent county for the congressional nomination last fall. He was born in Chestertown, in 1835, moved to Philadelphia in 1844, and returned to Kent county in 1846. At the age of fourteen he managed two farms during the severe and protracted illness of his father. His early days were spent on the farm, and he did the hard work of driving, ploughing, cutting wood and looking after the hands and crops when he was not going to the county schools, where he received his primary education. He entered Washington College, Kent county, in 1853, and after finishing his collegiate course went to his farm, and thence to Cecil county, and spent two years in mercantile life. When Fort Sumpter was fired upon, and President Lincoln called for volunteers to defend Washington, the young merchant and farmer at once offered his services to the government, and went to the front in the Second Maryland Volunteer Infantry as a private. He remained in the army until the close of the war, and was severely wounded at Snicker's Gap, Shenandoah Valley, Va., by a gunshot wound through the right lung and by a shell in the left leg. He went into the fight as captain, in command of the right company of the regiment, with forty-seven men, and came out with only seventeen when carried off the field. When the war was ended the young ex-soldier went back to his store, but the wounds he received weakened his health, and he again returned to his farm. To-day Col. Vannort is one of the most successful practical farmers in the State, and one of the largest fruit-growers in Kent.

For several years Col. Vannort has been an active member of the executive committee of the Kent County Agricultural Association and also its vice president and president. He is now the vice president of the Maryland State Farmes's Association.

Col. Vannort has long held a prominent position among the people of his native county. He served his country faithfully, as his wounds attest, and year after year he has represented his county in county, district and State conventions. He has very agreeable and popular manner, and a good presence. He can make a good speech too, and whenever he comes to Baltimore is certain of a cordial welcome by a large circle of friends and business acquaintances.

We have copied the above from the *Sunday American*. Farmer Vannort is now one of the busiest men in Kent, having on hand large agricultural interests and his Gubernatorial campaign.

Beginning on same date a Tug with Schooners in tow will leave Ben's Point at 4 00 p. m., stopping at Island Creek 5 p.m. and South East landings, 6 p.m. connecting with the main line at South East river, arriving in Baltimore, Pier 10 Light street, about midnight. Returning, will leave Baltimore at 6 00 a. m. for Chester river, stopping at above-named landings.

We beg to present to the public our facilities for the care and handling of their fruit with promptness and dispatch. We have extra wharf room in Baltimore for the reception and protection of fruit. For fruit received on the river, large covered freight Scows will be placed at the landings where ample wharf room is needed and an agent to receive same. Buyers have made arrangements to be upon each route to purchase fruit, and arrangements have been made with the railroads in Baltimore for reshipments of fruit to the different markets.

It is a settled fact that this line has saved to the shippers of Kent and Queen Anne's counties thousands of dollars in freights, and if proper support is given, you will receive future benefits. Free fare to all shippers.

Manufacturer of FERTILIZERS,

CHESTERTOWN, MARYLAND.

Standard, New Life, Reliance.

THE ABOVE BRANDS OF FERTILIZERS

Have now been used in this and neighboring counties for the past five years, and during that time have given general satisfaction. My facilities for manufacturing are now better than hitherto, and I guarantee to fill all orders promptly and in first-class drilling order.

If those farmers who have not yet tried any of our brands of Fertilizers, will enquire from some one who has used them, as to results obtained, I think that they will be induced to give them a trial.

When You are About to Purchase Your Fall Supply of Fertilizers Remember That

T. R. HUBBARD & SON,

Are Entitled to Your First Consideration.

BECAUSE
They are home manufacturers as well as the pioneer manufacturers of the Shore, and if home industries are not encouraged by home people, from whom may they expect help?

BECAUSE
They are in a position to give you more for the money than anybody else, buying largely as they do and accordingly low, and sell to you direct, thereby saving you a profit.

BECAUSE
They have the latest and best equipped Fertilizer Machinery, and are at less expense than the city man, and do not take advantage of this saving in selling you.

BECAUSE
They put their goods up in 167-lb. bags as well as always have them in first-class drilling condition and sell all goods delivered without freight, on time if desired.

BECAUSE
They have held their trade, some of their customers having dealt with them for fifteen consecutive years, and some of these very people have threshed this season the largest yield they ever had.

BECAUSE
Just as sure as 2 and 2 make 4, it stands to reason that the more solid value you can buy for the least money, the more money there will be left to go in your pocket.

We Are Still Offering Our A. A. BONE SUPERPHOSPHATE at $27, time, although some materials have advanced, and our Imperial Compound at $22, time.
