IT IS ANNOUNCED by cable that La Grippe is on its return trip to this country. Has the foreign visitor ever been away.

IN THE LATEST SPEECH of Mr. Gladstone the "grand old man" referred to America as a "retrograde nation." The illustrious citizen and champion of Home Rule is evidently not up with the times or is just a little off.

EX PRESIDENT CLEVELAND is the father of a bouncing eight-pound girl. The advent of the young lady occurred on Saturday morning, and the ex-President is declared to be the happiest man in America. Should Miss Cleveland ever prove the charming success of her mother, the retired mistress of the White House may well point with pride to her daughter, declaring that she "is my jewell."

ANTICIPATING much local news for this issue, we have purposely cut the space on the first and fourth pages in order that our subscribers might receive the benefit of an unusual fund of live and interesting local matter, and still our columns are unequal to the great demands made upon them for space, and to out regret we are forced to leave out interesting correspondence and an elaborate account of the great Democratic rally on Tuesday.

STATE AND PENINSULA.

It is estimated that the Delaware railroad made $20,000 a day during peach season.

The engine for Dover hosiery factoy has arrived.

Milford, Delaware has lost the shirt factory of Strawbridge & Clothier, which will be moved to Philadelphia.

W. C. Reynolds, of Middletown will manufacture the set of harness in which "Allerton," the great trotting stallion will trot against Nancy Hanks in the $8,000 race at Lexington, Ky., on the 14 inst.

Miss Ida L. Hubbard, of Dorchester county has entered suit for $10,000 against L. O. Hubbard, of Caroline county for alleged breach of promise.

Rev. T. H. Lewis, president of Western Maryland College has started on a trip around the world, to be gone for three months.

Centreville is to be persecuted by that annual "chestnut" the "greatest show on earth."

A mare owned by W. Brice Beckwith, of Dorchester county died last week, aged 39 years, 4 months and twenty days.

Burglars are operating in Harford county.

Baltimore city contains 201,856 acres of land.

Turf Notes and Gossip.

The stallion trotting record has been lowered at Independence, Iowa, Allerton making a mile in 2.09¼. The first three-quarters were made in 32¼, 1.04½, and 1.37¼. It is proposed to trot him against Nelson.

The French government in order to encourage horse-breeding, buys the best stallions and charges a fee of perhaps $3 for their service. While no national interference with the enterprise of those who are engaged in breeding and standing good horses is desirable in this country, there is one regulation that might be adopted by the State authorities, and that is to prevent unsound and worthless stallions from doing business. In this country a service fee no higher than twice that exacted by the French government is generally a mark of an inferior horse. Such horses get poor colts, and you will sell them cheap.—*National Stockman.*

Democracy's Big Day in Kent!

ELOQUENT SPEAKERS AND ENTHUSIASTIC CROWDS AT TUESDAY'S MEETINGS

A Striking Picture of the Next Governor of the State of Maryland.

Never within the history of Democracy in Kent has its expounders enjoyed a more elaborate and royal reception. Representative Democrats were present from every nook and corner of the good old county, and there was a general uprising and outpouring of the Democratic hosts John P. Poe, that eloquent and profound expounder of the law and of Democratic doctrines surpassed any previous effort. Farmer Brown was in touch with his audience, and was tendered a magnificent reception. His speech was enthusiastically received, and as we first raised his standard in Kent, we extend to him the unqualified assurance from the responsive heart of the people that "Farmer Brown is all right" in the good old county now rife with Democracy.

Ex-Senator Peter, of Howard, surpassed any previous effort and is now recorded as an annual champion in Kent's great battles. The ex-Senator spoke in a most happy vein, and won the sympathy of the vast audience which heard him. The State Senate needs such men as Peter.

Colonel Wm. Kilgour, the ornate, the logical and the persuasive orator, held his audience by one of the most masterly efforts of his long career of brilliant political achievements upon the hustings.

Harrison W. Vickers, as chairman of the State Central Committee, in calling the meeting to order, made a characteristic speech, eloquent and concise. Nothing omitted that should have been said, and every word spoken in excellent good taste and ringing with tried and true Democracy and unadulterated by the slightest sound of a discordant note.

James A. Pearce, as chairman of the meeting, made an address characteristic of the patriotic, pure and noble spirit which prompted each thought and every word of his masterly utterances. Pure gold this which the crucial test has never tarnished, and in the name of the Democracy of Kent county, and in behalf of the purity of local, State and National politics, as well as out of a recognition for his eminent fitness, we place at the head of our columns to-day the name of James Alfred Pearce, Esq., of Kent county, for the United States Senate. We first raised this standard, and are willing to bear it to the front and maintain it to the last. The man for the place, and the place for the man.

Mr. Thomas F. McNulty's singing was a pleasant feature of the day, and his inimitable song, "Farmer Brown," we give in full.

At the evening meeting, which was as full as the the afternoon, Congressman Henry Page, of Somerset, gave an eloquent review of the great national issues. Mr. Page made a magnificent hit, and was warmly received.

John P. Poe, that eloquent and profound expounded of the law and the great cardinal principles of Democracy, gave one of the most profound and eloquent speeches ever addressed to a Kent county audience.

The brilliant farmer-orator, Robinson, because of the lateness of the hour, gave an eloquent speech, which was far too short for the pleasure of his auditors, held a large audience until after eleven o'clock P.M. We had hoped to give a likeness of our own candidate, M. deK. Smith, but it has been impossible owing to our having been disappointed. Mr. Thomas C. Weeks was present and responded to the calls of the audience in a short speech. Mr. Smith was drawn to the front even after eleven o'clock and made a neat speech. It is with profound regret that an unavoidable want of space precludes an elaborate review of the speeches made. The meeting was an elaborate success.

Success to our candidates.

AN UNUSUAL SEPTEMBER.

A Long Period of High Temperature —Comparison of Records.

The height of the temperature for September was above the average. No month of September for many years back can show such a record of heat. Its general average went considerably above the mean normal tempature. Ten days of the month, however, ranged from one to ten degrees cooler than the normal temperature. Until the sixteenth of the month the temperature was at and below the normal, except on the second and third day, when it was slightly above the normal temperature. On the sixteenth of the month the warm spell began, but was slighly broken by light showers. The highest temperature of the month was on the 18th, when it was 90° (9° above normal), and on the 19th, when it was 86°, and 13° above normal. The record of the mercury since the middle of the month has been as follows: 16th, 80°; 17th, 84th; 18th, 90°; 19th, 86°; 20th, 87°; 21st, 85°; 22d, 86°; 23d, 86°; 24th, 81°; 25th, 83°; 26th, 86°; 27th, 84°; 28th, 81°, and on the 29th, 73.4° at noon, with the temperature falling, indicating cooler weather and a cessation of the warm spell.

In September, 1890, there was also a great departure from the normal temperature throughout the month. There were more ups and downs in the mercury than during the present September, but there were only three days on which we had high temperature, as follows; September 5th, 87°; 6th, 95°, and 7th, 86°. The highest temperature of September, 1889, was on the 1st, 84°, and on the 5th, 83°. The remainder of the month was cold enough for winter clothing. The warmest day of September, 1888, was on the 12th, when it was 84.5°. On the 7th of September, 1887, it was 87.9°, on the 8th, 81°, and on the 9th, 73°. In September, 1886, there were two days, the 17th and 28th, when the temperature registered 90°.

Mr. Chas. D. Kellogg, the famous Warbler.
Miss Lena Devine, Prima Donna Soprano.
Miss Annie Russell, late Contralto of Companini Operatic Concerts.
The Brothers Perry, Instrumental Soloists.
W. B. Perry, Musical Director.

The above concert will be one of the most attractive entertainments ever held in Chestertown. Mr. Kellogg as a warbler is simply wonderful, owing to the peculiar formation of his throat he is able to produce notes never before dreamed of by the most enthusiastic musician. Miss Devine's voice is superb. While at Rome a musical reception was tendered to her. The Roman critics declared that she possessed the true Italian method.

Miss Annie Russell is the natural born contralto, possessing a fine presence and even register; she has a large voice of wonderful sweetness and purity. The N. Y. *World* says she is destined to take a high place in the world of song.

The Brothers Perry cannot be surpassed in their line as instrumentalists.

☞ Price of admission to this concert is only 50 cents, including reserved seat, which can be secured at once.

Order of Publication.

Dr. W. S. Maxwell,

vs.

Daniel Chaney, Emily C. Chaney, George W. Stewart, William Stewart, Medford Stewart, Rutherford B. H. Sampson, Isaac Sampson.

In the Circuit Court for Kent county, in Equity.

THE object of the bill filed in this cause is to procure a decree for the sale of certain real estate situated in Kent county for the payment of the debts due by a certain George Washington Stewart, late, of Kent county, deceased.

The bill states: 1st. That the said George W. Stewart, negro, was in his lifetime indebted unto the complainant, William S. Maxwell, in the sum of thirty one dollars upon open account.

2d. That the said George W. Stewart, being indebted as aforesaid unto the complainant, and also to divers other creditors, and having real estate of great value and leaving but a very small personal estate, which was not sufficient for the payment of his debts, departed this life on or about the —— day of December, in the year 1888, and the said George W. Stewart continued possessed of the said real estate until the time of his death.

3d. That letters of administration upon the personal estate of the said George Washington Stewart were duly committed unto Richard D. Hynson, and although complainant has applied to the said Richard D. Hynson, administrator as aforesaid, for the payment of his claim he has been informed nevertheless by the said Richard D. Hynson that he had no funds wherewith to pay the same.

4th. That the said George Washington Stewart, being seized and possessed of the said real estate died leaving the following heirs-at-law surviving him, namely: Emily C. Chaney, his daughter, who inter-married with Daniel Chaney, both of whom reside in Kent county, Maryland; George W. Stewart, William Stewart, Medford Stewart, all likewise residents of Kent county. The said George W. Stewart, deceased, had a daughter Kate who is now dead and who inter-married with one Isaac Sampson, by whom she had a child, Rutherford B. H. Sampson, who is an infant, and who with Isaac Sampson now resides in Chester, Pennsylvania.

It is thereupon ordered this 21st day of September, 1891, that the complainant, by causing a copy of this order to be published in some newspaper printed and published in Kent county aforesaid once in each of four successive weeks, fifteen days before the 9th day of November next, give notice to the said non-resident defendants of the object and substance of this bill, and warning them to appear in this court in person or by solicitor on or before the said 9th day of November, 1891, to show cause, if any they have, why a decree should not pass as prayed.

It is thought proper to publish in connection with this notice the subjoined sections of the registration law so far as they are applicable to the counties, which bear particularly upon the powers and duties of the Register and the rights of the citizen:

3. Each of the said officers of registration shall have in addition to the other powers hereinafter conferred upon him, or which may be hereafter conferred upon him by law during the respective times of his appointed sittings, the power of the justice of the peace to preserve order and enforce obedience to his lawful commands at or around his place of registration; to keep the access to such place open and unobstructed; to prevent and suppress riots, tumults, violence and disorder, and all other improper practices at, around or near to his place of registration tending to intimidation or to the obstruction of the work of registration, or the revision of the registration, and to protect and keep safe the registries of voters hereinafter referred to while in his custody and possession; he may compel the presence of witnesses before him while sitting as an officer of registration for all purposes connected with the performance of the duties of his office by summons and attachment; he may while sitting as such officer of registration commit for trial any person committing at or around his place of registration any offense forbidden by this article; he shall have the power to issue any of said summons, attachments or commitments when sitting in any county of this State to the sheriff of said county or to any constable thereof; all such processes shall be served by said respective officers in the same manner as if they were issued by a judge of a court of record having jurisdiction of the subject matter or by a justice of the peace exercising police powers within such respective jurisdiction; the sheriff or any constable in any county in this State who shall serve any of the said processes shall receive the same fees and in like manner as it is or may be by law provided that he shall receive fees in other State cases, but no officer of registration shall charge or receive any compensation for any service performed under this article except such as is provided by this article.

15. All persons who prior to the passage of this act shall have vacated or removed from or have gone with their parents from the place of their actual abode, domicile, dwelling-place or habitation within this State, and shall have taken a domicile, dwelling-place, abode or habitation out of this State, shall be conclusively presumed to have thereby intended to abandon their legal residence in this State, and to have surrendered their right to registration as legal voters in the State unless within thirty days after the passage of this act they shall go in person before the clerk of the circuit court for the county from which they shall have so removed or before the clerk of the superior court of Baltimore city, if their removal shall have been from said city, and make and acknowledge before such clerk an affidavit that when they so removed they did not intend to change their legal residence within the State, but that they had a fixed purpose to return at a definite time, and that they intend to return to this State and take up their actual domicile and habitation therein, on or before six months next preceding the Tuesday after the first Monday of November, eighteen hundred and ninety; * * * and unless the persons respectively making such affidavits shall actually return to this State and shall actually take up their abode, domicile or habitation therein six months before the Tuesday after the first Monday in November, eighteen hundred and ninety, they shall be conclusively presumed to have lost their legal residence therein and shall not be entitled to registration as legal voters, and the officers of registration shall strike off their names from the registry, if they be entered thereon; and after the passage of this act all persons who shall vacate and remove from the place of their actual domicile, abode, dwelling-place or habitation out of this State shall be conclusively presumed to have lost their residence in this State, and shall in consequence thereof become disqualified to vote, unless at or about the time of such removal or within ten days thereafter they shall go in person before the clerk of the circuit court for the county from which they shall so remove, or before the clerk of the superior court of Baltimore city, if such removal be from said city, and shall make and acknowledge before him an affidavit declaring that notwithstanding such removal from their domicile, abode, dwelling-place or habitation, they do not intend thereby to change their legal residence, but that they have a fixed and definite purpose to return to this State on or before six months preceding the next succeeding election in November; * * * and if the persons making such affidavits shall fail so to return and take up their actual abode, domicile, dwelling-place and habitation in this State on or before six months next preceding such November election, they shall be conclusively presumed to have abandoned such declared intention, and shall thereupon become disqualified to vote in this State, and the officers of registration shall refuse to register them as qualified voters, or shall strike off their names from the registry if their names be entered thereon; the clerk before whom such affidavit shall be made, shall retain, index and record the same, and shall be entitled to demand and receive for each acknowledgement the sum of thirty cents, and for indexing and recording affidavits and acknowledgements thereto, the same compensation as is allowed by law for indexing and recording deeds, such costs to be paid to said clerks by the commissioners and mayor and city council of Baltimore respectively; such affidavits shall not be admissible in evidence as evidence of the right of the persons making the same to registration, unless they are recorded within five days from the date of the acknowledgement thereto, and a duly certified copy thereof shall be receivable in evidence in the same manner as a certified copy of a deed; false swearing in any such affidavits shall be deemed to be perjury, and shall be punishable as perjury is by the Code of Public General Laws, article twenty-seven, title "Crimes and Punishments," sub-title "Perjury;" said officers of registration shall require the production of such affidavits duly recorded, or a duly certified copy thereof in all cases where they shall have reason to suspect that the person applying to be registered as a qualified voter has lost his residence by reason of his removal from the State hereinbefore mentioned, and they may also in such cases put any question which they may deem proper to such applicant, concerning the place when he dwelt in the county or legislative district before such removal out of the State, his occupation before such removal and since, the time when he so removed, and when he returned, and all other pertinent facts and circumstances touching the right of such person to be registered, and they may require the truth of the answers of all persons to such questions to be corroborated by independent evidence if in their discretion they shall think proper; and if in answer to their questions or upon testimony produced before them it shall appear to their satisfaction that the person applying to be registered had left the State without any intention of returning at some definite time in the future he shall not be entitled to be registered as a legal voter.
