Every squirt of milk is needed this year and we just can't afford, financially or patriotically, to suffer a summer milk slump, says George Hyatt, Jr., extension dairyman. Good pastures are the key to high summer milk production, he states, and if good pasture hasn't been provided, silage and good quality hay provide desirable supplemental feeds at low cost.

Combines, binders, mowers, corn pickers and threshers all have danger points in their operation. However if operators will keep all shields and guards in place and will not attempt to oil, unclog, or adjust any machine while it isin gear or in motion, they'll prevent at least 50 percent of the ordinary accidents.

Young Opera Star Leans to Pinafores and War Bonds

The young American concert-opera star, Marjory Hess, has her victory garden rambling over this colorful pinafore apron. It is a life saver for your party dresses, and fun to make, even for a beginner. Miss Hess suggests making several aprons because then, with a minimum of time and effort, you will save enough money to buy extra War Bonds and stamps. Suitable patterns may be obtained at your local pattern store. *U. S. Treasury Department*

When Your Back Hurts—
And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. *Doan's* have been tried and tested many years. Are at all drug stores. Get *Doan's* today.
