COLLINS & HOPPER,

EDITORS AND PUBLISHERS.

ACCORDING to the statistical reports presented at the Methodist Quadrennial Conference, there are 2,292, 000 communicants of that church in the United States, and the number is growing at the rate of 110,-000 a year.

RESOLNTION of a highly complimentary character have been adopted by the U. S. Senate in regard to the death of the late Senator Wilson, of this district, and are now before the House, awaiting the return of Mr. Page, who is absent at his home, by sickness, for adoption.

THE SURETIES on the bond of Stevenson Archer, late treasurer of the State of Maryland, made a full settlement with the State officials at Annapolis on Friday, and the amount, $37,202.38, was turned over to the general fund. The settlement was made by Mr. Stevenson A. Williams, attorney for the bondsmen, in the presence of the comptroller, treasurer and attorney-general.

THE Board of Public Works will make provisions at their next meeting for the purchase of three oyster police vessels as authorized by Act of Assembly. The boats are to be schooner-rigged and to cost $5,000 each. They are to take the place of unserviceable vessels which are to be sold. It is customary to christian a new boat after a female member of the family of a State official.

THE MOVE taken by the colored citizens of the county on Thursday evening last in condemnation of the murder of Dr. Hill, the full proceeding of which will be found in another column, is one highly to be commended. It is plain to be seen that they are highly indignant with those of their race who were implicated in this brutal murder of one of the best and most respected citizens of our county. We hope the colored people will always condemn all crimes and wrong doing of their race.

POLITICAL MATTERS.

Proceedings, Etc., of the State Central Committee in Baltimore.

At the meeting of the Democratic State Central Committee, which was held in Baltimore on Wednesday, May 4, the following dates were selected for the State and Congressional Conventions:

State convention, Baltimore, June 8.

First Congressional District, Wednesday, June 20, at Ocean City.

Second District, Monday, June 6, at Port Deposit.

Third District, Saturday, June 4, at Broadway Institute.

Fourth District, Saturday June 4, at China Hall.

Fifth District, Wednesday, August 24, at Laurel.

Sixth District, Wednesday, July 13, at Frederick.

Every county was represented at the meeting, and in addition to the members there was a large force of politicians and others on hand from all sections of the State.

Kent was represented by Messrs. Harrison W. Vickers, A. F. Huey and Dr. Samuel Beck. Dr. Beck took the place of Mr. George W. Hatcherson, who was absent.

A resolution was adopted, entitling each county to the same vote in the convention as their representation in the General Assembly. Kent will be entitled to three.

Says the Baltimore *Sun:*

"There was much gossip as to the make-up of the delegation to the National Convention on June 21. The friends of ex-Gov. Jackson say they want him to go as a representative at large, and State Senator Toadvin, his personal friend, says the ex-Governor will accept. Mr. Robert M. McLane is already agreed upon as another of the delegates at large, while Mr. Charles J. M. Gwinn will also be one. The fourth place will be for Senator Gorman if he wishes it, or for one of his friends.

"From the districts the following named gentlemen seem to have been settled upon, although some changes may occur from local causes or personal disinclination before the convention meets.

"First District—Edward Lloyd, of Talbot, and Levin L. Waters, of Somerset.

"Second—John S. Wirt, of Cecil, and Murray Vandiver, of Harford.

"Third—James Bond and Frank A. Furst.

"Fourth—Bernard Carter and I. Freeman Rasin.

"Fifth—Barnes Compton, of Prince George's, and Thomas H. Hunt, of Howard.

"Sixth—Buchanan Schley, of Washington county, and L. V. Baughman, of Frederick county.

"There is a strong sentiment among party leaders to have a double delegation sent to Chicago. It was said that either the delegates at large or the district delegates would be doubled, and perhaps both. If eight delegates at large go, then Col. Lloyd will be sent at large with ex-Governor Jackson from the Eastern Shore, and Mr. R. D. Hynson, of Kent, will take Mr. Lloyd's place as a district delegate. Mr. Bernard Carter and Congressman Compton will also be added to the State delegates in this event, and other district delegates will be selected to take their places."

C. T. Westcott, Esq., was selected president of the Republican State Convention which was held in Frederick, on Wednesday, May, 4, and the following gentlemen were elected delegates: Delegates at large; James A. Gary, of Howard county; Louis McComas, of Washington county; Thomas S. Hodson, of Somerset, and Major Shaw, of Baltimore city. Alternates; James Wallace, of Dorchester; Wm. E. Tillman, colored, and John Parker, colored, of Baltimore city, and Wm. E. Butler, colored, of Anne Arundel. Electors at large, Adolph Barnes, of Worcester, and Alcaeus Hooper, of Baltimore city. Resolutions were passed declaring for Benjamin Harrison for President.

Cheap Excursion to Gettysburg Battlefield.

For the dedication of the Monument on June 2d on the Gettysburg battlefield, designating the "High Water Mark" of the Southern Confederacy, the Baltimore and Ohio Railroad Company will sell round trip tickets at all stations east of the Ohio river at the low rate of one fare for the round trip. The President of the United States, members of his Cabinet, the Governors of twenty-five States, members of their staffs and other distinguished persons as well as several military and civic organizations will participate in the imposing dedicatory ceremonies. This will afford an excellent opportunity for a cheap Excursion to the historic battle ground by veterans and others desiring to visit the scenes of the greatest conflict of modern times

MEETING OF THE NATIONAL EDITORIAL ASSOCIATION.

Mr. C. Cox Hopper, of the TRANSCRIPT, left on Friday to attend the National Editoral Convention which meets in San Francisco on the 23d inst. The editors are tendered a free train from Chicago to San Francisco and return. They will go by way of the Santa Fee and Southern Pacific railroads, stoping at all the principal cities enroute, where arrangements have been made for their entertainment, and return either by Salt Lake and Denver, or by Seattle and the Territories. The Maryland Democratic Association will be represented by Delegates Tyler, of the Easton *Gazette;* Hopper, of the Chestertown TRANSCRIPT; Temple, of the Centreville *Record;* accompanied by Mrs. Haddaway, Mrs. Scott Boberts, Miss Powell, President Streett, of the Harford *Democrat*, and eldest daughter, and Secretary Sasscer, of the Prince George's *Enquirer*, and wife.

Mr. W. W. Busteed, of the Centreville *Observer*, and daughter, Miss Katie, will accompany the Maryland party, Mr. Busteed being a member of the Peninsula Association.

The party will be absent about one month, and while on the Pacific Slope will be the guests of the Press Association of California.

MARYLAND BUILDING AT THE WORLD'S FAIR.

Messrs. Baldwin and Pennington, architects, who were employed by the World's Fair commissioners to prepare plans for the Maryland Building have completed the preliminary drawings. The plans contemplate a building on the colonial style of architecture, to include a centre building of two stories, with a wing on each side of the same height. The wings and a portion of the first floor of the main building will be used as exhibition halls. The first floor of the main building will also contain reading-rooms and rooms for ladies. The second floor will be similarly arranged for the use of men. The plans will be completed and delivered to the building committee next Tuesday. Mr. Josias Pennington has returned from Chicago where he had a satisfactory interview with Mr. Burnham, chief of construction of buildings for the World's Fair. He says Maryland has one of the best locations. It adjoins that of New York and affords an excellent view of the lake.

At the World's Fair there will be a building devoted to children, where their best interests will be carefully studied. This building will be under the charge of the women of America as represented by the board of lady managers. The idea of the Children's Building, to be called "the Children's Home," is to have there such an exhibit as will show the most advanced and judicious modes of the physical, mental and moral training of children in homes and schools, that by spreading this knowledge the health, comfort and happiness of children may be increased. There will be in the building a model kindergarten and creche to serve not only as models for mothers and teachers, but to enable mothers whose children would not otherwise be properly cared for to leave them at the kindergarten or creche, where they will be fed and tenderly cared for.

This building and the necessary funds for its support will cost $30,000, for which as yet no provision has beed made. The lady managers are requested by the board to raise the required amount, each State assessed for a certain amount, it being believed that this exhibit will do far-reaching good. A number of Maryland children have already subscribed each $1. Subscriptions from any one approving of the plan may be sent to the lady manager of Maryland, resident in Baltimore. Mrs. Wm. Reed's address is 825 St. Paul street.

STATE AND PENINSULA.

The clerk of the circuit court for Cecil county issued twenty-two liquor licenses last week. The sum for the licenses issued aggregates $5,600, which goes into the county treasury.

The Protestant Episcopal Church at Cambridge, is one of the handsomest on the shore, if not in the State, and cost upward of $25,000. It is built of rough stone from the quarries at Texas, Baltimore county. The church will be consecrated by Bishop Adams to-day.

Catarrh Can't Be Cured

by LOCAL APPLICATION, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure ti you have to take internal remedies. Order of Publication.

Dr. W. S. Maxwell,
vs.
Daniel Chaney, Emily C. Chaney, George W. Stewart, William Stewart, Medford Stewart, Rutherford B. H. Sampson, Isaac Sampson.

In the Circuit Court for Kent County, in Equity.

THE object of the bill filed in this cause is to procure a decree for the sale of certain real estate situated in Kent county for the payment of the debts due by a certain George Washington Stewart, late of Kent county, deceased.

The bill states, 1st. That the said George W. Stewart, negro, was in his lifetime indebted unto the plaintiff, Wm. S. Maxwell, in the sum of thirty-one dollars upon open account.

2d. That the said George W. Stewart, being indebted as aforesaid unto the plaintiff, and also to divers other creditors, and having real estate of great value and leaving but a very small personal estate, which was not suffic ent for the payment of his debts, departed this life on or about the — day of December, in the year 1888, and the said George W. Stewart continued possessed of the real estate until the time of his death.

3d. That letters of administration upon the personal estate of the said George Washington Stewart were committed unto Richard D. Hynson, and although the plaintiff has applied to the said Richard D. Hynson, administrator as aforesaid, for the payment of his claim, he has been informed nevertheless by said Richard D. Hynson that he had no funds wherewith to pay the same.

4th. That the said George Washington Stewart, being seized and possessed of the said real estate, died, leaving the following heirs-at-law surviving him, namely: Emily C. Chaney, his daughter, who intermarried with Daniel Chaney, both of whom reside in Kent county, Maryland; Medford Stewart, George W. Stewart, William Stewart, who are non-residents of the State of Maryland. The said George W. Stewart, deceased, had a daughter Kate who is now dead, and who intermarried with one Isaac Sampson, by whom she had a child, Rutherford B. H. Sampson, who is an infant, and who with Isaac Sampson, now reside in Chester, Pennsylvania.

It is thereupon ordered this 11th day of April, 1892, that the plaintiff, by causing a copy of this order to be published in some newspaper printed and published in Kent county aforesaid once in each of four successive weeks, fifteen days before the 18th day of June next, give notice to the said George W. Stewart, William Stewart and Medford Stewart, Isaac Sampson and Rutherford B. H. Sampson, and to all other resident or non-resident defendants, of the object and substance of this bill, and warning them to appear in this court in person or by solicitor, on or before the said 18th day of June, 1892, to show cause, if any they have, why a decree should not pass as prayed.

THE NEW

Straw Board

Peach Basket!

We will start manufacturing Peach Baskets at once, and hope to have this season such support and patronage as we enjoyed last year. We made and sold many more Baskets last season than we had anticipated, and at times were unable to supply the demand. We hope this season to have Baskets to supply all orders promptly. It will aid us very much if our customers will give us orders early, that we may make the Baskets and deliver them well-seasoned before the rush of peach season.

The support we received in this new enterprize is thoroughly appreciated, and we hope to have it continued. We have many strong testimonials in favor of our Basket from our prominent growers who used them last year, and also from steamboat companies, railroad companies, fruit merchants and shippers. Send in your orders early.

THE BALTIMORE

Building and Loan Association,

OF BALTIMORE CITY.

Chestertown, Maryland, Branch.

This association is an institution operating a business system of savings, by means of which small sums of money are safely and profitably invested, and shareholders are enabled to anticipate further earnings and savings by borrowing of the association the money necessary to build or purchase homes.

The Association is incorporated under the laws of Maryland, and is authorized to issue stock in monthly series. The shares are $100 each per value. The payments thereon are $1.00 per share, admission fee (which must be paid at the time of subscribing for the stock), and sixty cents per share each month thereafter. This money, with the interest and other receipts, is loaned each month to the members only. It does business on a national plan, and having a larger fund invested, can obtain better results than an association confined to a small field. It has many towns or branches under one management, and by this arrangement a community which is growing and wanting loans, can have access to the surplus funds of towns or communities not having a place to invest their funds.

The stock matures in about seven years, when the owner of stock can draw from the Association $100 in cash for each share of stock held by him. The monthly compounding of the interest, premiums on loans, other large profits constantly increases the value of the stock, and causes it to reach its par value of $100 per share in this time.

The profits of the Association are derived from the following sources: Six per cent. interest on loans, premiums on loans, interest compounded monthly, premiums compounded monthly, reloaning the principal, fines, transfer fees, use of advance payments, profits forfeited by withdrawing members, savings out of the expense fund.

Those desiring to take stock in this association, can do so by applying to H. L. Boyd, secretary of the Chestertown, Md., Branch.

"The Mighty Dollar!"

The man who is after it alone, regardless of square methods and social feeling, we give a wide berth; he is no use except to a very limited degree. He is after your dollar only. We want something else beside your money—we want your good fellow-feeling, your confidence, and wish we could afford space to have a social chat, but the secret of our

LOW QUOTATIONS!

is small expenses, hence we say come in, whether you want to buy or not. We are always glad to post you. It requires no argument to point out the advantages we are offering. The

TRADE MARK

UNDOUBTEDLY IT IS

The leading Corn Fertilizer on the Peninsula. Our sales this Spring on this goods are already larger than every before. For several weeks we have been shipping carload after carload, with the orders still coming in. Fertilizer men generally, we have found, would make a good Fertilizer for truck, wheat, etc. But when it comes to a Corn Fertilizer, would either make a goods composed of South Carolina and Kainit, which under unfavorable circumstances, would injure the germ of the corn; or, if it was ammoniated, would use something of a volatile nature, which would burn the corn. This, in our opinion, has given rise to the general expression of farmers: "No; fertilizer on corn wont pay, for I have tried it." When the facts of the business was, they had not tried a goods particularly adap
