RED CROSS HOME NURSING
In Pictorial Lessons

A WISE housewife will have two of the above charts—one for her notebook and the other she will paste on the inside of the door of her medicine cabinet.

In giving medicine, a neat little glass with measurements on the side is attractive and convenient and doesn't connect the idea of medicine with food. A drinking tube is useful in giving disagreeable medicine, because it carries the medicine to the back of the mouth and throat where the sense of taste is not so keen.

Pills, tablets and capsules should always be presented to the patient in a teaspoon or a small saucer and never from the nurse's fingers. Powders are sometimes dissolved in water or placed well back on the tongue direct from the papers and followed by a drink of water.

Medicines must be kept where they cannot be mistaken for mouth wash, hand lotion, candy, vanilla flavoring or baking powder, to mention only a few possibilities for error. In getting rid of medicine when its usefulness is over, never put it in a garbage can where it might do harm if picked up by some animal.

Under no circumstances should a medicine prescribed for one patient be given to another, unless the doctor so orders.

EDITOR'S NOTE: This series on home nursing cannot take the place of actual instruction in the Red Cross Home Nursing classes, which every woman is urged to join. These charts and instructions must be supplemented by such training but are invaluable for pasting in your notebook for future reference. Enroll now in the many classes just starting.

Knitted and woolen garments should be traced for shape before washing—using a large piece of paper or muslin. When ready for drying, spread over outline, pulling to correct shape. Use pins if needed to hold shape while drying. Use wooden forms or wire frames for drying woolen hose to correct size. Don't use hot irons or radiator heat on knit-wear or woolens.

If You Had MY JOB
KEEPING HOUSE, helping take care of the family—you would realize that business girls are not the only ones who sometimes get Headache and Tired Aching Muscles. We home girls often work just as hard and have just as many Headaches, just as many Stomach Upsets and get just as Tired.
About a year ago, I first used ALKA-SELTZER I find that it eases my Aching Head, takes the kinks out of Tired, Aching Muscles and brings relief when I have Acid Indigestion.
The family says I am a lot easier to live with since I have known about Alka-Seltzer.
Have you tried ALKA-SELTZER? If not, why don't you get a package today? Large package 60¢, Small package 30¢, also by the glass at Soda Fountains.

Created FOR THE FUTURE
Guarantees that PROTECT—now and for the future—are vital in selecting a memorial, for no decision of a lifetime is more enduring. Let us assist you with our knowledge of memorial requirements, our experience in details unfamiliar to you, our ability to guarantee the everlasting perfection of your choice.

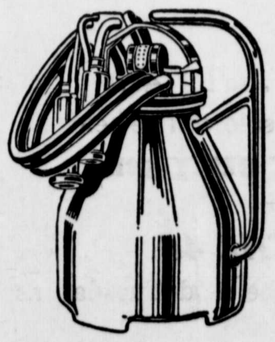
NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!
Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contaglon *whatnot*, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.
After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.
Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.
In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use *Doan's Pills*. They have been winning new friends for more than forty years. Be sure to get *Doan's*. Sold at all drug stores.
THE REASON DOAN'S ARE FAMOUS
All over the country grateful people tell others: "*Doan's have helped me; I recommend them to you.*" That is why we say, *Ask your neighbor!*
DOAN'S PILLS

THE Conde MILKER
A REAL MILKING UNIT
Modern in design. Durable in construction. Easy to operate Requires minimum care. A real time and labor saver in any dairy.
DRY PIPE LINE
Low count milk is assured. Milk vapor and moisture remain in the milk pail.
THE ONLY MACHINE USING FILTERED AIR
Keeps pulsator parts and air line free from dust and dirt.



BALANCED PAIL WITH RIGID HANDLE
Never have you used a milker so convenient. The pail is broad on the bottom to eliminate tipping. The rigid handle extends to the topmost part of the unit where it is handy for the operator to grasp with or without cover. The pail can be easily emptied with one hand.
