PUBLIC NOTICE!

Merchants Enter Protest

TO MANUFACTURERS

OF ABE COHEN'S PRICE CUTTING On Branded Goods.

The above firm needs no introduction, the community at large for years has been making their purchases at Cohen's. WHY? The answer is that you buy the same goods as elsewhere for LESS MONEY.

This business was started on a very small scale, and has developed into an immense establishment. From its infancy to the present the very best grades and makes in all lines have been handled, and sold at prices that have attracted the public. Wise shoppers travel many miles to do their buying at this store.

Merchants complain to manufacturers that they cannot do business on branded goods (as Cohen sells the same goods for less money), and insist that they shall not sell this firm their products.

We have received letters from the Ball Brand Rubber concern stating that they cannot sell us their brand unless we charge full price, also the Crystel Patent Flour. WE REFUSE TO BE DICTATED TO as to what price to sell our goods, and to convince the public that we undersell every article in our stores we will inaugurate one of the most STUPENDUOUS sales ever held in this community. We have scoured the leading markets with cash in hand, and have bought goods at prices in many instances for below the actual cost of raw material.

If you value money do not stay away. Let nothing prevent your coming, as it means dollars and cents in your pockets.

Sale Starts Monday, Oct. 12, 1914,

and will continue TWO WEEKS.

Space does not permit us to quote all goods contained in this establishment, suffice to state that the entire stock is on display.
