Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BONES AND BAGS.

On account of the war many of our supplies of Bones have been cut off, and in order to get all the nice dry country bones possible, we have determined to pay about twice as much for dry bones as we used to pay, if they are delivered at our factory.

The country boys should pick up all they can and bring them to us instead of selling them to the junk dealers.

We will also pay the highest market price for good second hand Fertilizer Bags. Please communicate with us.

Very truly yours,

The Peerless Fertilizer Co.,
CHESTERTOWN, MD.

Every Time You Telephone

When you use the telephone, you are for the time being a part of the telephone system. The operator can connect two telephones, but unless somebody listens at one end and somebody talks at the other, the wire might as well be cut. And the better the talking and listening, the better the service.

The Telephone Company endeavors to do its part by furnishing the best of mechanical appliances, maintained at a high efficiency and operated by intelligent employees.

It is highly important that cooperation should exist between those giving the service and those served.

The Farmer Receives More Than Five Thousand Dollars a Minute From Swift & Company

This amount is paid to the farmer for live stock, by Swift & Company alone, during the trading hours of every business day.

All this money is paid to the farmer through the open market in competition with large and small packers, shippers, speculators and dealers.

The farmer, feeder, or shipper receives every cent of this money ($300,000 an hour, nearly $2,000,000 a day, $11,500,000 a week) in cash, on the spot, as soon as the stock he has just sold is weighed up.

Some of the money paid to the farmer during a single day comes back to the company in a month from sale of products; much does not come back for sixty or ninety days or more. But the next day Swift & Company, to meet the demands made by its customers, must pay out another $2,000,000 or so, and at the present high price levels keeps over $250,000,000 continuously tied up in goods on the way to market and in bills owed to the company.

This gives an idea of the volume of the Swift & Company business and the requirements of financing it. Only by doing a large business can this company turn live stock into meat and by-products at the lowest possible cost, prevent waste, operate refrigerator cars, distribute to retailers in all parts of the country — and be recompensed with a profit of only a fraction of a cent a pound—a profit too small to have any noticeable effect on the price of meat or live stock.

UNDER THE STARS AND STRIPES

Ensign Lester W. Baldwin has been the guest of his parents, Mr. and Mrs. W. W. Baldwin. Ensign Baldwin is a pilot of one of those huge sea planes that did such effective work in the war.

Rev. W. L. White, pastor of Ebenezer Church, Easton, formerly of Chestertown, who has been concerned for the safety of his son George in France, since the armistice was signed received a cablegram from his saying that he was safe, well and on duty.

Corporal Jewell Armstrong, of Camp Meade, visited his parents, Mr. and Mrs. Edward Armstrong, last week.

Some of our Kent county boys who were drafted into the army will soon be honorably discharged and at home. They will be heartily welcomed.

Eight of the 13 divisions comprising the American Third Army, now approaching the Rhine either are National Guard or National Army troops and there is every reason to believe that they will be on American soil again by midsummer.

Mr. Owen Selby, of the U. S. Naval Reserve, is on his way to France, being one of the lucky boys aboard the flagship Pennsylvania, now escorting the George Washington with President Wilson and his party over for the Peace Conference.

Mr. Gilbert Jarman, son of Capt. and Mrs. G. Allen Jarman, who is in the Navy, was home several days this week a guest of his mother and sister. Mrs. Jarman has her husband and three sons in the service.

Mr. and Mrs. J. Hall Denny were very much gratified to receive a letter from their son, Mr. William Denny, this week. The last letter from Mr. Denny stated that he was under heavy fire when the letter was being written and another letter was not received for a month or more, they being very much worried in the meantime. The letter this week stated that he was wounded in one of his legs and is now in a hospital and doing well.

Sergeant Stephen Collins, who is stationed at Long Island, is home on a ten days furlough.

Still the question is, What shall be done with the Kaiser? There is at least one answer. St. Helena is still available. If it was good enough for Napoleon, who did not deserve it, it is far too good for the Kaiser.

A month after the war began there was printed a special cable from Paris carrying extracts from an article in the Figaro upon a series of prophecies alleged to have been written by a monk some time before the outbreak of the war. These alleged prophecies foresaw many of the events and conditions of the war and are reprinted so that a comparison of the text with recent events may be made. The prophecy said: "In the month of July all Europe will be upset by a war setting in conflict the greatest of powers, accompanied by enormous disaster. In November a great emperor will lose his crown and the war will end." He did not say in November, 1918, however.

When Maryland's plans for her memorial to her soldiers and sailors in the great war are completed there is no doubt that they will be worthy of the achievements of the men who have helped to bring about the triumph of America's ideals and to insure them to the world.

Raymond Parker, a Chestertown colorded man, died in France recently. He was well and favorably known in this section and leaves a wife.

Special Notice To Boatmen

That there may be no misunderstanding about the recent regulations requiring boat owners to make returns to the Internal Revenue Office, Baltimore, Md., it will be well for such owners to understand that all motor boats must make a return. This includes those under five tons as well as over; in other words, as stated above, the government requires all motor boats having stationary engines, no matter how small or how large, to make a return. Then all other boats over five tons, whether sail, barge or what not must be reported. Those failing to make return are subject to a fine of not over one thousand dollars or one year's imprisonment, or both. All boats which are used for transportation of freight other than their own production must make a return of tax on transportation.

The penalty for failure to make such return is sufficiently severe to make every owner understand that he or she cannot afford to be careless about the matter, as the government will not accept ignorance of the law as an excuse for not making the returns which it requires.

So that he may advise them in the matter, all boat owners should see the undersigned, Deputy Collector in the Internal Revenue Office, who will be at the following places at the time indicated, for the purpose of receiving returns:

Rock Hall, Md., from December 13 to 19, 1918.

Chestertown, Md., Dec. 20 to 21, 1918.

F. S. MARKLING,
Deputy Collector.

Auto Thieves Caught.—The sensational careers of Arthur Anderson, of Norwalk, Conn., aged 17, and Joseph Searles, aged 16, of the same place,—which rivalled the desperadoes of some dime novel,—ended at Centreville last week, when they were landed in the jail of that place. Since November 23 the young fellows have led a wild life, traveling about in stolen cars from Connecticut, through the states of New York, Pennsylvania, Maryland, Virginia, West Virginia and Delaware.

Enoch Latham, shoemaker, High St., says: "Whenever I caught cold, it seemed to settle on my kidneys and I suffered untold pain. When I straightened up it seemed as though I were stabbed. My kidneys acted too frequently and I had to get up several times at night to pass the secretions. I had dizzy spells and on different occasions my eyes gave me trouble; a mist seemed before them. I learned of Doan's Kidney Pills and began using them. I purchased them from M. A. Toulson's Drug Store and they gave me great relief."

Mr. Latham is only one of the many Chestertown people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Latham had—the remedy backed by home testimony. 60 cents at all stores.
