DEMOCRATIC

PRIMARY MEETINGS!

THE DEMOCRATIC VOTERS of Kent County are invited to meet in the several election districts of Kent county, at the usual voting places,

On SATURDAY, Sept. 24, 1892,

AT 2 O'CLOCK P. M.,

and select by ballot or otherwise FIVE DELEGATES from each of said districts to meet in Chestertown in county convention on the following MONDAY, Sept. 26, at 11 o'clock A. M., to elect THREE DELEGATES to represent Kent county in the convention to be held at Easton, at noon, on Wednesday, Sept. 28, 1892, to nominate a successor to the Hon. Henry Page, who has resigned his seat in the Fifty-second Congress. The same convention will nominate a candidate for the Fifty-third Congress in place of the Hon. Henry Page, who has declined the nomination.

The mode of selecting district delegates is left to the respective districts, as well as the appointment of judges and clerks, should the same be found necessary, and in the event of a ballot the polls will open at 2 P. M. and close at 6 P. M.

THE suspected cholera cases in New York are now stated to have been something else.

JUDGE PAGE'S first appearance on the bench will be at the term of court to convene in Salisbury on the 26th inst.

MRS. HARRISON is still very ill, but an effort is being made to remove her from Loon Lake to the White House.

MR. ALBERT RITCHIE has accepted the associate judgeship of the Supreme Bench of Baltimore city, to which he was appointed last week by Governor Brown.

CAPT. J. FLETCHER WILSON announces that he is not an aspirant for the commandership of the oyster navy, and would not accept the position were it offered to him.

SIXTEEN VOTES will be required to insure an election in the Easton convention, and at present there are twelve candidates in the field, and still there are more to follow.

MR. AND MRS. JESSE TYSON, with several others, after an imprisonment on the Normania for over two weeks in quarantine at New York, arrived in Baltimore on Saturday evening.

IT IS impossible at present to diagnose the Congressional situation, but Kent has this assurance, that her candidate, Mr. Vickers, will go to the Easton convention with votes outside of his own county.

ANARCHIST BERGMAN, who assaulted H. C. Frick, manager of the Homestead steel works, has been sentenced to twenty-two years in the penitentiary. He conducted his own case, and the jury convicted him without leaving the box.

IT IS now currently reported, that Capt. Joseph Horney, of Winchester, Queen Anne's county, will remove to Kent county, in order that the objection that he is from Queen Anne's county, and therefore not justly eligible to fill a position which should be filled by a Kent countian, may be overcome.

GOVERNOR BROWN has appointed and commissioned the following gentlemen as members of the Maryland State School Tax Commission: John T. Morris, of Baltimore city; George M. Upshur, of Worcester county; Robert Shrover, of Allegany county; C. C. Magruder, of Prince George's county, and Dr. Richard C. Mackall, of Cecil.

REV. SAM JONES, in a lecture in New York several days ago, thus referred to Tammany Hall: "If Tammany went to hell now, do you suppose the devil would let 'em in in a body? Not a bit of it. He'd take 'em in one by one and get them acclimated. If he let them in in a lump they'd break loose, knock his head off and elect their own devil."

SENATOR HILL made a rousing speech to the Brooklyn Democracy on Monday evening, and here is about the summing up of his eloquent appeal: "Cease appeals, abandon the spirit of resentment, sacrifice personal ambition, forget individual disappointment and do our utmost to elect our honored standard-bearers, Cleveland and Stevenson."

THE Snow Hill *Messenger*, Mr. John Walter Smith's organ, states that that gentleman has not as yet announced himself a candidate for the Congressional nomination, though great pressure is being brought to induce him to enter the contest. The *Messenger* further states that, "The impression is that Mr. Smith can secure the nomination if he wants it."

EVERY COUNTY across the bay except Talbot has one or more candidates in the field, and it is suggested that Maj. Wm. E. Stewart, State's Attorney of that county, may enter the race. Kent has Vickers; Caroline, Lewis and Goldsborough; Queen Anne's, Brown, Weedon, Roberts and Hopper; Dorchester, Jones, Pattison and Austin; Wicomico, Toadvin; Somerset, Brattan and Dashiell, and Worcester, Smith, Wilson and perhaps Purnell. The convention to be held at Easton on the 28th instant will have a multiplicity of names from which to make a choice.—*Sunday News.*

OFFICERS of the Peninsula Press Association have been elected as follows: President, F. M. Dunn, Dover *Index*; first vice-president, H. J. Ramsdell, Denton *Union*; second vice-president, J. Miller Thomas, Wilmington Conference *Methodist*; secretary and treasurer, C. L. Vincent, Snow Hill *Messenger*; executive committee, H. C. Carpenter, Dover *Index*, B. S. Higley, Trappe *Times*, C. J. Freeman, Middletown *New Era*.

AT THE Democratic County Convention held at Princess Anne, Somerset county, on Tuesday, delegates were elected to the the Easton Convention, instructed to vote for Robert F. Brattan, to fill the vacancy in the fifty-second Congress, occasioned by the resignation of Hon. Henry Page, and for H. H. Dashiell for candidate for the fifty-third Congress. In Caroline county, where a tie was claimed between the fusionists and the regular Democrats, the convention was controlled by the regulars, and delegates elected with instructions to vote for Henry R. Lewis for Congress. Wicomico county elected delegates for Toadvin.

THE Democratic ticket in the First Congressional District, at the November election, will present the political anomaly of having two candidates to be voted for for Congress, or one candidate for the unexpired term of Judge Page, and at the same time as successor to Judge Page had he filled out his full term. It is generally thought that the candidate for the unexpired term and the new term should be the same man, and in that event the same name will appear on the ticket twice or once with the proper designation of the term. Should different gentlemen be nominated, there will be two gentlemen named on the ticket, one for the unexpired term and one for the regular term.

THE ANNUAL CONVENTION in Chestertown of the chapters of the Epworth League, has had the effect of bringing in our midst a large number of strangers—guests, however, into whose hands the great key of our town, and an unlimited hospitality may with safety be entrusted. The local chapters, the church and a large number of warm personal friends, have already extended to our visitors a sincere and cordial welcome, and now, in behalf of the press, and in behalf of that great number whom unfriendly circumstances have precluded from the pleasure of a personal welcome, the CHESTERTOWN TRANSCRIPT extends Greeting and a Welcome, coupled with the sincere hope that the pleasure and benefits of the series of meetings, may be as unbounded and abiding, as the royal hospitality which we are sure will be accorded to those who have come to us on their glorious mission. The Epworth League has touched the key-note to the future, in that it throws its broad arms around the *young* of the nations of the world, thus insuring the safety and stability of all religious, social and political institutions. Friends, we bid you welcome, wishing the unchanging success of your glorious work.

NO GREAT CRISIS in the history of civilization has failed to develop and bring into prominence those noble, generous and sacrificing souls, who have shone forth with added lustre and beauty on account of the contrast with the dark shadows which gave them birth. The great cholera scourage has produced many heroines and heroes who have braved the perils of the deadly contagion in order that the sufferings of others might be alleviated. In response to a call, the Maryland University Hospital, Baltimore, has had three volunteers who will go to Fortress Monroe to nurse cholera patients at that point. Miss Mary Goldsborough, daughter of Mr. John Goldsborough, formerly of Chestertown, but at present of Centreville, has volunteered her services should they be needed. Miss Goldsborough is one of the most efficient nurses of the hospital, and her total abnegation of self to the appeals of the suffering, and her beautiful courage in facing danger should truly command the admiration of all. And what is said of Miss Goldsborough might as truly be said of these her fellow workers from the University, Dr. Henry Palmer and Misses M. E. Bradburn, of England, and Emma Daly, of Maryland.

The Colnmbus Day Proclamation.

Governor Brown's proclamation announcing October 21 as a legal holiday is as follows: "Whereas the President of the United States, acting under authority of Congress, has issued a proclamation recommending to the people the observance on the 21st of October, 1892, of the four hundredth anniversary of the discovery of America, by public demonstrations and suitable exercises in schools and in other places of assembly, now, therefore, I, Frank Brown, do hereby appoint Friday, the 21st day of October, 1892, being the four hundredth anniversary of the discovery of America by Christopher Columbus, as a general holiday and request that the day be observed by a general cessation of business, by proper demonstrations in commemoration of that great event, by religious services and especially by exercises in every school-house in the State."

PUBLIC SCHOOL ASSOCIATION.

An Interesting Session—an Important Change Made in the System of Promotion of Scholars.

The Public School Association of Kent county, met in the school-room on Friday last, and was called to order by the President, E. F. Perkins, Esq. The roll was called, and fifty-seven of the sixty-one teachers answered to their names. The proceedings of last meeting were read and approved. The Literary Committee reported the following questions, which, on motion by Mr. Long, were adopted for discussion at the next regular meeting:

1st. How much theory of arithmetic shoud be taught in the first four grades? 2d. Of what advantage are compositions? Should they be read before the class, before or after correction?

The questions brought over from the last meeting—How should we determine the fitness of pupils for promotion, and should written examinations be used in the determination? were taken up and discussed by Mr. Long, Miss Mary Stephens, Mr. Starkey, Miss Goodhand, Mr. Topping, Miss Vie Power, Prof. Prettyman, of the State Normal School, Miss N. E. Gooding, Mr. Milton Melvin, Miss Virginia Johnson, Mr. Crosby, Prof. Watts, Mr. Wallis, Mr. Copper, Mr. Johns, Miss Link and the examiner. The discussion was closed by the unanimous adoption of the following resolutions, which were drafted by a committee appointed by the chair.

Resolved, That it is the sense of this Association, that our annual written examinations as heretofore conducted, be discontinued, and that in their place, we substitute the French method as described by Prof. Prettyman; and that this last be combined with the system of class-marking in schools where class marking is used.

We suggest that these be taken with such other factors as the teacher may judge best for determining a pupil's fitness for promotion, and that it be tried for the present scholastic year.

MILTON MELVIN,
JOHN F. COPPER,
JEANNETTE GOODING.

The French method as described by Prof. Prettyman, is that each pupil is provided with a blankbook, into which he is required to write his regular recitation once a month, after which he returns the book for examination to the teacher who keeps it from month to month and year to year, till the end of the pupil's school-life, when he is presented with it. The pupil has no previous notice as to when he will be called upon for these written reciations, hence he must ever be on the alert, or he may be called upon some day when he has not prepared his recitation. And thus the teacher is furnished a partial guide by which to note the progress of his pupils.

Notes for Horsemen.

Grover S., entered in the Easton Fair, last week, did not start, but was in training at the Worton track for his contest at Baltimore in October.

Polka Belton, entered in the 2.29 pace at Easton, did not start.

Tommy M., entered in the 2.50 class at Easton, trotted a losing race in the first and second heats; in the third heat he was started in a pneumatic sulky, and came in third, and it is positively asserted that had a pneumatic sulky been used in all the heats he would have forced the winner and come in for a portion of the purse.

Tommy M. is entered in the 2.50 class at Dover, to-morrow. He trotted in the 3.00 class yesterday.

Belton took second money at Easton in the 2.22 pace. The winner was Budd Doble, time, 2.21½, 2.19¾, 2.22¼.

Mr. E. B. Emory, of Poplar Grove Stock Farm, has a new pneumatic sulky which will be used in speeding his horses. The wheels are but 2½ feet in diameter.

Alcantell, the magnificent young stallion owned by Dr. G. Allen Jarman, of Chestertown, took first premium at Easton for the best two-year-old standard-bred stallion. This youngster is, to use a current expression, "in it," carrying as he does the blood of Martha Wilkes, 2.08, and Nancy Hanks, 2.05¼, the two fastest mares that ever lived, *by the records.*

The time of 2.20, by Linkwood Maid, at Easton, on Tuesday, was the fastest trotting time ever made on the track by four seconds.

The handsome Cleveland bay stallion, owned by Dr. T. H. Cooper, took first prize at the Elkton fair as the finest general utility horse on the grounds.

Mr. Harry Rash, living near Melitota, had a valuable young mare badly injured by being snagged at the village on Tuesday. Mr. Rash had ridden to Melitota, and hitched the mare to a post. The animal reared on top of the post, and was seriously snagged in the flank. Dr. Jarman dressed the wound.

Mr. Fred L. Welch writes us from Kirkwood, Del., under date of Sept. 20, 1892: I send you statement of our races to-day. We had about 800 people present. In addition to the account of the races I give you, we had one of our two-year-old filley's pace against time in 2.27, and we have a yearling that can go a quarter in 38 seconds. I am getting along splendidly.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. ☞ Sold by druggists, price 75c. per bottle.

MESSRS. EDITORS—*Sirs:* Will you allow me space in your valuable paper to say that our dear white friends have assisted us in our distress, by giving us the sum of $10, in paying off our church debt. Lord bless our Church Hill white friends. All they ask is behavior and respect, and they will respect us. We also raised $10. We are going to let Queen Anne's know that we are improving. The white minister Rev. Elder Simmons, preached for us. God bless the man, and great good was the result. Again we hope the white friends and all denominations may come to Barclay, Sunday, Oct. 2, to hear Bishop Wayman. Other divines will be present on that day. Yours in Christ;

REV. N. M. BROWN, Pastor.

OFFICE OF THE

LOCAL BOARD OF HEALTH.

IN accordance with instructions issued by the State Board of Health, it is again thought advisable to urge upon the citizens and upon corporations the great necessity of putting premises, towns and villages in a good, clean, sanitary condition. The danger that threatens us is of such a character as to admit of no delay. It is far better to be in a good condition sanitarily than to await the onset of trouble. All yards, cellars, closets, privies, hog pens, stables, slaughter houses, drains, wells, pumps and other sources of water supply; sinks, cesspools and garbage recesses should receive immediate attention. Individuals should preserve strict personal care in their habits, drinks, diet and sleeping arrangements. Those in ailing health should endeavor to at once put themselves in good condition.

The free use of Sulphur, Chloride of Lime, Copperas, Bichloride of Mercury, Carbolic Acid and other disinfectants are advised. When in doubt how to use them consult your medical adviser.

The authorities and commissioners of towns and villages are urged to have their officers see that all premises, canneries, slaughter houses, alleys, streets and roadways are cleaned, and that garbage, refuse and decaying animal and vegetable matter be not allowed to decay or lay around exposed. The health officer is ready at any time to furnish such advice and assistance as possible.

s25-3t. W. FRANK HINES, Sec'y.

It is thought proper to publish in connection with this notice the subjoined sections of the registration law so far as they are applicable to the counties, which bear particularly upon the powers and duties of the Register and the rights of the citizen:

3. Each of the said officers of registration shall have in addition to the other powers hereinafter conferred upon him, or which may be hereafter conferred upon him by law during the respective times of his appointed sittings, the power of the justice of the peace to preserve order and enforce obedience to his lawful commands at or around his place of registration; to keep the access to such place open and unobstructed; to prevent and suppress riots, tumults, violence and disorder, and all other improper practices at, around or near to his place of registration tending to intimidation or to the obstruction of the work of registration, or the revision of the registration, and to protect and keep safe the registries of voters hereinafter referred to while in his custody and possession; he may compel the presence of witnesses before him while sitting as an officer of registration for all purposes connected with the performance of the duties of his office by summons and attachment; he may while sitting as such officer of registration commit for trial any person committing at or around his place of registration any offense forbidden by this article; he shall have the power to issue any of said summons, attachments or commitments when sitting in any county of this State to the sheriff of said county or to any constable thereof; all such processes shall be served by said respective officers in the same manner as if they were issued by a judge of a court of record having jurisdiction of the subject matter or by a justice of the peace exercising police powers within such respective jurisdiction; the sheriff or any constable in any county in this State who shall serve any of the said processes shall receive the same fees and in like manner as it is or may be by law provided that he shall receive fees in other State cases, but no officer or registration shall charge or receive any compensation for any service performed under this article except such as is provided by this article.

15. All persons who prior to the passage of this act shall have vacated or removed from or have gone with their parents from the place of their actual abode, domicile, dwelling-place or habitation within this State, and shall have taken a domicile, dwelling-place, abode or habitation out of this State, shall be conclusively presumed to have thereby intended to abandon their legal residence in this State, and to have surrendered their right to registration as legal voters in the State unless within thirty days after the passage of this act they shall go in person before the clerk of the circuit court for the county from which they shall have so removed or before the clerk of the superior court of Baltimore city, if their removal shall have been from said city, and make and acknowledge before such clerk an affidavit that when they so removed they did not intend to change their legal residence within the State, but that they had a fixed purpose to return at a definite time, and that they intend to return to this State and take up their actual domicile and habitation therein, on or before six months next preceding the Tuesday after the first Monday of November, eighteen hundred and ninety; * * * and unless the persons respectively making such affidavits shall actually return to this State and shall actually take up their abode, domicile or habitation therein six months before the Tuesday after the first Monday in November, eighteen hundred and ninety, they shall be conclusively presumed to have lost their legal residence therein and shall not be entitled to registration as legal voters, and the officers of registration shall strike off their names from the registry, if they be entered thereon; and after the passage of this act all persons who shall vacate and remove from the place of their actual domicile, abode, dwelling-place or habitation out of this State shall be conclusively presumed to have lost their residence in this State, and shall in consequence thereof become disqualified to vote, unless at or about the time of such removal or within ten days thereafter they shall go in person before the clerk of the circuit court for the county from which they shall so remove, or before the clerk of the superior court of Baltimore city, if such removal be from said city, and shall make and acknowledge before him an affidavit declaring that notwithstanding such removal from their domicile, abode, dwelling-place or habitation, they do not intend thereby to change their legal residence, but that they have a fixed and definite purpose to return to this State on or before six months preceding the next succeeding election in November; * * * and if the persons making such affidavits shall fail so to return and take up their actual abode, domicile, dwelling-place and habitation in this State on or before six months next preceding such November election, they shall be conclusively presumed to have abandoned such declared intention, and shall thereupon become disqualified to vote in this State, and the officers of registration shall refuse to register them as qualified voters, or shall strike off their names from the registry if their names be entered thereon; the clerk before whom such affidavit shall be made, shall retain, index and record the same, and shall be entitled to demand and receive for each acknowledgement the sum of thirty cents, and for indexing and recording affidavits and acknowledgements thereto, the same compensation as is allowed by law for indexing and recording deeds, such costs to be paid to said clerks by the commissioners and mayor and city council of Baltimore respectively; such affidavits shall not be admissible in evidence as evidence of the right of the persons making the same to registration, unless they are recorded within five days from the date of the acknowledgement thereto, and a duly certified copy thereof shall be receivable in evidence in the same manner as a certified copy of a deed; false swearing in any such affidavits shall be deemed to be perjury, and shall be punishable as perjury is by the Code of Public General Laws, article twenty-seven, title "Crimes and Punishments," sub-title "Perjury;" said officers of registration shall require the production of such affidavits duly recorded, or a duly certified copy thereof in all cases where they shall have reason to suspect that the person applying to be registered as a qualified voter has lost his residence by reason of his removal from the State hereinbefore mentioned, and they may also in such cases put any question which they may deem proper to such applicant, concerning the place when he dwelt in the county or legislative district before such removal out of the State, his occupation before such removal and since, the time when he so removed, and when he returned, and all other pertinent facts and circumstances touching the right of such person to be registered, and they may require the truth of the answers of all persons to such questions to be corroborated by independent evidence if in their discretion they shall think proper; and if in answer to their questions or upon testimony produced before them it shall appear to their satisfaction that the person applying to be registered had left the State without any intention of returning at some definite time in the future he shall not be entitled to be registered as a legal voter.
