******THIS WEEK—Chestertown's most popular store enters upon its Sixth Anniversary Sale which has been acknowledged by our large circle of friends and patrons to be a service which we render them and for which they have all shown their appreciation by patronizing us throughout the entire year. We began our business here with certain definite principles. We promised that this store will sell honest merchandise at fair prices—That we will not misrepresent our goods to the public either in print or by verbal statements—That whatever would be purchased here would be exchangeable or returnable if the purchaser so desired. We have nothing to add to these principles and promises; that they have been adherred to is evidenced by the growth and success of our firm in the six years we have been here, and these years have taught us to continue along the same lines, and to be even more liberal in the future, by giving better value at lower prices.**
