UNDER THE STARS AND STRIPES

We look for a large number of Kent boys back to the old county in a few days.

Sergeants Edward Blackway and Elmer Sterling arrived in New York on Monday.

Sergeant Herbert Skipper expects to arrive in the States in July. Sergeant Skipper is at present attending a big university in France.

The following letter is from Private Albert Wheat to his parents, Mr. and Mrs. Lewin Wheat, and is dated on May 10, from Monte Carlo, where Priv. Wheat was enjoying a short stay:

As this is Mothers' Day I thought I would try and write you a few lines to let you know that I am thinking of you just the same, but as this is the last day of my leave and seems as though there is so much to do and so much to want to see, will not write you such a very long letter.

I cerainly hope this day finds you well and getting along fine. Also hope that papa is getting along nicely by this time.

We have had a wonderful trip. Have visited Nice, Menton, Italian Border, Monte Carlo and Monoca all on the sea coast of the Mediterranean. The scenery is great; plenty of oranges, lemons, etc., growing all around us.

Have taken several trips of sightseeing with Y. M. C. A. workers; have been bathing in the sea and have surely enjoyed most every minute of my trip. The French just treat us lovely.

The climate, from what I can understand, is just about like that of California. Lots of palms of different varieties, among them the banana palm, the cactus and most everything imaginable. Could hardly realize that France had such nice scenery and climate, after living in a place like Chaumont. Only wish I could spent the balance of my stay here instead of back in northern France.

Will close with love and best wishes to all.

Mr. Olin B. Stafford arrived in New York this week and expects to be mustered out soon. Sergeant Murrell Dunbracco is also home from France.

Mr. Maxwell Blakeney, who had expected to sail for home last week, just prior to sailing, was selected as one of a number of automobile drivers to be sent into Germany.

Dr. Houston Toulson has been ordered to remain in France for further duties.

ROCK HALL

Mr. Wm. Carter and family motored from Bridgeton, N. J., last week end. They were the guests of his mother, Mrs. Susie Carter.

Mrs. Noble Gears, of Worton, is the guest of her daughter, Mrs. James Middleton.

Mrs. Irena Pettibone and little daughter have been on a visit to her mother, Mrs. Marion Coleman.

Mr. Robert Crew is at home for his vacation.

The Patrons Club held a dance in the Mechanics Hall on Thursday evening.

Mr. Russell Downey held an auction sale of store goods and a few household goods last Saturday. Quite a crowd was present and fair prices were received.

Mrs. John Usilton has been the guest of her sister, Mrs. E. J. Apsley.

Mr. Harry Jeffreys is home for the summer.

Mr. Herman Jacobs and family motored to Western Maryland the past week.

Mr. Leonard Leary, of this place, has been appointed teacher at Golt.

Mr. Leroy Crosby has been discharged from service and is at the home of his mother, Mrs. Sarah Crosby.

Partnerships Must Make Return Of Income

Hon. Joshua W. Miles, Collector of Internal Revenue, has issued a statement calling attention to the fact that under the present Income Tax Law all partnerships are required to make a return of income regardless of the amount of gross or net income.

This return must be made on a blank form furnished by the Collector's office and known as Form 1065.

This is a new feature of the Income Tax Law and Collector Miles issues this statement at this time in order that all persons liable to file a partnership return may be apprized of the necessity for doing so. He said:

"Parnerships as such are not subject to taxation under the statute, but individuals carrying on business in partnership are taxable upon their distributive shares of the net income of such partnerships, whether distributed or not, and are required to include such distributive shares in their returns.

"The larger business concerns are probably aware of the necessity of filing the partnership return, but it is the great number of small concerns which I fear will fail to file this statement because the necessity therefor is unknown to such concerns.

"These returns must be filed in the office of the Collector of Internal Revenue at Baltimore, Maryland, not later than June 15th. Every partnership, without regard to the amount of its gross or net income, should reply to the Collector's office promptly for a blank form upon which to file its return."

U-117 Recruiting For The Navy

The captured German submarine U-117 has been in Baltimore assisting the Navy Recruiting Station in obtaining men for the Navy.

This is the boat which did so much damage off the Atlantic Coast in July and August, 1918, destroying fishing vessels and laying mines in the paths of trans-Atlantic steamers. It is thought that this boat laid the mine which sank the U. S. S. San Diego off Long Island.

U-117 was one of Germany's largest submarines, and was especially fitted for laying mines. Besides this, it carried the largest guns of any submarine afloat. She was brought over from England by a crew of American sailors, under the command of Lieut.-Commander Dibrell.

Commander Leahy, in charge of Navy recruiting, is anxious for the people of Maryland to see this ship, because it shows what the Navy has been working against during the great war. At the present time he is enlisting men for seamen, machinists, hospital corpsmen and colored mess attendants.

For further information apply at the Navy Recruiting Station, Calvert and Lexington Sts., Baltimore, Md., or to local postmaster, and, if physically qualified, transportation from your home to Baltimore will be furnished you.
