DEMOCRATIC TICKET.

For the Unexpired Term in the Fifty-Third Congress,

W. LAIRD HENRY,

OF DORCHESTER COUNTY.

For Representative in the Fifty-Fourth Congress,

JOSHUA W. MILES,

OF SOMERSET COUNTY.

THE SECOND SESSION of the Fifty-third Congress adjourned without day, at two o'clock on Tuesday. Unfortunately it has little cause for pride in its record.

PRESIDENT CLEVELAND'S letter to Representative Catching's was a manly, courageous and straightforward statement, worthy alike of the man and the vital importance of the occasion. It can but be reassuring to the great Democratic heart which has been depressed and bowed down with shame because of the apostasy of men within its own ranks.

MESSRS. CHARLES T. WESTCOTT, W. H. Lambert, Jr., and Chas. S. Smith, delegates from Kent county to the Republican Congressional convention which met at Ocean City yesterday, left Chestertown on Monday morning. Mr. Westcott was urged to allow his name to be put before the convention but positively refused. Captain William D. Burchinal telegraphed to friends on Monday that under no considerations should his name be used, though it is known that he had hosts of friends. Mr. Westcott it is generally conceded could have had the nomination for the asking.

LATER.—Abraham L. Dryden, of Somerset county, was nominated for the long term on the 61st ballot.

PRESIDENT CLEVELAND allowed the Gorman Tariff Bill to become a law at twelve o'clock on Monday night without his signature. In a ringing letter to Representative Catchings, the President says: "I am more settled than ever in the determination to allow the bill to become a law without my signature. I do not claim to be better than the masses of my party, nor do I wish to avoid any responsibility which on account of the passage of this law I ought to bear as a member of the Democratic organization. Neither will I permit myself to be separated from my party to such an extent as might be implied by my veto of tariff legislation, which, though disappointing, is still chargeable to Democratic effort. But there are provisions in this bill which are not in line with honest tariff reform, and it contains inconsistencies and crudities which ought not to appear in tariff laws or laws of any kind."

SHALL WE HAVE GAS?

Messrs. John Lamotte and John Vandegrift are now negotiating with the proper parties for the putting in of the necessary machinery to manufacture gas for general use in lighting the streets and homes of Chestertown. The town is being canvassed for consumers in the event that the undertaking is successful, and so far the matter has been favorably received by merchants and others. The board of town commissioners will be solicited to adopt the use of gas in lighting the town, but as yet no positive decision has been reached. Mr. Lamotte will go to the city this morning for the purpose of thoroughly investigate the cost of the plant, when some basis of the costs of furnishing the gas may be definitely reached. They expect to be able to furnish as fine article of gas as is used in Baltimore city at a price not to exceed that of the plant, $1.50 per thousand feet. This is a matter truly worthy the consideration of every citizen of Chestertown.

EASTON POSTOFFICE ROBBED.

The postoffice at Easton was entered on Sunday night by burglars, the safe was opened and $100 in money and $700 worth of postage stamps were stolen. Entrance was effected through a back window. A combination lock fastens the outer door of the safe. This was opened by the combination and when discovered was standing open, with the bolts about half drawn and locked. Holes were drilled through the inner door of the safe and its lock pried off. A heavy crowbar was found on the premises. An attempt was made to break open the front door of the Easton *Ledger* office, but was not successful.

Capt. C. R. Leonard, postmaster, took charge of the Easton office about two weeks ago. S. A. Benson, his assistant, who was in the office under his predecessor and has been assistant to several postmasters, had charge of the office Sunday evening. He left about 7 30 o'clock, remembers having locked the safe. Electric lights burn in the postoffice until midnight at which hour the street lights are also extinguished, leaving the town in darkness.

COUNTY COMMISSIONERS SUED.

Mr. Robert H. Blain, of Easton, wrote Clerk Samuel G. Fisher on Monday, instructing him to docket a suit for the October term of court against the county commissioners. The charges upon which the suit is brought are not specified, but the facts are about as follows: During the running of the Chester river ferry awaiting the completion of repairs to Chester bridge draw, Mr. Blain, who is a civil engineer, residing in Easton, and had been engaged in work at Galena, on the cemetery at that place, boarded the scow with his horse to be ferried across the river on his way to his home in Easton. He then decided that it was unsafe to make the trip in the lighter, and mounting his horse started for the shore. The tide was extremely low and it was impossible for the scow or lighter to get within possibly twenty yards of the beach, and Mr. Blain, not being acquainted with the shore, took an unfortunate route and his horse became stuck in the mud and he dismounted in the mud and water. He then returned to Easton by way of Crumpton, and it is believed that it is upon these facts that he brings his suit against the commissioners of Kent county.

THE SEASON CLOSES TO-DAY.

A Splendid Season at Tolchester—Races and Apple Pies—A Splendid Tribute of Love.

EDITORS TRANSCRIPT:—Once again Tolchester is nearing the end of a season, which when the company opened on the first day of June, promised, under the pressure of hard times and low prices, to be a disastrous one, but which, I am happy to say, has far exceeded our most sanguine expectations. Tolchester's unrivalled advantages as a picnic ground has again drawn the people, and if one may judge by the crowds which have swarmed here during the past three months, the season has been profitable beyond the average, and Tolchester still remains the choice of the people. The season will close to-day, (Thursday) and the steamer Giles will now resume her usual Saturday trips.

The great boat race of Thursday is still the leading topic of conversation among boatmen, and some of our Rock Hall boys claim that the Niemeyer can be beaten by a fast canoe, such as some own at that home for canoes. The Company say this may be tested next year, provided the Rock Hall boatmen remain in the same mind.

The entries in the races of Thursday were as given in your issue of that day. The Niemeyer, of Baltimore, with her enormous spread of 175 yards of canvass, and having a full racing capacity of 400 yards, won the first race, with the Sparkling Sea, of Rock Hall, second. Time of winner, 2 hours, 13 minutes and 5 seconds. The Dauntless, of Baltimore, won the second race, with the Lillian, of West River, second. Time of the winner, 2 hours, 18 minutes and 20 seconds. The race was over a course of about 13 miles.

The next in interest of the three great days, was Ladies' Day, the contest for the best bread and pies. Miss May Reese, won first prize for light-bread, and Miss Bertie Beck, the eleven-year-old daughter of Mr. Jas. Beck, that for the best apple pie. A triumph these young ladies may be justly proud of, and something to boast of in future years among their children and grandchildren. This contest is but a forerunner of what will be done in this way in the future.

The judges were Mrs. Samuel Vannort, of Chestertown; Mrs. Phillips, of Baltimore; Mrs. John P. Nicholson, Fairlee.

One of the happiest events of the season was the social gathering last Friday evening, at Gresham Hall, when the brothers and sisters of Miss Anne Bramble presented her with a silver tea-service in honor of her birthday. The presentation was made by Mr. G. E. Noland in a short but pithy speech, which was received with acclamations of applause. Quite a large number were present, and while mirth was the prevailing feature of a most enjoyable evening, congratulations were many and heartfelt, and when the guests took their departure for home, the popular and happy hostess found herself the centre of a loving circle who almost shook her arms from their sockets, in their wishes for many happy returns of the day. HAPS.

CLIFF CITY NOTES.

Oystermen Speculating as to the Season's Outlook—Picnics and Personals.

It is all hustle at the Cliffs getting ready for the opening of the oyster season. The boats have all received their finishing touches of paint, culling boards are being made and old ones repaired, culling hammers looked up, and every thing gotten in readiness for the onslaught. As there has been little or no violation of the law it is not known whether or not there is an increase on the bars. The oysters left over from last spring's catch and bedded inshore are in good condition, which fact gives good reason for supposing that those on the bars are in similar or better shape. Quite a number of oystermen will strike out for Darden's and Swan Point, as oysters up the river were very scarce last spring and it is not probable that they have increased sufficiently to induce any great number of tongers to risk a good first-day's catch above Piney Point. The buying boats are at sea as regards prices but talk 50 cents per bushel for up the river bivalves, which price is very unsatisfactory to the tongers, who hope for something better to develop before Saturday.

A grand picnic was held in Cliff park last Friday by Messrs. Sam'l Vannort, Dodd, and others, from Chestertown and the vicinity, and the usual Cliff programme followed, tables loaded and then unloaded. Fish and crabs, pleasant day, social party and a good time.

Mr. Wm. Brown has bargained for the house on Cliff road, lately built and occupied by Mr. Eli Craner.

Mr. Robert Bruce Little, wife and son, Mr. Jesse Leverton and the Misses Clara and Emma Leverton, and Harry Lentz, after a two weeks visit to the Cliffs, regretfully returned to their homes in Baltimore, thoroughly pleased with their visit and satisfied that the Cliffs is the garden spot of the Eastern Shore, consequently of this little old world. HIVER.

County commissioners court, Tuesday, Aug. 28, 1894. Full board present. Messrs. Shallcross and Groves filed their written report of the condition of Morgan Creek bridge, which recites that they together with Mr. H. M. Stuart and D. U. Dewees, made an examination thereof and found the draw thereof much decayed and needing immediate repairs, and the substructure of said draw also in need of thorough repairs, and recommend strengthening and building up said substructure in a similar way to that of Chester bridge, and to widen the draw two feet and to repair bridge also, and raise both from 18 inches to 2 feet, and renew foundation of east end of the bridge. Whereupon said report was accepted and Messrs. Shallcross and Groves, by order of the board, were appointed to further examine said bridge and report necessary specifications in order to advertise for proposals to do said work. A letter having been received from Capt. Jos. W. Thompson during recess of board, giving notice that schooner Travers will be sold, etc., was read and filed. The board was further engaged in examining, approving and passing accounts for payment by orders on levies provided in hands of Garrett Foxwell, county treasurer, and for levy in 1895.
