The Transcript.

PUBLISHED EVERY THURSDAY.

THURSDAY, MARCH 21, 1895.

R. HARRISON COLLINS. C. COX HOPPER.

COLLINS & HOPPER,

EDITORS AND PUBLISHERS.

CHESTERTOWN needs an ice plant. Let a new enterprise, combining electric light and ice plant promptly arise from the ashes of the burned ice and creamery plant. Chestertown wants such an enterprise and the time is ripe for the improvement.

SENATOR CHARLES H. GIBSON has returned to Ratcliffe, his Talbot county home, where he is busily engaged in superintending spring farm work. Will he, Cincinnatus-like, again be called from his rural seclusion to the affairs of State, is a question which is now doubtless agitating the Talbot Senatorial brain.

THE OVERHEAD TROLLEY WIRE is a menace to life, and should have been out of date before the system was ever introduced. As Baltimore city has broken the world's record is rapid transit, now let her continue to hold the championship belt of reform by taking the initiative in placing trolley, telegraph and telephone wires under ground.

MR. P. H. FEDDEMAN has announced himself a candidate for the office of register of wills in Queen Anne's. Mr. Feddeman is a business man of capacity and in every word a "hustler," and though not "a politician," the evidences are that he will succeed in an eminent degree in making the fall campaign unusually interesting for somebody.

BALTIMORE is now fairly into the work of arranging for her Centennial Exposition. The site has been approved, and now it behooves the great southern metropolis to take off her coat and roll up her sleeves and show herself a hustler. And let the counties of the State see to it, that they hold up Lord Baltimore's hands and make the exposition an emphatic success.

MR. WILLIAM F. BAILEY, a gentleman who retired from farm life last year and moved into Centreville, has been appointed sheriff of Queen Anne's county as the successor of Sheriff C. B. M. Bryan, resigned. Mr. Bailey was not endorsed either by the Brown or Keating faction, but was personally known to the Governor as fitted for the place. He will hold the place until the regular election this fall.

THE SUM AND SUBSTANCE of Mr. Gibson's latest utterance of a column in length, in Saturday's Baltimore *News*, may be put in a nutshell. It is this: "Gorman and I are the Democratic party. We make tickets and the people elect them. The people are a set of ninnies and their clamor b—d——. They will fall in line." In short his utterances were an insult to the manhood and intelligence of his party and the people of the State.

WHILE THE TALKED-OF candidacy of Judge John M. Robinson is not creating an uproarous sanction "in the ranks," the people are talking and the matter is receiving most favorable consideration at their hands. Why not place this sterling Democrat, experienced jurist and practical business man in the gubernatorial chair and advance His Honor Judge Joseph A. Wickes, of Kent, to the distinguished honor now enjoyed by Judge Robinson. A jurist of long experience and unquestioned ability, the recognition of his unwavering Democracy and eminent fitness for so honorable a preferment, could but be gratifying both to Judge Wickes and the county of which he is an honored son.

The Democratic State Central Committee has been called to meet at the Carrollton Hotel, Baltimore, on April third. Mr. Gorman has abandoned an at one-time expected European trip, and will await the fixing up the State ticket and then take a trip to California and the Northwest. The interesting question now presenting itself is, will the delegation from Kent county be one given in absolute fee simple to be bartered and dickered with in political combinations not only for the Comptroller, but for Governor, Attorney General or in any other way in which it may please the local lords to use it. This is a question to be solved before the Kent county delegation to the State Convention is decided upon.

If the Democracy expects or desires to win in the fall elections, the less Mr. Gorman has to do with naming the ticket the better for all concerned. Senator Gorman's absence in Europe or somewhere else this fall, would be a source of strength rather than weakness to the ticket. So far as the Junior Senators' whereabouts are concerned, it doesen't matter.

SENATOR GIBSON on Friday announced himself as a candidate for the United States Senate as his own successor. This is a formal service of notice upon the people of Kent county and the State, that their Legislative representatives will be called upon either to repudiate Mr. Gibson or to endorse his past record in the United States Senate, a thing which the self respecting, honest manhood of Kent and the other counties can never do. His diagnosis of the political situation in the State, is as puerile as his public record has been farcical and weak. It would have been uncharitable, to say the least of it, to attribute to Mr. Gibson such errors of judgment as he himself has given utterance to. He says: "I do not think the Democratic party in Maryland is in any danger. The majority of the voters of the State are Democrats, and at the first sign of danger to the supremacy of their party they will rally as they have often done before and will win again. There may be a few people scattered throughout the State who would like to see a new management installed, but they are the same people to a great extent who have for years been aiding the Republicans, either openly or secretly, and the people who have the true interests of the Democratic organization at heart, understand them and know what is at the bottom of their clamor. Anyone who for a moment imagines that Senator Gorman and his friends are going to give up the fight before the lines are formed or are going to retreat before their old foes, are depending on contingencies which will not happen this year any more than they have happened in the past. They are not made of that sort of stuff. If the majority of the voters should decide at the primaries that they want new leaders, the case would be different, but the majority is not going to make any such decision.

Deafness Cannot Be Cured

by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever! nine cases out of ten are caused by catarrh! which it nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

F. J. CHENEY & CO., To'edo, O.

Sold by Druggists, 75c.

A call solicited. Resp'y, etc.,
j10-'95. MRS. D. GRUBER.

Sugar, Syrup & Candy,

NEXT TO A PRETTY GIRL,

are the sweetest things on earth. You need them, every family does. They help to sweeten life. The price is advancing, but owing to a former purchase ours remains the same.

Granulated Sugar 3⅞c.

Syrup 12½c.,

by the single gallon or barrel,

We wish we could send you a sample, but this would be too expensive. Try a sample gallon, we have no fears for the sale of the second.

SPRING GOODS ARRIVING,

by the bundle, barrel, box and bale. Every week brings a fresh invoice of Shoes, Dry Goods, Notions, Groceries, etc. By all odds the cheapest goods we have ever bought, and will be marked lower.

Garden Seed,

by the paper or bulk, all the popular varieties. The same brands we have sold for ten years or more, have planted them and know them to be reliable. Yours for business,

F. H. HARPER & SON,

PHOSPHATES!

After a successful experience of twenty years in the manufacture of Fertilizers, we confidantly refer you to our record, and earnestly solicit your patronage for an article that has been sold forty seasons in succession with an increased sale each spring and fall. Our sales at home and abroad for 1894 having been much larger than ever before ought to convince the most skeptical as to the merits of our goods, and that they must have superior quality and absolute uniformity and purity.

TRADE MARK

FOR OATS

use our special Oat Fertilizer, which has stood the test for years. One patron claims to have grown over 60 bushels per acre with it. We have a nice lot on hand ready for shipment.

FOR GRASS.

As a top-dressing for Grass our Phosphate has no equal. One patron says that he made as much again hay where used, and it should be applied in February or March if possible.

FOR POTATOES

Our Special Potato Manure has been used in competition with Mapes', Yarnell's and Baughs', in fact, all the high grade goods on the market.

If not growing for special early market, try some of our $24.00 Potato Manure, it is an article of perfection for the money. We have sold already this spring over 100 customers this goods.

FOR GENERAL TRUCK.

We make a Special Truck Phosphate that contains all the required elements of plant food. One fair and impartial trial, will convince the most skeptical as to its merits.

FOR TOMATOES.

We have a specialty, and our testimonials are so many we could not give them here, but we have a separate circular, which we will send upon application, and we think it would pay you to drop us a postal for one, if you contemplate growing this crop, as we have devoted several pages of same to Tomato culture, telling how to grow a crop from beginning to end.

Our Corn Phosphate.

Have you tried it? if not, then give it a trial, undoubtedly it is the leading Corn Fertilizer on the Peninsula.

BUT, if you want a cheaper goods with a S. C. base, we have a large lot of that class of goods, such as we used to get $17 for from the Still Pond Farmers' Club, which we will sell at $13 per ton on a good note, or $12 cash. We have a large lot of this bought and it must go.

Don't Forget Your Peach Trees.

Such gentlemen as Capt. R. S. Emory, Geo. W. Davis and Joseph Rasin say if you want to have fruit you must feed your trees. OUR FRUIT GROWER has been used more extensively than any other Peach Manure in the world.

We never had a nicer lot of mixed goods, as well as materials, than we have at this time, which were bought and paid for before the combination prices went into effect. If you need anything in our line, and have not already received by mail one of our 64-page pocket diaries for 1895, write for one, and also what your requirements will be in the way of Fertilizers.

Yours respectfully,
T. R. HUBBARD & SON,
March 21, 1895. CHESTERTOWN, MD.

J. F. LEARY,
