**Leg.**—Henry Evans, the 12- of Mr. John H. Evans, living Wharf, has suffered the loss of putation as a result of falling The unfortunate boy was on g the winter, and fell, sustain- which were not at she time of a serious nature. He was confined to his bed, and about ago was sent to the hospital in After a thorough examination , it was finally decided that to atient's life the leg must come veral days ago it was amputated igh.

**nto the Snow.**—A number of s in the upper section of the re still banked with snow, and in ses are impassable. Mr. John , on Monday cleared the snow s road, and yesterday, Mr. Gar- well cut through banks of snow ir to five feet deep in opening the ng his farm. Mr. William Davis stuck with his team in a snow veral nights ago and with difficulty l to get through. Evidently the eased blizzard had a grudge he upper sections of Kent, and the vials of its wrath over those s.

**Medcalfe's Will.**—By the will of enrietta M. Medcalfe, her estate, t from fifteen to twenty thousand is left in trust for the benefit of sisters, Misses Ellen and Laura of Elkton, for life. On their $1,000 each will go to her three Henrietta, Laura and Victoria daughters of Register of Wills R. nar, of Elkton; $500 to her godson, ood Medcalfe Delissa, of Brooklyn, and the residue of the estate to her w, Lieut. Morris K. Barroll, of the d States Army. Lieut. Barroll, it is ated, will get about $15,000.

**ersistent Thieves.**—Mr. W. T. cle, living near Chester bridge, in Queen e's, reports a thief or thieves as hav- arried into effect a systematic and nt campaign against his poultry ing the past winter. Before visits were made and a number eys were stolen each time. The ainder of his flock were then moved a supposed securely locked house, even there his poultry was not safe, place being pried open. Since the rd another raid was made and an ce effected by prying the hen-house atching was of no avail, and on ursday night the last visit of the ma- ders was made, but Mr. Slagle heard a emendous noise created by his dogs and t out and fired twice and scared the rties off. Mr. Slagle says the thing has w gone far enough, and in the future a arm reception will be tendered his visi- rs, and he will be found always ready.

**Trucking on a Large Scale.**—Mr. W. rving Walker, who owns valuable prop- rty in Queen Anne's, about one and a alf miles from Chestertown, is preparing o go into trucking on a scale entirely un- known to this part of the country. An experienced trucker from Pennsylvania has come down with his family, and will occupy the Round Top tract and make of it a purely truck farm. Mr. Slagle, a thor- oughly practical farmer, who lives on an adjoining farm of Mr. Walker's, will also be largely engaged in truck. Lima beans, melons, sweet potatoes, sugar corn, Irish potatoes and other truck will be planted. Mr. Walker carried the profitable raising of truck for market past the experimental point last year, and is determined to branch out to a much greater extent this season. He has already ordered 300 tons of manure from Baltimore to be used on his truck patches. He used the same amount last year with satisfactory results. This is a move in the right direction, let other farmers follow suit.

**A Ten-Pounder.**—We extend thanks to Mr. George E. Noland, the affable and efficient superintendent at Tolchester, for a magnificent rock fish which touched the beams at a fraction under ten pounds. The fish was by far the finest specimen seen in Chestertown this season, and was the admiration of a large number of persons. Could Mr. and Mrs. Noland have seen the more than wonted exuberence of spirits which prevailed during the Sunday dinner, at which his rockship presided, they would have more fully appreciated the sincerity of the thanks which we now extend for their kindly consideration.

**April Court Jurors.**—His honor Judge Joseph A. Wickes, on Thursday, drew the following jurors for the April term of the circuit court for Kent county:

| | |
|---|---|
| 2 J. Herman Ireland, | 5 George W. Smith, |
| 4 Wm. H. Lambert, | 2 Edw. W. Hepbron. |
| 4 Cornelius C. Brown, | 1 Colin F. Taylor, |
| 3 Daniel E. Jewell, | 1 A. Hendrickson, |
| 4 Samuel Beck, | 2 Jos. W. Harper, |
| 3 Thomas Rasin, Jr., | 5 John E. Morris, |
| 2 Charles H. Price, | 3 Wm. D. Pennington, |
| 1 Samuel Mallalieu, | 3 Samuel F. Cooper, |
| 5 Richard W. Jones, | 4 Thos. D. France, |
| 1 Wm. A. Hyland, | 4 Wilbur Eliason, |
| 2 J. P. Hendrickson, | 5 Wm. H. Coleman, |
| 1 Edw. E. Woodall, | 1 Henry S. Cook, |
| 2 John M. Comegys, | 1 Wm. H. Cacy, |
| 1 A. H. Johnson, | 5 Robert S. Crew, |
| 4 John K. Aldridge, | 5 George Bell, |
| 2 George M. Beasten, | 2 Alday Clements, |
| 1 Henry J. Gray | 2 John W. Jarman, |
| 5 John W. Skirven, | 4 Walter F. Morris, |
| 5 Samuel J. Wickes, | 4 Wm. D. Burchinal, |
| 2 Wm. A. Kennedy, | 4 Edward W. Emory, |
| 3 Ellsworth Bowers, | 5 Joseph Rasin, |
| 4 Hiram M. Brown, | 5 Columbus A. Leary, |
| 5 G. W. Rotenhiser, | 1 Edwin S. Morris, |
| 2 John Hurlock, | 1 Cornelius J. Scott, |

**Advocated by the W. C. T. U.**—The Maryland State executive committee of the W. C. T. U., March 13, decided to make application through the proper channels for the appointment of women on the school boards of the counties. An appeal will be made by petition for compliance with the law for scientific temperance instruction in the public schools. Mrs. Geo. P. Everhart, of Baltimore county, State superintendent of such instruction, stated that the text books supplied under the State law were merely used as readers and were not taught as should be required. October 18 and the following six days were announced as the date for the meeting of the national W. C. T. U., in Baltimore. The new Music Hall has been secured for those dates. Mrs. Mary Haslup, president; the secretaries were: Mrs. Milton Stewart, Mrs. Jas. Lake and Miss Cathcart.

**Jamar Set Free.**—James J. Jamar, who was tried at the November term of the circuit court for Kent county in 1891, convicted of manslaughter and sentenced to four years in the State penitentiary, for the killing of Richard Johnson, on October 7, was released from the penitentiary and returned to his home in Queen Anne's on Saturday. It will be remembered that both Johnson and Jamar were oystermen, the former from Chestertown and the latter from Rolph's wharf. The men, with a number of others, were living in "arks" or floating shanties beached near Bogle's wharf, on Eastern Neck Island, and became engaged in an altercation, when Jamar struck Johnson on the head with a stone, from the effects of which Johnson died. Jamar was sentenced on November 13. Some months ago, while at work at the penitentiary, Jamar was caught in a heavy elevator and his back was seriously injured. The unfortunate man, when he left the steamer at Rolph's wharf on Saturday, was much aged in appearance and was so seriously injured that he was forced to call some one to assist him from the boat.

### Of Personal Interest.

Mr. Norman Massey, one of the one hundred and twenty-five members of the graduating class of Lehigh University, spent several days of last week at his home on Washington avenue. Mr. Massey holds a most honorable position in this unusually large class. In addition to his very satisfactory record at study, he has always been an athlete and an admirer of athletic sports, and the probabilities are that he will be a member of a specially selected Lehigh Lacross team, which will make a tour of portions of the United States and Canada.

Miss Ollie Wallen, of Wilmington, is visiting her parents at McGinnis.

Miss Corinne Vickers, daughter of Mr. and Mrs. H. W. Vickers, has been quite ill in Baltimore. Mr. Vickers was over to see her last week and states that her condition is improved.

Because of the protracted illness with La Grip of Miss Mary Hurtt, organist at Emmanuel P. E. Church, no choir music has been enjoyed at any of the Lenten services or the Sunday services for several weeks. Miss Hurtt is now somewhat improved.

Mrs. Emily Matthews, of near Chestertown, has returned from a seven-weeks visit to relatives and friends in Philadelphia and elsewhere.

Miss Lizzie Powell, of Kennedyville, is the guest of Mr. and Mrs. Burris Supers, at McGinnis.

Mr. Edward Lambert, the sweet singer of the C. C. C., and the efficient railroad postal clerk between Chestertown and Clayton, was given an examination on Tuesday and made the splendid average of 99.89 out of a possible 100. We extend congratulations upon this fine record.

Miss Ida Newcomb, of Kennedyville, is visiting at Mr. J. F. Newcomb's.

Dr. John Wethered, who is now in Germany, last week sent to Hope H. Barroll, Esq., a handsomely executed photograph of Bismarck. The picture was the last taken of the great German whose magnificent personality overshadows even the German throne itself.

Miss Maggie Bowers, of McGinnis, has just returned from a pleasant visit to her sister at Chester, Pa.

Mr. and Mrs. Joel R. Clements, M. A. Toulson and M. W. Thomas will start tomorrow for the M. E. Conference, now in session at Smyrna, Del. Rev. W. P. Compton left for conference on Tuesday.

Mr. L. C. Justis, Jr., has been quite sick at his home near Kennedyville.

Mr. H. C. Brown, Fort Worth, Texas, is convalescing.

Miss Minnie Maslin, of Quaker Neck, is now acting as superintendent of the Union Protestant Infirmary, Baltimore. This is a very responsible position, and Miss Maslin is to be congratulated upon her rapid advancement.

### Church Notes.

To-morrow will be Temperance Day, and a delightful special programme will be presented at the Young People's entertainment of the Christian Endeavor, commencing at 7.30 o'clock. The programme will be as follows:

Chorus, prayer, chorus, essay, "What can we do to aid the Temperance Cause?" Miss Elizabeth Fowler; trio, Dr. H. L. Dodd, Miss M. Julia Thompson, Walter Chapman; "Temperance in Drinking," Stockton Startt; chorus by "Juniors," "Temperate in Talking," Miss Mamie Thompson; piano solo, Miss Amy Russell; declamation, William Sherwood; quartette, C. C. C.; declamation, Miss Bessie Miller; reading, Miss Emma McFeely; solo, Miss Julia Thompson; "Temperate in Social Enjoyments," R. Merriken; chorus.

Seats for all. Pleasant ushers. No ribbons.

## CREAMERY AND ICE PLANT BURNED.

### A Valuable Plant Destroyed by a Fire of Mysterious Origin.

HEAVY LOSS TO THE COMMUNITY.

The valuable plant of the Chestertown Creamery & Ice Company, was entirely destroyed by fire at about 11 o'clock on Tuesday. Manager Horace W. Beck and his assistant, left the building at 10.30 o'clock, for their morning delivery of butter to customers in Chestertown. The machinery had not been used since Monday, and under one of the large boilers the fire had been banked, while under the other there was no fire at all. There were no stoves in use, and Mr. Beck had spent the morning in the office with his books, making out the monthly statements of the patrons of the creamery, and left his ledger and cash book on the desk in the office. Mr. Joiner had arranged the supply of butter, and when they left, everything was intact and no signs of fire were to be seen.

Mr. Beck delivered butter at a number of places, and a few minutes after having heard the clock strike eleven he was driving up to the residence of Wm. M. Slay, Esq., Queen street, when he noticed Mrs. C. S. York and Mrs. J. M. J. Byron looking toward the creamery, and heard several colored women cry "fire." He looked over and discovered the end of the creamery in which were the engine and boilers, in a bright blaze. He put his horse in a full run, but when he reached the building it was wrapped in flames in every part, and it was evident that there was no possibility of saving the buildings, and a few butter trays and cans only were saved. After the flames had completely consumed the building, a stream of water from a hose run from Washington Ave was thrown on the ruins. One heavy report followed by a lighter one shortly after the fire started, was caused by the escape of the large quantity of ammonia used in the manufacture of ice. This was expected by the large number of persons who were there, and they stood well back. In scarcely more than an half hour the building was consumed.

Officer Kelley, while working the fire department, made a narrow escape from being precipitated into the fiery wreckage. He was standing on the butter vault, which was an arched room under ground, used for the storage of butter. Wm. Pennell, who built the vault, cautioned the officer that he was in a dangerous position, and his warning was heeded none too soon, for the next minute the walls of the arch fell and the roof sunk not eighteen inches from the spot on which the daring fireman stood. A stove in this arched room was left undisturbed, a lantern sat in the corner, and not even smoked or scorched walls gave evidence of the fiery ordeal to which the rest of the building had been subjected.

A rabbit, evidently sitting near the building, dashed out through the crowd of spectators and killed itself against a wire fence.

The day-book and ledger, the most valuable of the books, were burned, but several books and some unimportant papers in the safe were found yesterday morning only slightly scorched. The origin of the fire is entirely a matter of theory, some claiming that it is possible that a hollow piece of coal under the boiler might have bursted and scattered, causing the fire. There was a quantity of waste in the creamery, and the theory of spontaneous combustion is also advanced. The spread of the fire was almost phenomenal, and the fine plant was consumed in an almost incredibly short time.

The plant consisted of a twelve and a twenty-five horsepower engine, a twenty and a twelve horsepower boiler, a full equipment of machinery, separater, churn, etc., for the manufacture of butter; pumps, ammonia compressers, pipes and a thoroughly equipped ice plant, and in the ice house were about 25 tons of ice. The ice plant, which was added to the creamery in the spring of 1890, with a capacity of three tons per day, had proven a profitable property, had a daily capacity of about six tons, having been improved by the addition of new and improved machinery in 1893. The creamery had a daily capacity of about 500 pounds of butter, but at slight expense this could have been doubled. As high as 4500 pounds of milk had been used in a single day. The entire plant was one of the most thoroughly equipped on the Eastern Shore.

One boiler and some other machinery are uninjured, but only a thorough investigation, which will be made in order to adjust the insurance, can determine the exact amount of the loss. The property was insured for $8,300, through the agency of W. Harper McFeely in the following companies: Pennsylvania, $1000; American of Philadelphia, $900; Connecticut, $1600; New York Bowery, $1400; Washington Lloyds, $900; Columbia Lloyds, $900; New York Central Lloyds, $1600.

The enterprise was started by R. G. & W. T. Nicholson, and first commenced operations June 15, 1889. In the spring of 1890 the ice plant, with a capacity of 3 tons daily, was put in, and in 1893 the ice plant's capacity was increased to 6 tons per day. A separator was put in at Lynch's in 1891, and in 1892 a separator was put in at Church Hill. Before the improvements to the ice plant were made in 1893, a stock company was formed with a capital stock of $18,000, with Robert G. Nicholson president; Horace W. Beck, secretary and treasurer. Mr. Beck was also made manager. The other stockholders are H. H. Barroll, Samuel Vannort and Dr. W. Frank Hines. The property as it stood just previous to the fire, represented about $15,000, though it is estimated that it could be replaced at from $10,000 to 12,000. The entire community will feel the loss of the valuable plant. The farmers will find the source of a splendid revenue cut off, and thousands of dollars will of course be withdrawn from general circulation. A gentleman said yesterday; "I will go to Kennedyville, but I am willing to give one month's milk bill of about $25 to a new creamery. The farmers need it, and can poorly afford to part with this industry from their midst." Whether or not the creamery and ice plant will be rebuilt it is impossible at this time to say. The matter is being fully discussed by the stockholders. The inconvenience to Chestertown in an ice supply will be great, many persons having failed to fill their ice houses, depending entirely upon the artificial product.

### SOCIAL MATTERS.

Mr. and Mrs. George D. Lofland entertained the members of Amicable Lodge I. O. O. F. and several other friends, in a most pleasant manner at their home, High street, on Thursday evening. A large number or the lodge met at their rooms in the TRANSCRIPT building and proceeded to Mr. Lofland's in a body. Mr. Joseph Guest assisted mine host and hostess in doing the honors of the occasion. After an hour passed in social intercourse, the guests were invited to the dining room, where ices and cake were most abundantly served. Among those present were: W. T. Matthews, Ambrose Frazier, Charles J. Reiche, Edw. Lambert, J. F. Howard, R. H. Collins, Geo. S. Biddle, J. Frisby Newcomb, J. W. Silcox, F. M. Miller, J. Frank Leary, L. B. Russell, C. C. Hopper, H. Meeteer Wallis, J. Randolph Rollison, Thos. Reiche, W. H. Lambert, Jr., Fred G. Usilton, Wm. Davis, Harry Hoyle, Jas. W. Chapman and James Allen.

Mr. Isaac Snitcher, of near Catlin's, gave a delightful entertainment last week in honor of Miss Ida Carson. Games of all kinds were participated in, and during the evening tempting refreshments were enjoyed. Those present were: Misses Maggie Bowers and sister, Mary Hoffecker, Lizzie Snitcher, Lizzie Jefferson, Mary Jester, Alice Dewberry, Miss Leager and others, and Messrs. Chas. Dewberry, Ernest and Howard Sennett, Walter Wright, James Jefferson, Medford Garrett, Chas. Potts, Jas. Jester, Harry Jefferson, Will Baxter, Will Jester, Herbert Bowers.

Miss Grace Hatcherson was given a delightful surprise party on Friday evening, by her host of friends. Messrs. C. H. and Warren Hurlock and William Barnes furnished splendid music and dancing was a pleasant feature of the evening.

A lunch party was held at Miss Etta Edwards' home, at Lynch's Station, Tuesday evening, for the benefit of Lynch's Church.

## AGAINST THE COUNTY COMMISSIONERS.

### Interesting Cases for the April Term of Court.

The county commissioners of Kent will find themselves defendants in three interesting cases at the April term of court. Three suits have been docketed, possibly the most interesting of which will be that of Hope H. Barroll, Esq., as attorney, for $5,000 damages for the drowning of Lee James, the colored man who on January 20th, while crossing the waste gates on the dam of Price's (formerly Connelly's) mill on several boards laid across, fell into the water and was drowned.

Captain Clay Hadaway has instituted suit, for one thousand dollars, for loss and damage because of there having been no bridge tender at the bridge across Morgan's creek. Captain Hadaway has for years sailed up the creek, and as with all masters of vessels sailing up the creek, either himself or some one of his crew, was forced to open and close the draw. This will be an interesting case as bearing upon the rights of captains in a number of other similar cases in this and other States.

The other damage case is that of Robt. H. Blain, civil engineer and surveyor, of Easton, who, as already stated in the TRANSCRIPT, while crossing Chester river in a scow during repairs to Chester bridge, was forced to get into the water. The scow grounded and Mr. Blain mounted his horse and attempted to ride ashore, but being unfamiliar with the shore, was forced to dismount. These cases all involve interesting points of law.

### OBITUARY.

Mrs. Mary A. Simpers, widow of the Rev. Thos. W. Simpers, died at her home in Philadelphia, on Saturday of last week, aged 79 years, after a general breaking down of the constitution. Her husband was a well-known and respected minister of the Methodist Episcopal Church, and spent upwards of 40 years in the itinerancy. In 1865 he was the minister in charge at Chestertown, and prior to that was at Galena. He was also preacher at Centreville. Mrs. Simpers was an aunt of Mr. J. H. and E. W. F. Simpers, of Chestertown, both of whom attended the funeral services, and the interment at Ivy Hill Cemetery, near Philadelphia.

Mr. William F. Cooper, brother of Dr. T. H. Cooper, Chestertown, died at his home in Philadelphia, on March 6, after an illness of only five days, aged 52 years. Mr Cooper was attacked with La Grip which rapidly developed into pneumonia. Dr. Cooper was ill at the time and was unable to attend the bedside or funeral of his brother.

Mrs. Ruth Kennard, a devoted member of Asbury M. E. Church, Wilmington, recently died at an advanced age. Mrs. Kennard was a grandmother of Miss Addie G. Kennard, formerly of Kent.

(Continued from back page supplement).

### New Advertisements.

T. R. Hubbard & Son, phosphate manufacturers, Chestertown, Md. These gentlemen are so well known, and their different brands of fertilizers so thoroughly established in our county, that it seems scarcely worth while for us to comment upon them. There are but few prosperous farmers in this county who have not used their fertilizers, and for many years their plant has been regarded as one of the most valuable and best equipped on the peninsula. All during the severe financial strain through which the people have passed, these gentlemen have carefully and economically managed their business in order to successfully meet all competition, and they stand to-day among the reliable manufacturers of good goods for as little money as they can be honestly and conscientiously produced. Their advertisement presents their goods fairly and squarely before the people. Read it.

R. Bergen, Chestertown.—Having made extensive improvements, remodeling, painting, etc., in his already attractive store room, Mr. Bergen is prepared to satisfy all who visit his splendid establishment this spring. No more extensive or complete line of dry goods, notions, trimmings, millinery, etc., can be seen in the county.

ST. JOHN'S CHURCH, ROCK HALL.—Services 2d and 4th Sundays at 10.30 A. M. Evening Services at 7.30 P. M. with Sermon and Benediction. The 2d Sunday of the month and the Monday following are special Communion days. Mass at 8 A. M. on the Mondays following the Church Sundays.

**The Modern Way**

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use delightful liquid laxative remedy, Syrup of Figs.

JAPANESE PILE CURE

A New and Complete Treatment, consisting of SUPPOSITORIES, Capsules of Ointment and two Boxes of Ointment. A never-failing Cure for Piles of every nature and degree. It makes an operation with the knife or injections of carbolic acid, which are painful and seldom a permanent cure, and often resulting in death, unnecessary. **Why endure this terrible disease? We guarantee 3 boxes to cure any case.** You only pay for benefit received. $1 a box, 6 for $5. Sent by mail. Guarantees issued by our agents.

**CONSTIPATION** Cured. Piles Prevented, by Japanese Liver Pellets the great LIVER and STOMACH REGULATOR and BLOOD PURIFIER. Small, mild and pleasant to take, especially adapted for children's use. 50 Doses 25 cents.

GUARANTEES issued only by

M. A. TOULSON Chestertown, Md

**Wm. McKaig**

BOOT AND SHOE MAKER,

**BARGAIN STORE!**

ON CROSS STREET,

IS THE PLACE TO BUY

**SHOES.**

Have furnished a good many so far with comfort, ease and service at moderately low prices. We are still selling them, are going to sell them, we can't help selling them, our customers can't help buying them, for our prices justify them in doing so.

We desire to specially call your attention this week to a few articles of our new and fresh stock, that are of excellent value at *way down* prices. Among them are at

**$1.38**

A Ladies' Dull Dongola with tip of same. This is a beauty in appearance, soft and easy to the wearer, and a cinch in price.

**$1.98**

We have the Ladies's Hand Welt, with the patent tip, needle or square toe. This Shoe, at the price, will show itself better than we can tell you.

**98c.**

We have the Misses Queen School Shoe. This is of bright pebble grain with the patent tip, spring heel, good flexible sole, all leather. An excellent and comfortable wearer.

**79c.**

That Little Misses' Genuine Dongola, with the patent tip, will speak for itself when you see it.

☞ We also have a full line of Men's, Boys', Child's and Infant's goods at prices just as low.

Give us a call, we are only a few doors from Main St., on Cross street.

**The Celebrated Cleveland Bay Stallion,**

PRIDE OF ENGLAND,

Registered No. 161, Imported, Stands Alternate Weeks at Elkton and Chestertown, Maryland.

PRIDE OF ENGLAND, 161, is a beautiful Blood Bay Color, stands 17 hands high and weighs 1300 pounds.

Pride of England is registered in the Ontario Coach and Roadster Horse Breeders' Association of St. Thomas, Canada, as No 161. He is a descendant of the best producing families on both sides for speed, beauty, endurance and general utility.

Tracing from Mark Twain, Moonstone and Old Clear Grit [859] as producers of speed, and through Rattler and Hornpipe to thoroughbred and imported coach horses, through Fox Hunter, Pride of England [161] sired by Mark Twain, he by Moonstone, by Old Clear Grit [859], he by Lapadist by Touchstone, the English race horse.

Mark Twain's dam Big Nell, by Foster's St. Lawrence, he by Old St. Lawrence. Mark Twain is sire of Nellie Baker with four-year-old record of 2.32 with six weeks handling. She gave a trial mile on Woodbine Track, Toronto, in 2 21¾, and a half mile in 1.08.

Moonstone's dam by Bradley's thoroughbred, he by Oliver's thoroughbred. Moonstone is sire of Nettie C., record 2.28, and several others that show their ability to trot close to 2.30.

Old Clear Grit [859], was one of the greatest Canadian sires. Sire of Amber, record 2.23, made in Australia, and the fastest record for two, three and ten miles in Europe, Flora F., 2 24¾, Bay William, 2.27¾, Little Billy, 2 23¾, Billy M., pacer, 2.19¾, Fuller, pacer, 2 13¾, St. Patrick, 2.30¾ and a large number that trot under 2 40.

Pride of England [161], dam Fanny [55] by McQueen's Rattler, he by Wilson's Rattler, he by Biggart's Rattler, by Sir Henry, he by the Garrett horse, by Leonidas Imported Thoroughbred. Biggart's Rattler, sire of Joe Brown, 2.23 also of Warner's Rattler, sire of Mary Davis, 2.26.

Pride of England [161], grand dam by Hornpipe by Imported Thoroughbred, great dam by Fox Hunter, he by imported coach horse

It will be seen by the above that Pride of England is gilt-edged on both sides.

Breeders cannot possibly err in breeding their brood mares to this noble stallion, as the intensity of his breeding is in itself a certainty that his stock will partake largely of the characteristics of their sire.

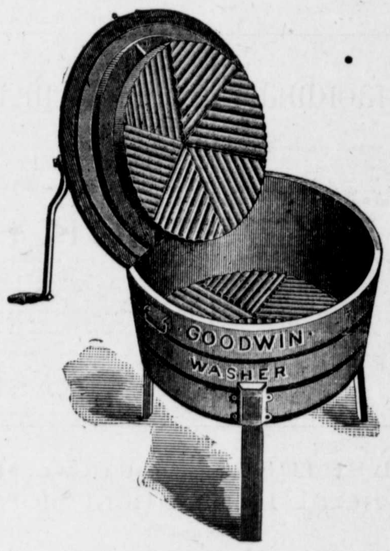
TERMS OF BREEDING—$20 to insure, to be paid when mare proves in foal.

T. H. COOPER, M. D., Proprietor, CHESTERTOWN, MD.

DANIEL WARREN, Groom.

**The Goodwin Washer.**

A WOMAN'S INVENTION.



The Best Washer Yet Invented.

Will wash six sheets at once. A child can operate it. Close the lid and turn the crank back and forth with a short, quick motion (never in a circle). The machine adjusts itself according to the capacity of clothes in the Washer. It gives the clothes the same rubbing as if done by the knuckles, washing anything, from a pocket handkerchief to a bed quilt. No boiling the clothes, for the steam in the Washer does all such necessary things. Washing can be done in half the time it takes to do it by hand. It does not tear or wear the clothes, or tear the buttons off. Any parties wishing to purchase a Washer can do so by dropping Mr. A. S. Vandemark a line, and he will cheerfully call and show you how to operate it and all of its advantages. Below are a few of the many who are using the Goodwin Washing Machine in Kent county:

CHESTERTOWN.

| | | | |
|---|---|---|---|
| Dr. W. Frank Hines, | Chestertown Steam Laundry, | J. F. Newcomb, | George S. Biddle, |
| William Miller, | John Hirons, | Ambrose Frazier, | Mrs. M. E. Watts, |
| George Bacon, | Mrs. Henrietta Matthews, | Thomas Davss, | ——Reed, |
| Joseph Lewis, | J. H. Bryan, | Ray Bowers. | |

QUEEN ANNE'S COUNTY.

| | | | |
|---|---|---|---|
| Wm. T. Hendricks, | George and Isaac Snitcher, | Albert Story, | Thos. Tucker, |
| N. E. Davis, | Capt. William Riggins. | | |

Worton—S. F. Cooper, John P. Nicholson.
Kennedyville—John H. Clendaniel, John Clendaniel and E. E. Hudson.
Lynch's—Andrew Toulson, G. F. Clark and Jacob Sutton.
Galena—Henry C. Gray.
Rees' Corner—Edw. Bramble.
Betterton—Mrs. R. T. Turner.

and a number of others too numerous to mention, in various sections of the county. It's a machine that is being placed in nearly every family like a sewing machine, and everybody who has not one should purchase one at once. It will save the health, labor and time.

Ladies, please remember that the men have all the latest improvements in the line of machines to save labor and you should enjoy the comforts of life as well as the men, and you will find it a comfort on wash days if you buy a Goodwin Washing Machine, and have your wash out in half the time it would take you to do it by hand. And when you are through you will not have the skin rubbed off your knuckles, and you will not have a backache and a lot of slops to clean up
