LOCAL MATTERS

Notice To Advertisers, Subscribers, Etc.—Next Friday being July 4, The Transcript will go to press on Thursday, instead of on Friday next week. All advertisers, correspondents and others are requested to get their advertisements, letters, etc., to this office not later than Wednesday noon.

May Vote In 1920.—It begins to appear more than probable that the woman suffrage amendment to the Constitution will be ratified in time to permit female voters to take part in the presidential campaign in 1920. Suffrage workers are bending every effort to securing the right of franchise before the 1920 election.

An Invitation.—The following is from the Mayor and Council of Ocean City, Md.: "A cordial invitation is hereby extended to all of the citizens of Maryland, Delaware and the Eastern Shore of Virginia to attend the celebration and formal opening of the new Ocean City Bridge, at Ocean City, Md., on July 4. Exercises will commence at 3 p. m. on the bridge."

Ripe Tomatoes.—The season for home-grown tomatoes is about here. Mr. E. R. Anthony picked five nice ripe tomatoes last Sunday. Dr. J. E. Graham picked his first tomato and first cucumber Tuesday. The doctor has held the record for several years here for having the first ripe tomato, but Miss Gussie Cannan beat him this year by several weeks, which was noted in this paper at the time.

Pleasure Yacht Burns.—Capt. G. F. Akers of the bay police force, saved nine persons when the pleasure yacht "Eifen," of Wilmington Del., burned to the water's edge off the mouth of Worton Creek recently. The life boat had been launched, but three men were overboard with life preservers on, as the boat would not hold them. The arrival of Capt. Akers upon the scene probably saved the lives of some of the men.

Peace Today.—Germany is expected to sign the peace treaty today, which will officially end the greatest war in modern times. It is believed by some that Germany will seek a few days longer to parley over the peace terms. The escape of the Crown Prince into Germany is viewed in some places with alarm, but the people who know seem to think that the treaty will be signed today, Saturday, or a few days later, at the longest.

Teachers At Summer School.—The following teachers of Chestertown and Kent county are at the summer school which will be held from June 23 to July 26: Johns Hopkins, Misses Mamie Carroll, Anna Duyer, Dorothy Dill, Blanche Scotten; Ocean City, Talmadge Strong, Frances Coburn, Mildred Melvin, Ruth Newton, Catherine Myers, Elizabeth Lusby; Maryland State College, Misses Hope Meeks, Myra Wheat, Josephine Walters, Nellie Price and Estella King.

Chestertown Defeats Millington.—The Chestertown Bowling Team defeated Millington Bowling Team on Tuesday evening at Mr. William Lambert's Alleys five games out of five played. The Chestertown team was composed of Messrs. Wm. G. Smyth, Barclay Kilbourn, Walter Bennett and Joseph Brice, while Millington was represented by Dr. Brice, Dr. Metcalfe, Messrs. Paul Comegys and Jarvis. Mr. Walter Bennett led all the bowlers, averaging 105 for the five games and bowling 126 in one game.

P. O. S. of A. Elects Officers.—The following officers were elected by the P O. S. of A. on Tuesday evening for the coming six months: Past Pres., J. C. Davis; Pres., J. W. Russell; V. P., W. B. Coleman; Master of Forms, Joseph Duyer; Rec. Sec., C. F. Wheatley; conductor, J. C. McIntire; Inspector, W. F. Malin; Guard, J. F. Wheatley; delegates to state camp, W. F. Malin, J. F. Wheatley, J. C. Davis, Joseph Duyer, W. B. Coleman; alternates, E. A. Barnes, C. F. Wheatley, J. W. Russell, Virgil Kendall, J. R. McIntire.

July Fourth.—Next Friday is July 4 and a legal holiday. All the banks, public offices, newspapers, etc., of this town will close on that date. The 4th of July this year should be celebrated with particular enthusiasm. This day, the birthday of our country, has received new and added glory since last year, and the day should be observed throughout Kent county as well as the whole nation in a manner that will pay a just and lasting tribute to those who have made the day more glorious by their deeds. Big crowds will be at Tolchester and Betterton, Kent's resorts, where ample preparations have been made to celebrate the day.

Honey In United States.—The honey of the United States for 1918 having been placed by the department of agriculture at about 250,000 pounds, American botanists estimate that as the nectar of flowers does not become honey until worked over and partly evaporated the bees must move as much as 150,000 tons of material to produce this crop, exclusive of the honey eaten by themselves. Of this produce about one-half is from the nectar of white clover, with two other leguminous plants—alfalfa and sweet clover—as the next important sources. Mr. Spencer Biddle is the largest honey producer in Kent. Mr. M. A. Toulson, of Chestertown, also has a number of hives of bees, which produce a good bit of honey.

What Will Kent Do?—All over the Eastern Shore big preparations are being made to pay a just and fitting tribute to our boys who have arrived from across seas. In many ways will the Eastern Shore towns show their appreciation. Over in Queen Anne's county big preparations are being made for the event. What will Kent county do to show our appreciation for what the boys did? Sooner or later we are satisfied that this county, so rich in tender memories connected with our country's history and progress, will pay a just and permanent tribute to our boys in a manner more substantial, more noteworthy and more enduring than many of our sister counties of the Shore.

Germany, Past and Present.—The war Germany forced upon the world has left herself only the shell of the once mighty empire that disturbed the world's peace for a half century. In 1914 the population of Germany was 66,000,000, now it is 54,000,000; in 1914 its area was 208,825 square miles; now its area is 172,000 square miles; Germany's colonies in 1914 comprised 2,950,000 square miles; now they have none; its colonial population in 1914 was 13,000,000, now it has no colonial population; its army in peace in 1914 was 2,000,000; now it is 200,000; its navy in 1914 was composed of 41 battleships and 59 cruisers in 1914, now it is made up of 6 battleships and 6 cruisers. This should be a good example for all time for nations that set out to dominate the affairs of the world.

Tuberculosis Meeting.—A meeting in the interest of waging an active warfare against dread tuberculosis was held in the Court House on Tuesday evening. Only a small crowd was present. Two good speeches were delivered. Another meeting will be held in the near future, which should be more largely attended. The movement should receive the aid of all.

Anthrax In Kent.—Mr. Thomas Davis, of Quaker Neck, has recently lost five calves by a peculiar disease. No cows contracted the disease. Dr. G. Allen Jarman was called to inspect the herd and dead animals and sent a specimen to Washington for examination. It was pronounced anthrax by the authorities. This is the first case of anthrax which has been discovered in this section since the outbreak in Queen Annes county several years ago when many valuable animals were lost.

Road Police Carter Injured.—Road Policeman "Nick" Carter was painfully injured in Baltimore one day recently while making an arrest in that city. Mr. Carter had arrested a man for exceeding the speed limit, and was standing beside his motorcycle with one foot on the car track. A street car bumped into him, the fender striking him on the leg and hurling him fifteen feet away. Mr. Carter was injured about the leg, and has been unable to resume his work since. The street car motorman was placed under arrest.

Party At Galena.—The young ladies of Galena gave a party on the lawn of Mr. and Mrs. Robert Fogwell, near Galena, last Wednesday evening. The lawn and porch were beautifully decorated with Japanese lanterns and flowers. The evening was spent in music and games, which was much enjoyed by all. At a late hour refreshments were served. Those present were Mr. Otho Fogwell, Mr. and Mrs. Robert Fogwell, Mr. and Mrs. Joseph Dixon, Miss Fannie Wood, of Wilmington, Messrs. Hilda Wiltbank, Mollie and Blanche Dixon, Lavelle, Marian and Nelly Dempsey, Emma Boyd, Marjorie Todd, Louise White, Sara Merchant, Mattie Clark, Abbie Wood, Janie Dixon, Hilda, Helen and Blanche Fogwell, Mr. Ralph Clark, Alex Jarrell, Jack Van Dyke, John Bristle, Franklin and Walter Bennett, Wm. Hess, Walter and Ross Wiltbank, Henry Clark, Henry Merchant, William Johnston, Raymond Mulford, Richard Redding, Edgar Steele, Robert Fogwell, Jr., William Dixon and Jack Smith.
