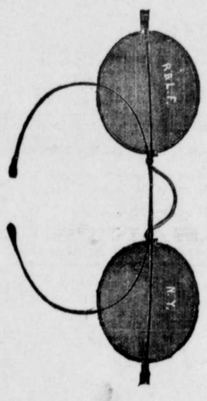
THE TRANSCRIPT is the Live Local Paper of Kent. It stands at the top as an advertiser and reliable news gatherer.

NOTHING SUCCEEDS LIKE SUCCESS.

About eighteen months ago we commenced business in Chestertown with doubts and misgivings as to the future, but all Doubting-Thomas feelings have given place to positive assurances of success achieved. From a limited stock, in even more limited quarters, the demands of our constantly increasing trade have placed in our cases an assortment of Fine Jewelry, Watches, Clocks and every article found in a thoroughly-equipped Jewelry Store, scarcely second to any establishment on the Eastern Shore for extent and variety, and certainly not surpassed for quality of goods.



WATCHES.

In our watch stock you will find over one hundred styles of solid gold, gold-filled, silver and nickle cases. These are fitted with only the most reliable makes of movements, and thoroughly guaranteed.

Our line of Chains and Charms for Ladies and Gentlemen is complete in all the latest styles.

GOLD RINGS.

For this department we have more than our share. Almost every conceivable shape in set rings for ladies, gentlemen and children. Plain gold wedding and engagement rings in 18k and 14k, all shapes and weights. Our stock is so complete we do not have to cut rings to make sizes.

NOVELTIES.

In cuff buttons, collar buttons, shirt studs, scarf pins, etc., we have everything that is new and desirable. Some exquisite designs in ladies' lace pins, brooches, pendants, neck chains, button sets, ear rings, belt buckles, etc.

CLOCKS.

The whole community is talking about and wondering how it is possible for us to give such beautiful designs at nearly half the price others ask for old out-of-date styles.

AND NOW WE COME TO SILVERWARE.

In this department we are rapidly forging to the front, our sales constantly increasing. We handle only the standard makes and buy in large quantities for spot cash, and put them on our counters at a very small margin. We have just received another large lot of Rogers Celebrated Tea Spoons at $1.00 per set. Table Spoons $2.00 per set.

OUR SUCCESS.

We attribute our success to the fact that we carry the Largest Assortment of goods in our line that has ever been displayed in Chestertown, and give prices Lower than can be found in city establishments. If you will compare our prices with others, you will be convinced that we can save you money on each and every article.

REPAIRING!

We make a specialty of Repairing Watches, Clocks and Jewelry. This branch of our business is rapidly increasing, due to the fact that we turn out nothing but first-class work, and guarantee the same to give satisfaction. Our charges are Lower than others charge for "botch" work. All goods sold will be engraved free. Spectacles and Eye-Glasses fitted correctly. No charge for testing your eyes.

"Costly thy Wheel, as thy purse can buy, but not expressed in fancy, rich not gaudy, for the Wheel oft proclaims the man."--B.

THE MAJESTIC LIGHT ROADSTER FOR 1895

stands preeminently ahead of all competitors. Its patrons are among the leading wheelmen of the United States; this alone should recommend it to every one contemplating the purchase of a Bicycle.

Majestic Light Roadster No. 6,

WEIGHT, 23 lbs.; PRICE, $75.

Majestic Ladies' Light Roadster No. 7,

Weight, 25 bs.; Price, $75.

All Wheels Fitted With G. and J. Tires.

The Invincible Majestic for 1895.

BEARINGS.

The bear ngs are dust proof, and are of hardene d stee bushings forced into steel dropped forgings; this is done to keep the forgings intact and from warping out of shape by any hardening process (which would be necessary) if we did not use steel bushings, therefore the steel dropped forgings are left in their natural state of temper, which keeps them from liability to crack, and the bushings are forced tightly into them. The bushings are polished by a grinding process, making them as smooth as glass.

These Wheels having proved so thoroughly satisfactory, and the record they have made for themselves throughout the country over every kind of road, has proved them to be the Highest grade Machine that can be manufactured. Having this reputation to sustain, the machine is placed on the market for 1895. Knowing that we have the confidence of the Bicycle public, we take pleasure in assuring you that the Majestic Light Roadster will be strictly up to date in every particular. Remember, there is not another Wheel on the market with all the following '95 points: Adjustable Handle Bar, Double Forked Crown, 5½ inch Tread, Barrel Bracket, Convertable Rubber or Rat Trap Pedals, Detachable Sprocket, 24-inch Frame, Reinforced at all Connections, a Written Guarantee for One Year Given With Each Wheel. We also carry in stock a full line of Bells, Lamps, Cyclometers, Luggage Carriers, Valves, Pumps, Cement, Patching Rubbers, Balls, Spokes, etc.

THE TEMPLAR, Weight 27 Lbs., G. and J. Tires.

In offering this medium-priced Wheel to the public, I take pleasure in presenting it as the best Road Wheel on the market for the money. In fact, there are Wheels now being offered for twenty per cent. more money that are no comparison to the "Templar." We furnish them either for Ladies or Gentlemen at $60, fitted with G. and J.
