Why don't you try Alka-Seltzer for the relief of—
HANGOVER

Stomach Gas, Headache, Acid Stomach, Colds, Neuralgia, Fatigue, Muscular, Rheumatic and Sciatic Pains?

Alka-Seltzer has a pleasant, refreshing, tangy taste. It contains an analgesic (Acetyl-Salicylate, a Sodium Salt of Aspirin) which relieves pain and discomfort, while its vegetable and mineral alkalizers help to correct the cause of those minor ailments associated with hyperacidity of the stomach.

PENALTY

Important Notice to Merchants and Traders

Your attention is called to the provisions of Senate Bill No. 63 passed by the General Assembly of 1929, under which there is imposed on persons who fail to take out licenses in the month of May a penalty of 10 per cent per month on the cost of the license. This is not merely a 10 per cent flat penalty, but 10 per cent per month or fraction of a month.

The Clerk of the Court has no discretion in the matter but will be held accountable to the State for the collection of all penalities.

Licenses are now on hand ready for distribution.

Frequently some one will ask, 'just what do you mean by a Chiropractic adjustment?' To nany persons a Chiropractic adjustment brings up the picture of rough handling. Others think of the back as such a delicate structure that a little push may distort it.

In order to make perfectly clear just what a Chiropractic adjustment is and does, it is first necessary to say a few things about that back of ours. In the first place it is strong, well protected, accurately shaped and balanced and can support heavy loads as well as severe strains. Like any other mechanical structure, it can be suddenly or accidentally overloaded. Also by being subject to a wrongful posture, kept out of equilibrium for sustained periods, will tebral bones.

result in displacement of its ver-

The exact position with relation to all the vertebrae of the spinal column must be clearly understood to determine the degree of displacement. When determined and due allowance is made for muscular re-action and other counteracting forces, the hands are placed at the particular point where the least pressure is needed to slip the bone back into normal position. This is neither painful nor unnatural. It is not massage or rubbing which may ease sore or tired muscles. It does make a mechanical change in the vertebral relationship thus removing irritation on spinal nerves.

Rubinoff Holds World Record for Broadcasting

Rubinoff and his violin—and Chevrolet—are a combination that few, if any, radio listeners in the United States have not received in their homes via the air. The famous violinist and his Stradivarius, stars of the Chevrolet Musical Moments programs, have the distinction of going on the air from more broadcasting stations than any other program in the history of radio. Three hundred and seventy-eight stations broadcast Rubinoff three times a week, a total of 1134 fifteen-minute programs. That figures out at 283 hours, and if one week's programs were broadcast one after the other, day and night, it would require 11 days. The illustration shows Rubinoff, carrying his precious violin, posing with his car after a special appearance at Detroit.
