WHEN FOOD FERMENTS AND GASES RISE TAKE JUST ENOUGH TO ALKALIZE —

Gas is fine in your stove or furnace, but it's both painful and embarassing in your stomach.

Why don't you use Alka-Seltzer for the relief of ACID INDIGESTION, Colds, Headache, Neuralgia, Muscular, Rheumatic, Sciatic Pains?

Alka-Seltzer is pleasant to take and unusually effective in action — not laxative, not habit forming, does not depress the heart.

Ask your druggist.

BE WISE-ALKALIZE!

THOSE WHO REMAIN

When death visits a home, the first concern is to perform the last service to the loved one in a becoming manner. What ever is done must express all the reverance and affection that is felt at such a time. But in addition to this a further responsibility rests upon the funeral director. It is his privilege and duty to lessen as far as lies with in his power, the burdens laid upon those who remain. By countless little acts of thoughtfulness he can make the way easier for them.

We consider this part of our work as important as any other. Our highest aim is to have our patrons look upon us as trusted friends, ready and anxious to render sympathetic assistance to those who remain behind.

B. R. FELLOWS,
Funeral Director.
