THE THIRD NATIONAL BANK

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

Comparative Statement of holdings of Liberty Bonds, War Savings Stamps, Etc., June 30th, 1919, as held by the Banks in Kent County:

THIRD NATIONAL LANK	$270 281.45
Chestertown Bank of Maryland	66,800.00
People's Bank of Chestertown	47,533.50
Kent County Savings Bank	40,100.00
Millington Bank of Millington	26,700.00
Total holdings of all the banks	$451,414.95

This exhibit shows The Third National Bank as holding $270,281.45 or over 58% of the entire holdings of all the Banks. We take pride in giving the figures of Liberty Bonds bought by us.

During the Liberty Loan campaigns several times mention was made of the fact that The Third National Bank did not seem to be as patriotic and as deeply interested is these Liberty Loans as were certain other banks. We said nothing. The above figures show what we have done.

Very respectfully,

THE THIRD NATIONAL BANK

TO THE PUBLIC

Dear Citizens—This is to inform you that we have on for the months of August and September a $5000 (five thousand dollar) drive for Janes M. E. Church and some one authorized to do so will call upon many of the citizens to help in this effort, which we trust every home will help some. We are asking the friends who will help us please give your check for the amount payable to W. W. Boyer, Treasurer, This may seem a large amount to attempt to collect, but in this reconstruction age God is demanding large things of us and it is our business and opportunity, to meet his demands. For eighteen months I have given one-tenth of my income for the advancement of Christ's Kingdom and out of it comes great joy for me and the same will fall on any man or woman who is willing to share aright with God.

W. H. JOHNS,
a16-5t. Pastor.

TRACTOR

Disk Harrow

LEVERLESS

Not a lever on the harrow. Automatically operated from the tractor. The operator backs his harrow into any angle he desires this being done with a sliding hitch held in the stub tongue.

Can back up any time. If you run too far in a fence corner or for any other reason wish to back up a few feet, you can do so by reversing your tractor. The harrow will take care of itself by automatically straightening the gauge as the harrow comes back. No stop for wet spots. If there is a wet spot in your field you need not go around. Simply pull on the ropes which hang from the tractor seat and the disk gauge straighten up automatically, rolling through the wet ground without turning the soil. Construction is strong and durable. Turns corners easy. One on our floor can be seen and examined. Come in.

Yours to serve,

Davis & Satterfield,
