CHURCH NOTES

RADIANT LIVING

The Cross of Courage

By Rev. C. M. Griffeth

Pastor Ridgely M. E. Church

Ridgely, Md.

We are often reminded of the heroes of the past. We are told of the gallant Wolfe who stormed the heights of Quebec. We admire Nathan Hale Who, in the hours of his death, declare: "I only regret that I have but one life to lose for my country." We honor Edith Cavell standing calmly and unafraid before the firing squad.

But have we ever thought that the world's greatest hero is Jesus Christ?

In facing unflinchingly the cruel cross of Calvary, has He not excelled all others in courage? Young, talanted, and with the greatest of capabilities. He could easily have outranked Isaiah as a prophet, or Solomon in wisdom, or even Moses as a lawgiver. Yet at the age of manhood's full strength. He courageously chose the agony of the horrible cross rather than to compromise with evil by deviating so much as a hair's breadth from His conviction of truth!

In the excitement o fthe inoment it is not quite so hard to face an uncertain death in battle, but with the foreknowledge that all will seemingly be lost, to stand single handed and alone, in loyalty to spiritual truth, against a world of ignorance and hate, requires the courage of a thousand men.

The Church Fathers could not have selected anything more appropriate to symbolize the heroic spirit of Jesus Christ, and the heroic spirit of vital Christianity, than the cross upon which Jesus stretched forth His hands as a sacrifice for the sins of man.

De we not do well to put a cross on the steeple of our Churches? Would we not de well to have that sacred emblem in our homes? Is it not fitting to wear upon our person that symbol of His heroic sacrifice?

But, however prominently it may be displayed, that emblem will mean nothing, unless behind it, in our individual hearts there throbs that same heroism in living for the Christ as was seen in His dying for us.

We live radiantly when we live heroically for Him.

Worship at 3 p. m. sermon by the pastor.

AUTO FATALTIES SHOW INCREASE IN STATE

28 Killed During July

"The records of the Safety Department of this office show 28 fatal accidents were caused by motor vehicles in Md., during the month of July". "There were 33 operators involved in these accidents, of those charged with violations, 65 per cent of these operators were credited with operating too fast for conditions.

"If we are to reduce the number of fatal accidents", said Commissioner W. Lee Elgin, "let us consider the maximum speed limit safe only when weather and traffic conditions are favorable and when the vehicle being operated is in good condition". "If any of these conditions are changed the speed of your car should be reduced."

The sumary further reveals that the seven months of this year has ended with (13) more deaths than the corresponding period of (1938) as the tabulation below will indicate, an increase of 6.2 percent. There were (2) less deaths for the month of July of this year, over the same month of 1938.

1938—January 36, February 26, March 30, April 30, May 25, June 26, July 34—Total 207.

1939—January 26, February 31, March 28, April 31, May 37, June 35, July 32 —Total 220.

Ten or 31 per cent of the persons killed were pedestrians. Of this number there were (5) children, (2) were stepping from in front or behind vehicle, (2) crossing at intersection, no signal, and (1) crossing not at intersection. Of the Adult pedestrians killed, (1) was walking in road, right side with traffic, (1) working in roadway, (1) crossing at intersection against signal, (1) crossing at intersection, no signal, and (1) crossing not at intersection. Fifteen or 47 per cent. were passengers, and seven or 22 per cent. were the operators themselves.

Most of the acidents occurred on straight roads at curves and intersections, on clear days, dry-concrete roads, and during the hours of (2 a. m.-3 a. m. and 7 p. m.-8 p. m.). Sunday had the largest number of deaths with (12). Passenger cars with apparently no defects, operated by White, Normal Males, between the ages of (20-29) with five years or more experience, and a resident from the Counties of this State. There was one Hit and Run case.

Baltimore City is charged with (7) accidents involving (7) deaths, with (21) accidents in the counties involving (25) deaths.

Invitation to Traders

Mississippi river merchants in the middle eighties notified traders at a port they were ready for business by hoisting atop a pole a bottle of whisky.

11,200,000 Depositors

The number of depositors in British postoffice savings banks on January 1, 1939, was 11,200,000 and the amount of their deposits was about $2,546,500,000.

NUMBER OF TELEPHONE CALLS REACHED NEW RECORD IN 1937

Overseas and Ship-to-Shore Service Extended; New Transcontinental Line Completed

Long distance telephone calls in the United States during 1937 reached a new peak with a total of about 55,030,000 calls. This was about 4,500,000 more than in any previous year, and 7,450,000 more than in 1936.

Teletypewriter service also continued to show steady improvement. There were about 3,550,000 teletypewriter messages in 1937, which was an increase of 638,000 over 1936.

A new record was also established for overseas radio-telephone service, when about 59,000 messages were transmitted, exceeding by 19,000 the number sent in 1936, which was the previous high year. During the year service was extended to Damascus, Syria; Bagdad, Iraq; Sofia, Bulgaria; Port au Prince, Haiti; Juneau, Alaska, and to two additional ocean liners.

Bell System telephones may now be connected with about 36,000,000 of the world's 39,000,000 telephones, and communication is possible with 72 different countries and localities.

Another important achievement of the Long Lines Department of The American Telephone and Telegraph Company in 1937 was the completion of the fourth transcontinental telephone line, which provides additional telephone facilities over a new route to the Pacific coast. This project involved a big engineering construction job between Amarillo, Tex., and Kingman, Ariz., and added one more route for the constantly increasing telephone traffic between the east and west coasts.

Scholarship Examination

The competitive examination for the awarding of the State tuition scholarship from Kent County to St. John's College wil lbe hel dat the College on Saturday, August 19, begining at 9.30 a. m.

Court Testimony

In New York city in 1741, the uncorroborated testimony of any white woman, irrespective of her character or motive, was sufficient to convict a Negro, according to Collier's Weekly. A thief named Mary Burton, alias Margaret Kelly, in order to secure her release from prison, maliciously accused 105 innocent Negroes of an imaginary criminal plot. The result was that 71 were transported, 20 were hanged and 14 were burned at the stake.

Birth, Marriage, Death

The country with the highest birth rate in the world is Palestine, with 44.9 per 1,000 population compared to 16.7 for the United States. Chile has the highest death rate, 25.2 per 1,000 population, while the United States has 11.5. Denmark leads the world in marriages with 9.3.

NOTICE TO THE PUBLIC

I am in a position to lend money in sums to suit on mortgages on farm lands in Kent and Queen Anne's counties at low rates of interest over a long term of years, either for refinancing existing mortgages, aiding you in purchasing a farm, or in making improvements to your farm buildings.

There are no appraisal fees or exessive charges in securing one of these very desirable first mortgage loans.

If you are interested in buying a farm, or in refinancing your present mortgage, I shall be very glad to confer with you at my office on Court street.

BIG REDUCTIONS in AUTO INSURANCE

The National Bureau of Casualty and Surety Underwriters have announced a plan whereby SAVINGS UP TO 25% in the cost of Liability and Property Damage Insurance on your car can be had if your car is not used for business purposes.

The Safe Driver reward of 15% still applies and is in addition to the savings effected under the new plan. Automobiles owned by farmers are eligible for the reduced rates. See us today for details.

The Service Agency
334 High Street
Phone 343
Chestertown, Maryland

Announcement.

We are pleased to announce another substantial reduction in our rates.

This new schedule has been passed upon by the Public Service Commission of Maryland as evidenced by their Order No. 34542, dated July 25th, 1939, and will result in varying savings on all bills up to a full 10 per cent.

The NET rates in the new One-meter Lighting Schedule will be as follows:

First 25 Kilowatt Hours, per month	9c Net
Next 75 Kilowatt Hours per Month	6c Net
Next 100 Kilowatt Hours, per Month	4c Net

Excess over 200 Kilowatt Hours, per Month 3c Net
Minimum Charge per Month ..... $1.25 Net

These rates will be applicable to all of the service territory of the company for Lighting, Heating, Cooking, Refrigeration and Domestic Motors up to 2 H. P.

A corresponding reduction has also been made in the Commercial Lighting Rates.

It is hoped that these reductions will further stimulate the wider use of electricity in the homes of all of our consumers.

The new rates become effective August 1st, 1939, and will be reflected in the bills rendered on August 31st, 1939.

The Chestertown ELECTRIC LIGHT & POWER CO.
