Royster Fertilizers

are not just raw materials thrown together and run through a mixer.

They Are Highly Scientific Plant Foods

Materials are all carefully selected after long study of the plant requirements, formulated in just the right proportions, and then fully cured for months before shipping.

Of all years, this is the one you should *know* your fertilizer—you can't afford to take any chances. Consider what you can lose for the sake of saving a few dollars in the price of fertilizer.

ROYSTER BRANDS are sold on their merits. They have stood the field test for nearly forty years.

They Produce Results!

F. S. Royster Guano Company
Baltimore, Maryland

NOLAND

Yes, we have been taking stock and, to tell you the truth, we find we are overloaded, and the great problem is, how can we unload? We cannot send the goods back; we cannot and will not carry them over, so CRASH! BANG! go prices and our old CASH PLAN will tell the tale. So upon this plan and for cash only the next two months we shall unload our immense stock at or about cost. This applies to every department of our store—Dry Goods, Notions, Hosiery, Boots, Shoes, Men's and Boys' Pants, Rubbers, Floor Coverings, Hats, Caps. This price cut extends to everything in our store and it don't matter what you need you will ynd it at

NOLAND
Opposite Lyceum Theatre

Betterton Plumbing Tin and Machine Shop

Bath rooms put in and remodeled. Tin and sheet metal work. Pipe Fitting. Stoves and ranges repaired. Pumps put in. Tanks and windmills put up. Gas and steam engines repaired. Pipe and Fittings from 1-8 to 2 inch. Stop and waste and supplies for bath rooms kept on hand. Plow shares ground. Lawn mowers sharpened.

Phone 75-12 Betterton, Md.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

SPORTS

WASHINGTON COLLEGE TO HAVE GOOD BASEBALL TEAM THIS YEAR—OTHER NOTES OF THE SPORTING REALM

The warm weather of Monday caused Coach Kibler's baseball squad at Washington College to take to the campus and a big crowd of fellows donned their suits and had a lively time passing the ball about and taking preliminary training that will fit them for the big games ahead. Coach Kibler will have a strong twirling staff, a good catcher and, generally speaking, a well-balanced team. The following will make up the team this year:

Pitchers—Wright, Hickman, Bradford and Duffy. Wright is well known here as one of the best pitchers that was ever developed at the college. In condition he stands in a class by himself as the premier twirling ace of the Eastern Shore. Wright's arm went to the bad for a time last year at the close of the season, but it is believed that it will round into form this year all right. Here's hoping Wright is as good this year as he was against the University of Pennsylvania team last year. If he is, he will stand to the very forefront of the college pitchers of the country and will probably make a name for himself in baseball. With almost absolute control, dazzling curves, a good head and fair speed, we believe, and we have believed for two years, that Wright will be a big figure in baseball some time in the future. Hickman, of Snow Hill, pitched fine ball for that club last season and was responsible for many of the games that his team won and helped them greatly to establish their fine record on the diamond. Bradford comes to the College from the champion Princess Anne team that won the championship in the elimination contest of the latter part of the season. He has a fine record of victories and was the best twirler on that team. Duffy is well known in Chestertown to the fans more for his willingness and geniality and batting and fielding ability than for his ability on the pitcher's mound. Duffy don't claim to be a pitcher, but is willing to go to the mound and help out or go to the mound at the start against any team. He is a valuable asset, both to the strength and to the morale, of any team that plays baseball. At bat, in a pinch when the occasion demands a hit, Duffy is the most dangerous man on the Washington College team. As an outfielder, he is one of the best men that ever played the game here.

Catcher—Jones, catcher for Princess Anne last season, will take the place of John Davis this year. Washington College is fortunate to secure such a man to fill Davis' shoes. He is a fast man and will, we hope, rank with the really great catchers that have played the game here. He possesses a fine throwing arm, which is a big asset to any catcher, and is a good batter. The local fans will be anxious to see the new man in action.

First Base—Duffy will perhaps succeed Herbert Usilton on the first base this year. Duffy is, primarily, an outfielder and a pitcher with a puzzling delivery. Coach Kibler has a way of fitting just the right man in just the right place, and Duffy will perhaps be an admirable man to fill the shoes of Usilton, perhaps the greatest first sacker who ever played the game at the institution. Duffy is a left-hander. He has good height, with a good reach, both essentials to the first base position. With all his natural ability, we predict that he will make a good man to succeed the man who has held the bag down for the College during the past six years or so.

Second Base—Dumschott, Adkins and Moffett are fighting it out for the second-base position. We have never seen any of these boys in action on the diamond. On the basketball floor the former has proved to be a wonder. He will doubtless show something on the diamond also.

Shortstop—It is hardly necessary for us to say anything regarding the playing of Flowers, who will hold down this position this year again. He is too well known for his real, natural ability to need any introduction to the fans of this county. He played the entire year with the college and the town team last year and made a record for himself here as perhaps the best short stop that has played the position since baseball began here. He is a dangerous man at the bat and plays the fielding position with real class. We will look for him not only to play the game as he has played it in past, but also to show a marked improvement.

Third Base—Johnson will hold down this bag this year again, we are glad to state. It will be many years before a man could be developed to replace him there. He is well known for his aggressiveness and his ability to bang the ball. At times Johnson shows the form of a professional in the field and makes many dazzling plays. He is also a fast man on the paths and will make a valuable man to Coach Kibler in his work of building up a dependable infield.

Outfielders—Jack Carroll, basketball wizard and star, Wade Bounds, captain of the team, and outfielder last year for the Princess Anne team, McInnis, star high school player, Blades and the speedy basketball man, Griffith, will constitute the outfield material, from which to select the men. These are all lively prospects and a fine outfield will, no doubt, represent the college this year.

Taken altogether, Coach Kibler has about as lively a lot of candidates as we have seen from which to pick out a team. Here to the success of the aggregation on the diamond this year!

The Eastern Shore will probably be the scene of some big fox hunts in the next few weeks. The Harford Hunt Club, the Meadowbrook Hunt Club and the Essex Hunt Club, with Mr. George Brice, will be among the out-of-state clubs that will hunt here in March. Kermit Roosevelt, son of the late Ex-President Roosevelt, will be with the hunters that visit the Shore, it is said.

Prof. Owen C. Blades continues to hold back the contenders for his crown as champion of the county on the checker board. Quite frequently one of the many who are fighting for second honors seems to have firmly established himself and then makes a dead set for the championship. Mr. Joseph Wheatley banished all contenders last week and drew away from the crowd, finally engaging the champion and giving him some interesting battles for a few days, but was finally relegated to the second division to get further experience. Mr. William G. Smyth, the "grange champion," is another contender for top honors in the second division. Mr. Smyth is a most careful player and a hard man to down. Messrs. Frank Leary, Edmund Hurtt and William Wheatley are the others who are among the top-notchers. A series between these five players, the winner to play Prof. Blades would be interesting.

Pitcher Gordy, of the Washington College team, will leave here next week with the Newark team, in the International League, for training in the south. We hope that Gordy will make good with the Newark team and write his name large upon the baseball page. Johnny Schelburg will go south with Pittsburg, in the National League. We wish Johnny success also.

The suicide of a St. John's student prevented the Washington-St. John's game Friday night at Annapolis. About 30 students made the trip to Annapolis and were keenly disappointed. The local collegians were keen for this contest, which they would probably have won by a good margin.

The State Game Department reports that after experiencing considerable trouble they have succeeded in closing a contract for the exportation of 10,000 bob-white quail from Mexico to this state. Kent will get its share of these birds.

Pennsylvania maintained its place in the Intercollegiate Basketball League by defeating Cornell in a gripping cage battle Saturday night by the score of 29 to 25. Five minutes extra were required to reach a decision.

The trapping of muskrats has been most profitable in Kent this year, with the little rodents plentiful and the price of the furs high.

Ruth is to be a Yankee star for the next five years. Ruth receives a salary of $75,000 a year with $500 for every home run that he hits.

WASHINGTON COLLEGE

The class basketball teams have taken up the basketball season where the Varsity team has left off. For the classes the season is just beginning. The Freshman, Sophomore, Junior and the Senior quints will now go into a contest to decide as to who's who in basketball on the Hill. These class games should prove very interesting since the teams include such players as Bankard, Bankert, Wingate, Griffith and Harry Russell.

A debating team has been chosen to represent the college in a debate against Blue Ridge College at the latter place on March 17. The team consists of Messrs. Langham, Wingate and Byron. The subject is on the open shop question and Washington College will uphold the affirmative side of the issue.

Prof. L. C. Woodman called in the speeches of the candidates for the state oratory contest for an examination. Quite a number of students have entered to compete in the preliminaries, and all of them have excellent oratorical talent, so that we feel confident when one man is chosen to represent the college he will be able to win a place among the first three for us.

The Mt. Vernon Literary Society is rehearsing the play, "She Stoops To Conquer," and Prof. L. C. Woodman's elocution class is about to begin rehearsal on Shakespeare's "The Taming Of The Shrew."

A ten dollar prize has been offered to the student of Washington College who will write the best words and music for a college song. If the winning song should be considered worthy of it, so Dr. Gould assures us, the prize will be made greater than the one offered.

GALENA

Another heavy rain storm Tuesday has made the dirt roads as bad as ever.

The heavy trucks are also partly responsible for having such bad roads in the winter.

Mrs. Theodore Dempsey died early Tuesday morning at her home in Galena. She has been a great sufferer; for more than two years she has been confined to her room. She was a sister of Mr. H. S. and Robert Duhamel, of Earleville, Md. The funeral took place at 1.30 p. m. Friday, the bearers being James L., W. T. and S. G. Caldwell, Price and Wallace Duhamel.

Miss Mattie Whitaker, of Wilmington, visited her mother, Mrs. Ella Whitaker on Sunday.

Mr. Harry Stradley and Mr. Geo. C. Johnston, Jr., visited friends below Easton two or three days last week.

IT IS SERIOUS

Some Chestertown People Fail To Realize the Seriousness of a Bad Back

The constant aching of a bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
May result seriously if neglected.
Dangerous urinary troubles often follow.

A Chestertown citizen shows you what to do.

Mrs. Mary V. Elliott, 531 W. High St., says: "I had kidney trouble for a long time and would be down with lumbago for weeks at a time. I had kidney trouble and suffered from morning until night with pains through my back. I could hardly turn over in bed. My feet became so swollen and painful, I couldn't be on them long at a time. My kidneys acted too often and annoyed me. I used Doan's Kidney Pills from Toulson's Drug Store and they soon had me free from all the distressing symptoms of kidney trouble. I seldom have a sign of it now."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills— the same that Mrs. Elliott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
