CALL FOR

Democratic Primaries.

To the Democratic voters of Kent county, pursuant to the action of the County Executive Committee, the Democratic voters will meet at their respective election districts and precints on

Saturday, 11th day of September, 1897,

between the hours of two and six o'clock P. M., for the purpose of appointing six delegates from each district (where there are two precints each precinct to have three delegates), to meet in Chestertown on Tuesday, the 14th day of September, 1897, at 11 o'clock A. M., to nominate two candidates for the House of Delegates; one candidate for Clerk of the Circuit Court; one candidate for Register of Wills; one candidate for County Treasurer; one candidate for Sheriff, and two candidates for County Commissioners, and one candidate for County Surveyor.

The judges of nomination hereby named for each district and precinct shall appoint [illegible] clerks, and shall open and close the polls at the hours herein prescribed, and when the polls are opened, shall receive the votes of all persons offering to vote who are well-known and recognized as Democrats, and whose names shall appear upon the registration books, and also the votes of those not registered, but who will be entitled to registration and to vote at the ensuing November election, provided such person shall give satisfactory proof equal to that required by the officers of registration to said judges, and shall further pledge themselves to support all the nominees of the Democratic party and of none other. And upon the closing of the polls at the hour herein directed, the said judges shall proceed to count the votes cast, and shall certify to the six persons receiving the highest number of votes as delegates; the number of votes cast for each person for the aforesaid respective offices to be filled, whereupon it shall be the duty of the delegates to proceed to Chestertown on said Tuesday (September 14th, 1897,) and cast the vote of the several districts for the persons receiving the largest number of votes, until it shall be made to appear that all or part of such persons cannot be nominated. In this event the convention shall proceed to nominate a ticket by the majority vote of the same.

The candidates for county commissioners to be nominated as follows; The fifth and seventh districts to select one candidate by a majority of the whole number of votes cast in said two districts, and the third and sixth districts to select one candidate by a majority of the whole number of votes cast in said two districts; the two candidates so selected to be voted for by the delegates in convention assembled.

The mode of procedure herein prescribed shall be strictly followed, any other method will not be legal, as this committee has full power so to decree. The clerk of the circuit court is hereby requested to furnish each election district with the registered voters thereof.

WILLIAM S. WALKER,
Chairman.

R. D. HYNSON, Secretary.

IN THE BALTIMORE MAYORALTY PRIMARIES on Monday Malster received more votes than both Marburg and Supplee combined by a majority of 2,822.

THE KENT COUNTY LEVY for the present year evidently prematured, and the republican health authorities have evidently forbidden its being given to the public.

MR. JOHN S. NEWNAM has been appointed judge of the democratic primary election for the first election district, Millington precinct, to be held Saturday, September 11, 1897, vice Mr. H. Clay Hendrickson resigned.

THE KENT DELEGATES to the republican State convention to be held at Ocean City to-day are: Sam'l Comley, Sam'l Mallalieu, C. T. Westcott, J. D. Urie, J. N. Baker and Fred Nichols, Jr. H. W. Lambert, Jr., Capt. Wm. D. Burchinal and L. B. Russell, are also in attendance at the convention.

THE HOT SHOT of the Democratic Editors Association has forced the republican leaders into the open, and upon the authority of that reliable republican journal, the Baltimore *News*, some unknown controversialist is writing campaign articles for the republican papers in rebuttal of the "thunder" of the Democratic Editors' Association.

IF THE DEMOCRATS ARE WISE they will not fall to profit by the kilkenny cat fight now progressing in the republican camp. —*Baltimore News.*

If the democrats are wise they will turn a deaf ear to the purring advice from the editorial sanctum of the Baltimore *News*. Political wisdom may be in or about the intellectual fortiforcations of the *News*; if so, it is closely bottled and not allowed to escape.

J. H. MURPHY, colored, editor of the *Afro-American*, Baltimore, was in Chestertown on Sunday and delivered an address before the convention of the A. M. E. Church. The editor failed to see how any reputable colored man could vote for either Marburg or Supplee for the mayoralty of Baltimore city, and boldly declares that: "Both of them are with and of the machine that has used us as tools, attempted to crush every spark of manhood out of us, and ostracised us at every step."

THE SITUATION within the Republican ranks in Baltimore city is most encouraging to democrats throughout the State. Two conventions were held on Tuesday, one by the Malster people and one by the regular organization, and each convention placed a candidate in the field for mayor. Both conventions were enthusiastic, and each candidate made his official entry with much bluster and the expenditure of much valuable breath. There seems little hope of bridging the gulf between the two factions, and with proper nominations the democratic ticket should be elected by a handsome majority.

TO ATLATA AND NEW ORLEANS.—The Southern Railway is the shortest and best route. Be sure to call for a ticket via the Southern Railway. The trains leave Broad Street Station daily, carrying through sleeping cars. For further information write to Jno. M. Beall, District Passenger Agent, 828 Chestnut Street, Philadelphia, Pa.

IF THERE IS ANY ONE THING which the democracy of Kent county needs and should demand to insure success in the coming campaign, it is that all discordant issues and elements be scheduled as back-numbers. Party harmony must be given precidence over discord and any and all disorganizing elements. Come to the front determined to win, and with a proper regard for the wishes of the people in naming the ticket a party triumph will follow. This is no time for the democratic press to fawn and smirch in an effort to hedge and secure republican patronage in the event of democratic defeat. It is a season for plain English in denominating a spade a spade and a hoe a hoe. Our worthy contemporary, the *News*, should break cover and take its place upon a rock ribbed democracy and not upon the dilapidated fence which devides the two great parties. Democratic editorial space is too valuable to be wasted in soft-soaping a vigerous and uncompromising opposition. The *News* should be extremely careful lest while reaching for the republican bone the democratic alpinestaff which has supported it so long be lost, and it be left shorn of its former glory. The republicans themselves have great respect for a manly outspoken resistance than for the cringing uncertain service of the knave. Democratic victory is to be the shibboleth of the present campaign and such success can be won, not by glitering platitudes and eulogies of the common foe. Leave the missionary work and complements within republican ranks to the republican press, and see that our own house is in order.

[COMMUNICATED.]

REPUBLICAN ASSESSMENT LAW.

MESSRS. EDITORS TRANSCRIPT:—Last winter and in the early spring the conduct of our Kent County Board of Review placed the most fictitious and outrageous values upon real estate in order that the basis of assessment might not be increased, lest their rate should go up and the Grand Old Party be injured thereby. Look at a few of the results of the cogitations and reflections of the board, composed of Daniel Hill & Co. See what they assessed land at and see what the same land has since been sold at.

Take the farm of Mrs. Margaret A. I. Stephens, where Wm. B. Stephens lives, near Hanesville. This farm, containing 186 acres of land, is assessed for the purpose of taxation for $5,720. This farm was sold at mortgage sale to Mrs. Anna M. Bacon, on the 25th day of May, 1897, for $4,795.

Take the farm of George R. Beck, known as the Ingram farm, near the farm of Wm. B. Stephens, containing 184 acres. This farm was assessed for $5,800 for the purpose of imposing taxes on Mr. Beck. This same farm was sold on May 4th, 1897, at public sale by the Fire Insurance Company for $3,720, to Joseph H. Porter.

Take the farm of Mrs. Mary E. Thompson, known as the Handy farm, near Tolchester. This farm, containing 200 acres of land, was assessed for the purpose of taxation for $4,200. It was purchased on the 10th day of August, 1897, by Wm. E. Keyser, for $3,000.

Now observe the terms upon which each of these farms were sold: One-third cash and one-third in one and two years, thus inviting competition and encouraging bidders and inducing the highest possible market price to be paid for the same. Now look at the law and see what is required of the assessors in determining and settling the valuation of property for the purpose of assessment. The assessors shall value the same "at its full cash value, without looking to a forced sale." Now, here are farms sold for only *one-third* cash and on time for the residue, yet each of these farms are assessed at from 25 to 40 per cent. more than any reasonable person would put as their cash value. Many other instances evidenced by sales can be cited, and, as time progresses, will be cited, so that the people of Kent county may know why the recent assessment is held in just odium by those who have been imposed upon by this Republican abortion—"Our New Assessment Law."

On an honest assessment, such as the law guaranteed and the Republican board of county commissioners denied, we are to-day paying taxes at a rate of $1.15 instead of their boasted 90 cents. But this does not hurt their 1800 slaves, and the property holders are expected to submit because Charles and Daniel and John and William Henry say it's easy to fool several of the people. A VICTIM.

BASE BALL NOTES

Yannigans Fall Before the Chestertown Champions—Burris and Latimer to Meet.

The Chestertown team defeated the Yannigans of Baltimore, on Friday afternoon by a score of 8 to 2 in one of the finest and snappiest games played on the Washington College diamond this season. The work of both teams was fine and but for the fact that the visitors went to pieces in half of one inning the score would have been much closer. While the home men put up fine ball, Harris, of Townsend, who came down to witness the game and in the absence of "Doggie" Trenehard was induced to play at second, played fast ball and showed himself a tower of strength to the Chestertown club. The visitors are to be congratulated upon their splendid showing and the philosophical way in which they accept defeat, for evidently defeat is not an every day occurrence with them. Friday's game made the twelfth consecutive game won by the Chestertown club without a single defeat.

Arrangements are now being made by which Burris, the incomparable, and Latimer, the "Virginia Wizard," will meet at Cape Charles City, on next Tuesday. After the Chestertown team disbanded, Latimer, the hero of the second game with Cambridge and the first great battle with the Yannigans, joined the Cape Charles City team. This team, because of its splendid record of no defeats, is suffering, it is said, with an enlargement of the cranial extremity, and Prof. E. J. Clarke has conceived an antidote for the trouble. The remedy is this, Pocomoke City, which has some fine base ball material and hosts of lovers of the game, is arranging a game and will pit the following players against the best that the Cape Charles team can find: pitch, Burris; catch, Bader; first base, Davis, of the College team; second, Stidham; third, Deakyne; short, "Doggie" Trenchard; in the field, Ward, Boston and W. Trenchard. This is a magnificent array of talent and will win from any amateur team which can be selected throughout Maryland or Virginia. The Virginia "Wizard" will find a foeman worthy of his steel in the incomparable Burris. Should the Virginians come up to what is expected of them, this game will be played strictly along professional lines. Radcliff, who pitched for the Cambridge team in both games with the Chestertown club, will catch for Latimer in Tuesday's game.

TO BIRMINGHAM AND MEMPHIS.—The Southern Railway offers the best service. Ask for your ticket via the Southern Railway. Two daily trains from Broad Street Station. Through sleepers and fast schedules make it the quickest and most comfortable route. For further information write to Jno. M. Beall, District Passenger Agent, 828 Chestnut Street, Philadelphia, Pa.

FROM ROCK HALL.

The general dullness during the present summer has operated against the usual pleasures of the watermen in regard to regattas, but they have resolved to have one grand race, open to all canoes or other small craft, on to-morrow, the 27th. The prize will be a set of oyster licenses to the winning boat. The route will be from Windmill Point to Love Point light and back, each boat to carry not more than four men and shall only use their regular working sails, and no spring boards will be permitted to be used.

The harbor improvements, so far as the dredging was concerned, was pushed with vigorous work both day and night during last week. The work was finished on Friday, and on Saturday afternoon both dredging machine and tug gave a friendly salute of three long blasts from their respective whistles and departed for Norfolk. The dredger on the outside work having reached a depth of about six feet of water, the work is now being very rapidly executed and will in a short time be completed. The harbor and adjacent waters during the past week had an exceedingly animated appearance with two dredging machines, two tug boats, Uncle Sam's big coast survey steamer and the staunch little Gratitude, together with many other craft, all diligently plying their various vocations, made the people on shore exclaim, "More and more like New York!"

My! how disappointing to this section was the work of the Republican convention of last Tuesday week. Great hopes were entertained by both Republicans and Democrats that Mr. Jos. C. Kendall would be one of the nominees for legislative honors, so that in the event of Republican success at the polls next November the oystering and fishing interests of our county would have at least one able champion. Will Messrs. Harper and Russell fill the bill? Alas! nit. They are very fine gentlemen and if elected will do their utmost for us, but lacking personal knowledge and experience will be entirely dependent upon others for that information necessary to guard the waterman's interests. The effect produced by the courts in Talbot and Dorchester recently will be the cause of efforts to make some radical changes in existing laws, and once started there is no telling where the end will be.

All eyes are now turned on the coming primary election of the Democrats, with hopes of better results. Messrs. G. E. Leary, J. B. Willson, C. R. Kerr, T. R. Strong and other good material are in our midst to select from. Will they consent to being placed on the ticket for the House of Delegates? Well, let those interested see to it that either of them are desired, either can poll the full vote of the party and draw from other ranks also, and if properly approached will no doubt respond favorably.

The tent meetings of the M. E. society during the past week have been quite interesting and productive of great good. Mr. Outten was ably assisted by Revs. Robert Roe, C. A. Grice, J. W. Prettyman and others.

The young child of Captain and Mrs. Joseph Sewell is quite ill with typhoid fever. They have the sympathy and prayers of very many relatives and friends.

Capt. Charles R. Kerr has been confined to his bed for more than three weeks with inflammatory rheumatism. He is now, as he puts it, coming around all right; not with a mighty rush, but will get there in the course of a week or so. He has been a great sufferer.

Capt. J. B. Boyer, who went to the Hopkins Hospital two weeks ago, is now home and much relieved from his rheumatic complaint.

Many oystermen were considerably perplexed about the statement in three or four newspapers recently that the tonging season would open September 15th, until THE TRANSCRIPT of last week made a correct statement. Many thanks.

Mr. Samuel D. Sewell was home on a furlough last Sunday. He has resumed his position on the steam yacht commanded by Capt. Kerr. "Sam" shows his good keeping.

Our community was thrown into a state of excitement several days ago by an attempted felonious assault on a young girl by a young man of the adjoining neck

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PAST THE DOLLAR MARK.

Kent County Farmers' Jubilant Over the advanced Prices. Speculators as Well as Growers Being Benefitted.

For the first time since 1892 wheat stepped across the dollar line on Thursday and rapidly crawled up to the 107 point. On Saturday local buyers were offering 1.03 and Harrison W. Vickers, Esq., and several of his tenants closed out in a single sale 10,000 to W. H. Newnam at that price. The question now being asked is how much of the profits on the big wheat crop is going to the farmers and how much to speculators? It is not easy to answer this question but a conservative estimate puts it that scarcely more than one-fourth of the Kent county crop had been disposed of before the 85 cent mark was reached, somewhat more than one-fourth of the crop went at prices between 85 cents and a dollar, and slightly less than one-half of the crop is still on hand to draw in profits on over $1.00 wheat to the farmer. If this be true, and we believe it is approximately, the farmers are being handsomely benefitted.

While the farmers are to be congratulated upon the rare good fortune which is smiling upon them, speculators in the great money centres of the country are piling up fortunes.

The following amounts are reported to have been made by St. Louis speculators as the result of the recent rise in wheat: William G. Haarstick, $200,000; Ben Barnes, $150,000; D. R. Francis, $100,000; Corwin H. Spencer, $100,000; W. L. Green Commission Company, $100,000; Charles T. Orthwein, $100,000; E. B. White, $75,000; Amedee Cole, $75,000; John Warren, $50,000; S. W. Cobb, 50,000.

There are a dozen or more firms which have made from $5,000 to $25,000 on the face of their St. Louis trade, but no one can tell how they stand elsewhere. They may be 100,000 bushels long here and 200,000 short in Chicago or New York. One man who was reported to be a big winner owes one firm 350,000 bushels of wheat and has already put up $25,000 in cash for margins. He may have that wheat bought some place at a lower price. Large sums were also realized in Omaha. The commission rooms of ex-Gov. Jas. Boyd there have been crowded with excited speculators. A large number have cashed their deals for $5,000 in Omaha. A Lincoln banker engineered a deal by which he made $25,000 through an Omaha concern.

On the 21st of August 1896 the Baltimore market ruled 62½c. for wheat while on the 21st of the present month it struck $1.06½.

With the greatest fleet of grain-laden ships on the sea which ever left an American port, the Baltimore city elevators put in all of last Sunday loading ships and the present prospects are that the elevators will be forced to work night and day to meet the export demands.

MORE STORM DAMAGE.

William T. Ashley's Barn Struck by Lightning.

During the severe storm of Monday afternoon lightning struck and fired the stable on the George R. Reed farm, tenanted by W. T. Ashley, near Hanesville. The flames spread so rapidly that Mr. Ashley directed his entire attention to saving his horses from the burning building. Some small articles were also saved. About forty bushels of wheat and four or five tons of hay were burned.

The downpour of rain at Worton Station was tremendous. A gentleman from that village reported that boys could almost swim in the streets, the water being waist deep.

Conductor Welch, who was at Clayton when the storm struck there, states that he never before saw such a heavy fall of water. The water on some of the streets stood up to the body of carriages, and it was impossible for the railroad men to see the switches or tracks. The storm amounted almost to a cloudburst. Some hail accompanied the rain and wind.

Order of Publication.

Richard Chase,
vs.
Frances Groves, Eugene Groves, Emily Price, Henry Price and Charles Thompson.

In the Circuit Court for Kent County, in equity.

NO. 1276 CHANCERY.

THE OBJECT of this suit is to procure a decree for the sale of certain real estate in Kent County of which George Green, late of Kent County, died, seized and possessed.

The bill states that George Green (colored) late of Kent County, Maryland, was in his lifetime indebted unto Richard Chase in the sum of $30 on his certain note dated Aug. 20, 1886, and that the said George Green left but little personal estate, not sufficient to pay the costs of administering upon the same, and no one has ever taken out letters of administration on his said personal estate, and there is no way by which his debts can be paid unless his real estate be sold for this purpose.

The bill further states that the said George Green being indebted as aforesaid and also unto divers other persons, and having real estate in Kent county, Maryland, departed this life in the year 1897 intestate, leaving no widow and no children surviving him, but leaving the following half brothers and sisters, namely: Frances Groves, whose husband's name is Eugene Groves, and Emily Price, whose husband's name is Henry Price, and each of these live in Queen Anne County, Maryland. And a half brother, Charles Thompson, who resides in Philadelphia, in the State of Pennsylvania.

The bill further states that in order for the claims against the said George Green to be paid it is necessary for the real estate, which consists of a house and lot of land near Millington, in Kent county deeded to the said George Green by James Hickotte, be sold so that the creditors of the said George Green, may be paid.

To the end therefore, that the real estate mentioned aforesaid or so much as may be necessary for the purpose may be sold for the payment of his debts.

That the plaintiff may have such other and further relief as his case may require.

It is thereupon, this 2nd day of August, 1897, ordered by the Circuit Court for Kent County, as a Court of Equity that the plaintiff, by causing a copy of this order to be published in some newspaper printed and published in said Kent county, once a week for four successive weeks, before the 4th day of September, next, give notice to the said absent defendant, Charles Thompson of the object and substance of this bill and warning him to appear in the court in person or by solicitor, on or before the 8th day of September next, to show cause, if any may be had, why a decree ought not to be passed as prayed.

TRUSTEE'S SALE.

—OF—

Two Houses and Lots of Land

in Quaker Neck, Kent County, Maryland.

BY virtue of a decree of the Circuit Court for Kent county, Maryland, passed in chancery cause entitled *Ernest C. Reiche* vs. Laura Bordley, et al., being No. 1181 Chancery, wherein Hope H. Barroll was appointed trustee to sell certain real estate described in the proceedings of said cause, the undersigned will offer at public sale in front of the court house door in Chestertown, Maryland, on

Tuesday, the 7th Day of September, 1897,

between the hours of 11 o'clock A. M. and 12 o'clock noon, all that lot of land situated in Quaker Neck, being a part of the tract of land

CALLED "STRATFORD MANOR,"

and lying on the southeast side of the land belonging to James H. Baker and adjoining the land of I. Richard Leaverton on the east side of the public road, leading from Lankford to Pomona, and containing

1 Acre, 3 Roods and 20 Perches

of land, more or less, being the same lot of land which was conveyed to John Bordley by Joshua Bordley and others by deed recorded in Liber S. H. No. 14, folios 394 etc., a land record book for Kent County, Maryland.

Also All That HOUSE and LOT of LAND

where John Bordley, colored, lives, situated on the west side of the public road leading from Pomona to Quaker Neck Wharf, adjoining the lands of Wm. Henry Gilbert and others, and the old Thos. Lusby farm, now owned by Wesley Cannon and Mary E. Cannon,

Containing 3 Acres of Land,

more or less improved by a FRAME DWELLING HOUSE, Small Stable and other Outbuildings.

TERMS OF SALE:—One-third of the purchase money cash on each lot of land on the day of sale, and the residue in two equal installments in 12 and 18 months; all unpaid purchase money to bear interest from the day of sale, and to be secured by the note or notes of the purchaser to the satisfaction of the trustee. Title papers at the cost of the purchaser. The purchaser will be entitled to possession on ratification of sales.

HOPE H. BARROLL, Trustee.
