Cats Trick Alarm

It's the cats, says George Baker, St. Louis county, Missouri, deputy sheriff. He says they became a nuisance by setting off an electric eye burglar alarm in a grocery warehouse, waking the neighbors and calling him out on false alarms "six and seven times a week."

Have you seen this Chart at Gulf Stations?

IT SHOWS THE TREMENDOUS IMPROVEMENT IN GULF GASOLINES!

THIS CHART, we hope, will give you a better picture than could a thousand words of the recent amazing improvement in Gulf gasolines. It is based on a scientific test of gasoline quality today—a test that is used by many of our competitors, as well as by ourselves. The chart shows the fair comparative measure of step-up in both GOOD GULF and GULF NO-NOX . . . a step-up which is no intangible "engineering triumph" but one which may be enjoyed *by you . . . in your car!*
Good Gulf is now boosted to its all-time high . . . will perform in your motor second to no regular-priced fuel. Gulf No-Nox is now (as always) truly superior to *all* regular motor fuels. It is, even more than formerly, knockproof under *all* normal driving conditions. NO REGULAR GASOLINE—NOT ONE—CAN COMPARE WITH GULF NO-NOX!
