R. HARRISON COLLINS. C. COX HOPPER.

COLLINS & HOPPER,

EDITORS AND PUBLISHERS.

THE FIRTS ISSUE of the *Washington Collegian*, the new paper published by the students of Washington College, will be sent out on Saturday, February the twenty-sixth.

THE PEOPLE of Chestertown should watch the Westcott Water Bill. There is too much of the big *I* legislation in this matter to be of any advantage to the tax-payers. The bill is published in another column. Study it.

THE United States battleship Maine was blown up in the harbor of Havana de Cuba by a mysterious explosion on Tuesday night. Many persons were killed or wounded. The whole city was shaken. The cause is not known.

COL. W. SCOTT ROBERTS of the Centreville *Record*, was in town on professional business on Monday. The colonel, as a matter of course, touched incidentally upon the political situation and dropped several suggestive pointers for P. B. Hopper, Esq., for Congress.

THE CRY for better roads should cease in Baltimore until there is less occasion to call out for better streets. The condition of Kent county roads is only secondary from a standpoint of mud, to the miserable condition of the city streets. The missionary work of Baltimore wheelmen should be more of a *home* than *foreign* character.

THE WIRE AND NAIL COMBINE, one of the monster trusts of the country, has been formed with headquarters at Chicago. The capital stock is eighty-seven millions, and the license fee alone for recording the papers was eighty-seven thousand dollars. Nails and wire, which enter so largely into the expense account of every farmer, have already advanced in price.

SENATOR PUTZEL, a republican hero of many reforms, has introduced a bill in the State Senate legalizing the intermarriage of white and colored persons. The Baltimore Senator might, it is fair to believe have made a more successful bid for the colored vote of Baltimore city, without compromising his own sense of decency and outraging public morals. The people will not fail to properly gauge the statesmanship of this hero of Baltimore reform.

WILLIAM W. BUSTEED, senior editor of the Centreville *Observer*, and one of the wealthiest and most prominent citizens of Queen Anne county, died at his home in Centreville on Monday night. He was born in Tuckahoe Neck, Caroline county, in 1843, and in 1864, in partnership with Charles T. Lovejoy, bought the Centreville *Times* and started the Centreville *Observer*, of which he soon became sole owner and proprietor. He was one of the most widely known newspaper men in the State, and was a most estimable gentleman and public spirited citizen.

A BILL HAS PASSED its second reading in ths Legislature providing for the purchase of water works for Chestertown and authorizing the commissioners to issue bonds to pay therefor and to levy an annual tax for payment of such bonds and the interest thereon. Senator Westcott, who ownes the Chestertown Water Works, states that the property can be purchased at a "reasonable price." Just what a "reasonable price" means for the plant is of course indefinite, but it is stated that the price asked for the property in the past has been $30,000. The town should own the plant if it can be secured at a "reasonable price."

ALL HONOR to the republicans of Baltimore city who are opposing the re-appointment of Postmaster S. Davies Warfield. It is time that all parties should shut off the rewarding of political "hedging." Just so soon as republicans become impressed with the fitness of Democrats? for political preferment over active efficient members of their own party there is "something rotten in Denmark" and the case of the present efficient postmaster of Baltimore is no exception to the rule. The political "straddler" is no whit better than the man who would serve two antagonistic masters—both are hypocrites.

THE STATEMENT in last week's TRANSCRIPT that the name of W. H. Lambert, Jr., would be sent in by Senator Westcott to the Governor for appointment as successor of Mr. J. Henry Hurtt on the Board of Election Supervisors, has resulted in vigorous protests against Mr. Lambert's selection. Of course the placing of the "star witness" of the election frauds (?) of 1895 to so responsible a position, was not calculated to inspire any especial degree of confidence on the part of democrats, but the most energetic disapproval came from members of Mr. Lambert's own party. Some republican *leaders* and many privates in the ranks were severe in their opposition, and on Monday a signed protest was forwarded to Senator Westcott.

IN THE MATTER OF "STILL POND."

With aggrieved feelings the writer in glancing down the columns of the TRANSCRIPT a week or so ago, read of the proposition to change the name of Still Pond to that of Kentland. Writer could not believe it true that the inhabitants had grown so unsentimental that Still Pond suggested to them nothing beyond a "stagnant pool," and feels gratified to learn, upon perusing last week's issue, that the majority do appreciate the legendary character of the name so long held by the little town, and still have some feeling for the old associations that cling round the name, and, too, are above being sensitive to the literal application of the name in the minds of a few strangers.

There is no disputing that "Kentland" might be more impressive to the business world, but it has no significance whatever, and the little gain in that direction would be over-balanced by the loss of the connecting link in the town's history and associations. So writer casts another vote for the retention of a name that makes the little town of unique interest, not only in Maryland, but in the United States. INTERESTED.

[A final vote was taken on the proposed change of name by the citizens on Wednesday night of last week, and it was decided that Still Pond shall retain its old name, which, if "sentimental," is rendered almost sacred by many associations of the past.—EDS.]

I have given Chamberlain's Cough Remedy a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.—GEO. E. WOLFF, Clerk of the Circuit Court, Fernandina, Fla. THE WATER WORKS ACT.

MESSRS. EDITORS OF THE TRANSCRIPT:—*Gentlemen*:—As a citizen of Chestertown and a tax-payer therein, I would like to ask if it is not a little unusual for Mr. Westcott, a member of the board of town commissioners, the owner of the Chestertown Water Works, and at the same time, among his other numerous titles, wearing the plume of the Senator from Kent county, to introduce the bill in the present legislature entitled "An Act to provide for the purchase of water works for the town of Chestertown, in Kent County, and to authorize the commissioners of Chestertown to issue bonds to pay therefor, and to levy an annual tax for the payment of such bonds and interest thereon? Payable in *gold coin* mind you. Interest six per cent. Good!

Why don't Mr. Westcott in his individual capacity sell it to himself as Senator of Maryland, and then as Senator of Maryland sell it to the town commissioners of Chestertown. This could all be done without the necessity of getting his bargains and contracts ratified by the Legislature of which he is a member. As a matter of business the town commissioners of Chestertown would brand themselves as extremely poor business men to purchase these water works for $25,000, when anyone, who knows anything about this matter, is perfectly aware of the fact that they could be duplicated, everything about them made new and put in by the town for $16,000, saving the town tax-payers the neat sum of $9,000, which profit the Honorable Senator-Town-Commissioner-President of the Board—etc., etc., would put in his pocket and credit on profit account of his ledger. There is no demand for the town to own these water works, and let him rather turn his attention to the public school building, a bill for which he had passed by the Legislature two years ago, and which movement on his part was generally endorsed by the well-thinking people of our town.

If the present board of democratic county commissioners do not proceed with this bill, they may look for another from Mr. Westcott authorizing the school board, which is a republican body, to build it. Then republican mechanics and laborers will get the profits and the jobs, and as usual the democrats will be left out in the cold. Look at their tree-trimmer, look at the trees in the court house yard, and see what you see. Let the democratic commissioners take warning! ANTI-JOBBERS.

SENATOR WESTCOTT'S REMARKABLE ACT IS AS FOLLOWS:

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That the Commissioners of Chestertown or a majority of them, are hereby authorized and empowered to purchase the works, land, leasehold, springs, pools, pipes, reservoirs, water rights and franchises of the Chestertown Water Company, of Kent county, Maryland, for the purpose of furnishing said town with water, at such price as may be agreed upon by said commissioners of Chestertown, or a majority of them and the owner or owners of said Chestertown Water Company, and upon the payment of the price agreed upon the said water works, pipes, reservoirs, springs, leases, pools, water rights, property and franchises of said Water Company shall be conveyed to and vest in said town.

SECTION 2. *And be it enacted*, That after the purchase of said water works by said town, the commissioners of Chestertown shall operate the same, with authority to employ such superintendent, engineer, workmen, laborers and employes as may be necessary to carry on the same, and supply said town and the inhabitants thereof with water; and shall have authority to purchase materials and supplies necessary to operate the same, to make repairs, extensions and additions thereto as necessity may require; and to charge, fix and collect water rates or water rents for the use of said water; and to adopt and provide rules and regulations therefor, and for the proper protection of the said works and water supply.

SECTION 3. *And be it enacted*, That after repairs and running expenses are paid out of the water rents, the money received therefor shall be applied to the payment of the interest on the bonds issued for the purchase of said water works, and the payment of the principal of said bonds as they mature.

SECTION 4 *And be it enacted*, That the commissioners of Chestertown are hereby authorized and empowered to issue coupon bonds of Chestertown, Kent county, Md., to an amount not exceeding twenty-five thousand dollars, to be designated Chestertown Water Bonds, which bonds shall be signed by the President* of the commissioners of Chestertown and by the Clerk to said commissioners, and attested by the corporate seal of said town, to bear interest not exceeding six per cent. per annum, payable semi annually, to be issued in denominations not exceeding five hundred dollars each, and to be payable twenty-five years after date and redeemable at the pleasure of the commissioners in whole or in part at any time after five years from their date, which bonds and coupons shall be payable in United States gold coin.

*Mr. Westcott himself.

SECTION 5. *And be it enacted*, That the Commissioners of Chestertown are authorized to advertise for bids for the purchase of said bonds, and may sell the same and purchase said water works for cash, or exchange said bonds for said water works, whichever they may deem most advantageous.

SECTION 6. *And be it enacted*, That should the revenue or water rents of Chestertown be insufficient in any year to pay the interest on said bonds and one twenty-fifth part of the principal, then the Commissioners of Chestertown are hereby authorized to levy and collect annually a tax upon the taxable property of Chestertown for such a sum as will, with the net water rents, provide for the payment of the interest on said bonds as the same matures, and one twenty-fifth part of the principal of said bonded debt then outstanding, so the whole of said bonds and interest may be provided for and paid in twenty-five years from the date of their issue.

SECTION 7. *And be it enacted*, That at the next regular election for Commissioner of Chestertown, there shall be submitted to the qualified votets of Chestertown the question whether the said water works shall be purchased, and at such election the ballots cast upon that question shall have the words "For the purchase of the Water Works" or "Against the purchase of the Water Works" thereon, and if the majority of the votes cast upon said question shall be "For the purchase of the Water Works," then the Commissioners of Chestertown, or a majority of them, shall proceed to execute the power vested in them by this act and purchase said water works; but if the majority of the votes cast shall be "Against the purchase of the Water Works," then they shall not execute such powers nor purchase said water works.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CECIL'S McKINLEY PROSPERITY.

The people of Cecil county are now in the midst of the boom which was promised in the event of McKinley's election. No one feels the changes of the financial pulse more noticably than the newspaper man, and here is Brother Ash's summing up of the situation in his county. Mr. Ash says:

"If the people of Cecil county, Md., don't believe this is the year of prosperity let them look around them. There is the McCullough Iron Works, North East, once the greatest industrial enterprise in the county, employing a large number of men at remunerative wages. Now it is silent and deserted, and its employees scattered, seeking such labor as may be obtained. Has this year of prosperity changed the situation? There is the Providence Paper Mill, now the largest industry in the county, what has this year of prosperity done for it? Ask the idle workmen who are doing the best they can to warm and feed their families during this winter weather. How is it just across the line at New Castle, where many Cecil county people have been employed? The notice in a Wilmington paper soliciting food and clothing for the destitute there is the best answer. The iron mills are shut down, and the hundreds thrown out of employment are literally starving. No need for kind-hearted friends to devote their energy to soliciting aid for the Cubans. We have a starving people at our very doors. People who are industrious, honest and intelligent but who are victims of our vicious laws. This is the prosperity that we have some intimate knowledge of, and we can trace it directly to its legitimate parent, Protection."

COURT PROCEEDINGS.

The board of county commissioners met on Tuesday with all members present. The following accounts were examined and approved or allowed and ordered to be provided for by levy in 1898: Elias F. Lockerman, constable, fees on inquest of Martin D. Borst, $8.52; Jacob Martin, carrying Thos. Harrison to almshouse, $3.00; L. P. Atwell, per diem on inquest on John David, $1.00; P. Gears, road work, $10.21; Dr. C. W. Whaland, examining body of Martin D. Borst, $10; C. F. Stam, stationery, etc., Clerk's office, $61.73: same for same, register's office, $12.84; same for same, treasurer's office, $3.70; same for same, commissioners, $13.77; same for drugs for prisoners, $2.95; S. F. Smith, lime, hair and brushes for toll house, Chester bridge, $4.06; C. L. Dodd, clerk to election in 1897, $7.80; Wm. Biggers, witness certified by J. P., 33c; H. H. Gresham, surveying new road through Drayton farms, $25.

Following pensions were allowed: W. H. Bradshaw, $12; K. E. Meredith, $10; Augusta C. Joiner, $10; Augusta Rockwell, increase pension to $25. Following transfers upon application were ordered: Rebecca Butler, colored, to Rachel Ann Butler, colored; I. R. Leaverton to W. T. Edwards; Hope H. Barroll to John W. Martin; Hope H. Barroll to J. S. Vandegrift; John S. Vandegrift to Madge S. Pennell; Henry Chambers, not assessible under the law; S. J. Johnson to Perry Groves, as per orders passed thereon. Dr. W. O. Selby's application was considered and order passed thereon granting him privilege to erect telephone poles on public road from Rock Hall to his office between that place and Edesville. W. D. Burchinal, treasurer, presented list of persons whose property was missed in the assessment and the clerk was directed to mail blanks to said parties upon which they should return value of property not assessed. Resolution was passed by board to meet at Still Pond causeway on Thursday morning at 10 o'clock, with a view to making substantial repairs.

KENT'S SILVER MINE.

Valuable Silver Deposits Known to Exist Near Galena.

Mrs. M. H. Nickle, of Baltimore, makes the following interesting statement in a recent published letter, relative to valuable silver deposits near Galena. She says:

"I have long felt it my duty to inform the public of silver interests lying about one mile from Galena, of which few persons living at the present day are aware. In or about the year 1813 valuable and pure silver was found at said place, and sufficient quantities were taken out to be carried to Philadelphia and manufactured into knee buckles, spoons, casters, and some such articles. The then open mine or valuable deposit was closed, as it was owned by very ignorant white and colored people and they were advised to close it as it was about the time the British came to Georgetown, a place only two miles distant, and they were told that if the English knew of it they would claim it. As before stated the land was owned by very ignorant people and when once the place was closed they never made any more effort to open it, and the war and natural excitement which succeeded the war prevented others from taking hold of it who otherwise would have done so. Years later the adjoining land was owned by my brother-in-law, who hoping to find some traces of it on his land had much ditching and draining done. At the same time an old gentleman and lady staying at his house, who knew of the find, insisted that my brother-in-law should buy a small tract of land just over the branch, and which tract I now own,—but said brother-in-law was of a very dilatory and easy-going disposition and never bought. Two or three years ago on the same tract of land which I now own some specimens were picked up and taken to Prof. W. Leslie Robinson, analytical chemist, and examined by him. They proved to be horn silver, very pure. The silver is undoubtedly there, but the present owner, like the previous ones, is too poor to have it properly hunted, but can give satisfactory statements that it was there, and never having been mined must be there still. Present owner will give any person or persons large interests and inducements who will take hold and develop it as it once was.

"I see by the papers that gold is being found on the Eastern Shore of Maryland, and other mineral productions, then why not develop the silver which has been deposited there."

A VALUABLE FARM

ON LANKFORD'S BAY, ALSO A

Valuable Store & Dwelling

IN CHESTERTOWN, MARYLAND.

BY VIRTUE of the power contained in the following mortgages, viz.: The mortgage from Thomas W. Wickes and Charlotte S. Wickes to Samuel K. George, dated October 13, 1886, and recorded among the Land Records of Kent County, Maryland, in Liber S. B., No. 8, folio 275; the mortgage from the same to Josiah Lusby, dated January 6th, 1887, and recorded in said Liber S. B., No. 8, folio 536; the mortgage from the same to the Popplein Silicated Phosphate Company of Baltimore City, dated October 16th, 1886, and recorded in said Liber S. B., No. 8, folio 540; and the mortgage from the same to the Maryland Fertilizing and Manufacturing Company, dated October 16th, 1886, and recorded in said Liber S. B., No. 8, folio 543, the undersigned, to whom the said mortgages and the several debts thereby secured have been duly assigned, will offer at public sale, in front of the Court House Door, in Chestertown, in said county,

On Tuesday, March 8, 1898,

AT TWELVE O'CLOCK NOON,

THE FOLLOWING PROPERTY:

—FIRST,—

All That FARM,

situated in the Fifth Election District of said Kent county, on the northwest branch of Lankford's Bay, north of Back Creek, and known as

'Mt. Pleasant' or the 'J. C. Hynson Farm'

adjoining the lands of Mrs. Caroline L. Hynson and George T. Cosden, and containing

248 ACRES

1 ROOD and 22 PERCHES of LAND,

more or less. The situation is very attractive, having nearly two miles of water front, and all the water luxuries are to be had for the taking, viz.: oysters, fish and crabs. There are several fine Decking Points on the farm, and a good Landing on the property. There is naturally no better land for truck, as well as the usual crops. The orchards contain about

1000 Peach Trees in good heart,

and of the BEST VARIETIES: also 300 DAMSON TREES, 150 PLUM TREES, and a number of PEAR, APPLE and CHERRY TREES.

THE IMPROVEMENTS

—INCLUDE A—

DWELLING,

STABLE, DAIRY and POULTRY HOUSE, also a TENANT HOUSE on the shore.

This farm is 1 mile from Edesville, 4 miles from Rock Hall, and is convenient to schools, churches and mills.

2d—ALL THAT DESIRABLE

BUSINESS PROPERTY,

on High street, in Chestertown, located in the middle of the town, and in one of the best business blocks, known as

Wickes' Drug Store!

It adjoins the lots respectively of Milbourn A. Toulson, Esq., and the heirs of Mrs. Kate Brantley, having a front on High street of 20 feet, 1 inch, and a depth of 132 feet. There is a yearly ground rent of $9.47 on this lot, and it is subject to a right of way 8 feet wide from Cross Street.

The BUILDINGS Consist of a

TWO-STORY

BRICK BUILDING,

covering the whole front, with sufficient depth to make it available for almost any kind of business. There are a back building and rooms in the second story; also a good STABLE and CARRIAGE HOUSE in the rear with entrance from Cross Street.

THIRD—ALL THAT

Valuable RESIDENCE,

on Queen Street, in Chestertown, now occupied by Mrs. Charlotte S. Wickes. The lot has a front on said street of 45 feet, and runs back to Court Street extended, a depth of 199 feet. The property adjoins the handsome parsonage of Christ Methodist Protestant Church on the corner of Queen Street and Maple Avenue, and its location for a residence is very desirable.

A Business Career

OF THIRTY-ONE YEARS!

From the A B C of Pharmacy still climbing the ladder, the top not yet reached and never can be, as it is a progressive science, and as long as nature exists Pharmacy will never have a limit.

Our experience has been a wide one through all these years. Step in the store and I will show you our Recipe No. It is number 239,200, and still gaining rapidly. We do not count repetitions, if we did the number would be as large again. These Prescriptions were all written by Physicians. They are true, honest Recipes. We believe in Physicians, they are the faithful servants of the people, to be called upon day and night, no matter the weather; a ride of 10 or 15 miles on a cold, stormy night, frequently not paid for (this is true charity), is one of the calls of their profession. Patent medicines we do not believe in. Their purpose is to take your money with no compensation. At least three-fourths are humbugs, but the people will have them, and we are compelled to keep them or lose a customer. Our advice is, when you feel sick with that achy, tired feeling so faithfully descriptive, *consult* at once your Physician, don't put it off, and it is likely one Prescription taken in time will save you a spell of sickness.

Our Physicians are well posted men, they keep in touch with all that is newest and best in Materia Medica and Therapeutics. All the new remedies are tested, and none but the best selected. They will serve you skillfully and faithfully, no matter the time or the weather. Some stormy evening when you are seated around your comfortable evening fire, you hear the rumble of the doctor's carriage as it hurries by on its errand of mercy, let your heart go out to him, reach up your hand, take down your copy of "The Bonnie Brier Bush," read the "Doctor's Last Journey," and you will know what mercy and sympathy mean.

Well, we have forgotten our advertisement, we want to tell you in this bright new year that we are ready to serve you faithfully, to prepare your Prescriptions and make prices as low as possible.
