Song and Children's Service, Thursday, December 26, 7:30 P. M.
Listen to the Lutheran Hour, every Sunday at 1:30 P. M., WBAL

All rust should be removed from metal surfaces before finishing with any paint. If the rust is not removed the metal will continue to rust, cause the paint to come off and make an unsightly spot. The best method for removing rust is to sandpaper the spot until all trace of rust has been removed and the spot is bright. It should be painted at once to prevent rust forming again.

Whne an egg breaks at one end if the other end is cracked it can be boiled without forcing the contents out.

You will find that your potatoes are much lighter if you heat the milk and butter together before adding them to the mashed potatoes.

Put dry cake and macaroons through a food chopper and use in ice cream, or add to whipped cream, with a few pieces of candied fruit, for an attractive dessert. Chocolate cake crumbs folded with the whipped cream will give quite a pronounced chocolate flavor.
