DEMOCRATIC TICKET.

For Representative in the 56th Congress of the United States:

COL. JOHN WALTER SMITH,

OF WORCESTER COUNTY.

THE REV. SAM JONES thinks that people will never be too good to fight. Should the Reverend Sam continue his rounds to stir them up during these hot days the probabilities are that they will not.

EX-SENATOR CHARLES H. GIBSON, who is now recovering from an attack of bronchitis which at one time threatened to end fatally, it is stated has built up a lucrative law practice in the departments at Washington.

THE CHAIRMANSHIP of the county republican central committee, now held by Mr. Westcott, is claimed to be the plum which certain ambitious would-be-leaders of the day-laborer sort of the republican party in Kent are eyeing.

DEPUTY SHERIFF GILL and Constable Dill deny that they are applicants for the position of bailiff of Chestertown as the successor of Officer Kelley. On the contrary, they state that they would not accept the position if offered them.

THE WHITE-WINGED DOVE OF PEACE failed to spread her wings over the republican hosts gathered in town on Tuesday. There was some plain talk, some plainer thinking and a considerable quantity of spice. Indeed, for some it came near being all spice.

THE BALTIMORE SUN'S crusade for pure water in Baltimore promises to be more successful than have been its efforts for pure politics. True, it has got rid of some very bad stock in politics but the new supply has been far worse. May be the harvest is not yet ripe.

THERE IS NOTHING the matter with the Talbot county democracy when it is voiced in the following vigorous sentiments of Dr. Rose: "Our hope is in the success of the democratic party, and we pledge our word and honor that the Talbot democracy will be found in the thickest of the fight."

QUEEN ANNE, through her chairman at the Ocean City convention gave Col. John Walter Smith such a send off as should serve as an inspiration to each and every county in the congressional district. Dr. Price's words upon taking the chair bristled with earnestness and were buoyant with hope for party success. He said: "We will elect our candiate be who he may. Queen Anne will give him from 600 to 800, and it shan't cost him $5." This is reducing campaign expenses down to the ground floor, certainly.

"THERE IS NOT A MAN in the first congressional district which the republicans could elect this year," is the summing up of the congressional situation by a prominent Kent county republican several days ago. Continuing, he said, "the fact that Col. John Walter Smith was the father of the free school-book-bill will win voters to him from among the people who most felt the need of this great relief. Even the colored people will be drawn to the originator of this timely move in behalf of the poor. Then too, he is a fighter and has money." This struck us as pretty strong democratic argument.

IT IS NOT PROBABLE that the recuperative "peace conference" called for by the Czar of Russia will prove a tempting bait to England, Japan or some of the other European powers. With her influence crystalizing in the fertile valleys and centres of Chinese population, with a vast population of over one hundred million swarming territory contiguous to the coveted empire of the Mikado, it is scarcely to be expected that England will disarm in favor of the Russian territorial prize. If the Czar is playing for time or the moral support of the peace-loving masses of the world, his mask is too flimsy to conceal the underlying purpose of his sudden fit of high moral sentiment.

THAT THE KENT AND QUEEN ANNE FAIR at Tolchester was a splendid success is conceded, not only by the management but by the public as well. The fair is doubtless now a permanency, and the farmers and the entire community should see to it that it increases in popular favor and merit. As an educational and social institution, the county fair stands first in importance. It brings together people for miles around and gives them opportunities for studying the latest inventions and improvements in farming implements, while the assembling of many people always exerts a favorable influence upon the intellectual activities of communities. Supt. Noland is to be congratulated upon the marked success of the fair.

THE FAIR CLOSED.

Fully 25,000 People at the Beach During the Four Days.

The big fair at Tolchester closed on Friday last amid a blaze of glory. The entire affair was a brilliant success in every department. It is estimated that fully 25,000 persons attended the Beach during the four days. Thursday was the red-letter day and by actual count at the gates over 10,000 persons were on the grounds. The excellent order, the character of the exhibits and the enthusiasm with which the fair closed, have given it a boom already for next year's opening.

Last week's TRANSCRIPT gave a detailed account up to Wednesday evening.

REPUBLICAN CONVENTION.

Whose Waterloo Was it in Saturday and Tuesday's Fight?

Pursuant to call, the republican convention met in Chestertown on Tuesday to select delegates to the congressional convention to meet at Ocean City on Thursday, September 15. In the absence of Mr. Westcott, chairman of the central committee, Mr. F. H. Harper called the convention to order and Mr. James H. Baker was made chairman.

After some speechmaking business was proceeded with and the following delegates were named: Charles T. Westcott, Wilbur Eliason and F. H. Harper; Alternates, Robert K. Hill, Samuel Mallalieu and William Riley.

It is being whispered abroad that somebody was left. That disappointment filled the political atmosphere—in short, that somebody suffered a Waterloo. It is a question however, whose Waterloo it was. The colored brother in and out of meeting is said to have dropped some extremely practical and timely insinuations as to future politics in Kent. The reconstructed republican party, from an outside view will not repose on downy beds of ease.

Saturday's Primary.

These was a quiet interest in Saturday's republican primaries in Chestertown which did not appear upon the surface. A lovefeast was held in the office of C. T. Westcott, Esq., on Wednesday night at which were Messrs. C. T. Westcott, W. D. Burchinal, John D. Urie, L. B. Russell, and other prominent republicans. All apparently went as "Merry as a marriage bell," and the delegates were decided upon to be run through at Saturday's primaries, and the tickets were accordingly printed with these names on them.

Now, it is an open secret, that the republicans in Kent are not an altogether harmonious family. A majority of the delegates determined upon in caucus were confessedly representatives of Messrs. Urie and Russell. It would never do to let these gentlemen have absolute sway in the convention. Something must be done, and it was done, and some claim it was Captain Burchinal who came to the front and set to work in the political vineyard. At any rate, when the polls closed it was found that out of seventy-three votes cast but one was cast for the caucus delegates, with seventy-two for the following ticket named out of caucus: C. T. Westcott, Wilbur Eliason, W. D. Burchinal, Frederick Nichols and Harrison Jenkins (the latter two colored). Of the seventy-three votes cast, twelve were white. Messrs. Urie and Russell and their friends were conspicuous by their absence at the polls. It is claimed to be an established fact that Captain Burchinal was not responsible for the gentle upheaval which upset the original plans for the primaries.

A CRITICAL TIME

During the Battle of Santiago:

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. BUTLER, of pack-train No. 3, writing from Santiago, de Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by M. A. Toulson, druggist.
