The Only National Bank in Kent County

"THE BANK WHERE YOU FEEL AT HOME."

Many persons persist in regarding all banks as cold and impersonal. We try especially to dispel that feeling. We aim to reflect the genuinely friendly spirit of this institution through courteous servic

A good part of our new business comes to us because of the good words of our customers, who praise our efforts to give them the best service. They know that this is a dependable, friendly bank—and the word is passed along.

The primary thing expected of a bank is that little things as well as big shall be done well. Here at the Third National we watch details, we do our business carefully, accurately and promptly; because we have had over thirty-two years experience. The whole effort of the institution has been to become thoroughly identified with the financial, industrial, agricultural and individual prosperity of the community, and to be an ever-increasing factor therein. Call and see us.

We pay FOUR per cent. to all our Savings Depositors.

Respectfully,

J. Frank Davis' Pet Dogs Poisoned.—Residents of Adams street between Ninth and Tenth are mystified over the poisoning of two dogs owned by J. Frank Davis of 904 Adams street, Wilmington, Del. The dogs, one of which was a spaniel, were found to be poisoned on Friday night, March 30, shortly before 6 o'clock. At that time it was thought that the poison would not be 'effective, but a short time later both of the dogs were dead. Both of the animals were pets of a younger son of Mr. Davis and both were favorites among the neighbors. Mr. Davis is formerly of Chestertown. funera ldirector.

MAKE ICE IN STUDIO

Cecil B. De Mille Stops At Nothing To Film "Fool's Paradise

Southern California is the fable land of perpetual sunshine, yet Cecil B. De Mille succeeded in producing ice there in the midst of the warmest season ever known for scenes in "Fool's Paradise," his latest Paramount production which will be shown at the Lyceum Theatre next Friday and Saturday. The ice in question was used to floor a stage approximately sixty by forty feet with a coating of six inches. Furthermore, the ice was kept intact throughout an unusually hot spell for ten days. To achieve this result it was necessary to install a complete ice-making machine with a capacity adequate for a small city. Dorothy Dalton, Mildred Harris, Conrad Nagel, John Davidson, Theodore Kosloff and julia Faye comprise the principal players.

DISASTROUS FIRE HERE

Chestertown Visited By Conflagration Monday Which Burns Mr. Clendaniel's Garage, Two Small Buildings And Threatens To Sweep Whole Section Of Town Away

Chestertown was visited by the most disastrous fire since 1910 on Monday morning, which destroyed the fine garage of Mr. John H. Clendaniel, Jr., tenanted by Mr. John E. Speicher, a warehouse belonging to Massey & Kilbourne, a double colored dwelling house, and, at times, threatened to sweep away the whole section of the town. In fact, the big brick building occupied by The Enterprise, and owned by Mr. L. Bates Russell, and the big frame building occupied by Orem & Son, were several times on fire and it was only due to the heroic efforts of the local fire company that they were saved from destruction.

The fire was first discovered at 9.40 a. m. by Mr. James G. Metcalfe, but the origin is unknown. Mr. Metcalfe has his office directly across the street and noticed smoke coming from the weather-boarding of the garage building from a small room which was used as a stock room. Mr. Metcalfe immediately investigated and the alarm was sounded. The Chestertown Volunteer Fire Co. soon had several streams on the flames, but the high wind made the saving of the building almost impossible. The flames soon spread to the frame residences next door, which soon fell a prey to the flames. When the fire was at its height, the fire departments of Elkton, Easton and Centreville were called upon for help and immediately responded, but the latter was the only one that reached here.

Just as the fire was gotten under control at Cross street, another alarm was sounded, sparks having set fire to the Kent House, adjoining the Voshell House, more than two blocks away, but was soon extinguished.

Mr. Speicher lost two second-hand cars and one new car was damaged. There were also stored cars burned belonging to S. G. Caldwell, Loice Rust and a truck belonging to Kent county. The total loss is estimated at $11,000, with insurance aggregating about $9000.

Drowned At Piney Point

Lindsay Cromer Joyner, 20 years old and son of Mr. and Mrs. John E. Joyner, was drowned at Piney Point, in the Chester River, Friday while at work with his father and uncle in their boat, when he accidentally fell over backwards from the stern of the boat at about 2 p. m. While every effort was made to reach him, the wind and tide swept him away and he sank. The body had not been recovered on Thursday. Several years ago a brother, Samuel, was drowned and about two years ago another brother, David, was accidentally run over and killed by a truck in Rock Hall. The whole family have the sympathy of Kent county in their bereavement.
